ANNUAL REPORT

## MAKING DISCIPLES

*"And when they were come, and had gathered the Church together, they rehearsed all that God had done with them, and how He had opened the door of faith unto the Gentiles."*

*"Go ye therefore, and make disciples of all nations. . . ."*

---

**T**HIS Report is a record of making disciples. It rehearses to the Church what God has done and how doors of faith have been opened. Last year we reviewed the work under the title of "The Unfinished Task." We need to remember also the Unceasing Worker. "My Father worketh till now, and I work." Only God can do the things that are recorded in the following pages. To make disciples is humanly impossible. Dr. J. R. Mott says in his latest book, "The Present-Day Summons": "Those who regard or treat Christian missions as less than an adventure in the humanly impossible must entertain superficial views as to the reality of the difficulties or unworthy views as to the superhuman source and resources of the undertaking. It is urgently desirable that we come to see and then afford fresh demonstrations of the fact that in the sublime enterprise of making Christ known, loved, obeyed and exemplified in life and human relationships, it is easier to accomplish very great, bafflingly difficult, even impossible things than the easy, the simple and the possible."

So our first note must be that of thankfulness to God. In some ways the past year has been the most notable of all. Disciples have been made in great numbers in all our fields. For example, in Shensi, after years of siege and war and banditry and drought and famine, great companies are being baptized. On the Congo, to use the phrase of Mr. C. E. Pugh, our Congo Secretary, "there is a liveliness all along the river." In many parts of India the baptisms have been greater in number than in any previous year. To read the account is to stir one's heart to great rejoicing.

And yet we know that a call has come to us to share in God's great redemptive purpose for the world. "It is a great moment in the life of any man," says Professor Hocking, "when he realises that the arc of the divine destiny coincides with the sweep of his own arm." That we should have any place whatsoever in this making of disciples must ever amaze us.

It will be realised at once that many processes go to the making of disciples, but it would appear that the witness borne in the lives of Christians, both of this land and foreign, has had a great part. Evangelism has been the work not only of the European missionary, but to an increasing extent of the members of the young Church in India and China and Congo. Students male and female have taken their part in tent work, and there has been an eagerness to witness for Christ. Education has also been one of the ways of making disciples. In particular those who have given themselves to Christ have joined Bible Classes, both that they themselves might understand somewhat more what their standing in Christ means, and also that they might be able to help others. The Medical work has also given large opportunities of displaying the grace of God in the healing of the body, and of proclaiming the goodness of the Great Physician who heals both body and soul.

It must not be forgotten that the difficulties both of making disciples and of maintaining discipleship have by no means decreased. The wave of Nationalism in India, of Communism in China, and of Industrialism on the Congo, to mention but a few movements, have added to the task. In all three of our fields the young Church is being urged to accept more and more the privileges and obligations of discipleship.

Ringing right through this Report is a challenge. We cannot estimate what the prayers of Christ's people at home have meant, nor can we forget that those who have gone forth from us have done so at our bidding. The challenge is that of surprising success in the work in which we have had a share.

But in one part it comes home very strikingly that the Discipleship Campaign, which seems so full of promise for us in the homeland, is a reflex action of what is being done in the far-off fields. Two years ago, Dr. J. R. Mott met a number of ministers of all denominations at Swanwick. The address he had prepared was set aside, and he told them of what was happening in Japan under the leadership of that remarkable man and Christian, Dr. Kagawa, and also what was being planned in China on the initiation of Dr. Cheng Ching Yi. The company of Baptists there was greatly moved. They felt that it was a call to them, and through them to all those of our faith and order. They sent a communication to the Baptist Union

Council, and those who were present in March of last year at the meeting of that Council will never forget how it was made clear to all that our denomination was being called by God to a great enterprise. The fact that in China and Japan, and also later in India, the members of the young Churches in those lands were constrained to go out to make disciples, confirmed once again in the hearts of those at home that this was the Church's prime task and privilege.

It is to be hoped that the reading of this Report will aid in this direction. Surely there is not only cause for joy but also a call to service, and this with assured faith, for if the Spirit can work these wonders recorded in these pages He can surely work similar achievements amongst us at home. Let this Report, then, be read as a call to renewed faith and enterprise.

## THE ROLL OF DISCIPLES

NOT for many years past have we had such encouraging reports from the foreign field of the spiritual results gained.

The total number of persons baptized, 3,562, was much larger than last year, and in all the three great fields there has been increase. This is not, of course, the only standard by which the work has to be judged. In many forms of work—as in Translation, Literature and Colportage—it is impossible to know what the results really are, and in many places patient and devoted work must be carried on without the thrill of knowing that conversions are taking place. And even the number of baptisms does not reveal the true measure of the gain to the kingdom of God and the effective strength of the Church. It is important to remember that in India, of the 1,648 persons who confessed their discipleship to Christ in believers' baptism, 1,099 were from the non-Christian community, and of these no less than 565 were in the Lushai Hills. Then 388 were among the humble caste or outcaste folk of the Bolangir area, and 86 were from the aboriginal tribes in Dinajpur.

These are wonderful figures, signifying real accessions and involving great responsibility to the Christian Church for fulfilling the Lord's commission to teach these new disciples how to observe all things whatsoever He has commanded.

The Congo baptisms numbered 1,346, three-fourths of these being from the non-Christians, and well distributed all over the field. The highest number is 229 in Kibentele; the next is 193 in Kibokolo, in Portuguese Congo—and the third is Yakusu with 174.

Most remarkable of all perhaps is the record of baptisms in China, where in spite of all the present distress and after so many years of national disturbance, 511 people were publicly baptized and joined the Christian Church in our stations during the year.

## FINANCE

**T**HE year 1931-32 was probably the most difficult year in finance the Society has ever had. The serious economic situation of our country and of the world has, of course, affected our people considerably. In addition to this we have lost through death a very large number of most generous supporters. It is not surprising, therefore, that the income was £6,500 lower than in the previous year. This represents one shilling in the pound. Of this fall, about £3,500 was from one source, for the anonymous friend who has so marvellously helped us during the last eighteen years, and who last year was able to send us over £5,000, found that his contribution to us for 1931 would be £1,500.

In this time of strain and stress we are thankful to our people for a generosity which must have cost very much. The Women's Fund showed an increase, due chiefly to larger amounts received from the G.A. and from the women of Wales. The amount available from legacies was considerably less, due to the fact that we received £12,000 less in legacies than in the previous year.

The expenditure for the year on the Field increased by £3,400, of which £2,600 was owing to loss on exchange. The Home expenditure was lower than in the previous year. Bank and other interest somewhat increased.

This really means that there was a deficiency on the year of £29,000. In addition to this, of course, we must remember that while we received donations to meet the deficit of the previous year to the extent of over £13,000, a balance of £6,400 remained uncleared at the end of the year. It would appear, therefore, that the present total deficiency is £36,000.

It is very obvious that we are entering upon another difficult year. It must be remembered, however, that considerable economies have been effected on the Field, so that we may look forward to a smaller expenditure than in the year now under review.

Once again we feel we must thank all our workers, collectors, and contributors for a support which in many respects was very remarkable.

# MAKING DISCIPLES ON THE FIELDS

A SURVEY OF OUR WORK IN 1931

---

## INDIA

**T**HE political affairs of India have been so much under discussion, with all their implication of change, that it is difficult for friends in the Home Churches to realise how comparatively unchanged are the conditions under which missionary work is being carried on. The real India is in the rural areas. The masses of the people there are still poor, illiterate, and bound by many superstitions. The Christian faith is making real progress among these masses, but to the eager and ardent missionary the pace seems very slow.

The Christian Church is not yet a strong and well organised body, and much has yet to be done to enable it to take over any considerable share of the work which hitherto has been done in India by the Missionary Society. Yet there are encouraging signs of advance. "The outstanding event of the year," writes our Indian Secretary, Mr. D. Scott Wells, "was the Conference held at Serampore at Easter of representatives from the Baptist Churches and Mission, when proposals were put forward by which the Churches and the Mission will pool their resources and form a Joint Council." "Vernacular Theological Schools have been restarted in Cuttack and Barisal, and looking to the future of the Indian Church these schools appear to us to be making a most urgently needed contribution to an Indian Christianity." Mr. Wells also expresses profound thankfulness for the big additions through baptisms that have been made this year—notably in the Lushai Hills and the Bolangir field—but he adds, "we rejoice equally over the number of baptisms at other stations, though they are smaller. The voluntary labour given by the Christians to the Church in lieu of money is also notable."

