The Board of Foreign Missions respectfully presents to the General Synod of the Reformed Church in America its One Hundred and Nineteenth Annual Report, the Ninety-fourth of its Separate and Independent Action and the Fifth of the Reorganized Board, continuing the former Woman's Board of Foreign Missions.

Foreword

THE Board of Foreign Missions presents herewith its one hundred and nineteenth report to the General Synod of the Reformed Church in America. As we go forward during these critical days we give thanks to God for the loyal support of the Church and the devotion shown by the missionaries in carrying out The Great Commission.

The unsettled conditions around the world have changed some procedures of the Board but the purpose of the Board set forth in its constitution has never been changed. Testing times have come for many of our fellow Christians in other lands; the indigenous churches that have been established are carrying on their work; the sending of reinforcements in personnel and the reconstruction of buildings have continued in Japan; new Christians are being enlisted in our newest mission field. God has blessed us greatly with material gifts. This report will tell you of our stewardship.

We are especially grateful that during the past year our associate, Rev. B. M. Luben, has seen at first hand the work of some of our missionaries. He has written the chapters on India and Arabia. We acknowledge with thanks the part that he has had in preparing this report.

The financial reports are difficult to compare with those of other years because of the change in the fiscal year, but the giving of the churches has shown a steady increase during the eight months reported here. At least twelve new missionaries will sail this fall for their new fields of service. May the readers of this report have the vision to transform these cold facts into a heartening experience of Christian love—a sick child made well; a student entering the ministry; a witch doctor accepting Jesus Christ as his Savior.

The Board again expresses its gratitude for the opportunity to serve the Church in this special responsibility and gives thanks for the steadfast support of the churches through the giving of material gifts and consecrated lives to the work of the Church overseas.

Annual Report 1951

1. China

Da. Mission C. 8. 10. 51

ANYTHING in the way of a report of the year in Amoy is extremely difficult to write. There is much that might be said, but we have been cautioned not to say anything in print, lest what is said may find its way back to China and add further to the intolerable burdens of the Christians there. The Board at its recent meeting adopted a resolution, informing the editor of the *Church Herald* of the delicate situation in China today, which prevents the Board from commenting on happenings there, and asking the editor to give this matter his careful attention. This will perhaps help to interpret our failure to comment on many events which need interpretation. Members of the Church will have to depend for a time at least on the spoken word for an understanding of the situation.

Suffice it to say that the missionaries have found their presence in China a handicap to their Chinese colleagues and all but three have at this writing left China. These three have their permits and we have every expectation that by the time this is received they also will have safely evacuated.

In the more than a hundred years of the work of our Church in China there have been several times of severe testing. We need to remind ourselves again that while it is impossible to exaggerate the tragic seriousness of this new peril to the cause of Christ, our hope as Christians is not dependent on good tidings and is therefore not lost when things do not go well. For our hope is in God and His ultimate and sure purpose and we know that the end is not yet.

The Board has therefore decided to transfer ten of our missionaries to the Philippines where there are, in Manila alone, 80,000 Amoy-speaking Chinese, many of whom are from our immediate area in China. The Rev. and Mrs. J. R. Esther are already in Manila and others will join them later. There are also tens of thousands of Chinese in Indonesia and Malaya and Miss

Tena Holkeboer is now in Manila en route to Java to visit the communities there.

As the Chinese have gone abroad there have been Christians among them and in most of the areas where Chinese are concentrated churches have been organized, and in Manila there is a flourishing church school. It has been difficult, however, for these groups to secure adequate leadership and our missionaries will be able to work with them and help in the outreach among the thousands who have not been touched by the Gospel. The Rev. and Mrs. William R. Angus, the Rev. and Mrs. Walter de Velder, the Rev. and Mrs. John Muilenburg, Miss Jeane Walvoord and Miss Ruth Broekema will take up work there as soon as practicable. Consequently there will be an *Amoy Mission* in the Philippines and the South Seas, prepared not only to meet the immediate needs there, but ready for any other contingencies which may arise in the future.

Transfers have also been made to other fields. Dr. and Mrs. Jack Hill will go to the Scudder Memorial Hospital in India. Dr. and Mrs. Donald Bosch have been transferred to Arabia. Mr. and Mrs. Everett Kleinjans will take up work in Japan, having spent a part of this year studying the Japanese language at Yale. Mr. Wilbur Brandli has taken a pastorate in Brooklyn and Miss Van Eenennaam will probably also locate in this country. It is the understanding of the Board that in most of the cases mentioned above transfers are on a lend-lease basis. The decision as to possible return to China is left for determination at such time as the issue might arise. The decision with regard to other members of the Mission is still in process, but we rejoice that the work for the Chinese, undertaken so many years ago, is not to be interrupted. We are also thankful to God that our missionaries have been providentially protected and that useful avenues of service for Christ are open to them. Our hearts go out to all of them in this severe dislocation of their life plans. Their material loss also has not been insignificant, since it has been impossible for them to bring much of anything out with them. Their faithfulness to the cause of Christ is beyond praise. Members of our Church are asked to continue their prayers for them and for those whom they have left behind.

