## “GOD’S SHEEP ARE MEN”

---

**T**HIS is the 136th Annual Report of the Society, and we hope it will prove illuminating and searching and stimulating: and as we are now celebrating the Jubilee of our Congo Mission, we have the opportunity of comparing our position to-day with that of fifty years ago.

For the purpose of the following statistics we are excluding the work of the West Indies and Jamaica, and having regard only to India, Ceylon, China, Cameroons and Europe. The number of our Stations at that time was 181. Now our Stations total 514. Apart from missionaries' wives, we had a staff of 58 European missionaries; to-day we have over 300. We had only two European missionaries in China, and were but prospecting on the Congo. In the year 1878 the total income, including that of the Zenana Mission, came to £44,706. There was, of course, no Medical Mission Auxiliary, although medical work was being done. This year we have received from the churches £139,421, and altogether with the Arthington Grant our total income is £172,947. At that time the membership of churches connected with our Mission on the Field was 4,627. Our present membership is 41,141.

“The sheep of my shepherding are men.” So we find in the prophecies of Ezekiel. It is a needful reminder if we are apt to think of missions in general terms, in abstract phrases, or simply in figures. These, of course, have their value, but they are dangerous if they hide from us the fact that we are all the time dealing with real men and women, who have trials and temptations, successes and failures, passions and joys and sorrows, as we have ourselves.

In the first days of the Society's formation, Carey's knowledge of the world and of its inhabitants was a potent factor. It made the interest real and abiding. Josephine Butler, the centenary of whose birth falls this year, tells in her Autobiography a story which is a revelation of the spirit impelling her. It is of a street arab who went to Hyde Park on a sultry summer's day. The sheep were overcome by the heat and were gasping for breath. The boy ran to the Serpen-

tine, filled his cap with water, and brought it to the sheep. This he did more than once. Then he bathed a sheep's face. A man near by remarked: "You seem very anxious about that beast." The boy's eyes filled with tears as he said: "It's God's sheep."

So we ask our readers to study this Annual Report, and with sanctified imagination to consider these very real men and women and girls and boys to whom, through our missionaries, the Society brings the good news of the love of God.

\* \* \* \* \*

The troubles in China are by no means over, and none can say when things will be quiet again. As is known, our missionaries, under Consular advice, left their Stations in many places, and that, of course, most reluctantly. Many of them came home, because their furloughs were about due, and during the year the churches have had the great advantage of hearing the story of China and of our work there as perhaps never before. All the while our missionaries were chafing to return, and many have by this time done so. To reach their Stations again, dangers must be encountered and perils by the way. Now it is hoped that by the autumn of this year most of our Stations will be occupied again. Damage, of course, has been done to our property, and even lives lost. In Shensi two evangelists have been murdered and two wounded, while some of our middle-school teachers have been arrested. But we may be sure that despair is not in the hearts of our missionaries nor of the Chinese Christians, and that the work which has been carried on for so many years will not now be surrendered.

\* \* \* \* \*

Now concerning the gifts that have been sent to the Society. Undoubtedly the industrial depression which has been covering the country has affected us seriously, and yet from some of those places where the outlook is darkest have come gifts which this year are greater than in any previous year. We have received many gifts in kind, and often-times these carry a story with them. Possessions and gifts of loved ones who have passed within the veil have reached us again and again. Treasures have been sent to be sold for the advantage of the Mission. A young man sends his postage stamp album, a widow woman sends a ring, an old age pensioner sends his first week's pension, one who has reached three-score-years-and-ten sends some mathematical instruments. Articles that have been worked by loving fingers have been sold and used for the benefit of the Society. So much so is this, that now each gift that comes, whatever be its form, suggests a giver, and once again we try to interpret these material things in terms of men and women. They become holy, and bear the mark of sacrifice.

Then we remember that the Society goes forward greatly on the feet of little children, for our Sunday Schools do wonderfully; and not only are these gifts welcome and valuable for to-day, but they are an assurance that the interest of the days to come is being created now. Nothing is more hopeful than the passionate love so many of our young people have for our Society.

Probably, also, the appeal to the Denomination on behalf of the Superannuation Fund has affected us. The cause is so obviously a just one, although belated. If it had not come this year it would have had to come soon, and all members of the Society rejoice in its wonderful success. We are hoping that during the coming year much of the generosity manifested by the gifts to that fund may find its way to the further support of the Society.

\* \* \* \* \*

The present situation, however, is as follows:—

We have received from the churches £139,421, which is £1,347 less than last year. Considering the present industrial depression, and the magnificent way in which the Denomination responded to the appeal for Superannuation, we think this a most wonderful result. From what has been written before it is very clear that only as the result of sacrificial giving has this been possible. We thank God for the continued loyalty and devotion of the churches.

But, of course, we are still short of our needs. A strange feature has been the very large diminution of monies received through legacies. Last year we received altogether nearly £17,000; this year the total only comes to £8,396.

Finally we are left with a deficit of £15,213 on the year, to which must be added £1,910 left over from the deficit of last year. Our total combined deficits, therefore, amount to £17,123. This we feel will be met, and that immediately.

At one time we had grave fears that the deficit would be very much larger, and although it is still a great burden, we are thankful to God for the generosity of His people, and are confident that they will answer the present call to set the Society free once again from debt.

## OUR WORK IN INDIA.

---

**A**NY report from the Fields for last year must necessarily deal with the first effects of the retrenchment in expenditure and the transfer of control to the native Church. In India this took place on a considerable scale, but it is yet too soon to look for definite results. There is great regret in many quarters over the closing of stations and schools, and some of the Reports make difficult reading. "This year," writes a lady worker, "I have been called on to do one of the hardest things required of me in my thirty years of missionary experience, and that was to close down a promising girls' school for lack of funds. Last year we made sundry reductions in staff, and, though short-handed, managed to carry on; but this year, with a reduction of Rs. 430 on my educational budget, there was nothing for it but to close down one school. We chose the one in the town, as there were three non-Christian schools near by to which the girls could go. I shall never forget our last gathering; that it was a sad day for all was very evident. Many tears were shed, and it was hard to say 'No' to the many queries—'Then are we not to come *any* more?—Not even to Sunday School?'"