At the Indian Secretariat, in which Mr. Herbert Anderson rendered so large a part of his forty-five years of missionary service in India, it is natural that particular reference should be made to his retirement this year. Other changes are also recorded. Mr. and Mrs. Eadie have taken up work at the Carey Church, Calcutta, and will be greatly missed at the Secretariat. Mr. Harold Philcox, A.C.A., has been appointed in place of Mr. Eadie.

The reports of the work now being submitted were prepared before the end of the calendar year 1931, and very much has happened since then. Notable among these happenings has been the visit to Ceylon and India of the Foreign Secretary, the Rev. C. E. Wilson, and the five important conferences of missionaries and native Church leaders which he attended. It is not yet possible to record the results of these Conferences, and of the careful re-study of our Indian Mission administration and policy made necessary by the reduction of our resources. They will appear more clearly in later reports.

Mr. Wilson found on all hands abundant signs of success, and to our devoted missionaries it is a matter of intense disappointment and distress that they should be now called upon to curtail their expenditure, and, in consequence, to reduce their work.

The Churches in Ceylon and India are being challenged to take a larger share of responsibility for the control and support of the mission work hitherto carried on by the B.M.S., in addition to what they are now doing for the support of their own church work.

## CHINA

**T**HE outstanding fact in the Report from the China Mission for 1931 is a very cheering one in a tale which conveys much of doubt and perplexity in regard to the future. There were 646 additions to the Church by baptism—actually 204 more than in the previous year. Through all the confusion and unrest, the Old, Old Story makes itself heard in the lives and deeds of its messengers, and the love of the Eternal Seeker wins its guerdon.

Another outstanding fact is the cheering note of so many of the Reports. The difficulties and disappointments are not ignored, but there is so much cause for rejoicing. Shensi has had a great restoration after her terrible years of famine, and the visit of the Rev. Henry Payne in the autumn was marked by an intensive evangelistic campaign which brought many into the Church. There has been a new readiness among the people to hear the Message, and there has also been a distinct lessening of the opposition by the Government and the students. Tent missions have again had signal successes, and the new Literacy Department has done good work in Shantung by its voluntary classes in the villages and the campaign of rural education which is our substitute for the old village schools. The continuance of Bible School work among men and women in all three Provinces is quietly helping to prepare voluntary lay workers for the needs of the rural Church.

There are other facts which make an urgent call for renewed effort, and the China Secretary, Rev. E. W. Burt, recognises them frankly in the extended survey from which this summary is prepared. Much good work has had to be suspended, owing to the economic stringency in which the Society finds itself, grants from home having been drastically reduced. The pastors are too poorly paid, and are compelled to make up the deficiency by work which is not Church work, the result being a weakness in the shepherding of the flocks. Equally serious is the fact that the closing down of all mission schools in Shantung has automatically stopped the supply of students for the Shantung Christian University, while the schools in Shansi and Shensi are not up to the entrance requirements. This means that we are not now preparing pastors and leaders for the future, a fact which must ultimately react unfavourably upon every branch of the work.

The solution lies in the heart of the Baptist Church at home. The Mission can make disciples if its messengers are sent and equipped. Only Christianity can save China from a Christless communism, and there must be no stint if China is to be saved. "The Gospel," concludes Mr. Burt, "is the only power that can bring peace to this people, and new life."

## CONGO

**T**HE total baptisms in our Congo stations during 1931 numbered 1,346, an increase of seven over the previous year. From the station reports, which are summarised elsewhere, it will be seen that the work of the year was marked by experiences of a very heartening nature. One cannot but be stirred to the depths by hearing of the resolve of the Church members in certain centres that the work should not be restricted because of the order for retrenchment. Rather than that the work should suffer, they offered to increase their gifts and undertake a greater burden. If the same spirit could sweep all our fields, at home and abroad, the problems of the Denomination both at home and abroad would find swift and triumphant solution.

An important event of the early part of the year was the visit of Dr. T. B. Adam, sent out by the Home Committee to visit and report upon the Congo work generally, and to make special inquiry into the prospects of the proposed new hospital at Pimu, in the Upoto sphere. Arriving at Boma on December 23rd, 1930, Dr. Adam went first to Kinshasa, and then visited in turn all the Congo stations. His report, which is still under consideration by the Committee, makes important proposals for the future of the Congo work, and we cannot make

further reference here ; but the following extracts from his summary are of special interest for this annual survey :—

“ We have a very fine body of workers on the Congo field. . . . The staff is everywhere short-handed, and requires increased facilities and equipment. That they are doing so much with so little should arouse in us a divine discontent till we succeed in giving them the best and the most we can.

“ As station after station was visited, an increasing sense of awe and inspiration was experienced, for here the work of God was manifest in the redeeming of the peoples. Glimpses of the depth of degradation, of the very hell of heathenism, gave greater import to the wonder of redeemed humanity as seen in the Christian teacher in his Christian home.

“ Truly, our missionaries are doing a great work. The sight of the peoples in all our areas anxiously coming to the Cross is overwhelming witness to the Truth. . . . But and if we would speed the coming day there must needs come to us all a renewed loyalty and love to Him Who so unsparingly gave Himself, Whose right it is to reign.”

## CEYLON

**I**T has never been a field of easy harvests, and an additional difficulty of the year was the industrial depression, which brought acute distress, especially to the planting districts. Unemployment is rife, a number of the rubber estates have been closed down, and all classes of the community have been affected. But even this hindrance has another aspect—Mr. Spooner reporting that, probably owing partly to trade depression, the roll of pupils at Carey College has shown an increase, while other schools showed reduction. Parents were attracted by the lower fees. At other of our schools, however, the same depression led to the withdrawal of pupils, greatly to their own and their teachers' regret.

The life of the native Churches has shown many signs of vigour, and their propaganda among their circles of villages has been prosecuted with unwavering faithfulness. Thus the Pastor at Galagedera visits over one hundred villages regularly, and has had the joy of baptizing eight candidates. Colportage work has also been well maintained, one of its functions being the visiting of lonely Christians in isolated places. School work, too, has been definitely encouraging, the 47 village schools having 4,900 children in attendance.

The important work of the Boarding Schools in 1931 continues an unbroken tale of success. Carey College (Boys) at Colombo has

now 287 scholars, with an average attendance of ninety per cent. "We are encouraged by the fact that we have now two Old Boys at Serampore, training for the ministry, and two at the Government Training College for teaching; best of all, two Old Boys and two present boys were baptized," writes Mr. Spooner. The Girls' Boarding School at Colombo lost eleven from its roll owing to the industrial depression, but gained notable successes in its work. Five of its pupils went to the Peradeniya Training Colony, and seventy-five candidates sat for the Ceylon Sunday School Union Examination. Very good reports from Government inspectors were gained by the Girls' High School at Matale, and at Ratnapura, in spite of the depression, there was a record number on the roll, and four of the girls—one a Buddhist—were baptized and joined the Church.

The Peradeniya Training Colony began a new Evangelists' Class in January, with fourteen students, five of them Baptist. One student finished his course at Serampore in April, taking the B.D. degree, and another student, the son of one of our Sinhalese evangelists and a former Carey College boy, went there in June.

"In spite of all," the Reports from Ceylon are very heartening.

# THE HEART OF THE REPORTS

## FROM INDIAN STATIONS

**R**EFERENCE has been made elsewhere to the cheering note of the Missionaries' Reports for 1931, a year of almost unexampled difficulty and depression throughout the world. It would be good for the churches if some of these very human documents could be read in full from the pulpit, for they would preach a sermon of the greatest inspirational value to the man in the pew, especially if the pew is in a building where the prevailing tone is grey. The limitations of space make it necessary to give only the briefest extracts, though we are confident that even these will not fail to convey a message of triumph and hope.

This year the keyword of the records shall be Discipleship, so that this Report may be a definite contribution to the great campaign. And in these pages we deal chiefly with the general work of the mission, giving space elsewhere to the Reports of the Women's and Medical Secretaries.

### BENGAL.

**B**ARISAL reports 3,312 church members, with 8 pastors partly paid by the Indian Church. There were 148 baptisms, 19 girls and a teacher being accepted from the Girls' School for church membership. "I do not remember a year when so many girls have asked for baptism," writes Miss Drayson. From **Dacca** we hear that the work in the Garo field continues to extend, and that a new school has been opened at Salgrampur. Religious lectures and Bible classes have been better attended than ever, and the College Hostel had its maximum of 50 students—12 Christians, 8 Moslems and 30 Hindus.

**Chittagong** was a centre of serious political unrest, and it seemed foolish to seek to preach Christ in such an atmosphere; but Christ was preached, and on June 7th seven persons were baptized—six of them young people, and the seventh the Khasi wife of a Goorkha convert. From **Rangamati** the Rev. Percy Jones writes of a new plan for dealing with this vast district and to encourage the formation of regular churches. There were 11 baptisms, 6 of the candidates being women.

