REPORT OF THE PRESIDENT OF THE COUNCIL OF ADVICE
FOR THE YEAR ENDING MAY 31ST, 1918.

There have been seven meetings of the Council of Advice: Oct. 13, Nov. 30, Dec. 18, Jan. 16, Jan. 24, Feb. 12, April 12. The members of this body have been: The Very Rev. A. B. Parson, President; Major R. W. Case, Secretary (resigned April 14, 1918); Rev. H. E. Studley, Rev. R. B. Ogilby; Dr. N. M. Saleeby, Captain Edward Simpson.

Details of the meetings follow:

Met at the call of the Bishop. Present: Bishop Brent, Rev. A. B. Parson, Dr. Saleeby, Capt. Simpson, Capt. Case. Recommended that the Rev. J. B. Langstaff be ordained to the priesthood. A letter from the Bishop was read requesting that the Council act as the Ecclesiastical Authority during his absence. Rev. A. B. Parson elected President.

Nov. 30.

Met at the call of the President. Present: Rev. A. B. Parson, Rev. H. E. Studley, Dr. N. M. Saleeby, Capt. Simpson, Capt. Case. Capt. Case elected Secretary. Voted to notify the different Mission stations to present budgets for 1919. Voted to accept the resignation of Miss Ida M. Thompson as nurse in S. Luke's Hospital. The President and the Treasurer of the District appointed a Committee to draw up a Missionary apportionment schedule for the District.

Dec. 18.

Met at the Call of the President. Present: Rev. A. B. Parson, Rev. H. E. Studley, Rev. R. B. Ogilby, Dr. Saleeby, Major Case. Voted to ask the Board to authorize the use of unexpended rent allowance for S. Stephen's Mission for repairs to S. Stephen's Church and Rectory.

Jan. 16.

Met at the call of the President. Present: Dean Parson, Rev. H. E. Studley, Dr. Saleeby, Major Case. The resignation of Rev. J. B. Langstaff accepted. Voted to request Mr. and Mrs. J. W. Shannon to take charge of the Cathedral Dormitory temporarily. Report of the Committee on Missionary Apportionment accepted and authorized. Vacation leave granted to Dr. B. L. Burdette. Voted that the President appoint a Committee of three, of which he shall be a member, to draw up the Budget for 1919, the same to be referred to the Council. Dr. Saleeby appointed to confer with legal advisers as to the securing of lands for the Sagada Mission.

Met at the call of the President. Present: Dean Parson, Rev. H. E. Studley, Dr. Saleeby, Major Case. Voted to cable for a successor to Mr. Langstaff. Voted
that the Treasurer be authorized to refund P175 to Mr. Birt for rent paid by him Feb.-July 1917, in accordance with instructions left by Bishop Brent. Voted that the Settlement exchange be offered to the Rev. G. C. Bartter as a residence, and that the Constructing Engineer be authorized to make repairs to it at a maximum cost of P2600. Voted to ask the Board for $200 for repairs to the Dormitory. Treasurer authorized to close accounts Dec. 31st. Voted that the Constructing Engineer report on the present condition of mission buildings in Manila giving reasons for the increases asked for, for repairs, in the 1919 Budget. Voted that the President and Treasurer investigate all titles to real estate held by the Bishop as Corporation Sole.

Feb. 12.

Met at the call of the President. Present: Dean Parson, Rev. H. E. Studley, Dr. Saleeby, Capt. Simpson, Major Case. Voted to request the Board to increase the salary of the Rev. B. G. Pay by P30 a month for the year 1918. The Chinese congregation authorized to pay Mr. Pay P30 a month in case the Board does not allow this item. The Budget as recommended by the Committee adopted as a whole. A communication from the Superintendent of St. Luke's Hospital read asking permission to use surplus funds for discharging indebtedness; recommended that the Nurses' Home be given the funds for enlargement, rather than paying off the indebtedness; the Council adding its congratulations for the excellent work of the Hospital shown in their financial report. Authorized enlargement of the Nurses' Home, the expenditure not to exceed P7500. The Rev. G. C. Bartter appointed Chaplain of S. Luke's Hospital. Voted that the President and Secretary express in a letter to the Presiding Bishop the conviction of the Council that the appointment of a Bishop for the Philippine Islands is at once deemed necessary and urgent.

April 12.