2. *India*

*J*F out of the complex situation in the new and changing India we were asked to name that factor most affecting the Christian mission, our choice would immediately be the open door to evangelism. India today presents such opportunities as the Church has rarely if ever enjoyed since William Carey opened the era of modern missions in that land. Baffling problems and frustrating factors are in the picture, too, but the opportunity for winning souls remains the predominant feature of the total situation.

One of the chief factors in the general ferment of Indian life producing this opportunity is the failure of Hinduism to hold the loyalty of its adherents as it has in the past centuries. This has been a progressive failure for several decades, but recent years have seen a rapid acceleration in the process. Not only does the very nature of Hinduism invite internal decay in this new age, but a political situation has led many to look askance at this ancient faith, and hastened the general defection. Hinduism still remains a dominant force, but its rapid loss of ground gives great urgency to the Christian Church to move forward into the surrendered territory of Indian religious life.

The Indian Christians and the missionaries are very much aware of this situation. The past year has been one of faithful and widespread witnessing. In churches, schools and hospitals the Word has been preached. In villages and market places, day and night, the message has gone forth by tract and picture, song and sermon. Hundreds have been baptized and the church has grown in faith and numbers.

In the city of Vellore and surrounding area the churches have worked in united fashion through the Vellore Evangelistic Council. One of the chief methods used has been leaflet evangelism. A series of leaflets was written by the president of the Council and given wide and systematic distribution. Every home in the city of 100,000 Hindus and Moslems was reached, plus scores of nearby villages. The idea has spread to the whole Arcot Mission area and to other parts of India as well. Over one million leaflets have been distributed within the past two years, and with this distribution the sale of Bibles, New Testaments and other Christian literature has increased phenomenally.

The National Christian Council of India has set up a special department to emphasize the importance of the Christian home as the foundation of the Christian Church. Each of our girls' schools is doing its part to win girls for Christ and to inspire them with Christian ideals of family life. The new development is in the organization of the women of the Church. In the Church of South India all the women's organizations are being brought into a church-wide "Women's Fellowship." Mrs. C. De Bruin was appointed to survey and reorganize the women's work of our whole Arcot area. Great impetus has been given the work done by women and a new spirit of evangelism and service has inspired the growing membership of this new organization.

The Church in South India in the Arcot area is severely handicapped in this day of opportunity by lack of trained personnel. Workers are too few in number for the task facing the church. It is evident that lay leadership must increasingly come to the fore. It is gratifying, therefore, to note how lay members—men, women and students—have in the past year done evangelistic work. In one area the young men do evangelistic work in the summer, and here the Centenary goal is to win the remaining non-Christians in every village where there are Christians. In every one of our higher schools, too, the Christian students have reached out into town and village.

The year has been marked by conferences and rallies. These have been for workers, students, women and the general membership of the church. They have been unusually successful this year and aroused new enthusiasm for the work of the church.

In our Christian educational system no new developments in the uncertain situation have seriously affected our work. Student bodies have been organized for citizenship training with a form of self-government based on the national government. "Basic training," which tries to gather all studies around some handicraft such as spinning, together with a democratic organization of the class, has been introduced in most of our lower schools. Practically all the pupils in our scores of village schools receive Bible instruction, and a gratifyingly large number of students have elected Bible study in our higher schools. In Voorhees College, for instance, a large majority, all except about a hundred out of 463 students, have chosen to be in the Bible classes rather than the parallel moral instruction course required by the government as an alternate elective.

Fine progress has been made in all the hospitals in their high purpose of healing the multitudinous sick of India, teaching preventive medicine and training medical workers and witnessing for Christ in their communities. The reports of the year are most encouraging. Nearly 850 men and women students applied for entrance to the Vellore Christian Medical College. Out of these thirty-five were admitted. This very busy student body has regular Bible study and worship periods, and the staff engages in village medical Christian service such as in leprosy clinics and *eye camps* where as many as a hundred cataract operations are done in one day. The medical work has provided a highway for the Gospel into innumerable hearts and areas this past year.

Dr. Ida Scudder was royally remembered during December and feted by her host of friends. The month marked the Golden Jubilee of her arrival in Vellore, and her eightieth birthday.

The whole work of the Arcot area has been shadowed again by the failure of the monsoon season to bring rain. This is the fourth year. Soaring prices, scarcity of food and no rain make not only for hunger and malnutrition and even starvation, but for all kinds of complications in the work of the church. Against almost impossible odds the work has been carried on. Supplies sent by Church World Service, and the Famine Relief Fund of our Reformed Church, have been as gifts from heaven, but the situation continues to be most serious.