The reduction of staff also has had its first result in a lessened number of baptisms. Obviously, the distant villages could not be visited, and waiting candidates could not be brought forward for baptism. But while Mr. Reid writes that "the withdrawal of the mission was like the removal of the shade from a still tender plant," he also adds that "we believe that there is life in the plants, and that they will grow all the more healthily in the open." So we note that in Khulna, where the change was received unwillingly and with misgiving, the deficiency in funds through the reduction of the mission contribution has been largely made up by additional church offerings: and that the Oriya and Telugu churches in Berhampur are assuming responsibility for the work of evangelising the town and district. There is a movement also at Sambalpur, where the members of the Church Union are showing increasing zeal and unity. One of the brightest reports comes from the Kond Hills, and the brightest feature of that report is the fact that the new Christians are themselves spreading the gospel, and that the church is partly supporting two evangelists. It is little wonder that Mr. O. J. Millman, returning to his old field after ten years' absence, is filled with pleasure to find such a great extension of church work, a corresponding expansion of evangelistic effort, and a consolidation of all educational activities. He is himself taking up the educational side of the mission and is devoting himself to its varied problems with enthusiasm.

### HINDU OPPOSITION.

The station reports show that Hindu opposition increased last year, especially in Bengal; but similar efforts are being made at Delhi, where the Arya Samaj has been trying to win back the Chamar Christians, and at Gaya and other places.

The urgent need of Bible teaching is illustrated again and again. The great need of the Lushai Church is teaching, declares the Women's Report from Lungleh: but this is not the case in Lushai only, for many stations would echo an opinion which comes from the South Villages: "Our hope for the future lies mainly in our Bible Class." This is distinctly a work in which the Mission should continue to help the churches of the transferred districts.

For the first time a report comes from Faridpur, where we are co-operating with the Australian Baptists in an industrial institution: and it is worth noting that we are now taking our share with other Indian missions in four co-operative institutions, not including Serampore.

### STATISTICS.

An examination of statistics shows that the number of baptisms was 926, as against 1,337 in the previous year. Of these, 472 were from the Christian and 454 from the non-Christian community. There was a large decrease in the Lushai Hills, where the Church has been passing through a period of depression. But the number of Church members has risen from 18,676 to 19,218, and the total Christian community in the Mission is now 55,707.

### SERAMPORE COLLEGE.

On Foundation Day, January 7th, when Sir Stanley Jackson, Governor of Bengal, presided at the Charter Centenary Celebrations, Principal Howells gave a most interesting review of the History of the College at Serampore, with a full account of its work at the present time. We hope to quote from the Principal's review later, and in the meantime confine ourselves to facts which concern the present work, a century after the Charter was first granted. At present this great Institution is passing through a difficult time, but a glance at its achievements even during recent years will be sufficient to inspire us with faith in its future.

In the reorganised Arts Department the College began with one class of 27 students. There are now eight classes, four Arts and four Science, with 274 students. The total number of students is 300, of whom 64 are Indian Christians, half of these being Baptists and 26 studying theology. Beginning with 1912, altogether 512 students have passed the Intermediate Arts Examination, 315 have graduated in Arts, 216 have passed in Intermediate Science since 1920, and

32 have graduated in Science since the recent affiliation in that subject. In the 1927 examinations some 50 qualified in Intermediate Arts or Science and 30 graduated, 5 taking honours.

Among the 26 students at present in the Higher Theological Department we find representatives of twelve races and nationalities, speaking as many vernaculars and coming from areas extending from the hills of Assam to the valleys of Travancore and the coasts of Ceylon. Nine branches of the Christian Church are represented.

“The work of Serampore,” writes one of the world’s great educationists, Sir Michael Sadler, “is of the highest importance at this critical stage in India. It carries on the spirit of Carey, his wisdom, scholarship, piety and breadth.”

During the year the Indian and Ceylon workers had the pleasure and benefit of a visit from Miss Bowser, our Secretary for Women’s Work, travelling as a Deputation from the Home Committee with the Misses Glover. During this year they will tell their story, and we cannot doubt that it will echo the story told by the Indian Reports. “Valuable work is being done by the staff with the resources we have—but in many of our districts, even after all these years, we are still only on the fringe of things. However much we may transfer to the Church, there are still great untouched fields for the Mission.”

## IN CEYLON.

---

**T**HERE is no sensational item in the Report from Ceylon for 1927, the story being one of work steadily maintained with a practically full staff, and with many encouraging incidents. Healthy progress was shown in the hostels and schools, and open air preaching drew the large crowds which are the usual experience in a country so ideal for work of this kind. Fanned by nationalistic feeling the Buddhist revival waxes stronger, but there are many who believe that this may prove, as it has done before, a channel for the furtherance of the Gospel.

The keynote of the Report is the work among the young, whether in the day schools or the boarding schools: and no reader could fail to realise that this is the pivot of the campaign. Here the need for expansion is urgent. At Carey Baptist College (Boys’ High School), Colombo, the boys hope to make a beginning soon in the raising of funds for extensions; but meanwhile the sick-room has been in use for teaching throughout the year, the good health of the boys fortunately making this arrangement possible. The girls boarding school is also full, more than one-third of the girls coming from Buddhist

homes ; Matale Girls' English School reached the high-water mark of 180 pupils in June, and the hoped for new buildings are not yet begun, while at Ratnapura "our hostel is always full," and those in charge are hoping that *their* new building may be commenced "in the near future."

Mr. Charter, now in England, did valuable work at the Peradeniya Training Colony, which accommodates from 20 to 30 students, men and women. One of the Baptist students passed the Serampore Matriculation Examination in April, and was awarded a scholarship. Mr. Charter's literary work, however, was probably a contribution of equal importance to our enterprise in Ceylon, for there is great need of an increased supply of Christian literature.

## THE YEAR IN CHINA.

(By the Rev. E. W. BURT, M.A.)

**A** NNUAL reports are proverbially dull, but whatever else the year 1927 was in China, it was certainly not dull! Most of us would say it was far too exciting! And it makes a story worth recording and worth pondering.

It was a year of startling surprises and changes. Though for the last two years anti-foreign feeling had been rife in Canton, no serious apprehension was felt in North China, where the B.M.S. works. In fact, so little alarm was felt that the Field Secretary cabled home advising the return of Mrs. Lewis and Miss Pearson to Shansi, and of Mr. Payne to Shantung; yet these three arrived to find China in turmoil and missionaries evacuating the interior.