Met at the call of the President. Present: Dean Parson, Rev. H. E. Studley, Dr. Saleeby, Capt. Simpson. The President reported his official work since the last meeting, and stated that it was his purpose to so report at each meeting; these reports to be kept on file. Voted that Mrs. Katherine Tryon be sent to the United States on sick leave. Endorsed the request of the Cathedral Vestry for permission to sell the rectory. Voted that the President get the report of several consulting physicians on the condition of Mrs. C. C. Fuller, and that she be sent home on sick leave if her condition demanded it. Voted that it be deemed not advisable for the Women's Board of S. Luke's Hospital to affiliate with the Associated Charities of Manila.

A. B. PARSON,
President of the Council of Advice.

**Note:** Accounts in Suspense consist of two items of insurance which have been paid by the treasurer previous to January 1st, 1918, and which will be refunded on advice from the Board in New York. These two items are held in the name of the Cathedral of S. Mary and S. John and the Columbia Club.

J. W. Shannon, 
Treasurer.

APPENDIX A

ANNUAL REPORT OF THE WOMAN’S AUXILIARY
CATHEDRAL OF S. MARY AND S. JOHN
FOR THE YEAR ENDING MAY 31ST, 1918.

*(Compiled from Reports of the Secretary-Treasurer.)*

The meetings of the Auxiliary were held regularly on the third Thursday of each month from June 20th to March 20th and then suspended for three months during the hot season.

Owing to the ever changing population in Manila it is impossible to keep a full membership roll and next to impossible to look for any regular attendance at meetings. Owing to the war and the various Red Cross duties there has been but a very small attendance, sometimes only four or five being present to attend business. These few do the active work while most of the other members agreeably send in their dues and are quite in accord with whatever may be done, and are always ready to help when asked for outside donations. Our roll of members has dropped from forty-five to about thirty members now, owing to the exodus of the army and others to the United States.

Among the activities of the Auxiliary the ladies have helped on several occasions to carry out the ideas of the vestry in their church receptions during the year: one to honor the new Rector, the Rev. Mr. Parson and Mrs. Parson, and others for sociability among the church members. The ladies are also asked to call on new members coming into the church.

18
In June Dean Clash collected ¥55.00 from members of the Auxiliary and church for an organ to be sent to the Mission School in Tukukan and ¥5.00 more was drawn from the Auxiliary funds to pay for freight on same. 
The annual gift of ¥100.00 to the General Apportionment to the Board of Foreign Missions was sent in September.
An annual gift of ¥50.00 was sent to the Widely Loving Society in Osaka, Japan, for the support of a Japanese girl.
Also, ¥50.00 was sent to Bontok Mission School for the purchase of two altars and equipment for two new missions near Bontok.
In November the Auxiliary held its annual Christmas Tea and Sale where the annual output of hand work of the various mission schools is sold for them. This sale netted for the schools themselves some ¥2,200.00 and ¥283.00 for the Auxiliary, and was considered a great success.
At Christmas time ¥10.00 was sent as a gift to each of the ten missionary schools in and out of Manila: House of Holy Child, S. Stephen’s Mission, Baguio Easter School, Tukukan Mission School, Zamboanga Moro Settlement, Sagada Mission, Bontok Mission School, Alab Mission School, Guinaang Mission School, Besao Mission.
During the Lenten season the same few ladies met once a week at the Bishop’s house and sewed on altar linen for some of the missions in Manila.

The officers for June, 1918, are:

President - Mrs. J. A. Johnston
Vice-President - Mrs. Heilbronn
Secretary and Treasurer - Mrs. Charles C. Cohn

Respectfully submitted,

Anita Cohn,
Secretary and Treasurer.

APPENDIX B

REPORT OF THE CATHEDRAL DORMITORY, MANILA
FOR THE YEAR ENDING MAY 31ST, 1918

The Rev. J. Brett Langstaff, priest-in-charge of the Cathedral Dormitory, having been advised by his physician that he must return to the United States, resigned and sailed January 25th for the homeland.

Mr. J. W. Shannon has succeeded Mr. Langstaff temporarily and as the plans for the future of the institution are indefinite at this date no schedule or program has been laid down for the coming year. The Dormitory has faced a deficit in the general running expenses for the past year or so and our efforts are for the present being centered in an attempt to put the institution back on a more substantial financial basis. With the increased cost of all subsistence and especially fuel and rice the problem is a trying one as we are endeavoring to meet our expenses through the receipts from the students and still maintain the old rates.

We are hoping to see the dormitory made self-supporting before the end of the year and also hope that a program of service in the interest of the student residents may be made active and effective.