The Arcot Mission Centenary is to be celebrated at Vellore January 7—10, 1954. Extensive plans have been laid for this celebration. It is hoped

to make the occasion significant by completion of the raising of a large sum for evangelism and educational scholarships. The Centenary text is "Lord God Almighty, Who art and ever wast and art still to come, we give Thee thanks for assuming that sovereignty which belongs to Thee and beginning to reign." (Rev. 11:17)

3. Japan

ORIGINALLY, the Reformed Church had two missions in Japan, one in the north and one in the south. Some decades ago the northern field was transferred and our work was concentrated in Tokyo and Yokohama and on the southern island of Kyushu, with Sturges Seminary just across the straits from Kyushu on the main island. Many of the independent churches in Kyushu now related to the Church of Christ were established through the work of our missionaries. We rejoice that now, after the war, we are again pressing forward in an evangelistic program for the eight million or more people in this southern island. The Rev. B. C. Moore has secured a site on one of the main streets of Fukuoka, the leading city of Kyushu, for a Christian Center from which will be developed a program of newspaper evangelism, with a loan library, a reading room and other activities. The idea of evangelism through the daily paper was first conceived by Dr. Albertus Pieters when he was in Japan, and he is now actively engaged in furthering this revival of this project. Mr. Moore, during the past year, has toured widely in Kyushu and has presented the claims of the Gospel to thousands who have attended these evangelistic meetings. In his last report from three of the places visited recently a large increase in church attendance has resulted.

In order to carry out this program more actively, the Board is appointing a short term missionary to operate a truck with visual aid equipment, with a view to a consistent program of broadcast evangelism throughout the whole island. It is hoped that within the next two or three years several evangelistic missionary families may be appointed to take up this work in different areas in the island. Mr. and Mrs. Glenn Bruggers have already been appointed and they will go to Yale this autumn for the study of Japanese in preparation for going out to the field.

The Church of Christ in Japan continues to carry on a vigorous program of evangelism. While the number of new members is not large — some 12,000 — the rolls have been revised and the inner life of the Church strengthened. Through the help of the Rev. Harold McConnell a program of lay visitation was inaugurated last year and lay activity has been strengthened all along the line. Proposals are before the Boards for a Christian Center in the city of Osaka, a plan developed largely by the laymen.

The total Protestant membership in Japan, according to reports received here, is only 185,964, so that the Christian community is still pitifully weak in point of numbers. It is fair to say that the progress made to date is not commensurate with the magnitude of the opportunity which confronted us after the war, but it has taken time to overcome the dislocations of the war and the results should be more satisfactory in the years ahead. One aspect of the situation is the great variety of Protestant groups working in Japan.

Reports indicate that these number thirty-six in all, of which the Church of Christ is only one. The latter, however, accounts for 121,604 out of the 185,000 mentioned above.

There has been considerable discussion within the united Church of Christ with regard to its organization. Several churches in the Hokkaido, the northern island, and one or two in the Tokyo area have announced their intention of leaving the united Church. All of these are churches related to the former Reformed-Presbyterian Church in Japan prior to the war, although only one had any direct historical relation with our Mission. There is not space here to discuss all the elements in this situation, but the principal motivating force is discontent with the way the Church moved just before the war, under government pressure, from the federated principle to that of a united Church. When the General Assembly last autumn voted against a return to the federated system, which would allow each former group to maintain its own identity, the dissatisfaction which had been in abeyance manifested itself in these proposed withdrawals. It is too early to say what the final outcome will be, but it is clear that the united Church in Japan is not yet a united church, and time will be required for the issues to be resolved. Our position as a Board is clear. We look upon the Church in Japan as an independent church which, under the leadership of the Spirit, must make its own decisions. We will cooperate with the united Church so long as it remains united. In Kyushu, where our evangelistic work is centered, there is a fine spirit of unity and as yet no difficulty has arisen.

The figures showing expenditures in Japan during the past few years will be of interest. The Boards related to the united Church spent in 1949 for the ongoing work \$571,557, of which \$345,000 was for salaries and maintenance of missionaries and the balance for evangelistic work in its various aspects. These same Boards spent between 1947 and 1950 \$675,000 for rebuilding destroyed churches. Total relief expenditures from Protestant sources from 1946 to November 20, 1950, including contributed supplies, amounted to \$4,659,402.92. Included in this amount is the \$325,000 spent for special relief and rehabilitation to Christian workers. While this relief program has helped immeasurably on the material side, it is difficult to estimate how large a part it has also played in the revival of the inner life of the Japanese Church.

