GUINDY ANNUAL REPORT

Zella A. Peterson

IN these years of toil and strife, we feel ourselves very humble. Especially so, this past year, when history is progressing so rapidly. When we come in contact with those who have been in actual service in this great world war, and read of that which is taking place, we say in our hearts, "Surely Christ must come quickly and put an end to this awful turmoil."

It humbles us to think how small we are, and how little we are able to really accomplish, apparently, for Him, in these last days. However we thank and praise our Heavenly Father for much better health and for renewed strength.

He has been especially merciful this past year, in giving good health to those in the Orphanage. Among forty-five to fifty children, we feel this is something for which to be thankful.

We rejoice that a few weeks past, five of our girls were baptized, and we pray that they may grow in the grace and knowledge of our Lord. One of our girls feels that she has been called to become a Bible woman, and we trust and pray that she may continue faithful and obey the call when the time is ripe.

Four of our girls were married this year.

A little new missionary has come to reside at Guindy, who adds joy and sunlight to the household.

In January, we were fortunate in securing a young lady, Miss O’Loughlin, from Bangalore, as principal of our school. She is a very estimable young English lady born in India, and well accustomed to the Indian character and able to cope with it in school life. Already our school is taking on new life, because of her close supervision, and we are hoping for greater things this coming year.

Otherwise, as for the work, it is moving along in much the same manner as last year. The girls are sewing, making handkerchiefs, doing crochet and tatting, and taking their share in the work about the compound. This year they have had a very nice garden, in which they have grown most of the vegetables for their curry.

We feel we have not been able to do much but keep the work going, but with added health and strength, we hope to press forward this coming year, and to be able to submit a better report next time, if the Lord tarries.

We are praying that all our girls in the Orphanage who are of an accountable age and who are not Christians may give their hearts to Christ before the end of this year. Will you not join us in this prayer? May the peace of God be with you all.

FROM BRO. HUDSON

S. S. China, Oct. 17, 1918.

Dear Sister Chadsey:

We are three days out on the Pacific and so far "All is well." Anna and the children had a turn of seasickness, but are now better. I have missed nothing in the line of "eats" so far and am having a good rest. The children are very little trouble, therefore I have little to do between meals.

We have a fine company of missionaries on board, counting children, over fifty. Most of them are going to China (China Inland Mission). Some are going to India (Baptists).

We have no knowledge of sailings beyond Hong Kong, but hope to get away from there without any great difficulty.

So far we have had very little trouble on our trip. The Lord has made things very smooth for us. When I heard of this vacant berth on the China, Cook’s refused to sell it to us, as they said it was impossible for us to get our papers through in time. The steamship agent was willing to hold it for us for a time and we got the necessary permits, etc., and got away Monday afternoon, Oct. 14. Several had to cancel their passage at the last moment through delay in getting sailing permits from Washington.

I think I shall get you a financial statement off with this up to the time of sailing. To do so I must get my trunk out of the hold where it has been put, instead of in my cabin.

Later: I am unable to get at my receipt book, so cannot send you a complete statement of funds received since last report, but here are some items from memory which might be acknowledged; the others will follow.

Groceries, canned goods, etc., were bought for us to take to the mission. The box was packed and sent to the dock. They would not accept it for shipment, so I had the job, with Mr. Hipkins, at the last moment, Sunday afternoon and evening, of getting another trunk from my folks, carrying it to San Francisco in the afternoon and evening, of getting another trunk from my folks, carrying it to San Francisco, Hong Kong, but hope to get away from there without any great difficulty.

Perhaps a general letter will be of interest to you. We are at the home of Mrs. Allan, our former worker, the daughter of Capt. Spence. Some of them are going to India (Baptists).

We have no knowledge of sailings beyond Hong Kong, but hope to get away from there without any great difficulty.

Very much to hear from you. We all feel we have not been able to do much but keep the work going, but with added health and strength, we hope to press forward this coming year, and to be able to submit a better report next time, if the Lord tarries.
We are enjoying the change of climate from Madras which is sea level or nearly so, while this place has an elevation or altitude of 3600 feet making a rather delightful place. It is not so cool as the mountains to which we usually go for our vacations as they are nearly twice as high as we are here, however this is a good place to rest and the expenses much less, which means a good deal in war time. The mountain rest homes are more than crowded because so many cannot get out of the country for their furloughs; both missionaries and government officials, as well as a number of business men and their families.