Respectfully submitted,

J. W. Shannon,
Superintendent.

APPENDIX D
REPORT OF BAGUIO SCHOOL
FOR THE YEAR ENDING MAY 31ST, 1918

This last year has settled the question as to the permanent future of Baguio School. Its friends have often wondered whether the withdrawal of the Army from the Islands would mean that the School would have to close; but this last year, with only two Army boys in attendance and one of those leaving before the end of the year, the School has been most successful. Accordingly plans have been made to put the School upon a permanent basis. Heretofore it has been a Corporation Sole, with Bishop Brent as sole trustee. His departure from the Islands has meant a reorganization, and a board of Manila businessmen has been formed to hold the property and direct the running of the School. This board has raised a guarantee fund of P150,000, to insure the School against any possible deficit in running expenses, and the entire plant, which is free from debt, has been put in complete repair. The present Headmaster leaves the School at the end of this school year, and Mr. E. C. Sargent, for five faithful years an assistant master at the School, will be in charge for a year to link the new regime with the old. It is hoped that a new man in orders will soon be found to take over the School and direct it for prosperous years to come. There is a distinct need for a school for sons of Americans and Britishers in the Far East, and the policy of the School in limiting its usefulness to boys of this class will undergo no change.
With the exception of Mr. Sargent, all of the present staff are leaving at the end of the school year. Mr. Haslam has been one of our most efficient teachers for the last three years, and he is leaving for service with the Canadian troops. Mr. Hill, who came over as a schoolboy two years ago, and is now the highly efficient School Secretary, is also leaving for war service. Mrs. Carson has been matron, in charge of Toddlers’ Hall, for over four years, and her departure will make a big difference in the School. It has been a source of great satisfaction to have had a trained nurse at the School this last year: Mrs. Halliday, wife of Doctor Halliday, who was formerly in charge of the Hospital at Zamboanga, has taught the Toddlers this last year, and her skill at nursing has been much in demand. For the first time in the history of the School we had an unusual amount of minor sicknesses among the boys, and the presence of a nurse meant a lot. It is going to be difficult to replace the staff, and until the War is over, good men for teaching positions will be exceedingly hard to get.

In spite of the greatly increased cost of operation of institutions in war times, the School has been able to make both ends meet this year. It will probably be necessary to raise the tuition fees next year to $500 gold, instead of $400. This, with the guarantee fund raised by the Corporation, will insure the operation of the School.

The reputation of the School is spreading to the China Coast, and we had one boy this year from Java. In the course of time the British communities in the Orient will come to realize that the School exists to serve them, and their boys will be present in larger numbers. There were nine Britshers at the School this year.

The Bishop paid us his last visit just before the close of his work in the Islands. He had previously confirmed several of the boys at the Cathedral in Manila, and he confirmed one more here. Though his visits will no longer be the events from which everything in the School life is dated, his personality is wrapped up in this his School and can never be separated from it. He took with him to France some Benguet lilies which the boys gave him, to plant on the battlefield of the Marne, and he has been writing regular letters to his boys from the front all the year. A large narra tablet hangs over the fireplace in the dining-room with on it the names of Baguio School boys who are serving their country under the flag. The Bishop’s name, as is right and proper, heads the list.

Respectfully submitted,

REMSEN B. OGILBY

APPENDIX E

REPORT OF EASTER SCHOOL, BAGUIO

FOR THE YEAR ENDING MAY 31ST, 1918.

The work of the School has not been greatly different from last year.
There has been a considerable change in the pupil and teacher personnel,
which has proven to be for the good of the School.
The increased cost of commissary and other supplies made it imperative
that our numbers be reduced, and towards the last of the year the residents have
been kept at about 50. With this number there is no anxiety whatever concerning
expenses, for contrary to expectations, the income from our Weaving Room
has substantially increased during these war times.

Hitherto our sales have been mostly to those connected with the Army,
and to balance off the loss of trade with them because of their departure for
more strenuous fields, Mrs. Platt has made a special effort to secure the civilian
and tourist trade, with the result that three months of the past year brought
us over P1000.00 each, one of those months even going over the P1500.00 mark.

The cash business of our Weaving and Printing amounted to over P7000.00,
leaving a net profit that has more than met the total commissary expense of the
School for the year.

This is the goal we have looked forward to for years—making the
Industrial Departments supply the School cupboard. This releases funds to
be applied towards improving the personal appearance of the pupils, increasing
the equipment of the School, and doing some much-needed repair work.
The School is now well on the way towards self-support.