During the year, the Sturges Seminary, completely destroyed in the war, has been rebuilt and the buildings at Ferris Seminary, damaged through successive occupation by military contingents, first Japanese and later American, have been restored. The eightieth anniversary exercises at Ferris in the autumn were widely attended and gave an opportunity for witness to the general public. Princess Chichibu honored the exercises with her presence. At the time of the celebration two former principals, Dr. L. J. Shafer and Dr. H. V. E. Stegeman were honored by the title of principal emeritus and each given a testimonial. The evangelistic outreach through these schools has been vigorously pressed, not only through the activities within the schools but through Bible classes for various outside groups, including one for primary school teachers, and through Sunday schools carried out by teachers and students in and outside the school.

Meiji Gakuin in Tokyo, with its nearly 4,000 students, is carrying out a vigorous program of reorganization looking to a more active Christian impact. Dr. Shafer, on his return to Japan after sixteen years as Secretary

of the Board, will be associated with the work of this school. Friends of Dr. Toru Matsumoto, now a professor in Meiji Gakuin, will be interested to know that he has been invited by the nationally owned broadcasting system of Japan to take the long established *English hour* on the radio.

Plans for the Japan International Christian University have been developed during the year. The building on the campus is being repaired, faculty members are being selected and the university is expected to begin its work in 1952. The result of the campaign for funds in this country is anxiously awaited on both sides of the Pacific.

The years ahead are critical for Japan. General MacArthur's departure and the signing of a peace treaty will throw the Japanese people again upon their own, and a period of basic readjustment will follow. It is unlikely that the opportunity for Christian witness will be diminished, while the need for Christian leadership will be still more urgent. God grant that we of this generation may be able to measure up to the special responsibility that has been placed upon us in Japan.

4. Arabia

BEHOLD, the husbandman waiteth for the precious fruit of the earth, and hath long patience for it, until he receive the early and latter rain." (James 5:7)

The first year of the seventh decade of witnessing along the Persian Gulf has been characterized by the continuing pressure of the ever present problems of our work there—the paucity of missionary personnel and the pride of the Mohammedan people.

The Rev. Dirk Dykstra, D.D., retiring veteran of forty-five years of service in Arabia, in writing the annual report, makes vivid the first problem. In the sixty-one years of the history of the Arabian Mission ninety-four missionaries have been appointed. Of this total force nineteen have died, thirty-eight have retired or otherwise left the field. Of the thirty-seven in active service during the past year, six were on furlough and six were studying the language. This left twenty-five to do the work of the Mission.

The responsibility of the Mission is for an area equal to one-third that of the United States, roughly from the Atlantic to the Mississippi, and for five to eight million people, enough of them available to us to tax to the limit our present resources. Four missionaries were in Amarah, our northernmost station, a good sized city, with a large and populous countryside, stretching for more than a hundred miles in each direction. Five missionaries, a pitifully inadequate force for even the immediate population of the city, to say nothing of all the teeming thousands living along the canals that intersect the date gardens, labored in Basrah that lies along the fertile and thickly populated lower reaches of the combined Tigris and Euphrates. In Kuwait, the largest city of Arabia, with its vast hinterland of central and western Arabia, five missionaries witnessed.

Three hundred miles to the south is Bahrain on the islands, with the branch hospital in the sheikdom of Qatar on the mainland, and Hassa in interior Saudi Arabia with frequent opportunities to tour there. Seven missionaries have spread themselves over hundreds of square miles. Six hundred miles south is Muscat, capital of the province of Oman with one to two million people. The province stretches for many hundreds of miles along the Indian Ocean and far inland to the great desert. Only four missionaries labored here and most of their time was spent, of necessity, in Matrah and Muscat on the coast.

Lack of adequate personnel has meant the closing of a hospital for several months in Iraq. In the same country one of our former mission stations has not this year been visited by missionary or colporteur, and countless villages along the rivers and in the marshes have seen no messenger of Christ for many a year. No tours from Kuwait have been made into the interior. In the Oman field the interior was hardly touched.

Reports from the United Mission in Mesopotamia are encouraging,

although much faith and patience is required in this important work. The fact that new missionaries are completing their language work and that assignments to work have been made is the best news of the year. No great number of new converts is reported but the steadfastness of those who have accepted Christ has proved a cause of rejoicing. Copies of the Scripture and tracts have been distributed by the converts and in the Bible shop. The latter has proved to be a source of strength in furnishing a place for discussion and for finding men who are interested in Christ. Over 10,000 copies of Scripture were sold in forty languages.

Fundamental friendliness to America undergirds the Arab's concepts of this country, but the disappointment and hurt and suspicion in the Arab on our American policies in the Near East have seriously damaged this good relationship. Sharpening nationalism has not improved the situation. Yet, during the past year our missionaries have walked the streets and roads of the Moslem world as those who belong to the scene, received as a part of the community and as the friends of the Arabs. Within accepted areas they have moved and witnessed as heretofore.

Many difficulties face our system of Christian education, and the future is unknown, yet the teaching of the Bible in regular classes continues and the schools in Basrah and Bahrain are filled to overflowing. The situation in Muscat has improved considerably, and though enrolment in the school has not recovered the level that obtained before restrictive measures were imposed on the Christian group, the outlook is more encouraging.