The immediate cause which forced the hands of the authorities was undoubtedly the unspeakable outrages at Nanking. After this it was felt that no foreign life or property was safe. It was also expected that the Governments concerned would take some drastic steps to bring the perpetrators of those dastardly deeds to book. Hostilities between China and foreign powers seemed imminent, and it was desired to get all foreigners to the coast, so that the British Minister might have a free hand to deal with China without imperilling the lives of his nationals. So most foreign missionaries—American as well as British—had to leave their stations at short notice. It was an enforced and general exile.

But in the spring our Chinese friends also wished us gone, as they feared for our safety, and felt that our remaining would embarrass the Church and make all Chinese Christians the target for mob violence. And in Honan and Central China this indeed proved to be the case.

The three provinces in which our Society has missions escaped the full fury of the storm, and our men and women and little children

got out safely, for which mercy we thank God. It was not always so. For this is not the first time the missionaries have had to abandon the work. In 1895 all the women and most of the men had to quit their stations in the depth of winter owing to the Chinese-Japanese war, which first pricked the bubble of China's legendary greatness. Then in the Boxer Year of 1900 the three fields were deserted for more than a year. Through the timely help of enlightened officials the missionaries in Shantung and Shensi reached the coast in safety, but all in Shansi were caught in a trap and brutally murdered. Again, in 1911, when the Manchus were swept from power and a nominal Republic established, the missionaries in Shansi had to leave.

This page of history ought to remind friends at home how precarious at best is the position of the foreigner in China. The evacuation in 1927 was the fourth in about thirty years! It was more general and widespread than any former exodus, and resulted in the temporary return to Europe and America of three-quarters of the missionary force in China.

Yet when we hurriedly left our homes last April we thought it was for a few weeks at most, and we took with us only the things needed for a brief holiday.

But the exile lasted longer than we had anticipated, though the time of waiting at the coast was not wasted. The younger members of the mission pushed on with language study without interruption. Others were able to visit the stations from time to time and keep in touch with the Christian leaders. And all had a time in which to re-adjust themselves to the new order of things.

### THE RETURN.

In September, Shansi and Shantung were reoccupied. Four men were all ready to return to Shensi on a prolonged visit, but civil war blocked their way, though one man—John Shields—has since entered Shensi by Hankow.\*

On returning to their stations the missionaries received a warm welcome, and were thankful to find that all Christian activities had been faithfully kept going during their absence. Before leaving in the spring the work had been handed over to emergency committees in each station. For these men it was a heavy responsibility. At any moment—for aught they could tell—the disruptive anti-Christian forces might have got the upper hand, and the mission buildings might have been confiscated and looted, as they have been in other provinces where the Nationalists hold sway. It was touch and go more than once. In the summer a plot was hatched in Tsingchowfu to burn the church, schools and houses, but was discovered in the

\* See HERALD, April.

nick of time, and the ringleaders were executed. At the same time in Tsinan the officials packed up their valuables—even to the electric bulbs in their rooms—and sent them away. Many places in Shantung were occupied by Southerners. Then came dissensions among the Nationalists, and the pressure was relaxed. Meanwhile bandits continued to ravage the country-side, and the people groaned under excessive taxation wrung out of them to pay for these futile wars. To add to the plight of the people the crops failed from drought and locusts, half the province is in the grip of famine, and those who can are migrating to Manchuria. The situation is still so unsettled that we know not what a day may bring forth.

Meantime it is much to be thankful for that in our absence University and Schools, Hospitals, City Evangelism and Tent Preaching went on as usual without a break. This would have been a sheer impossibility but for the years of patient training that went before. In itself the way in which our Chinese leaders held the fort is the very best apology for the educational work of the mission. For it was men and women trained in our schools and colleges who carried on the work. Ample recognition should be made of this happy feature, which is so pregnant with hopefulness for the future, when they must increase and we must decrease. The goal of our mission has always been to build up a strong Christian community and to make the continued presence of the foreign missionary no longer necessary. We rejoice at every sign of that day drawing nearer.

But while there was much to encourage the missionary and to show that he had builded better than he knew, yet there is another side. Defects and weaknesses have also been revealed, and both Chinese and foreigners have learned that it would be premature as yet to dissolve the partnership of the past years. For while the Shantung Church has attained self-support and self-government as far as its ministry and internal affairs are concerned, there is a vast field of activity in which the help of the Society is still needed.

To withdraw the missionary and the foreign contributions at the present moment would result in the closing of our Boarding Schools, in the ceasing to share in the training of the Christian doctors and nurses, teachers and preachers China so badly needs, in the shutting of our hospitals, in the suspending of the great task of city evangelism, still only in its infancy, in the arrest of the fruitful Tent missions in the villages, and in the attempt of the Religious Instruction Board to raise up an intelligent Christian laity who shall do for our weak and scattered village churches what the Wesleyan Unpaid Local Preachers do in England for the rural areas.

Such are some of the lessons taught us by the exile of 1927. It was worth all the strain and upset for the missionary and the Chinese

Christian leader to recognise frankly that each is necessary to the other, and that neither can stand alone.

The process of devolution began long ago, and must go on with quickened pace, for the church in no country will ever be strong while it leans on the support of foreign funds. Last year, owing to the greatly reduced allocation from the B.M.S., the elementary village schools, which had till then received small grants in aid, were handed over to the Chinese Church. These will bear the burden, and will be all the healthier for it. A Chinese Christian and former pupil of Mr. and Mrs. Couling has just given \$1,000 (£100) towards the carrying on of these village schools.

#### THE STAFF.

The losses were more than the gains in 1927. Mrs. Frank H. B. Harmon passed away in the spring. Mr. Shorroek, Dr. Paterson and Miss Kirkland have bidden farewell to China after many years of noble service. Drs. Balme and Jones and Marjorie Edwards have resigned for family reasons; Mr. McHardy on health grounds; Mr. Lower because of his wife's illness; Miss Ethel Pollard and Miss Goodchild are kept home by sickness. Miss Walker and Mrs. Ellison are detained by home claims. Nurses Dillow and Rogers have resigned to become married. And it is uncertain whether some of the others now at home will be able to return to China.