Speaking of expenses, perhaps prices of everyday necessities will be interesting for comparison with what you are paying in your local markets. The following are the prices current this week:

- Sugar six cents per pound; flour five cents; potatoes seven cents for three pounds and two ounces; or fifty-six cents for a twenty-five pound measure; mutton ten cents a pound and beef six cents. Kerosene oil is forty-five cents a gallon; firewood ten cents for twenty-five pounds; charcoal is thirty-five cents for the same amount.
- Tinned butter, a fourteen ounce can sells at forty-five cents, eggs are twenty cents per dozen and pretty small ones at that. Fruits and vegetables are quite high, the prices being somewhat less than we pay in the Madras city markets, however, as they are grown here and shipped to Madras. Milk is brought to the house, but not in the way you get it in your village or city home. Each morning and evening the milkman brings his cow and calls out his customer. When you appear he tips his pail upside down to show you there is no water in it, and then draws the milk in your presence. If he brought your milk from his house in the pail instead of in the cow, you might get "a little milk in the water" and the water none to clean at that; or if he is an honest sort of chap as honesty goes here, you might get "a little water in the milk." To get pure milk in any other way than having it brought in the cow, and watched while it is being transferred from cow to pail, is a very difficult matter. In fact you have no faith strong enough to try the experiment and so you have the cow come to the house. The price would be six cents per quart or thereabouts—figuring in American measure and price.

This city is perhaps as forward in its modernization as any city in India. It is the capital of the native kingdom or state of Mysore and is ruled by a native king under a British advisor. The king prides himself in improving his territory in modern lines of sanitation and other public services. Splendidly equipped hospitals with efficient doctors and nurses give free medical treatment if you are unable to pay. Splendid roads, public parks, libraries, and educational facilities are being pushed rapidly forward.

A part of the city is given over or rather taken over by the English government as a military cantonment. Here thousands of English and Indian troops are stationed, and a large number of English people reside. Not a few are old people who are spending their declining years in this land of their birth or adoption. The sight of troops and a few high prices on imported goods are the two reminders that war exists. Otherwise we would hardly know that such a great conflict is raging as we are quite peaceful here in this part of India.

There are many things of interest here but my letter is already long. This writing leaves us well, our little new missionary is now nearly eight months old, is healthy and robust, not a sick day yet for him. He has four teeth and more coming.

R. L. Peterson.

NOTES FROM DOWLING PARK

F. M. Quimby

This has been a very busy month with us, the harvesting of the corn, the planting of our fall gardens and the preparations for the coming campmeeting. It has been impossible to hire any help, so our oldest boys have had to put in some pretty long days in the cornfield. Our red-headed boy, Ted, can do a man’s work there any day, and strange to say he had rather be in the field than in the schoolroom. Some boys are not born with a thirst for knowledge.

We were sorry the campmeeting had to be postponed, but very glad this widespread epidemic has as yet, passed us by. The services in the church have been discontinued and we are leaving the grounds as little as possible. When we read of the sickness in other places we feel we have a great cause for rejoicing.

Mrs. Fleming has returned from her stay in the North. Her sister and husband are making their home with her for the winter. They come from California but when it comes to climate even that State must yield the palm to Florida.

This is good fishing weather. We get discouraged after days of vain effort to entice the unwary fish onto our hooks, then some night we pull in a big one and for sometime we haunt the riverbank hoping for another. A long, wriggling eel gave us quite a fright a few nights ago. If another fisherman had not happened along just then the eel would have flopped back into the river, for it looked too much like a snake when one tried to handle it.

Surely a campmeeting in December will appeal to my New England readers, when they are figuring on the price of their next ton of coal. We will be glad to welcome you to the first campmeeting at Dowling Park. We can furnish you with a comfortable lodging and give you plenty of cornbread. You may fish id the Suwanee and pick oranges from our trees.
THE letter received from Bro. Hudson mailed at Honolulu Oct. 23, informs us that they did not sail from San Francisco until Oct. 14. We have reported several times that they sailed the twelfth, as that was the day the China was booked to go; but for some reason it did not leave until the fourteenth. Do not fail to read his letter which will be found on another page. They had no idea they could get sailings on the China, as the list had been full for some weeks, but Mr. Hudson learned a few days before the boat was booked to sail, that a family who were going had been obliged to cancel their passage because of influenza. He immediately applied for it and succeeded in getting his sailing permits, despite the shortness of time. A man who is able to meet and overcome seemingly impossible obstacles, has just the kind of metal needed on the mission field.