Government hospitals are taking their place in Moslem communities. A notable instance is Kuwait with the multimillion rupee structure built with oil money, equipped with the finest apparatus and manned by Western and Palestinian specialists. Yet our hospitals, often far inferior, and particularly so in Kuwait with our shabby and makeshift and inadequately staffed men's building, which we hope soon to replace, are crowded with patients with no diminishing opportunity for evangelism.

Over 200,000 clinic patients, besides inpatients, were seen. Over 2,500 minor and major operations were performed, plus 800 cases of eye surgery. Some 85,000 injections were given. The magnitude of the medical work is an index of the extent of witnessing being done in the hospitals which still provide our greatest evangelistic opportunity.

Another important feature in the world of Islam is the failure of this faith to appeal to that part of the younger generation which has contact with influences other than that of their own culture. An increasing number of the sons and daughters of Moslem families fail to respond to the historic religious claims. They remain Moslem by culture, but their lives show up the spiritual void in which they exist.

Even among older people this has often been evident to the missionaries. Many are the yearning and longing souls who have listened eagerly to the Word. Four joined the Church of Christ in Arabia this year, but many more are known as secret disciples of our Lord.

This has been another year of disappointment and of deferred hope, of limited personnel and unrealized opportunities. But it has also been a year of blessing, of courage and high hopes, of faithful service and expectant seed sowing. The day of harvest cannot be far away, for the mission is as the husbandman who "waiteth for the precious fruit of the earth, and hath long patience for it, until he receive the early and latter rain."

5. Africa

THE important events of the year in the Africa work are the organization of the first congregation at Akobo, the baptism of the first group of Christians in a village some distance from the Mission, the transfer of Dr. and Mrs. W. Don McClure and Miss Joan Yilek to Pokwo to open that new station in Ethiopia and the decision to begin work at Pibor Post among the Murleis, a tribe of 60,000 located entirely in the Sudan.

It will be best to quote in part from the report from the field:

This past year has seen the organization of the first Anuak Church on a congregational level, with 108 communicant members. The community of believers chose seven men from their group to serve as elders of the church. These men have shown definite growth in the past few months and we trust that as they learn to read the Scriptures in the vernacular and meet together each week for doctrinal studies they will be better prepared to serve as spiritual leaders of the community. One evidence of this growth is seen in the manner in which they have, on three different occasions, chosen one of the group, accompanied by a younger man who can read the Scriptures, to go to a village away from the Mission to live for a week or a month and preach Christ Jesus to their own people. To facilitate this work it was decided by the elders that the church offerings should be divided in halves—half for the poor and half for the outreach of the Gospel. At this writing two of the elders are making preparations to go off on such preaching missions, one on the Ethiopian side of the river and one in a village where the missionaries hope to follow up the work in a month or so. The regular Sunday services have been held at the Mission, with weekly village meetings.

The first group of Christians in a village some distance from the Mission, was baptized this fall. May God grant that this cell of believers may grow into a second congregation. Twenty were baptized during the year.

Women's work has progressed greatly with the bi-weekly services and constant home visitation carried on by the women missionaries. It is definitely felt by the staff that more village work must be done. A beginning has been made by arranging extended visits in a given village and further plans for work along this line are now being made. We also feel the need for native evangelists and pray that God may raise up such for His honor and glory.

Since Dr. Roode's departure for furlough last spring, medical work at Akobo has continued with daily clinic hours five days a week, carried on by the nurse, Miss Lillian Huiskens. Some visits were made to surrounding villages for medical care to those who were too ill to come into the clinic. Plans have been submitted for the building of a small clinic building this coming dry season, since the building of a hospital is now contemplated for Pibor Post. The work here has not been extensive, but through the daily prayers held before treatments and the visits outside the clinic, it has proved again and again to be a powerful witness to the love of Christ.

The boys' school, with an enrolment of some one hundred boys was in session for only about three months this year after which time it was closed, due to various circumstances, including near famine conditions in the area. Actually the decision to close proved to be an unfortunate one, for help arrived from the government shortly afterward. However, we feel that the short time the students were in school was not entirely lost, for the Lord did call out some of His own from this group of boys to name Christ as their Lord and Savior.

A school for Anuak girls was opened at Akobo in mid-summer with an enrolment of twenty girls. Most of the pupils come from homes where at least one parent is a baptized Christian. The curriculum consisted of Bible study, reading and writing in the vernacular and simple handicrafts which would be useful in their home life. When the harvest season arrived the school had to be closed, since the girls were needed at home to guard the fields from the birds and assist in the harvest. This work is only in its beginning, but it has opened many and great new horizons for serving and reaching this people.