Respectfully submitted,

B. M. PLATT,
Superintendent.
Bishop Brent in his final report after 16 years as Missionary Bishop of the Philippine Islands very aptly characterizes the work accomplished and being done by the Moro Mission in these words, "None knows, except those of us on the spot, through what travail our little enterprises—hospital, settlement, press and school—were born. In themselves they are not commanding. By their influence an indelible mark is being made on Moro life." The truth of which rings clear to those who have been privileged to assist in this enterprise.

The work among Americans decreases here as elsewhere in the islands with their continual exodus. Some few Filipinos come to Church and impresses upon us the fact that a native clergy will be the only solution of the problem.

The American and Mestizo Sunday School remains a most encouraging phase of our work. The attendance has been good throughout the year.

As in the past, I must devote the major part of my report to the work among, and for, the native Moro.

The report of the Zamboanga Hospital shows only 44 Moros entered as patients during the year. Not many; but when one considers their natural tendency to have nothing to do with new things, and their former antagonism, this means a good beginning. Owing to the lack of a clerk for the purpose, no record was kept of the ever growing Dispensary patients where it would show a larger percentage of Moros. Time and patience will win these people, and the hospital is serving its purpose. The continual change of Doctors does not tend to give the Moro confidence. The Moro is slow and tenacious, and about the time he learns to trust the Doctor, it becomes necessary for us to secure the services of a new Doctor. When we can get a man who will remain in charge for several years we will see the good results of such service.

Dr. C. H. Halliday left during the year, thus ended the good work he was doing, and, after several months, the Bishop obtained the services of Dr. J. L. Booth, who has just received a Commission in the Army and terminates his excellent work. At this time Dr. A. T. Short is temporarily supplying the hospital with such time as he can spare from his private practice.

Miss Lillian M. Owen, Chief Nurse, has remained and the influence of her long residence is a telling factor as regards the Moro work.

The Moro Settlement House and Moro Girl's School under the able leadership of Miss Frances E. Barter continues to have its good effect upon the Moro women and girls of the vicinity of Zamboanga. It is not a large affair but it is effective. Through the medium of the Settlement House the Moro women and girls are able to market their lace and weaving to good advantage and it cements them to the Mission. The school for Moro girls supplies a need in the community. There is need of a dormitory for Moro girls from the various Provinces of the Department of Mindanao and Sulu who desire to attend the Public School at Zamboanga. This would require a proper building and a much increased personnel. The good which such a dormitory would accomplish is untold, especially since it means so much to educate Moslem women.

When we began the work of publishing a newspaper in Sulu as a part of our uplift work among the Moros, no one will know the difficulties there were to overcome, nor the prejudices against the project, except those who were associated with the editor at that time.

At first the Moros refused to receive it, the Government viewed it with suspicion, and friends thought it unappreciated and of no value.

Today, as we begin our fourth year of the paper, the Moro looks forward to each issue, is beginning to send in his subscription; those who can, write articles and news items for publication. The Government support it most loyally and do all they can to encourage it. The Constabulary have subscribed for copies to be sent to every Constabulary station where they have Moro soldiers or troops stationed among the Moros, and friends comment on the great good and the appreciation shown by the Moros toward the paper.

The Mission Printing Office today is doing more to influence the religion of these Mohammedan-like Moros than any other agency. It is paving the way for the introduction of Christianity. Some definite Christian instruction is already being given through the medium of the paper. To do this work effectively we should have more equipment and more help.

The work on the Island of Jolo has justified its existence as will be shown by the report of the Moro Agricultural School of Jolo. A similar enterprise should be started on the Island of Basilan where the opportunity for a Christian work is ever increasing. We have an ideal piece of land for the purpose which should be developed. The Government have just placed the first colonists on property close to ours, which adds to our responsibility to provide our long proposed school on Basilan.

There are many communicants and others who look to us for the ministrations of the Church who are neglected at present because of the lack of facilities to visit them, scattered as they are around the Sulu Archipelago.

The Priest in charge is not only willing, but anxious to serve them; and would do so if he did not have to bear the expense personally.

Considerable progress has been made when one looks over the changes since we began here late in 1912. It is not all one could desire, but a fair account is shown of the time spent with our limited resources.

Respectfully submitted,

Robert T. McCutchen.

APPENDIX G

SECOND ANNUAL REPORT OF THE MORO AGRICULTURAL SCHOOL

FOR THE YEAR ENDING MAY 31ST, 1918

GENERAL STATEMENT

Although this is called the "second annual report," yet, since the first annual report actually covered the first year and a half of the school's existence, as a school, this one covers only the last term of the school year 1917-1918.