THE epidemic of influenza which has been sweeping over our land with such sad results has prevented many of our local societies from holding their meetings during the past month, but we hope that most, if not all of them, will be able to take up their work again this month. Many of the ways of earning money, followed in other years, such as making aprons, quilts, etc., are no longer practical, because of the high cost of materials; and consequently some societies are at a loss to know what to do. The thought has come to the writer that an exchange of ideas column in All Nations might be helpful. Let every society who has made a success of any line of activity write and tell of it, or even if it was not an unqualified success, write about it. In this way suggestions can be given and received which will be a mutual help. Let us have a good number of suggestions for our December issue.

MISS MARY A. HULBURT

ASLEEP IN JESUS

OUR dear sister, Mary A. Hulbert, fell asleep at Worcester, Mass., Oct. 29, Tuesday, the 22nd, she wrote informing us that she was in the hospital, and had had an operation and was “doing nicely.” The next we heard was that she was dead.

Sister Hulbert went to India in 1906 and did faithful work in our mission there; but was obliged because of ill health to return to America in 1909. After her return she made a tour of our churches in New England and Quebec, and won many friends for herself and the work she represented. For the past few years she has cared for her aged mother in Worcester; but the interests of our mission have held a large place in her heart. Very seldom did a month pass without a gift from Sister Hulbert, and her letter of Oct. 22nd contained one.

Her faith in prayer was very strong and she was one to whom the writer always wrote when there were special things to be prayed for.

Her many friends throughout the denomination will be saddened at the news of her death; but she sleeps well and will awaken to immortality in the morning.

“And in the great adjustment day,
To which all days conspire,
The gold she built on Jesus Christ
Will be revealed by fire.”
THANKSGIVING AND PETITIONING LIST

Let us give thanks:

That Bro. and Sister Hudson were able to secure sailings on the China.

That the belated reports from the field have been received.

That our latest letters from India bring encouraging reports of spiritual growth.

That Mrs. Peterson is enjoying better health.

That our State secretaries have been so faithful in sending in their reports this year.

Let us pray:

That Bro. and Sister Hudson may have a safe journey.

That the Bible Training School building may be erected without delay.

That the property at Saidapet may be secured at a reasonable price.

That we may have a God-given vision for our work, and aim to accomplish much during the next few months.

That the adjustment of the work on the field on Bro. and Sister Hudson’s arrival may be wisely arranged.

MISSION STUDY BOOKS

Several copies of the foreign mission study books for the year, Women Workers of the Orient, and Jack and Janet in the Philippines, for the Juniors, were sold at the campmeetings this summer; but very few orders have come into the office during September and October.

We hope this does not mean that a mission study is not being taken up, but feel that the societies have been delayed in their plans and the orders will come in soon. The book, Women Workers of the Orient is an intensely interesting book and a copy should be purchased by every society to pass around among the members to read, even if it is not taken up as a study at the meetings. The price of the book in paper covers is 35 cts., cloth bound, 50 cts.

The home mission books for the year are The Path of Labor, for seniors, and, Jack of All Trades for the Juniors. Prices the same as the foreign books.

Order all books from our own office at 5 Whiting St., Boston.

NEW ENGLAND SCHOOL OF THEOLOGY

HOME DEPARTMENT

Everything is moving along finely at the Home and both matron and students appear happy and contented. The warm weather of October was a great blessing as it made it unnecessary to start the boiler, which will help out on the coal supply.

The following gifts have been received by the matron for the Home during the month, for which both matron and directors are thankful:

One barrel eating and two crates cooking apples, Rev. H. W. Davis; 14 jars canned fruit, Mrs. L. B. Richardson; 1 barrel vegetables and potatoes, and 1 box apples from Bro. Greenwood, Bro. Cobb, Sister Young and the pastor at Mechanic Falls, Me.; 2 jars string beans, Mrs. Wm. H. Durfee; 2 roller towels, Mrs. Alley; $2 cash, Mrs. Ella Burns; 1 package evaporated apples, Mrs. R. J. Robson; 2 qts. tomatoes, Worcester local; 2 qts. apples, Mrs. Daisy Austin.