At **Faridpur** five of the boys of the Industrial School were baptized, and are standing up well to their decision to follow Christ. In **Dinajpur** there were 81 baptisms, including three senior boys (patrol leaders). The Christians contributed £6 10s. for the relief of flood victims, and

a group of young men have organised a Village Uplift Society. The village pastors and evangelists did splendid service, and two of the school boys organised Sunday Schools in their villages during their holidays. At **Rangpur** there was a distinct movement among Mohammedan villagers, and 26 declared at a village meeting that they believed in Christ. There were 23 baptisms, "and there is much more fruit waiting to be harvested." The **Purneah** report states that school-houses and teachers' quarters were built in three villages, and 16 men and 17 women of the low caste villages were baptized. At **Khulna**, where there were 19 baptisms, a feature of the work was a series of summer schools and Bible classes at various centres, for "we must have more efficient voluntary workers in every church."

The Bengal Reports close with another remarkable record from the **South Lushai Hills**. We note elsewhere the 484 converts baptized, making a total of 12,125 in the Christian community, with 4,452 communicants in 118 different villages. The 100 Sunday Schools have 7,192 scholars, and there are 4 superintending travelling pastors, 9 travelling evangelists, and one Bible-woman supported by the church. There are also 100 voluntary pastors and 6 evangelists. The gifts in money totalled 2,448 rupees, and labour to the value of 4,300 rupees was given in building or repairing village churches. And the following extract gives a pen picture of what is going on in the Lushai Hills.

"In this part of the country there are 5 or 6 newly-built chapels which are due to the splendid faith and perseverance of a Christian brother who spends his life in going from village to village encouraging the Christians and winning the heathen. On our arrival at one village, we found the new chapel was being hastily finished off so that the opening services might take place the next day. This is only a small hamlet of 15 houses, but everyone is now Christian, and practically every person in the village was present at the opening."

#### ORISSA.

**A**T **Augul**, 10 converts were baptized with great joy and gladness, and Mr. Johnson reports that "things are more hopeful than I have seen them. The outcastes are looking upward, and to look upward is to look Christward. We have Christian services in five centres every Lord's Day." And from **Balangir**, Mr. Jarry writes that six new churches have been formed, the year closing with 66 churches, a membership of 3,267 and a total Christian community of 13,000. Three churches have been erected, several houses for teachers have been built, and 388 men and women were baptized into the Church, mostly from the non-Christian community.

The Training College at **Cuttack** has been re-opened with 12 students, and with the difference that the students are now being trained for the church unions and not as mission agents. Women are eligible for entrance, and short courses will be arranged. In regard to Church life, small prayer groups have sprung up, and greater emphasis has been laid upon work among the young. The great need is Christian teachers for the Christian schools. The Leper Asylum has had an average of 205 inmates, 30 of whom are Christians, and there were 7 baptisms during the year.

In the **Kond Hills** a three days' conference was an event of much interest and hope, and proved a great success. Prayer Meetings were started in 10 districts, the attendance at Sunday services has increased, and 62 new members were added to the Church. There are 20 lay preachers who "supply the pulpits" of the 13 churches, the Kond Hills Union supports 5 evangelists and one teacher evangelist, and one evangelist was sent to Cuttack Training College for a course of study. It is a very heartening Report.

#### NORTH INDIA.

**A**T **Agra** the Mission High School, a distinctive feature of our work, holds the premier place among the schools of the city, with 21 passes out of 25 in the High School examination of these Provinces. The enrolment stands at 300, and the work among the old boys is also full of encouragement. The **Baraut** report states that in September, after seven years' effort, the first baptismal service was held at Shabgarh. At **Delhi** there has been an increased interest in education among the poorer Christians, and about 50 girls had to be admitted to the Boys' Primary Schools. In the Gange High School there were excellent examination results, 5 girls out of 6 passing the matriculation, 9 out of 11 the Anglo Vernacular Middle, and 15 out of 17 the Vernacular Middle. Of those who have left, 5 are training as teachers, 4 as nurses and one as a compounder.

At **Gaya** the work among the Lepers was carried on with many touching incidents, and three Hindus from the Women's Bible Class are now awaiting baptism. From **Kasuali**, Mr. Williams reports that there are now 13 schools in the area, with an average attendance of 165 boys and 138 girls; and the work among the troops of the garrison gave many signs for encouragement. At **Patna**, the work was unusually difficult, the Civil Disobedience Movement having a bad effect on bazaar preaching and bookselling, but a brisk trade was done at the Sonepur Mela.

### SERAMPORE COLLEGE.

**A**T the Convocation held in December, 16 students received the B.D. degree and 10 the Licentiate in Theology. In the Theological Department there were 28 students, and in other Departments (Arts and Science) the total was 211. Four leaving students have been appointed pastors, three in Ceylon and one in Calcutta. The ideal before Serampore is the maintenance of an Arts, Science and Theological College, a centre of religious thought and a source of Christian literature: and an appeal is made to all who are interested in this ideal to give Serampore their earnest support.

### THE HENRY MARTYN SCHOOL.

**M**R. BEVAN JONES reports a year of success and promise for the new enterprise at **Lahore**—the Henry Martyn School of Islamics which is attracting students of widely different origin. A two months' course at Dalhousie brought students to the number of 26, representing 9 missions and coming from almost every part of India, a gratifying token that the school is destined to do a valuable work for the cause of Christ in that great country.

## FROM CHINA STATIONS

**T**HE closing of the elementary schools in Shantung owing to political difficulties has proved to be the closing of one door in order to open another. Some time ago Mr. W. B. Djang gave a description in **THE HERALD** of the new effort being made for "Rural Education" under the Literacy Department of the Shantung Baptist Union, its programme including Literacy Classes for all types of scholars, intensive teacher training, and other studies suited to local needs and opportunities. "Now, after one year's experiment," writes Mr. Djang, "we are in a better position to see the Divine Wisdom underneath the change."

"In the first place it has rallied a great host of voluntary workers, many church members responding heartily to the new call for service. Last year 180 men and women, exclusive of people regularly employed in the Church, turned up in our teacher training classes, and 129 worked as teachers or directors in our country classes. We held a Summer Institute for rural leaders, and 53 of our finest Christian youths joined it for a fortnight's study. In the 113 classes, 2,155 people were enrolled, and 1,010 of them remained to the end of the four months' period, 672 passing the final test and receiving certificates. And we have had some experiences which have been most convincing to man who still doubted the evangelistic value of rural education.

“As the work progressed, two developments took place. The first was the Institute for Women, formally opened on November 2nd, with an enrolment of 25 young women. The other is the Rural Centres. Six strategic villages through our Shantung area have been chosen, in each of which a woman worker is engaged as a teacher for literacy classes, kindergarten, and as an inspector of the country classes in the neighbourhood.”

The Rev. J. S. Harris reports that ten places in the **Southern Association** had Tent Missions for a week each, and that much interest was shown, not only by the large attendances, but in the local willingness to lend forms and to help with the Tent. Many inquirers were enrolled, and in two centres regular worship resulted, with a prospect of an organised church.

The Colportage system for the B.M.S. Shantung area is carried on from **Chowtsun**, the agents being supported by the Bible Society. These men report a change for the better in the attitude of Government school teachers and scholars, and the sale of Scripture Portions amounted to over 78,000, a considerable increase on the previous year. Among the purchasers were members of the Red Spears and other secret societies and bandits!

“A man at a certain village kept the colporteur for the night and, like Cornelius, gathered together his family and near kinsmen. Later he journeyed to the nearest village church, ten English miles away, where he spent five days. He now asks for baptism and offers a room for worship, with the hope that a church may be formed in his village.”

During the year there were 34 baptisms.

The Rev. J. C. Harlow reports from **Taiyuanfu** that the church in that city is in a healthier condition than for some time, following a careful revision of the roll. This has removed from the list a number of persons who had gone to other districts to live. There were nine baptisms, and the gifts of the members amounted to 860 dollars, an advance on the previous year. The church raised 300 dollars to renovate the Coombs Memorial Church, paid off a debt of 125 dollars, and made a gift to the prisoners in the model prison. The new pastor is giving acceptable service, and the congregations are improving.

From **Sinchow** the Rev. F. W. Price writes of successful Church Leaders' Classes held twice during the year—for two weeks in the spring and four weeks in the autumn, with an average attendance of 25, “most of them the men, we hope, to become the future leaders of the Shansi Church.” There is an active Preaching Band in connection with the Five Years' Movement, and the baptisms in August gave great joy.