Within the mission itself Mr. George Young has married Miss Haslop; Dr. Wyatt, Miss Holden, and Dr. Gordon King, Dr. Mary Ellison, while Dr. Handley Stockley has married Miss Jean Menzies of the Canadian Honan Mission, and Mr. Edward Phillips, Miss Enid Gibbon of Leicester.

Thirty-five years ago the writer of this report was the "baby of the mission"—now he is the senior missionary. It is a rather melancholy reflection that of all the men and women at work in the three provinces when he came to China not one remains in the interior to-day. Many have entered into rest, others are in honourable retirement.

---

## IN AFRICA.

THE Jubilee of our Congo Mission provides what is so salutary in the study of the operations of the Kingdom of God—an occasion for taking a long view, a comprehensive survey. The Reports for the past year tell the annual story of a little ground gained here, a little lost there; of doors that cannot be entered for lack of funds; of harvests that cannot be reaped for lack of workers; of challenge that cannot be taken up because of the insistent call of a nearer duty. Indeed, if one had to describe the work of the year in a single phrase one might have to choose the words, "So little done, so much to do." But this year we are called upon to look back over fifty years, and thus it is another story. We stand with Grenfell and Comber before the heathen king at San Salvador in their courageous embassy for the unknown Prince of Peace, and when we recall that picture we remember that during the fifty years the forces of that Prince have penetrated into some of the darkest recesses of that dark land, and have girdled it from West to East with the beacons of the Cross. Fifty years have run their glorious course of sacrificial service, and to-day the only note is one of gratitude and triumph. "We praise Thee, O God, We acknowledge Thee to be the Lord."

The whole story is nobly told by Dr. Fullerton in "The Christ of the Congo River," and we believe that no better thing could happen for a man's faith than that he should read this book. He will leave it with a new pride in his denomination, a new regard for its pioneers, a new triumph in its achievements, and a new faith in the God Who makes everything possible by the operations of His love in the hearts of earnest men.

An examination of the station reports gives every cause for encouragement despite the sense of strained resources and opportunities which cannot be used. Thus the story of Wathen is a story of ever-growing work on all sides, making "so heavy a burden that we are at our wits' end to know how to cope with it." The total membership is now 733, and there were 77 baptisms during the year. "'Make this valley full of ditches,' was the Divine command," writes Mr. Bowskill, "but only two men and one woman have been sent to do the digging!" At Kimpese the student list is the largest reached during the twenty years of the school's existence, and only lack of further accommodation limits the growth of this vital work. Thysville tells the same story—another year of advance and progress, with a membership of 1,339, an increase of 110—and the painful necessity

of turning away many promising lads because it is impossible to take them in. Upoto repeats this experience when it tells of its increasing list of village schools, its 86 native evangelists—one in every six of its total membership—and of invitations to open up new work on every side. At Kibentele there were 108 baptisms to counter-balance the losses of those who drifted into the church under the impetus of the Prophet Movement: and from Yalikina, an outpost of Yakusu, comes Mr. A. G. Mill's report that "this year we have supplied the last of the Esoo villages with teachers. Every village in the tribe has now its resident teacher evangelist." But he writes further: "The adjacent tribe, the Bambole of the Lomami left bank, is asking to be taught. The numerical strength of the group according to the last census is over 80,000. They have managed to establish 40 schools, and expect us to supervise them. But we can do no more than we have done."

They can do no more than they have done because the church at home has not yet realised what has been done during the fifty years, perhaps because it has not yet realised the incomparable glory of seeking and saving men in Africa. When it does realise these things, the valley will be dug full of ditches, and the Living Waters will flood the last remaining citadels of heathenism in Congoland.

## IN BRITTANY.

---

"**T**HE year 1927 has not been marked by any striking event: but we can thank God that He has sustained us." In these words Mr. Somerville, now in general charge of the Protestant work at Morlaix, opens a story of steady and sustained work in face of many difficulties. There were three baptisms during 1927. At the Guilly School there are 88 pupils on the register, and at Plougrescant the evangelist in charge, M. Omnes, had the pleasure of seeing a whole family, composed of grandfather, father, mother, and three children, break away from the Roman Church and seek fellowship with the Protestant Mission. Some 20 to 30 youths attend the little Labour School whose initiation was recently described in *The Herald*.

The B.M.S. is still partially responsible for the work in Brittany, and the Rev. C. H. Jenkins makes periodical visits. Mr. Somerville begs that the old friends of the work will remember it still in their prayers. "For the greater the obstacles the more we must invoke the help of our Heavenly Father."

---

## OUR WOMEN'S WORK.

---

**S**UNSHINE and shadow have attended our work throughout this year. The Committee at home as well as the staff on the Field have greatly missed Miss Lockhart from the Secretariat, but as an Honorary Member of Committee she is still in close touch with the Mission and her advice and help are in constant request. Miss Bowser succeeded her as Women's Secretary, bringing to the post a wide knowledge of work at the Home Base, and further preparing for her new duties by visiting our stations in India during six months of this winter, accompanied by Miss Glover and Miss Dorothy F. Glover. Letters from India tell most warmly of the help and encouragement given by their visits, and say that "never was there a better Deputation!" In Miss Bowser's absence from Head-quarters her work has been carried on by Mrs. Wenham and Miss Evelyn Pearce Gould.

A very helpful Conference for Auxiliary Secretaries, both men and women, was held at Swanwick in October, when the opportunities now offered abroad were discussed, and the problem of making Home Churches realise them was considered. The Girls' Auxiliary, with its ingenuity in planning fresh enterprises, its steady enthusiasm for the affairs of the Kingdom of God, and its ever deepening knowledge of Mission problems, becomes increasingly valuable every year. We congratulate the Auxiliary on celebrating its Semi-Jubilee this year.

\* \* \* \* \*

In India the reductions, caused by the Great Deficit, of 1926, have shown their effect in various ways. Sometimes the result is healthy, as where the Church is shouldering more responsibility. Sometimes work is simply left undone. Constantly we hear of more leisure being wanted, for our workers to have closer individual contact with enquirers or Church members. School work has gone on steadily. Nearly all our schools have Girl Guide companies, and flocks of Blue-birds—the Indian equivalent of Brownies! Our Entally Company took the highest place among Indian companies in Calcutta. In our Hindu School in Dacca the study of "Paul the Dauntless" was so much appreciated that the teachers asked Miss Rugg to give them further coaching in St. Paul's Epistles. A new Arthington Hostel for our girls has been opened in Lungleh, South Lushai, while the visit of Miss Bowser and Miss D. F. Glover was made the occasion of the opening of the new church there, a very happy occasion, with as large a congregation gathered outside the church as was seated inside. Industrial work flourishes: in Khulna carpet weaving is a new departure; in Barisal the girls' weaving shed is busy; and in Salamatpur the cotton is grown first and then spun and made up.