The bill of lading has also been received for 3 bushels of potatoes from Louis F. Colton, and one-half dozen napkins are promised. The money received will also be used to purchase napkins so that need will be supplied for the present.

Potatoes, vegetables, apples, canned fruit, and (dare I write it, at present prices?) eggs, and butter can all be made good use of. Everything should be addressed to Mrs. Helen Webster, New England School of Theology, 17 Rockville Pk., Roxbury, Mass.

REPORT OF SOUTHERN CALIFORNIA MISSION DAY

We have often heard the statement, “This is the best meeting I ever attended;” and Mission Day at Huntington Beach Campground, Aug. 26, 1918, certainly was an extra good mission day. Few availed themselves of the opportunity of a swim and the attendance was good.

Our afternoon session was preceded by an interesting Bible study conducted by Bro. F. A. Baker on the subject, “The New Testament Women.”

The meeting was opened by our faithful president, Sister Sarah M. G. Brown, and a delightful program was rendered. The main feature was a catechism—”Missions versus War”—conducted by the president. It brought out some very interesting facts about mission work always increasing in times of war, etc. The latter part of the catechism showed our duty and privilege relating to our country at this time of war.

One of the questions of the catechism: “Are we doing any work in India?” was answered by Bro. Ted Forsey aided by maps and charts which he had drawn. Bro. Forsey also painted a couple of mottos which added to the interest of the day. One of these which hung above a chart representing the industrial work in India, had the words, “Dad’s at the Front, Back Him Up” with a picture of the Hudson children in the center.

Bro. M. Grant Nelson preached a wonderful sermon in the evening from the text: “The joy of Jehovah is your strength.”

The reports of the locals showed they had been
busy and the returns were larger than for the preceding year. The total amount raised for foreign work was $959.17 and for home work, $294.76, making $1253.93 in all.

We are very thankful for the good reports from our own dear missionary, Sister Ella Jones, and will try and do our part for the harvest that is expected in India this year by holding Sister Ella and all the workers up to God in prayer.

ANNUAL MEETING OF THE W. H. AND F. M. S. OF WILLAMETTE VALLEY
CONFERENCE

The annual meeting of the W. H. and F. M. Mission Society of the Willamette Valley Conference held at Troutdale, Aug. 22, was called to order at 9.30 a.m., by its president. After the usual opening exercises Miss Dorothy Wright was appointed secretary pro. tem. The minutes of the 1917 session were read and approved.

A letter of greeting from our general president, Mrs. Chadsey, was read.

Eight locals reported with a total membership of 115. Treasurer’s condensed report as follows: Membership fees, $46.60; Home work, $217.13; Foreign work, $321.33; total, $585.06.

Report of present year’s talent not complete. In the previous year we had an increase of $71.05 from $4.00; one dollar to each local trading on it. Clarkston again won the price for greatest increase, $20. Some was held over and will appear in the current report. Three children supported. Two native workers. Special contribution to the Saidapet Memorial Fund, $47.75.

Report accepted with vote of thanks for the fine work done by our secretary-treasurer. It being the twentieth anniversary of our society a comparative table of our total receipts for the past eleven years was read. Previous to that time no complete report was available. Our highest point was in 1912, $829.18.

President’s report noted with pleasure that for the first time since assuming the support of Neelangira school the full amount for its support was raised before the end of the year and we begin the current year with a balance of $3.50 in hand. Recommended that any talent money available be devoted to a new school building at that village.

After long waiting it seems that we can send the material on hand and any other that may be given to our India box when Bro. Hudson returns, and it was recommended that some provisions be made for this purpose. Report accepted.

Election of officers resulted as follows: Mrs. Lois R. Wright, president; Mrs. J. D. Norman, 1st vice-pres.; Mrs. Charles Bennett, 2nd vice-pres.; Mrs. Susie M. Tupper, secretary-treasurer.

It was then voted to send Bro. Hudson $10.00 from the talent money. What remains after deducting prize and new talent to apply on rebuilding the schoolhouse at Neelangiri. Meeting adjourned and Bro. Schaumburg of Oakland addressed us on the war and missions. At the close an opportunity was given to contribute to the support of our school. This resulted in $32.00 cash and $37.50 pledges. For which we “thanked the Lord and took courage.”