“I had the pleasure of baptizing 17 men and women. At Sinchow most of the folk were young men, one a student of the Government Middle School. I had been helping him a little with his English, but, without my using any pressure, he came up one afternoon to tell me he had decided for Christ, and wished to be baptized as soon as the Church permitted it. He is a bright lad and the best student in his form, if not in the whole school, and he seldom misses a service or a Bible class. Two others were sons of two of our deacons. Altogether they were above the average, and we pray they may grow in grace, and be of much service in the Kingdom of God.”

In the **Tai Chow** centre and district 27 baptisms took place, and three women were added to the church at Hsuen Kang—“a happy though long-delayed success.” “All the work has been maintained,” writes Mr. Stonelake, “but we cannot blind ourselves to the fact that far more pastoral oversight is needed for so large a district.”

Mr. Watson reports “a wonderful year” in Shensi. The famine was finally laid to rest with copious rains and splendid crops, and the Church had a great awakening. The additions to the church, numbering 307, constituted a record, and almost as many applicants were kept back for further instruction. In the Rev. Henry Payne the Shensi Church discovered a great evangelist, and his visit was a notable experience.

The work of the **Sianfu** City church was well maintained, and cottage meetings were started in the homes of six church members. The Preaching Hall has attracted hearers of all classes, and the preaching has been allowed to go on without interruption. There is a fine spirit of co-operation among the church members, and there was no lack of willing workers for a Sunday School which was opened, with an attendance of forty.

Mr. Burdett writes of many visits he made to the Christian groups in the country. “We had a welcome everywhere, and the opportunities for preaching were excellent. In two or three places the people are anxious to have a meeting place and regular worship, and in one place a converted carpenter started worship in his house and brought 14 people from his village to our last convention. Tracts and books are welcomed almost everywhere.”

In **Sanyuan** and district the year was the most encouraging experienced for a long time. The village chapels were taxed to their capacity, persecution ceased, and in its place there was a readiness to hear the Gospel. The total number of baptisms was 234, and the number of inquirers well over that number. The outstanding period of the Tent Preaching was forty days at a market town seven miles to the west of Sanyuan. Already a band of 50 people are meeting

for worship in one of the inquirers' homes. And by dint of great sacrifice and a moderate subsidy from the B.M.S. over 30 primary schools were recommenced during the year.

## FROM CONGO STATIONS

**M**R. HANCOCK'S Report from **San Salvador** is full of good news, for it describes overflowing services, increasing demands for schools and teachers, the erection of new chapels in several centres, and a record in the number of teachers supported by the Church. "On every hand there is a quickening to new life," and the baptism of 112 candidates brought the total membership to 1,647. A similar story comes from **Wathen**, where services, classes, schools, medical and industrial work have been kept going at full strength, while new towns are begging for teachers, especially in the west, which was the centre of the Prophet Movement. "On returning last September, after two years' absence," writes Mr. Bowskill, "we were greatly struck by the progress that had been made. The harvest truly is plenteous."

The Kongo Training Institution at **Kimpese** had another busy year, and is laying plans for extended studies in the future. Fifteen men, five of them from B.M.S. stations, completed their training, and 18 candidates were accepted on probation in September. There are now 47 students from 8 mission stations. In December 20 missionaries representing 8 stations made a careful study of the present situation and prepared a series of recommendations which should mean real progress in the development and training of the Protestant community in the area.

**Kibokolo** saw its new Medicine House opened in February, during Dr. Adam's visit, and the burning of the fetishes was an equally memorable event. The majority of the towns that destroyed their fetishes have remained faithful. There were 193 baptisms, and over 200 inquirers have been attending the inquirers' classes on the station. A number of youths are definitely pledged to become teachers on completing their training, and six groups of youths visit neighbouring towns every Sunday, to preach to the people. "We pray that strength may be given us to enter these Open Doors," writes Mr. Guest. "Never was there such an opportunity."

**Kibentele** is the centre for 120 villages, and lengthy itinerations are necessary. There were 229 baptisms, and the total membership has reached 1,668, fourfold that of eleven years ago. But the great joy of the year was the action of the people in regard to the restriction of expenditure and the threatened dismissal of a third of the

boy boarders. They agreed not only to support all native workers, as before, but to continue the support of their teacher at Wayika, contribute to Kimpese, finance a projected training school, and provide for 20 boys. "So no boy shall be sent away from our school," writes Mr. Frame. "We asked in His Name and it was given us. We rejoice and take courage."

**Thysville** also reports advance, with a net increase of 77, bringing the membership to 1,590. There was an increased attendance at worship, a generous "giving to the Lord's work," and an increased attendance at the station school. The Church has provided the teacher for Cattier, the important midway railway station on the line between Matadi and Kinshasa, where a Prayer House has been built by local Christians. There are 304 names of inquirers, 154 of whom attended the class on the station.

**Kinshasa** had a very successful year with its varied work. In the Bangala section 31 candidates were baptized, and in the Bakongo work 51 women inquirers seek baptism. The women's and girls' school has gone on from strength to strength, with an average attendance of 165, and the members bravely met the threatened "cuts" by their own extra gifts. A Jumble Sale by the white women brought in the splendid sum of 1,700 francs, so that neither of the schools had to be closed. Another notable feature of the year's "Discipleship" was the enterprise of the 70 Bangala women Church members in a campaign to the native huts within half a mile of the church to tell the good news and to invite all women and girls to worship.

The story of encouragement is continued in the report from **Bolobo**, where there were 95 baptisms, and where the schools kept up their numbers, though, owing to the prevailing stringency, the gifts for Church work were slightly less. Mr. West took a short journey into the Batende sphere, and Miss Wilson a long itinerary to Lake Leopold, among the Basangeles. The press and the carpentry shop had a busy year, and several of the candidates for baptism came from these agencies of the Mission.

"At **Lukolela**," writes Mr. Stonelake, "our hearts are gladdened by the coming of our long-looked-for motor-boat. It has already proved a great boon." But another cause for gladness was the opening of an iron-roofed chapel for one of the inland causes, a really encouraging proof of the devotion of a little band of Christians. The faithful service of many of the Christian women was a heartening feature of the year, and compensated somewhat for the hindrances which came from outside through the reduction of staff by some of the industrial concerns. Also the village teachers showed an increased interest in the special classes arranged for them.

**Upoto**, also, was cheered by the gift of a motor-boat from devoted friends at home, "a crowning mercy" to a year of happy work. In spite of the economic crisis £109 was received and distributed by the Church, and £72 was contributed by patients at the Dispensary, where 11,951 patients were treated. There were 159 baptisms, and the schools continued to work in a joyous spirit.

The first report from the newly acquired station of **Tshumbiri** is written by Mr. Andrew MacBeath, who speaks of it as "a year of adjustment, adaptation and consolidation." He speaks in high praise of some of his native workers, of whom "it was a continual joy to know that they were ever at hand, ready for any task that might be laid on them, and with great gifts of initiative and resource."

**Yakusu**, had 174 baptisms during the year, giving the Church a net increase of 50. The Church offerings proved sufficient to pay the teachers of some 400 village schools, and trained student teachers were "placed out" in several districts. Attendance at the Infants' School reached a record with 200, and the Girls' School had a gratifying attendance of 80 per cent. of its roll. Several of the senior girls have become wives of church members, so founding those Christian homes which mean so much in example and teaching. In the Printing Department work was done in twelve languages, and several new translations were printed and published. Student Teacher work had a year of steady effort with a good deal of encouragement. The students numbered 25 most of the year, and provided the entire native male teaching staff of the station.

# MAKING DISCIPLES AMONGST THE WOMEN OF OUR FIELDS

A REPORT OF OUR WOMEN'S WORK

By M. ELEANOR BOWSER.

---

THE reading of the annual reports from the mission stations this year brought unusual joy and good cheer.

## CHINA

EVERY effort being made to direct evangelism has met with success. Attendances have been good. In many places the results have been seen in the willingness of the women to do some service for those less fortunate than themselves, so that there is no mere listening to an evangel, but the resultant works which are a guarantee that faith is alive. In **Taiyuanfu** "the Women's School have had two sales of their own needlework during the year, and they themselves voted that the proceeds should go towards helping the two station classes, each of a week's duration, when a special invitation is given to the village women to come in and learn of Jesus."

From the Girls' Bible School at **Chowtsun** there have been opportunities for service, in addition to the usual programme. Students have taken part in the tent work in surrounding villages; they have gone out to hold a regular Sunday service in a "new district," and so effective has been their witness that the villagers agreed to close the village bakery for the day, so that a place for holding the services might be provided. "When the girls went home for their winter holidays they borrowed pictures and took leaflets, as they wanted to pass on some of the things they had heard. Once a week the students are expected to give reports of their practical work. The first report meeting of term is always specially interesting, as the girls are asked to tell of opportunities they have had of witnessing for Jesus Christ in their home villages."