\* \* \* \* \*

The Staff in Ceylon, as elsewhere, is constantly handicapped by lack of workers. So acutely was this felt in school work, that Miss Smurthwaite of Shantung has been borrowed, to be "Acting Principal" in Colombo during Miss Elsie Evans' furlough. The welcome given her by the girls, and the eager interest shown by them in China, makes a pleasant reminder that our work is one, and that geographical divisions are not really important.

\* \* \* \* \*

Our work in China suffered a severe shock when in April our workers were ordered to the coast by the Consul. Those whose furloughs were nearly due took them then, and came home. Others filled their time with language study, and waited on through the hot summer, longing to be back at work. At last in the early autumn it was possible to return to Shantung and Shansi. Our Shensi workers, who had so pluckily stood the strain of months of siege in 1927, now placed their services at the disposal of the other two provinces. Miss Birrell's help has been much appreciated in our School in Tsingchowfu, while the depleted staff in Taiyuanfu was thankful for the help of Miss Curtis and Miss Joan Williamson. It has been a great encouragement to find that Bible schools and girls' schools were waiting eagerly for our ladies to reopen them, and in cases where Chinese workers were in charge the welcome to the foreigners was delightfully warm. In spite of wars and rumours of wars a very good year's work can be reported. A brisk correspondence—in Chinese—is kept up between the Chinese workers inside Shensi and the scattered foreign Staff—who long to return to them.

\* \* \* \* \*

On the Congo we have to report with much thankfulness the complete recovery of Miss Milledge from an attack of sleeping sickness. The knowledge of French or Portuguese is proving more and more essential for all our workers on the Congo, and whenever possible a course of study in Brussels or Lisbon is advised for prospective candidates or missionaries on furlough. Miss Marjorie Coles has had the advantage of spending several months in Brussels studying French, in preparation for her sailing for the field. A vivid picture of our school work, and of our ladies on itineration, may be seen in the Congo Film at the Jubilee Exhibition, held in London in June, and now going to various centres in the Provinces.

\* \* \* \* \*

In all our work the shortage of Staff is acutely felt. Until our Annual Income is increased it is impossible to send out extra workers; for the last three years we have not even filled the gaps. We began 1927 with 100 women on our Staff, we end it with only 95, so far have

resignations and retirements exceeded the number of additions. There are nine candidates now in training, and of these five hope to sail shortly. This diminution of Staff means that a heavy strain rests upon our workers, causing ill-health, and preventing the possibility of seizing adequately the many new opportunities that present themselves. We know that there is much left undone that we ought to have done. And yet in spite of our shortcomings we are very conscious of the good hand of our God upon us, and of the guidance of Him Who said: "I will lead them in paths that they have not known; I will make darkness light before them, and crooked things straight."

## OUR MEDICAL WORK.

---

**T**HE year 1927 will take its place in the history of our Medical Missionary work as a period of exceptional difficulty on account of staff changes. Leaving outside the situation in China, created by the enforced evacuation of last spring to which reference is made on other pages, the position of our hospitals generally has been unusually embarrassing. Barely three of the hospitals can be regarded as in possession of a normal staff. The problem of maintaining a regular team of doctors and nurses in charge of the different Medical Missions has been seen to be extremely difficult. In part this is due to the strain of the Medical work which makes so heavy a demand upon those engaged in it, and leads to breakdown in health, and the exigencies of sick leave. From another point of view, explain it how you may, it has to be recognised that the task of ensuring an ordinary duration of Missionary service from those who respond to the call of Medical Missions is specially perplexing. All this adds to the burden of sustaining the efficiency of the Medical section of a Missionary Society, and gives force to the appeal for new recruits. To put the matter in a nutshell, we commenced 1927 with 30 doctors and 23 nurses at their posts on the Mission Field. We closed the year with only 21 doctors and 19 nurses in that position.

### STAFF.

We are glad to report that during the year one additional Medical woman, Miss E. M. Clow, M.B., Ch.B., D.T.M. & H. (Eng.), of Glasgow, and two new Medical men, J. W. Bottoms, M.B., B.S. (Lond.), M.R.C.S., L.R.C.P., of Southend, and Donald Frost, M.B., B.S. (Lond.), M.R.C.S., L.R.C.P., of Spalding, have been accepted for service. The two last named have already sailed for India and Congo respectively, and Dr. Clow hopes to sail for China at the end of the summer.

On the nursing side two new sisters have been accepted, Miss Irene Good of Bristol, and Miss Elizabeth Twitchett of Gateshead. Miss Good sailed for India last January, and Miss Twitchett is undergoing a course of Missionary training. A trained dispenser, Miss Helen Walley, has been accepted for India, and after further training hopes to sail at the close of the year. In addition to these recruits, Dr. W. S. Flowers and Miss F. E. George, accepted in the previous year for China, and Miss C. A. Hawkins, similarly accepted for North India, have sailed for their fields.

Against these welcome additions we have, however, to place some very heavy losses. The Committee have been compelled regretfully to accept the resignations of Dr. Harold Balme, Dr. John Jones and Dr. Marjory Edwards, all of China. Dr. T. C. Paterson has also returned home from Tsingchowfu, to retire after long and honourable service. Dr. and Mrs. Gordon King are for the present at Peking, where Dr. King is holding a temporary post at the Peking Union Medical College. Their return to B.M.S. service is eagerly awaited.

In the nursing department Miss Mary Walker, of China, has been obliged to resign on account of home claims, and Mrs. E. J. Ellison and Miss Ethel Pollard have had to return home, and on account of health will be unable to go back to China. Miss Dillow, late of the San Yuan Hospital, has left the Society on the occasion of her marriage to Mr. Walker of the F.F.M.A., and Miss Rogers, late of the Sianfu Hospital, and temporarily serving in India, is leaving shortly to be married. Another impending change in our Missionary ranks faces us at Bolobo, where Miss Gladys Bliss has become engaged to Mr. Neal, of Yalamba. Mr. F. H. B. Harmon, Business Manager at the Tsinan Medical School, is seeking other work in China.