The important work in language and literature has kept pace with the accomplishments of last year. The book of Acts and John's Gospel were completed and mimeographed. Several new booklets and reading helps have been translated, plus a supplement to the hymnal. Again the staff is convinced that the setting aside of one of its members to do only this work has paid dividends far beyond expectations. We are happy that Mr. Hoekstra is now on his way home for further training which will prove beneficial to the entire program.

The adult literacy program has not gone forward as we anticipated, due largely to our inadequate technique. It is hoped that Mr. Hoekstra will be able to return with new information that will enable us to speed up this important phase of the work.

The missionaries have continued faithfully to study the Anuak language, feeling that it is essential to know the vernacular in order to be able adequately to do His work.

This building season finds us nearing the completion of the major buildings at the Akobo station. A missionary dwelling has just been completed, bringing the number to five. The Chapel of Hope is now completed and dedicated. There yet remain the new clinic building and one wing of the central school building. These, with the addition of a few smaller buildings, completely equip this station.

Since the report was received, word has come that the new house just finished has been completely destroyed by fire. The straw roof caught fire from a lamp and the conflagration spread so rapidly that practically nothing was saved. Household effects of the Hoekstras and the Crandalls, including Mr. Hoekstra's library, were burned. The walls of the building, however, are intact and with major repairs it can be made usable again. The families concerned and the Akobo Station have the sympathy of the Board and the Church.

The work at Pokwo was not started this past year as anticipated. The proper permits have not yet been received. However, Dr. McClure has been promised many times that they are forthcoming and the McClures and Miss Yilek will be attempting to start the work there this summer.

The Lord willing, the Reformed Church will have a share in reaching another of the still unreached tribes of the Sudan for Jesus Christ. The Murlei

people, some 60,000 strong, are all located in the Sudan and as yet have no Christian witness among them except Lado, a converted slave boy. Permission to open work there has been requested from the Sudan government and when such permission is granted, supplies will be purchased so that work may begin early this fall.

The personnel needs of the African work are a bit uncertain now, pending the permissions to open the new stations, but for the new work among the Murleis, an early appointment of a linguist should have high priority. Also appointees to carry on women's work are needed when housing is available.

During the year Dr. Shafer and Mr. Luben visited the work at Akobo Post on deputation from the Board.

6. Home Base

EXPERIENCES of the year give us cause for rejoicing as we consider the interest and loyal support of the Church in its overseas responsibility. Mission fests, deputations, meetings in classes, new visual aid materials, pamphlets, special missionary programs and four editions of *Ministers Exclusive* have helped to keep the church informed of the work of her missionaries. Special thanks is given to the *Church Herald* for its promptness as important news has come from some of the fields. The coverage has been most gratifying. The furloughing missionaries have done a great work in speaking throughout the entire church. We are especially fortunate to have had missionaries at home from Arabia who could give information from actual experience, not only to our own denomination but in many interdenominational groups who were studying the work of the Christian Church in the Near East. Dr. Shafer and Mr. Luben have spoken many times since their return from their trips in Africa, India and Arabia.

The Church as a whole has responded to the needs in foreign fields by increasing their investments in the support of missionaries through the unit system. The steady increase in the giving has been encouraging. But not only has the church shown this interest in the work of the Board of Foreign Missions through its giving of money but through its contribution of fine young people. As college campuses have been visited and as young people have written inquiring about opportunities for service, evidence has been shown of a growing feeling of responsibility for personal commitment to the missionary cause. The unsettled conditions of the world at present may keep some young men from getting to the foreign field immediately but we rejoice that an increasing interest is shown in such service.

The Department of Women's Work has been active in cooperation with the women of the Domestic Board in getting missionary information to the women of the churches. Thirty-one new societies have been organized making a total of 1019 societies. Mrs. Arthur E. Resch is acting as secretary of the Joint Committee of Promotion and Education until plans can be developed to bring about a more complete union of women's work of the two mission Boards. It is expected that this union will take place in May, 1952. Special gifts were made for the Girls' School in Baghdad. Apparently this has been of particular interest to many groups judging by the generous response. Money continues to come in for this purpose.

The cooperative work with the Central Youth Committee and the Children's Department has continued; thus integrating missionary education into the program for the children and youth.

In February the Board meeting was held in Sioux City, Iowa. The hospitality and friendliness of the whole area was very evident and the members present felt that it was one of the best meetings held since the union of the two Boards.

Rev. A. E. Inbanathan, pastor of one of the churches in South India, has completed his studies in America and is enroute to his home. He has been an inspiration to all who have met him. Professor Takeo Hirabayashi of *Meiji Gakuin* has been studying in New York during the winter. His interest in the church and his intelligent enthusiasm has done much to make a closer bond between the churches in the U.S.A. and those in Japan.