In the **Sianfu** East Suburb a regular class is held once a week for women in the church. "It is gratifying to note the success of some of the members in bringing others, in this way following out the aim of their 'One by One Band.' At the close they have a period devoted to prayer. One by one they stand to speak, quite simply and briefly,

but so eagerly that often two or three women are on their feet at the same time. Afterwards their true solicitude for each other reveals itself very tellingly in their prayers.

“There has been encouraging progress in Sunday School work and in the development of evangelistic services for children. There are over five hundred children under regular Christian instruction. One paid Chinese worker is giving her time wholly to the children; for the rest, we rely on school teachers and senior girls.”

In **San Yuan** “our only difficulty is to cope with the requests for help which come; the harvest truly is great, but the labourers—and the funds—are few. The idea of voluntary unpaid work is growing, however; one village near San Yuan has three or four women leaders of fine Christian character, and they, besides taking Sunday School and helping and teaching in their own village on Sundays, go in turns to other places teaching hymns and taking women’s meetings.

“At the Church meetings in October—the best for many years—69 women and girls were baptized; one, the firstfruits of a village church four miles south, who became a Christian during a month’s classes held last year, when she learned to read, has since taught other women of her village to read, and holds a Sunday Service in her house. Next year we hope to have the help of more Bible-women, and with no famine conditions are planning in faith that the Chinese Church will be able to take a greater part in voluntary work and in raising funds.

“The Church in these districts does not need awakening; it is rather like a nest of young birds, wide-awake and clamouring for their breakfast! May we have the means of satisfying their hunger!”

The boarding schools have had on the whole peaceful conditions in which good steady work was done. “Of the ten girls who graduated from the Middle School in Taiyuanfu, six are training as nurses in the B.M.S. Women’s Hospital and one in another mission hospital, one is teaching in the school itself, and two are continuing their studies with the hope of becoming doctors. One has married and gone to start a home of her own.” There are six old girls on the staff. At the close of Dr. Eddy’s campaign in Taiyuanfu over twenty girls gave in their names as wanting to join Bible classes and learn of Christ. They are all already trying to undertake some Christian service; “it is our prayer that by their efforts to help others they may themselves find the way home to Christ and dedicate their lives to Him.”

“The links between evangelism and school work are obvious. Anyone can see the connection between a kindergarten and a grannie, between schoolgirls and their future homes.”

This year we have the first report from the worker appointed by the Women's Committee to the Preaching Hall in the West Suburb, **Tsinanfu**. With her Chinese colleague, Miss Nieh, Miss Thomas has found a great many avenues of service open to her. The visiting of Church members often leads to an opening in the homes of non-Christians.

## INDIA

**T**HE year in India has been marked by some unexpected happenings in missionary as well as political circles. There has been an unusual number of accidents and a fair amount of illness, which has not lessened the still pressing problem of staff. There have been no fewer than four retirements of senior women missionaries. It has been with a sense of deep regret that farewell has been said to Miss A. C. Gange, of Delhi; Miss E. M. Morgan, long of Delhi, but more recently of Shahdara; Miss Theobald, who helped to found the station of Bhiwani, where she spent her life; and Miss Bion, of Monghyr. The two former have settled in England, but the two latter are to live in India. Indeed, by going to live in Shahdara, Miss Theobald is able to look after the many human interests relinquished by Miss Morgan, and rumour says that Miss Bion is already planning to come out of retirement and go camping from Monghyr in the cold season.

The educational work has presented more than ordinary difficulties in staffing, partly on account of ill-health. But in spite of the difficulties there are encouragements to report. There have been baptisms in all the boarding schools, and in **Barisal** they "do not remember a year in which so many girls have asked for baptism." In **Lushai**, during the absence of the women missionaries, Miss Manson has carried on with the help of the Lushai girl teachers, of whom she writes: "They have proved themselves equal to an exacting situation. Much for which the missionary is normally responsible they have had to share amongst themselves. Their capacity for work is unlimited, their cheerfulness and enthusiasm the same."

There have been gratifying successes in public examinations and contests of various kinds. Ten girls from the Gange School, **Delhi**, have, on leaving, gone to be trained as nurses, teachers and compounders, thus showing that they have learned that, to follow Jesus, they must be ready to serve their fellows.

There has been an interesting development in the United Missionary Training College at **Ballygunge**, where we have accepted the responsibility of continuing the work of the Teachers' Training Class at Krishnagar, formerly managed by the Church of England Zenana Missionary

Society. "Ballygunge and Krishnagar will now be two branches of one tree." Witness to the value of these teachers in the work of discipleship is given by one district, which reports: "When the teachers are withdrawn the regular Sunday services cease."

The Industrial School at **Khulna** has had a larger number of pupils than ever before. "Four of the women, one a Hindu, the other three from the Christian community, confessed their allegiance to Christ publicly by baptism, and the witness of their lives to the reality of their discipleship has, in each case, made us glad."

The growing sense of responsibility amongst Christian women for their non-Christian neighbours, is full of promise. At **Barisal** a woman who had last year taught two others to read the Gospel, this year made another voluntary effort, and for the greater part of the year has carried on a school for Christian and non-Christian children. The great event in the lives of the women of the Barisal district has been the opening of Shanti Kutir, a centre for evangelism at which they seek to prepare themselves, and from which they set out to win others.

Bible classes for Christian nurses have been added to other activities in **Dacca**, and there has been a surprising and heartening attendance of Hindu girl students at other classes arranged for them.

After at least ten years of praying and planning and longing, single women have at last been stationed in **Rangamati**, in the Chittagong Hills, where Miss Manson and Miss Gillings took up residence at the end of the year. Of eleven baptisms recorded during the year, six were women, so that the new workers go to prepared hearts and lives, and ask our prayers that they may be led aright in extending the work.

A very remarkable Bible class meets every Sunday morning at **Bolangir**, where Miss Vaughan teaches the way of life to no less than 95 women, of whom 28 are Church members and the remainder non-Christian. The Women's School has had 123 women in for a fortnight each for training in discipleship, the pupils being drawn from thirteen different villages.

At **Udayagiri** the experiment of running a hostel for the training of the younger girls has proved entirely successful. Of the six girls in the hostel, five have been baptized during the year. A generous grant from the Trustees of Arthington Fund No. 3, which has enabled the Committee to build a hostel to hold thirty girls, has answered the prayers of the Christians and gladdened the hearts of the missionaries.

The new work opened at **Baraut** has helped to emphasise the need of the women of the Christian community. Miss Porteous writes: "I have not yet found a single woman who can read amongst them,

and 'we forget so easily' is a fact, not an excuse. At present we are giving our chief attention to those whose husbands have already been baptized, and we have had the joy of baptizing two women and of knowing that others are asking."

From **Dholpur** Miss Hampton reports: "Everywhere the spirit of inquiry and the desire to learn more of the love of God is manifest, and we have heard of the message being taken by some of our pupils to far-off villages." A former pupil of the school testifies: "It is wonderful how strong and glad quietness and speaking to Jesus can make you." This girl has set a little room apart in her own home for prayer.

From **Bhiwani** comes the story of the little blind girl who has gone home for her first holiday with a new knowledge of Christ in her heart and Christian hymns on her lips. Her illiterate father is so much impressed by the fact that every night before sleeping, and again early in the morning, Gini prays, that he has come to the missionary with the request: "Now teach me to be a Christian."

## CEYLON

**F**INANCIAL depression and difficult economic conditions have adversely affected the attendance at the Boarding Schools throughout the year. But in spite of this, steady work has been done and satisfactory reports given by Government inspectors. Girl Guide companies have been started at **Matale** and **Colombo** with good results. "Much might be said about old girls and their love for the Boarding School, which to some of them is a home to which they come knowing they will always be welcome. Two of them subscribe Rs.5 a month each to help two girls to come to school, and so they seek to share the blessing they themselves have received. I have just heard of an old schoolgirl who belonged to a Buddhist family; she left school without confessing Christ, but is now a Sunday School teacher, a candidate for baptism, and is seeking to lead her family to Christ."

The evangelistic work has the growing help of students trained at the **Peradeniya Colony**, and two such have joined Miss Ethel Evans during the year, while it is hoped to enlist a third before long. Miss Evans has been able to go out to spend at least a week at some centre each month, in addition to the very many regular demands upon her in Colombo. By living with the women evangelists she can encourage, rebuke, teach and help them and send them again to their task of winning souls with new vision and fresh zeal.