The school term has gone on about as usual, and the pupils' interest in their work has greatly increased, as is indicated by the fact that there were fewer conditions and failures in the academic work than for any preceding term, and the carpentry and gardening showed better results than ever before.
Fifty-five pupils were enrolled during the year, but as the yearly enrollment includes those who merely came for a few days and the undesirable ones encouraged to leave shortly after enrollment, this does not mean that there were ever that many pupils in the school at any one time, for we could never accommodate that number. Forty-three is the largest number that was even present at one time.

**ATTITUDE OF THE COMMUNITY**

The attitude of the community toward the school has remained most friendly, and friends and relatives of the pupils have continued to express an interest and visit the dormitory.

There has been the usual number of juramentados, or more properly amoks, at Parang, however, and the prevalence of cattle-stealing still requires a corral and a guard for the animals at night.

**DISCIPLINE**

The discipline has been unusually good. Only one boy was suspended during the year, and nobody was expelled. There were no serious disturbances requiring dispensary attendance, as last year.

**DISPENSARY**

We have now an attendant for the dispensary, Mr. Federico Padayjag, a native of Siquijor, who was added to the faculty at the beginning of last January. Mr. Padayjag is a high-school boy who was given training at the Zamboanga Hospital before being brought down to take charge of the dispensary here. Since his arrival more attention has been given to that phase of the work here, and the number of people coming for treatment has greatly increased; 224 patients were treated during the three months under report.

**ENROLLMENT**

The enrollment could have been much larger if there had been room to accommodate, and money to feed more pupils, for there were applications from boys who had to be turned away.

**FARM**

About two-thirds of the school farm, seventeen and one-half hectares in area, is now under cultivation; the remainder is being used for play-ground for the boys, and pasture-land for the work animals, horses, and chickens.

There is a long wait for returns from hemp and coconuts, but the income after production begins, is much larger than from diversified farming or gardening. Other reasons for the permanent plantings are: weather conditions more favorable to their growths and reduction in labor requirements after planting. At this time there are also nine acres of growing corn, which promises good returns.

The constant rains here have washed out and destroyed a great deal of the crops and garden truck, and have prohibited further plantings. The rainfall during the past twenty months has been twenty-one feet, a monthly average of twelve and six-tenths inches. From these figures the difficulty of farming and gardening is clear. The past month registered eight and one-tenth inches, the lowest in twenty, and it is to be hoped that this is the beginning of a real change in the weather at least.

In addition to their farm work and gardening the boys have been given a great deal of carpentry work this year, which served to occupy their time in the afternoons when out-door work was impossible on account of the rains. Some
of them have also been given work in chicken raising, and we now have seventy (70) old and one-hundred-fifty (150) young chickens on the place. Several of the boys have taken great interest in this kind of work, and it is the intention to give chickens to interested people in the community in order to encourage them in this work and improve stock.

Most of the actual work on the farm is still being performed by hired laborers, although the boys are taking over more of the heavy work as they grow, and become accustomed to it. They only work in the afternoons, however, and they rarely do enough work to pay for more than about a third of their expenses.

During the year P502.50 have been realized from the hiring out of farm labor, animals and carts, to the provincial government.

PROGRAM

The same program that was outlined in the last annual report has been followed throughout the entire school year.

TEACHING FORCE AND PLANS

Mr. Fugate, the superintendent, has resigned from the faculty, and another American will be needed for the coming year.

Mr. Ancheta, the teacher of agriculture, has also resigned to study in the United States, and Mr. Serapion Puquis has been recommended by Mr. Moe, of the Central Luzon Agricultural School, to take his place. Mr. Puquis is expected very soon.

Mr. Federico Padayag was added to the faculty this year. He will teach a certain amount of academic work, and have charge of the dispensary.

This vacation the faculty consists of Mr. Padayag, Mr. Tompong, the carpentry teacher, and Mr. Riley, but with the adding of an intermediate course this year, two more teachers are needed.

Ever since the inauguration we have been trying with difficulty to meet current expenses, and are at present behind the game. The monthly allotment will have to be increased if the school is to continue as it has been, and any increase of the number of pupils with the present allowance would be impossible. We want to add an intermediate grade for the benefit of those pupils who have attended this school from the first, and for the sake of attracting larger pupils who can do farm work, but to do so will mean to cut down the number of primary pupils, i.e. cut off our immediate source of supply, and debar the children who need education the most, because they have never had any, and not to do so will mean to send those who have finished the Fourth Grade away, because we cannot afford to teach them any more.

In closing this report, it is a pleasure to state that we have always enjoyed the completest support and cooperation of the Department and Provincial officials of the government.

Respectfully submitted,

A. D. ALE RILEY.