Three emeritus missionaries and one Board member have died during the past year. On June 29, 1950 Miss Lily N. Duryee was relieved from her suffering. She gave many years of service in China having gone there in 1894. Not only was she a preacher of the Word but she was a teacher and an able administrator. It was her faith and wisdom that made possible the establishment of the first girls' high school in South Fukien. The fact that she served throughout her life-time without compensation from the Board, refusing to recognize any difference in her relationship with the Mission or Board, shows her deep consecration to her calling.

Mrs. William Farrar went to India in 1896. For thirty-nine years she and her husband worked for their beloved India. Her motherliness in both places where they worked—Katpadi and Arni—was an outstanding characteristic and the students delighted to call her "mother." From her retirement in 1935 until her death on August 31, 1950, Mrs. Farrar continued to work at home for India, using her knowledge and interest to help others understand and love her adopted country.

On March 26, 1951 another valiant missionary was called home, Rev. Frederick J. Barny. Mr. and Mrs. Barny were missionaries in the Arabian Mission when that Mission was still an independent corporation. They were in active service for forty-one years and during that period served in every one of the stations of the Mission. His quiet but deep evangelistic fervor coupled with his scholarly ability in the Arabic language and his gentle, lovable personality won him a wide circle of friends.

The death of Mrs. Taeke Bosch occurred on May 3, 1951. Mrs. Bosch with her husband, Dr. Bosch, served in China for sixteen years. She was always an enthusiastic supporter of missions. At present two of her children are missionaries in the service of the Board.

Mr. Matthias Rens died on June 6, 1950. He was a faithful member of the Board having been elected by General Synod in 1942. He was a generous contributor to the Board through his gifts to provide for the training of young men in the Arcot Seminary.

News has recently come of the death of Mrs. Arputham William, one of the deputation who came from India in 1946. Mrs. William was a quiet but great leader in the Church of South India. During her visit in America she did much to interpret her country to the women and to the church as a whole. Her husband and young son will carry on bravely the work that was so dear to them all.

This part of the report cannot be complete without the expression of a deep appreciation for the fellowship that Dr. Potter and Miss Ransom have enjoyed with Dr. Shafer. As he returns to Japan to answer the call that has come to him from *Meiji Gakuin*, there necessarily will be many changes in the responsibilities in the office. However, he and Mrs. Shafer go with the best wishes of his associates who know that the work cannot be separated by land or sea and with the gratitude for the years of opportunity of working with this Christian statesman and friend.

7. *Finances*

THE table on the opposite page is designed to give a brief analysis of the receipts of the year which may be a little easier to understand than the detailed report of the Certified Public Accountants which appears in the concluding pages of the report.

The important distinction for the Board is between the receipts which are available for the meeting of the regular budget, which are shown under I. The gifts for special objects appearing under II may accomplish just as much good, but as the objects are designated by the donors, the Board cannot take them into account in making its plans. The heading I For the Regular Work of the Board, may not seem as interesting as some special project, but it should be remembered that back of those prosaic words lies the careful planning of all our missionaries. They estimate the needs of each piece of work. The Mission discusses those estimates and passes them on to the Board and when the Board finally determines the "regular budget" there is included in that budget the work of every one of those missionaries and their associates and all the challenge and romance of hundreds of worthwhile projects. It is for these reasons that the Board constantly emphasizes the importance of the gifts for regular work so that these fundamental and essential plans may be carried out.

Because this year the report covers only eight months, so that from now on the fiscal year will be the calendar year, it is impossible to make any real comparison with the preceding year, as has been our custom. Similarly next year we shall not be able to compare because it will be the receipts of twelve months against the eight months of the year just closed. It can only be stated that the churches made a magnificent response to our request that receipts of 1950 be forwarded so as to reach the Board before January 8, 1951, when the books would be closed. The result was that in the first few days of January the Board received almost as much as comes in normally during the entire month. This created unusual balances which have been rapidly reduced in succeeding months, which also makes comparison difficult, but the general level has been somewhat above the preceding year.

The usual statement of receipts by Particular Synods is shown below, but here again without the usual comparisons which are rendered impossible because of factors noted above:

Particular Synod of Albany	\$ 30,376.03
Particular Synod of Chicago	230,187.81
Particular Synod of Iowa	125,070.00
Particular Synod of New Jersey	55,488.06
Particular Synod of New York	41,117.82

The Board records again its appreciation of the firm purpose of the churches, as revealed by their support, that the worldwide mission of the church shall go forward steadily amid the uncertain conditions which challenge it.

Matured Conditional Gifts....	4,000.00	
	<hr/>	74,206.48

Total of all Contributions, 1950 \$522,912.56

HOME EXPENDITURES

Details of these expenditures will be found in the report of the Auditors in the concluding pages of this report. The total under this heading is \$74,612.90, including what is spent on education and promotion and the share of our Board in the Youth Department, Visual Aid and Missionary Education which are cooperative projects of various Boards of our church. This figure is 12½% of the total receipts of the Board.