## AFRICA

**T**HE new opening for single women workers at **Kibentele**, referred to in last report, was responded to early in the year by the location of Miss Head and Miss Glen Smith. During the year yet another new call has been answered by the Women's Committee. For three years there has been steady and persistent pleading for single women at **Yalemba**. With courage and faith the Committee decided to respond, although at the time it was not known how and where two suitable missionaries could be found. In answer to prayer two remarkable offers of service were made, and in the conviction that Miss Stanford, of London, and Miss Léa Delafontaine, of Vevey, Switzerland, were both chosen of God for this particular work, the Committee rejoiced to appoint them to Yalemba.

Yet another new call has been so far answered by the decision to reoccupy **Mabaya** in Portuguese Congo, and to release Miss Lambourne, of San Salvador, to initiate the work with her brother when they return to Africa.

Miss Eva Davis, who came to the Candidate Board by way of Panama and a two years' course at the Baptist Women's Missionary Union Training School, Louisville, Kentucky, has been appointed to and is now at San Salvador.

At **San Salvador** the temporary help of an old station girl—a widow—proved so successful that another woman has since been engaged. "The one aim and ideal we have before us in the training of these girls is that we may give this part of Congo well-equipped Christian women who will take their place in the villages and lead the community in all things that will give them fuller life in Jesus Christ."

At **Bolobo** they have had the joy of baptizing and receiving into Church membership thirty-four women, and there are sixty-one now in the inquirers' class. Miss Wilson, since her return from furlough, has been able to take girl boarders on to the station again, and a start has been made with twenty girls and a fine Christian woman from Tshumbiri as matron.

It is only possible to give a few glimpses here and there, but every station writes of abundant opportunity, great need, and of the miracles being wrought by God in the lives and hearts of the African women who hear the glad tidings.

Working alongside of the women with whose activities this report has specially to deal, is that large company, the "auxiliary force" of the Missionary Wives. The link between our friends and the Committee is real and strong, and for all the many ways in which they

have given of their time and experience, ability and homes, to forward the interest of work among women by women, the Committee would express its sense of indebtedness and gratitude.

## STAFF

**D**URING the year seven new missionaries have sailed for the field. Two have gone to India, one to China and four to Congo. The Committee lost the services of Miss Chapman, of San Salvador, on her marriage to Mr. Salmon, but are glad to know that she is continuing her work among the women of Kibokolo. Seventeen women candidates have been presented to the Board, of whom eleven had been recommended for acceptance for training.

## COMMITTEE

**M**ISS DOROTHY F. GLOVER, of Bristol, was appointed to the chair for a second year, and her able leadership in things spiritual and material has been a blessing to all.

The women of the B.M.S. early associated themselves with the Discipleship Campaign of the Baptist Union, and have rejoiced to be represented on a small sub-committee with members of the Baptist Women's League in thinking and planning for the women we would seek and win for loyal obedience to the call of Christ.

The Joint Standing Committee, representing the Baptist Women's League and the Women's Committee of the B.M.S., has continued its most useful work. A new venture in Day Conferences for Women on study outlines prepared by the Committee, has been blessed beyond the highest hopes of those who initiated the plan.

Looking back on a year which has been beset with difficulty and strain, one cannot fail to be impressed by the way in which God has led out and on to new ventures. Restriction in one place seems to have led to extension in others which the Committee dared not refuse. It may be that the very troubles of the year have led into a deeper experience of God. While deeply conscious of failure and mistake, of lost opportunity and lack of true devotion and love, there has been borne in on the Committee the conviction that God has been at work through all these, blessing with His riches, adding to the Church, calling our sisters out of darkness into light.

We would dedicate ourselves afresh to obey His command, fulfil His commission, knowing that as we respond we become heirs His promise: "And lo! I am with you alway."

## THE GIRLS' AUXILIARY

**T**HIS has been a year of change in the Girls' Auxiliary. Last September the resignation of Miss Kathleen Hasler was received with great regret. Miss Hasler gave five years of splendid service as General Secretary, and during her term of office the organisation received great help and impetus. She has been succeeded by Miss Dorothy Andrews, who has served for seven years on the Executive Committee and, at the time of her appointment, was National President. With the coming of Miss Andrews, the G.A. has now two full-time secretaries.

There has been a steady increase in the number of new branches and also in the efficiency, strength and purpose of the existing branches. During the winter Miss Hubble, the Educational Secretary, has been meeting the branch officers in different centres, endeavouring to help them in the conduct of their branches, and to give them fresh inspiration for their service.

The statement of accounts for the year ending December 31st, 1931, showed a total increase in income of £253, and an increase in the contribution to the B.M.S. of £140. This was, however, £122 short of the amount promised, so the members of the G.A., though gratified by the increase, are by no means content, and have set themselves this year to raise the full amount—£1,300.

At the National Conference held at Easter in London, Miss Lilian Haigh, of Huddersfield, was inducted as President for the year, and welcome was given to the new President-Elect, Miss Kathleen Bateman, of Sheffield. The subject of the Conference was "Discipleship—A New Life to be Lived, a New Life to be Shared," and during the week-end many realised a need for a greater experience of Jesus Christ and of His power in their lives, and many felt a new sense of responsibility to share their experience of Him with others at home and abroad. It is hoped that the Conference will prove a worthy preparation for the service which the members of the G.A. trust that God will use them to render in the Discipleship Campaign.

# DISCIPLES THROUGH HEALING

## THE MEDICAL MISSION REPORT

By Dr. R. FLETCHER MOORSHEAD

**T**HE thirtieth year since the B.M.S. set itself, in an organised way, to carry on the work of Medical Missions, finds the call to that service as eloquent as ever, and the need for it not one whit the less. In the words of Dr. T. B. Adam, Medical Missionary work is both inevitable and inescapable. The healing touch is needed everywhere, and when it is instinct with love, and alive with a spiritual purpose, it is impossible to measure its power in the work of making and winning disciples. Yet it must never be forgotten that this work of our doctors and nurses cannot, and should not, stand alone. In order that its highest value may be realised, such a service as this needs to be knit still more closely on the one hand to the indigenous Church, and on the other to its sister activities in the work of the Mission.

## THE MEDICAL STAFF

**I**T may not be inappropriate to cite here a comparison between our Medical Service as it was in 1902 and as it is to-day:—

	MARCH, 1902.	MARCH, 1932.
Men Doctors .. .. .	4	21 (Despite heavy losses)
Women Doctors .. .. .	4	14
Nursing Sisters .. .. .	0	30
Hospitals .. .. .	4	16
Beds .. .. .	85	759
In-patients .. .. .	577	10,605
Attendances—Out-patients	109,178	361,350

During the past year two additional men doctors have been accepted—Dr. E. Riley for India, and Dr. W. H. Craven for Congo. Both have sailed and are now filling vacancies at Palwal and San Salvador.

In addition, Dr. Gordon King has taken up the work of his new post on the teaching staff of the University Hospital at Tsinan, China. Three additional Nursing Sisters have also been accepted—Miss Budd and Miss Arnold for Congo, and Miss Eagle for China. Each of them has been undergoing further preparation in this country, and Miss Budd hopes shortly to sail for Yakusu, and Miss Eagle for Sianfu.

## THE MEDICAL WORK IN INDIA

**T**HE work of our nine Medical stations in India, six of them being important in-patient hospitals, has been severely tried during the past year owing to the rigid overhauling of expenditure that became necessary on account of the financial situation of the Society. The problem that is thus created can be realised the better when it is presented in such a concrete instance as that of the **Rahmatpur** ("Abode of Mercy") Women's Hospital at Palwal. Dr. Hilda Crichton Bowser writes:—

"The work of the hospital grows each year, and the year 1931 has closed with 831 in-patients, the largest number treated in one year. The hospital is meeting the needs of the town and the surrounding villages, and many patients also come from long distances for treatment. The patients are all poor, or of very moderate means, as no wealthy people reside in and around Palwal. The small gifts are given willingly by practically every patient, but it is impossible to expect to increase very much more the sums raised locally. It is also almost impossible to cut down the work. When patients arrive we cannot say 'Go elsewhere,' as there is no other women's hospital for miles and miles."

It only needs a little imagination to conjecture what a reduction of grant means to those in charge of so growing and needy a work. And that hospital is by no means an exceptional case. Dr. Albert Moore, reporting upon the Men's Hospital at **Palwal**, says:—

"The present year has been an exceptionally busy one, our out-patients reaching a total of over 27,000, apart from the attendances at the out-stations. Moreover, the wards have been unusually full. Usually our in-patients have dragged themselves for miles to seek relief at the hospital, or have been left by callous villagers at our gates in an appalling state of dirt, disease and misery. We feed, clothe and heal them in the Name of Christ, and are proud of our name—'The Poor Man's Hospital.'"