It can be understood how serious is the situation created by these changes. Happily some experienced members of our Medical and Nursing staffs have returned to their stations after furlough, but others are at home having necessary rest, and now that there is an early prospect of a resumption of Missionary service in the interior of China, it is clear that our staff is all too inadequate.

During the year some honourable distinctions have been gained by three of our doctors. Dr. Ellen Farrer, of Bhiwani, has been given the gold Kaisar-i-Hind Medal of the Government of India in recognition of her long and devoted services for the women of that great land. Dr. Clement Chesterman, of Yakusu, has won the high diploma of M.R.C.P., and Dr. D. J. Evans, of China, has secured the coveted qualification of F.R.C.S. (Eng.).

#### INDIA.

Our largest Medical Field in India is to be found in North India, and of the four B.M.S. Hospitals in that area, three are for women.

The most noteworthy event connected with those hospitals has been the opening of six private wards at the Palwal Women's Hospital, similar to the Cottage Wards of the Farrer Hospital. It is encouraging to learn that since the wards were opened, patients have been coming from far and near to occupy them. The necessity that Dr. Bowser should bring Miss Turner home on sick leave in the spring, and several other changes in the staff brought about by various causes, have been a great disadvantage. It is therefore all the more gratifying to hear that the average attendance of both in-patients and out-patients has been well maintained, and that the Indian nurses and compounders have done well in their service. The arrival of Miss Hawkins and the return of Dr. Jean Cooper from Delhi have brought welcome reinforcements, though for the present both these workers have to be occupied with language study.

From each of the three women's hospitals come tidings of encouragement on the Evangelistic side of the work. The Farrer Hospital at Bhiwani testifies to the eagerness with which the patients have listened to the blind hospital evangelist. The Lady Hardinge Hospital at Dholpur refers specially to the work amongst the children, and speaks of the need for suitable premises for them. The report from this station says that "God is working in many hearts and homes."

At the Men's Hospital at Palwal the long awaited reconstruction scheme has been in progress under Mr. Jardine's supervision, and in the renovated in-patient wards and the new out-patient block, which will be completed this year, the two doctors will have an excellent opportunity for even more of the Medico Evangelistic work for which the Florence Toole Memorial Hospital has long been known.

An encouraging report has been received from our one Women's Hospital in Orissa, where definite spiritual results have attended the efforts put forth in the wards. Two of the converts were baptized.

The Berhampur field consists of an area of at least 2,700 square miles, with hundreds of villages to a very great extent yet untouched by Christian influence. The doctors and nurses have resolved to continue regular Medical itinerations, and Dr. Daintree has entered on this very considerably since her return from furlough last autumn. Success has followed the endeavour to increase the local income, and the Indian nurses sent in for the examinations of the South India Board of Nursing passed in a most creditable manner.

The work of the new dispensary at Balangir has been carried on by Dr. Muriel Fellows, Miss Soper being on furlough. The new sick-rooms for the hostel children have been a great boon, and a Medical Biblewoman has been appointed, who spends all her mornings in the waiting-room amongst the out-patients.

The hospital at Chandraghona in the Chittagong Hill Tracts was carried on during most of the year by Dr. Teichmann's Indian colleague, Mr. Rajendra Lal Biswas. Dr. Teichmann has now returned, with Dr. J. W. Bottoms, and for the first time in its history the Chandraghona Hospital has two doctors and two nursing sisters. The Mission to Lepers has given £100 towards the erection of a permanent house for leper patients, all of whom have regularly received the modern treatment as well as having been under Gospel teaching. His Excellency Lord Lytton has once more shown his interest in the work of this hospital by contributing Rs. 2,000 toward a new ward for "Purdah" women patients.

The Nursing work at Lungleh in the Lushai Hills has had to be suspended during 1927 owing to the furlough of Miss Oliver. She has now returned, with a new colleague, Miss Good.

### CHINA.

It will be readily understood that our China Hospitals have been in a singularly difficult position during the past year. The sudden evacuation of the foreign doctors and nurses last spring threw an unexpected responsibility upon the Chinese Staffs, but when, at the end of the summer, a number of our doctors and nurses were able to return to Shantung and Shansi they found much to encourage them in the work that had been maintained by their Chinese fellow-workers. The new experience had been of value in leading the Chinese to realise a new and more responsible relationship to the work of the hospitals, and our increasing endeavour must be to develop, between the Chinese doctors and nurses and ourselves, a sense of partnership in the service to which they, as well as we, are called of God.

Nothing that has happened in the past year has, however, lessened the need for foreign medical missionaries in China. A general policy of devolution is quite impracticable at present, and the crying need of the moment is to relieve the sufferings of the people. Moreover, the opening for Medical Evangelism is greater than ever before.

The position in regard to our own Medical and nursing personnel in China clearly bears out the need for reinforcements. Our B.M.S. quota in the Medical Department of the Shantung Christian University, at Tsinan, has been reduced by one-half. At this moment there is but one doctor of our Society in the Province of Shansi, where we have important hospitals. And whilst it is true that conditions have not favoured, as yet, any general return of missionaries to Shensi, it must be borne in mind that we have an important Mission Hospital enterprise to be maintained in that part of the Field, for which doctors and nurses will be required.

The Foster Hospital at Chowtsun in Shantung was in charge of Dr. Lees, who reports that the Nursing School has had a successful

year, sending up five candidates for the examination of the Nursing Association of China, four of whom passed with honours. Miss Major has been the Superintendent of the Nursing Department since the return home of Miss Walker, and she has now been joined by Miss Wheal, happily recovered from a serious illness. Dr. Lees emphasises once more the importance of "follow-up work" if we are to reap the full fruits of the hospital service.

The Hospital at Tsingchowfu—our oldest Medical Mission in China—bade farewell last spring to Dr. Paterson, and is now in charge of Dr. Broomhall, who, being debarred on health grounds from returning to his former sphere in Sianfu, has been asked to undertake the development of this part of our Medical work in Shantung.