Contrary to our usual custom, no calculation has been made of the per capita rate of receipts, as it would be based only upon an eight month fiscal year, May 1, 1950—December 31, 1950.

FIELD EXPENDITURES

During the eight months of this fiscal year the following totals were expended for the regular budgets of the various Missions:

Amoy, \$81,060.31; Arcot, \$83,883.02; Japan, \$49,154.88; Arabia, \$81,565.75; United Mission in Mesopotamia \$7,424.00; Africa \$11,543.67; a grand total of \$314,631.63.

The general tendency continues to be upward both because of reinforcements and the increased cost of transportation, freight and basic necessities of living.

8. *Missionary Personnel*

M ISSIONARIES of the Board are listed below to give accurate information to General Synod. On May 1, 1951, there are 147 missionaries in the active service of the Board. Thirty-three are ordained missionaries; eighteen are unordained (ten of these are doctors); forty-six are married women (two of them are doctors and seven are nurses), and fifty are unmarried women. Of the unmarried women three are doctors, sixteen are nurses, and thirty-one are teachers and specialists in Christian Education. In Japan and Arabia there are nine short term missionaries. There are thirty-two emeritus missionaries on the roll of the Board. There are also fifteen under appointment who are still in the United States.

THE BOARD OF FOREIGN MISSIONS, R. C. A.

Auditors' Statement

April 30, 1951.

The Board of Foreign Missions, R. C. A.,
156 Fifth Avenue,
New York 10, N. Y.

Gentlemen:

We have examined financial statements of The Board of Foreign Missions, R. C. A., for the period May 1, 1950 to December 31, 1950. These statements accompany this report and are marked Exhibits "A", "B" and "C" and Schedules #1, #2 and #3.

It should be noted that these financial statements cover a period of only eight months, the Board having changed its fiscal year to coincide with the calendar year.

In connection with our examination of the financial statements we obtained confirmations of cash balances on deposit, counted petty cash on hand and examined documents relating to or obtained confirmation of all investments. We received letters of confirmation from the custodian bank as to securities in safekeeping and from servicing agents with respect to certain mortgage investments. We also obtained letters confirming certain investment documents held by others and examined other investment documents on hand in the Board's office.

We examined or tested the accounting records to the extent we deemed appropriate and made a general review of the accounting methods, but we did not make a detailed audit of the accounts. We did not attempt to determine that all items of credits for revenue and charges for expenditures had been entered in all cases in the appropriate accounts, or that there had been compliance with all conditions and restrictions under which funds have been received.

Investments of the Board at December 31, 1950, including deposits in various savings institutions, are listed on Schedule #2. The amounts shown on this schedule for "current value" of certain investments at or near December 31, 1950 have been based on available published information except as noted on Schedule #2. These valuations are not intended to represent the actual amounts realizable upon sale of the securities.

A statement of revenue, charges against revenue and other changes in Fund balances for the period May 1, 1950 to December 31, 1950, is presented on Exhibit "A". This statement does not include receipts and disbursements of funds handled solely as accommodations; such accommodation transactions are shown only on Exhibit "C".

However, the Board has included in its transactions for the period amounts actually received and disbursed from January 1, 1951 to January 11, 1951. We were informed by your Treasurer that the greater part of such receipts had been collected by the local churches on or prior to December 31, 1950. These receipts may be summarized as follows:

Collections	\$116,998.18
Designated gifts	6,333.46
Sundry items	1,403.03
Total	<u>\$124,734.67</u>

Disbursements recorded as transactions for the period under review but actually disbursed from January 1, 1951 to January 11, 1951, were for mission expenses, home expenses and miscellaneous items. Of the total of \$5,534.21 so recorded, \$2,501.71 related to the 1951 budget and entries were made to eliminate the effect thereof from the 1950 accounts.

In the Balance Sheet herewith, the amount of such 1951 receipts has been separately stated as "Accounts receivable" and the amount of such disbursements considered applicable to the period ended December 31, 1950 has been separately stated as "Accounts payable".

In our opinion, the accompanying financial statements, when considered in conjunction with the foregoing information, fairly present a summary of the Board's revenue and related charges and other changes in Fund balances, as recorded in the accounts for the eight months ended December 31, 1950 and its financial condition as at that date, understanding that such accounts reflect certain transactions, as summarized in the two preceding paragraphs, for which cash was not actually received or disbursed within the period.

Respectfully yours,

LOOMIS, SUFFERN & FERNALD,

Certified Public Accountants.

THE BOARD OF FOREIGN MISSIONS, R. C. A.

A SUGGESTION FOR LEGACIES

Much of our work is made possible by the gifts of friends who have passed on. For any who would like to make suitable provision in their wills the following form of bequest is suggested:

I give and bequeath to
BOARD OF FOREIGN MISSIONS
OF THE REFORMED CHURCH IN AMERICA

.....Dollars
for the general uses and purposes for which said Board was
incorporated.