Similar statements might be quoted from the reports of other hospitals, and it is not to be wondered at that our devoted doctors

and nurses are moved to exclaim : " Surely the Churches would not wish to cut down a ministry so needful as this ! "

Among the people of the **Chittagong Hill Tracts** and the **Lushai Hills**, public health lantern slides were employed by Dr. Teichmann and Dr. Bottoms, and were greatly appreciated. So successful has been the work of the Chandraghona Leper Colony that a group of lepers are now under treatment as *out-patients*—" an indication of a new era for those suffering from this blighting disease."

In the work of training, the year just passed has some noteworthy facts to its record. The newly-started Nursing School at Chandraghona, which owes so much to the devotion and energy of Sister Timmins, reports that " one of our nurses has the distinction of being the first at this hospital to qualify for the certificate of the North India United Board."

The Staff Nurse of the little Lushai Nurses' School at **Lungleh**, so Sister Oliver reports, has become married to the young Christian chief of a large Lushai Village on the borders of Burma, and in her new position has started a Bible Class for young women, and a Hygiene Class, in which latter class she chiefly aims at teaching Infant Welfare.

Dr. Hugh Craig, of the newly started Kond Hills Medical Mission, has obtained the support of Conference to proposals for the erection of a small hospital at **Udayagiri**, and the scheme has received the endorsement of Mr. Wilson. It is earnestly hoped that the necessary funds may be obtained.

The Evangelistic work of our Medical Missions has been well maintained throughout the year. By the spoken voice at daily ward and out-patient services, and by the printed page, the Gospel has been made known. What is of equal importance is the silent, yet powerful, influence of the Christian life lived out before the patients. This is borne out by the report sent from Palwal of a Brahmin who said, when he came to the hospital as a Municipal vaccinator, that " he did not know much actually about Christianity, but that he had been living in close contact with the results of it, and was convinced that Hinduism had nothing to offer in comparison with it." He is now a candidate for baptism. In the same hospital two medical assistants found Christ in the wards. One of them had been a Fakir, and now he is one of the most effective evangelists.

From Chandraghona comes news of the baptism of leper patients, and of lepers who, whilst making progress toward a cure, built a new chapel for Christian worship. At the Palwal Women's Hospital a " Quiet Room " has been opened which is proving " a real joy and help in worship and meditation for the Indian and European Staff."

A new development has just come into being in the Medical work carried on by the Society in the Native State of **Dholpur**. Owing to the financial difficulties of the Mission it became necessary, if the work was to be carried on, for the State to be asked to undertake the entire running costs, except the support of the Medical Missionary staff. After considerable negotiations, an agreement has been arrived at on these lines, and the Society has therefore been able to continue the Dholpur Medical Mission in charge of Dr. Rutherford and Sister Guyton. Dr. Rutherford pleads the need for still more intercession, sympathy and interest in the hospital, seeing that she and her colleagues are facing a new relationship with the State, and may have special difficulties to face in their witness to Christ.

## THE MEDICAL WORK IN CHINA

**T**HE five hospitals of the B.M.S. in North China, and the Union Hospital of the Cheeloo University, originally built by the Society, are a considerable and effective contribution to the cause of Christ's Kingdom in China. The task of maintaining these modern mission hospitals is a serious one, and though there is much to be thankful for that in the recent disturbances in China each of our hospitals has been able to carry on without interference, there is equal reason for concern that the present financial difficulties of the Society have necessitated a "cut" in the grant available for the hospital work. This has imposed further responsibilities upon the Medical Missionary staff in the direction of requiring either an increase in the amount of support raised on the field, or a curtailment of the work of relief. The staff on the field have accepted the situation most loyally, and have undertaken to do all that they can to keep the expenditure within the reduced grants. The task is bound, however, to be a most difficult one, and the doctors and sisters deserve the utmost sympathy.

A significant development has taken place at the oldest medical centre—**Tsingchowfu**, in Shantung—where Dr. Timothy Richard commenced B.M.S. work more than fifty years ago. Ever since 1927, when Dr. Paterson retired, the Tsingchowfu hospital has been run entirely by a Chinese Medical staff, with an occasional visit from our B.M.S. doctors at Chowtsun. There are now two Chinese doctors in charge—Dr. Yuan and Dr. Cheng, former graduates of the Cheeloo University.

For some time the need of better accommodation for women patients has been felt, and now, by means of a grant from the Society, supple-

mented by local gifts, a new ward of thirteen beds has been erected. It was dedicated to God on February 20th, 1932, and will prove a great boon to the needy womenfolk of the district. It is noteworthy that many of the Chinese contributors had been anti-Christian, and the entire Chinese Christian community took part in raising the funds required.

The Foster Hospital at **Chowtsun** affords an instance of the value of improved equipment. Two years ago the Society was able to supply a much-needed X-Ray equipment, and Dr. Bethell now reports that this has proved such a success and of such utility that he and Dr. Flowers cannot imagine how they were able to do the work of the hospital without it. Dr. Bethell sends some most interesting details concerning the Evangelistic work of the Hospital:—

“This year, coincident with the decline of the anti-Christian movement, the Evangelistic work has been more promising than in the two previous years. In the Women’s Ward, Mrs. Li has carried on a splendid work. She reports that 30 women have avowed the intention of joining the Church; 67 have listened willingly, and of these there is some hope; 47 others have been influenced to some extent, and 30 have been unwilling to listen. . . . A young boy, after leaving hospital, was instrumental in getting seven members of his family to attend Church. . . . The work amongst the men seems to be more difficult, but 85 of the patients decided to become learners. . . . The man evangelist, Mr. Hui, has done faithful work. . . . There are, without doubt, many of whom we have no record who owe their introduction to Christianity to their stay in hospital. . . . On an average 50 patients attend the daily ward services, and the nurses attend the morning worship regularly.”

This is a fine illustration of the way in which our hospitals are taking their share in the work of making and winning disciples, and this is further confirmed by the report received from Dr. Ellen Clow, of the Women’s Hospital at **Taiyuanfu**, in Shansi. Here, there has been another advance in the number of patients treated, of which a considerable proportion were difficult midwifery cases, and of whom many had to undergo operation in order to save life. The daily evangelistic activities and the “follow-up” work have received much attention.

From the Schofield Memorial Men’s Hospital in Taiyuanfu, Dr. Wyatt has been sending home most interesting circular letters, giving accounts of the happenings in the hospital during the past year. Dr. B. C. Broomhall, after nearly thirty years’ devoted service in China, has had to return home, but Dr. Clifford Bloom has joined the staff of the hospital, and will have the heavy responsibility of carrying on during the furlough which Dr. Wyatt is just commencing.

Dr. Bloom should be supported by the prayers of friends at home. Writing in January last, he paid the following tribute to the hospital :—

“It is certainly an amazingly fine building for an inland hospital, and I think the assistants are doing very well. The care of the theatre, routine laboratory work and dispensary seem to be of quite a high standard considering their lack of background.”

During the furlough of Dr. Handley Stockley, Dr. and Mrs. J. M. Clow, Dr. Ruth Tait, with Dr. Chang, carried on in the **Sianfu Hospital**, great help being given by Mr. James Watson in the work of administration. Sister Walker rendered splendid help in the Nursing Department, ably helped by Mrs. Burdett.

In a letter received from Dr. Tait she reports :—

“The women patients and relatives too, are generally extremely friendly. Numbers have kept up well, and an increasing number of the patients come earlier with their ailments than formerly. We also get many more of the educated class now. Our obstetrical work is growing steadily, and we are able to do some ante-natal work. The evangelistic side is also very promising. We have four or five nice girls in their teens in the ward just now, and they have all decided to become Christians.”

Dr. Handley Stockley, who arrived back after furlough in the past autumn, has sent very encouraging news of the hospital. He pays a high tribute to those who carried on in his absence :—

“I reckon they are top-notchers, keen on the evangelistic work, excellent on the professional side, most pleasant and kind neighbours. Truth to tell, we are a very happy compound. As for the Chinese staff, they are as fine a set of men and women as we have had for a long time.”

Regular ward services have been commenced at 8.30 each morning, and the staff Christian Endeavour Society is keen and active. There have been evidences of a number of conversions amongst the patients. It is evident that this hospital is bearing its part nobly in the work of winning disciples.