The Medical School and Hospital in Tsinan lost its senior doctor early in 1927 through the enforced return home of Dr. Harold Balme. During the summer the other foreign members of the staff had to remain at the coast, but the work was ably carried on by the Chinese doctors and nurses left in charge.

In Shansi the Schofield Memorial Men's Hospital in Taiyuanfu was closed from April to September with the exception of three weeks. In September Dr. Wyatt returned and reopened as much of the hospital as he could deal with single-handed. He has been most ably assisted by Mr. Dart, the Business Manager, but our staff in Shansi should be reinforced at the earliest possible moment.

The Women's Hospital in Taiyuanfu has also passed through a year of exceptional difficulty. Miss Rossiter and Miss Jaques had to leave for the coast in April, arrangements were made for the work to be entrusted to Chinese workers, including a lady doctor and a senior Chinese nurse. The doctor left after a short time, but another was secured, so that when Miss Jaques returned in August, the work was found to be going well.

Concerning Shensi, since Dr. Broomhall's departure in the early summer the work of the Jenkins and Robertson Memorial Hospital has been carried on by the Chinese workers left in charge, of whom good reports have reached the coast.

### CONGO.

Special interest attaches to B.M.S. work in Central Africa in this year of the Congo Jubilee. At the Semi-Jubilee in 1903 our Society had not one single doctor or fully qualified nurse on its African staff. To-day there are six doctors, seven nurses and three important hospitals in which thousands of patients are being treated annually. Furthermore, plans are ready for the building of another hospital as soon as the Society has received sufficient offers of service from doctors and nurses to make the advance possible. Congo needs two new doctors immediately.

The Hospital at San Salvador, in Portuguese Congo, has been working under difficulties during the past year owing to the furloughs of Dr. Wilson and Miss Hammond. Nevertheless the report from Dr. Fox and Miss Bell contains encouraging news. The eleven Congo men and women assistants are all either baptized believers or enquirers, and the way in which they perform many unpleasant duties is a revelation to the heathen patients who come for treatment. Years ago the mortality of newly born infants was appalling, for few women would come into hospital for their confinements. Last year 99 babies were born in the hospital, and the attendance at the Baby Welfare Clinic reached 100 per cent., many of the mothers staying several months and deriving much benefit.

The diagnosis and treatment of Sleeping Sickness still constitutes an important feature of the work, and 12,550 attendances were made by patients. The modern remedy—Tryparsamide—has been employed with great success in the treatment of 170 advanced cases.

The total number of in-patients was 620, and of individual out-patients 10,247, the attendances of the latter amounting to no fewer than 60,067. Over £160 was received in fees.

At the "Liverpool" Hospital at Bolobo Dr. Victor Joy was single-handed all through the year, though happily both Nursing Sisters, Miss Bliss and Miss Petrie, were in full service. The lack of a second doctor induced Dr. Joy to try an experiment in sending out his senior hospital assistants, and he reports that in nearly every case the experiment proved a success, large numbers of new cases of sleeping sickness being discovered and sent in to the hospital for treatment, while many patients suffering from other diseases were treated on the spot. The record of 1,118 individual cases of sleeping sickness seeking treatment has been reached, and the total attendances came to 16,891. 213 operations under a general anæsthetic were performed, the in-patients have numbered 724, the individual out-patients (aside from the sleeping sickness patients) 14,038, and the combined total of out-patient attendances to 61,639.

The report received from Yakusu also speaks of the handicap suffered by the absence on furlough of Dr. Chesterman and Miss Owen for the greater part of the year. The accommodation has been further improved, and Dr. Todd, who sends the report, points out that the hospital is still breaking ground. Patients have come from distant tribes, speaking languages yet unknown at Yakusu. One patient suffering from a large tumour was operated upon and sent away 70 lbs. lighter! In consequence many of his friends have come to the hospital, many, alas, past human help. Owing to insufficient staff it has not been possible to itinerate as widely as could be desired, but much has been done. The district has been steadily

weeded of sleeping sickness. Two far-away villages had the percentage of sleeping sickness infectively reduced from 15 per cent, to less than 2 per cent.

It is significant to learn of the success attending the training of Congo students. Four have passed the State examination during the past year, and gone out to take charge of out-patients and branch dispensaries. Seven others have entered the Medical School at Stanleyville, and hope to qualify in two or three years' time. All of them are Church members.

## HOME BASE AUXILIARIES.

### THE LAYMEN'S MOVEMENT.

**T**HE Baptist Laymen's Missionary Movement has completed its first decade. Reviewing this period its Annual Report says: "Ten years ago there was no Swanwick Conference: no local Conferences: no Hostel for Overseas' Students: no Baptist Young Men's Movement: no organised supply of literature for missionaries and ministers on the Continent and in the Dominions: no Movement to seize occasions for honouring our leaders. Films as missionary propaganda were not in use. Men were without the inspiration of organised national and local fellowship. Missionaries and other Christian workers abroad had little consciousness that the men of the Home Churches were united in sympathy and support on their behalf. For the extent to which our Movement has remedied these things we offer praise to God. The fact that so much has been accomplished is our ground of hope that greater things will be achieved in the years that are before us."

The outstanding events of the past year have been the formation of the vigorous Young Men's Movement, the securing of the new Congo Film, and the successful annual and local Conferences.

### AMONG OUR YOUNG PEOPLE.

**T**HE rally of the young people of the churches to the support of the Society continues. This is demonstrated by the steady growth and increasing activity of The Twenty Thousand: The Girls' Auxiliary, which this year has attained its semi-jubilee: the League of Ropeholders and the Home Preparation Union. The crowded Summer Schools at Bexhill-on-Sea in August and September reached high-water mark in efficiency. In the Sunday Schools and Young People's Societies propaganda has been maintained and financial support developed. Members of the teaching profession connected with our churches are organising themselves as a valuable auxiliary. The new Young Men's Movement is mobilising the men

of the future. Preparations for the Congo Jubilee Exhibitions are creating a notable revival in Study Circles.

These currents of activity are spreading in all parts of the country, and afford satisfaction, not only because of their present results, but because of their richer promise for the future.

### THE GIRLS' AUXILIARY.

**M**ANY new developments have taken place in the G.A. during the past year. In the early spring the Auxiliary was entirely re-grouped, so making a much closer link between all the Branches. The Group Secretaries have done splendid work. Local District Conferences have grown and developed, opening their doors still wider to girls in churches where there is no G.A., and where very little missionary enthusiasm is shown.