Saturday, Aug. 24th, the meeting was called for 1.45. Reports reviewed for benefit of those who had since arrived. Letter read from Sister Shields of N. Cal., asking us to co-operate in support of Dowling Park Orphanage. Motion carried to await report from Mrs. Snider and help as the needs developed.

Five dollars was voted toward purchase of organ; and $5 toward repairs on same. Meeting adjourned.

Dorothy Wright, Sec. pro. tem.

REPORT OF THE ANNUAL MEETING
OF THE MIDDLE DISTRICT OF
OF THE W. H. AND F. M. S.
MASSACHUSETTS

The annual meeting of the Middle District of Massachusetts W. H. and F. M. Society was held in the Athol cottage on Palmer Campground Aug. 1, 1918. Mrs. Emma G. Hall, State president, was in charge of the meeting. She read the Scripture lesson from Psa. 96. Mrs. Emma J. Lothrop offered prayer. Mrs. Bertha F. Ward was chosen secretary pro. tem. The minutes of the annual meeting were read and accepted. The annual report of the Middle District was read and accepted. Mrs. Hall read the treasurer’s annual report sent by Mrs. Lawrence. The report was accepted.

Voted, That the secretary cast one ballot for Mrs. Minnie Reinhardt for president of the Middle District.

Voted, That the secretary cast one ballot for Mrs. Minnie Reinhardt for secretary and treasurer.

Voted, That Mrs. Lawrence be our honorary president.

Voted, To assume the support of the Jeldenpet evening school for the coming year.

Mrs. Hall talked over the work of the Middle District showing that good work has been done. The work of the different locals and districts was discussed. There were fourteen ladies present. Three from Athol and five from Worcester. Visiting members: one from Lynn, one from Boston and two from Springfield. Two other visitors and two children.

Adjourned at five o’clock.

"Go ye into all the world, and preach the Gospel to every creature" (Mark 16: 15).
"Go ye . . . preach the Gospel to every creature." He spoke to not above five hundred people, and the whole world lay before them with no facilities such as we have in these days for travel and transportation, and for publishing the Word of God, with its other tongues. He assigned to them an impossible task, humanly speaking, but possible with Him Who is omnipotent; and in just such proportion as the will of God's people coincides with His own, impossible things are done and insurmountable barriers removed before us.—A. Total receipts, $1121.25.
As will be seen by the amount of total receipts we are short this month, for it takes $1200 a month now, to meet our expenses; and added to the regular expenses this month were the transit expenses. If our supporters upon reading this will send an offering to help out, we shall be very grateful. Some will remember that we have had splendid receipts for the past few months, and may think there is a balance to draw from; but it must be remembered that much of the money that has come in has been for special calls, Saidapet Reading Room Fund, and the Velacherie Fund, and a balance to draw from; but it must be remembered that much of the money that has come in has been for special calls, Saidapet Reading Room Fund, and the Velacherie Fund, and must be used for these and not for the running expenses of the work.

HOW MUCH FOOD IN A BARREL OF TEARS?

OLD mammy came in to see me the other day
quite exercised in her mind about Sis Ca'line.
"Sis Ca'line was tellin' me 'bout some po'
fambly," she said, "a snifflin' through her nose
an' sayin', 'Hit's a sad case, Sis Mirandy, dat
I has sho' shed a barrel of tears ober.'
"Dat's sho' a lot o' tears," 'sponse Sis. 'But
what yuh gib dat po' fambly, Sis Ca'line?
Hit would be mo' comfortin' to 'em ef you'd
quit cryin' and get busy cookin' fer 'em.'
"But, lawdy," said Mammy Mirandy, rolling
her eyes, "Sis Ca'line takes out all her sympathy
cryin' ober de afflicted. You ain't neber heard
her sob none wid her pocketbook, has ye?
"Naw'm, I 'specs dere ain't no cheaper way
ob helpin' folks dan to cry ober 'em. An' de
funny part of hit is, if you do cry over 'em,
ev'body says whut a kind, symperthetic heart
you has got; an' dey don't take no notice dat all
you draps in de contribution plate is a tear
of pity."—Helen Barrett Montgomery, in Mis­