This coming year is one of Semi-Jubilee in the Auxiliary, and during the last four or five months forty G.A. Messengers have been abroad visiting every branch in the Auxiliary. The Messengers have been enthusiastically received. The Branches have loyally rallied to the help of the women in all their efforts for the Superannuation Fund.

The Branches have been helped this winter by a programme of suggested study which the Executive drew up for their use, dealing with Bible, Missionary and Social Topics. This programme was warmly welcomed, and a similar one will be issued for this coming winter.

Contributions from the G.A. for the year ending December, 1927, amounted to £2,206. When it is realised that this amount includes no big donations, but is the result of systematic giving on behalf of some of the members and of special efforts of most of the Branches, it will be seen that the G.A. is very much alive. The above total does not include the money which has been spent on sending many parcels to the Mission Field through the "Wants" Department.

### THE HOME PREPARATION UNION.

**D**URING the year 1927 the H.P.U. has continued to grow and thrive. It has now 422 students working under 100 tutors—50 ladies and 50 gentlemen; 155 of the students are young men, and of these, 115 are working under 25 tutors to prepare for the examination arranged by the Lay Preachers' Federation of the Baptist Union each spring. Seventy per cent. of those who passed that examination last year belonged to the H.P.U.: 35 past students are now on the active B.M.S. staff abroad, not to mention the number who are missionaries' wives, or who have gone out under other Societies.

The H.P.U. Summer School in the first fortnight of August at Bexhill-on-Sea was a great success, and it is hoped that the 1928 School at the same time and place will be equally happy.

IRENE MORRIS, Hon. Sec.

### THE WANTS DEPARTMENT.

**D**URING the last twelve months it has been a matter of great regret that the unsettled conditions in China have rendered it impossible to despatch any cases to the Mission Stations. It is earnestly hoped that in the near future transit may become possible, and that as the failure and delay during the year have caused unusual difficulty and need to the work in China, there may be a correspondingly large and generous response.

Apart from this interruption, the activity of the Wants Department has been carried on as usual: 163 cases have been despatched, 93 to India and 70 to Congo, the value of the contents being estimated at £872. The cost of freight and cases has been £149, and towards this amount the churches and friends sending the gifts have contributed £101. For the "Special Gifts Fund"—£48 has been received and £43 has been spent on blankets, towels and special requirements in the different hospitals.

# THE SCHOOLS FOR MISSIONARIES' CHILDREN.

## ELTHAM COLLEGE, S.E. 9, and WALTHAMSTOW HALL, SEVENOAKS.

At the Annual Meeting of the Schools for Missionaries' Children this year the statement was made, as often before, that continually missionaries are writing and saying "If it were not for the Schools it would be impossible for us to continue our work here." Reference was made, too, to the splendid service old scholars of the Schools are rendering in the Mission Field, some of them missionaries of the third and fourth generation. For ninety years the Schools have been serving the Society in this dual capacity—caring for the children, throughout their school life, from the Kindergarten stage onwards, and so lightening as much as possible what would otherwise be an intolerable burden of anxiety for the parents serving the Churches abroad; and also so helping to train the boys and girls that they are able and ready themselves to go out, in their turn, to the work of the Kingdom in the Foreign Field.

There are now seventy-four children of B.M.S. missionaries in the Schools, which is a greater number than ever before. Just in such measure as the Schools are able to serve the Society better, by the admission of more children, so is their need for greater financial support from the friends of the Society. The committee of the Schools, of which Mr. Wilson is a Secretary, ask for some help from all Churches of the Baptist denomination.

# A NEW DISCOVERY FOR THE DEAF

It has been proved that none work more earnestly and consistently for fresh discoveries than the Doctor and Scientist—experiments and experience bring forth new light on old subjects, and what was looked upon as the best possible last year is surpassed to-day. Until recent years those suffering from deafness and their often accompanying aggravating head noises were the least bothered about. Anyone deaf was looked upon as somehow being sub-normal—a trumpet or tube was the only help obtainable—or they just had to hold "hand-to-ear"—often resulting in complete isolation whether young, middle-aged or old.

It was equally ineffective and conspicuous to be deaf and be shouted at or to use a cumbersome contrivance. That day has gone—a young and enthusiastic acoustician has taken the interests of the deaf to heart (Doctors do all possible for a cure), so that even if your case has been pronounced incurable and all other efforts proved in vain—**YOU YET MAY HEAR**—take heart and try—Mr. R. H. Dent has opened the door of hearing by means of his newest invention—rejuvenation of the auditory system by natural use—a method described by eminent men as

## A BOON TO DEAF MANKIND THE NEW "ACOUDETE" BUTTON

combines all the deaf have ever wanted or hoped for—Inconspicuousness. True-to-tone results. Hearing at all ranges and angles, simple, even whispers distinct. Hands free. You forget your deafness, remove strain and hear all the while, conversation, music, wireless, a boon for indoor and outdoor in day, evening or sports clothes—for church, bridge, touring, etc., also enabling thousands of deaf children to attend and benefit at school, and men and women at their homes and work, for hard-of-hearing or so-called "stone" deafness and head noises.

The best made yet and within the reach of all (young and old, rich and poor) by reason of its simplicity and reasonable standard prices.

Chosen for Commendation by "TRUTH" and EVERY important Medical Paper.  
Chosen for Recommendation by leading Aurists. Chosen for use by many Deaf Doctors.

By **THOMAS PHILLIPS, B.A., D.D.**, of Bloomsbury Central Church,  
London.

Cloth Boards, 238 pages. 3/6 net.

"B.D." in *The Missionary Echo* says:—

"Dr. Phillips has conducted for many years the successful Bloomsbury Mission in the West of London, and is known all over the country as one of the ablest and most forceful of Baptist leaders. He is as good a writer as he is a speaker, and in his book 'The Grace of God and a World Religion' he has placed us in his debt by a most valuable contribution to a great and inspiring theme."

Rev. H. J. TAYLOR, in *The Sunday School Chronicle*:—

"This is a very beautiful and useful study. All who know the poet-preacher of Bloomsbury would expect the buoyant assurance with which he re-affirms the glory of free Grace. It is a refreshing delight to feel the rhythm of the chapters. . . . A fine and cultured Christian tonic."