The co-operative work in the Medical Department of the Cheeloo University, at **Tsinan**, in Shantung, has been carried on throughout the year, and encouraging reports have been received concerning the work of the Medical Graduates trained at this School. Of the 238 graduates since 1915, 106 are now at work in Mission hospitals in 61 of the 250 mission hospitals of China, working under 21 different Societies in 15 of the 18 provinces. Dr. Laurence Ingle and Dr. Gordon King have recently returned to their work at Tsinan.

## THE MEDICAL WORK ON THE CONGO

**D**URING 1931 the work of our Congo Medical Mission was visited by Dr. T. B. Adam, whose help and inspiration meant a great deal to those in charge of the hospitals. Dr. Adam has since presented his report, and this is receiving careful attention. Financial limitations in the present difficult time make it impossible to adopt some of Dr. Adam's recommendations, but his report has served to emphasise in a new and striking way how great is the scope and how big is the challenge presented to Protestant Medical Missions on the Congo. If we are hesitant and ineffective in dealing with the situation, it is plain that we may find ourselves gradually "squeezed out" by an aggressive policy on the part of Roman Catholic Missions. That is a fact which merits serious attention.

It is therefore of great interest to report that Dr. Adam felt able to confirm most fully the choice of **Pimu**, in the Upoto Mission area on the Upper Congo, as the location for the new Memorial Hospital, made possible through the very generous gift of the Smith Thomas Fund. Plans are being actively promoted for this new advance, and in the coming summer Mr. A. E. Allen, who has kindly undertaken to supervise the erection of the buildings at Pimu, and Dr. V. J. G. MacGregor, the first doctor for Pimu (now at Bolobo) hope to begin their respective service at the chosen site.

The three existing hospitals of the B.M.S. on the Congo have had a busy year. From **San Salvador** Dr. Wilson reports:—

"Each year the name of the hospital is spreading farther afield. Never before have we had so many people come from beyond the San Salvador district, and never before have we had people from such great distances."

That certainly points to increasing confidence in the hospital, and to the big place which the medical work occupies in the evangelism of the area. A Congo dispenser, who has been ten years in the service of the hospital, is now to help Mr. and Miss Lambourne, who are re-starting the work in the Mabaya district. Other dispensers and nurses are proceeding to needy places in outlying districts, including two who are responding to the call for medical workers in the Kibokolo area. A Board of Management for the hospital has been appointed, acting on a suggestion made by Dr. Adam. This includes three Congo men and three Congo women, who sit on the Board with the Medical Missionaries. The Board arranged that the last Sunday in March should be celebrated throughout the district as Hospital Sunday, special collections being taken and gifts received.

The "Liverpool" Hospital at **Bolobo** has had a somewhat difficult

year owing to changes of staff, furloughs and illness. Notwithstanding these drawbacks, Dr. MacGregor, who has been acting as Medical Officer during the absence of Dr. Stanford on furlough, reports a good deal of activity. The operating theatre has been rebuilt, and other necessary repairs put in hand. Emphasis is laid upon the need for a second doctor in view of the medical itinerations in the district required by the Government. It is hoped that a new appointment will be made before long. This is not only needful for the sake of the medical work, but because of the needs of the spiritual service. The hospital attracts many patients from the French side of the Congo as well as from its own territory in Congo Belge, and the heathen conditions prevailing in the former are said to be very bad. The Bolobo Hospital is "the only Protestant agency which touches them for hundreds of miles."

The Hospital at **Yakusu**, to which Dr. Adam paid a very high tribute in his report, rejoices in the reinforcement of Dr. Raymond Holmes, who arrived in the summer, thus making possible the furlough of Dr. Chesterman in the autumn. Miss Owen, the senior nursing sister, has now left the hospital staff on her marriage to the Rev. H. B. Parris, and another nursing sister is under appointment for Yakusu, as a colleague for Miss Lofts.

The training work has been developed and systematised, three boys having "graduated" during the year, and co-operation with the Government authorities has become more intimate. It is hoped that assistance will again be granted for the mission dispensaries, and subsidies for the Infant Welfare work so splendidly carried on by the nursing sisters.

The religious teaching, including personal evangelism, given in the hospital has been still more organised, the Congo nurses and assistants taking their part in the services along with the white staff. The workers long for yet greater success in this supreme objective of our Medical Missions.

The Committee at home have been giving special attention to the proposals contained in Dr. Adam's report for an increase to the work undertaken by nursing sisters on the Congo, such as that rendered by Miss Head, at Kibentele. If funds allow they would be glad to contemplate the appointment of additional nursing sisters who could, without doubt, widen the scope of the service given by our Medical Missions to the suffering folk in Central Africa.

# AT THE HOME BASE

## OUR YOUNG PEOPLE

**I**N this department a distinct advance has been made by the revival of the **Sunday School Registration Scheme**. By means of this, schools receive regular supplies of missionary information, including platform talks and leaflets for the teachers, in return for the payment of a nominal fee. More than three hundred schools have availed themselves already of this scheme.

The **League of Ropeholders**, which aims to reach boys and girls up to the age of fifteen, is this year celebrating its coming-of-age. The plans of its Committee include the formation of one hundred new branches, the raising of a special thanksgiving fund, the production of literature and the holding of the next Annual Conference of workers in Kettering, the B.M.S. birthplace. Many of the hundred new branches have enrolled already, and others are in process of formation. The League has raised a fund to cover the running expenses of the *Ndeko*, besides making contributions towards the *Grenfell* at Yakusu.

At last year's **Summer Schools** at Bangor and Bexhill, nine hundred places were filled.

The year has seen the formation of Missionary Auxiliaries among Baptist Scouts, Guides, Boys' Brigades and Girls' Life Brigades, with direct links with similar organisations on the Mission Field.

Our activities among the youth of our denomination will receive a big impetus from the coming of the Rev. Ernest A. Payne, B.A., B.D., B.Litt., to join the Head-quarters Staff.

## AMONG THE TEACHING PROFESSION

**T**HE thousands of members of the teaching profession who are connected with our churches have their own organisation connected with the B.M.S. This Association, under the devoted leadership of Mr. H. Carey Oakley, M.A., its chairman, and Dr. E. H. Selwood, M.A., B.Sc., Ph.D., its honorary secretary, has rendered varied service during the past year. This includes two residential Conferences, at Southlands Training College, London, and Westminster College, Cambridge.

The Association supplies missionaries engaged in educational work with periodical literature. The provision of gramophone records of courses in French for our stations in Belgian Congo is another contribution, and financial help for the Boys' High School at Agra and the teacher training at Yakusu has been given.

## THE HOME PREPARATION UNION

**W**E have 391 students working under 94 tutors—231 girls and 160 young men. In the missionary section we have 241 members, and in the lay preachers' section 150.

Among our tutors there are 48 men and 46 women. Thirty-six of our members passed the first section of the lay preachers' examination last June, 13 in the second section, 13 in the third, and five gained honours in that section.

We rejoice in fifteen who have completed the lay preachers' course, two who have been accepted by Spurgeon's College, one who has gone to Rawdon, another to Hillside, two fiancées who have gone abroad to marry missionaries, one who has taken up work at St. Andrew's Colonial Homes, Kalimpong, North Bengal, as well as ten candidates accepted by the B.M.S., one doctor and three nurses.

Past members of ours working under our own Society abroad now number sixty.

The H.P.U. Summer School in 1931 was held at Bangor, North Wales.

M. IRENE MORRIS (*Hon. Sec.*).

## EXHIBITIONS

**D**URING the past year good use has been made of the large stock of Exhibition material now belonging to the Society. The larger efforts were at Accrington Town Hall, where we united with the London Missionary Society in a six days' effort; Halifax and district, with a China exhibition, and Earlsfield for the S.W. London district, with the Rev. John Bell as the mainspring, with another China Exhibition; Greenwich, for the S.E. London district, also took China. We united with the other Free Churches for an Exhibition in Grantham Town Hall, and Northampton County arranged for an "all fields and Jamaica" at College Street, Northampton.

Individual efforts were made at Campsbourne (India), and George Lane, Woodford, with Congo.

An increasing use has been made of our lantern lectures, and our supply of costumes for demonstrations has been more in demand than ever before. It should be more widely known among the churches that we have large resources in this particular section of our work, and also that the B.M.S. list of Demonstrations is a very good one. And the "Missionary Demonstration" is a great means of creating and maintaining interest.

## THE "WANTS" DEPARTMENT

**D**URING the past year the Wants Department has found it increasingly difficult to send out gifts to the missionaries on the field. The increased duty on all imports—in India, China and on the Congo—the strict necessity for retrenchment in the expense of the work abroad because of recurrent heavy deficits, have made imperative a review of what *must* be sent, and what *can* be sent. Hospital needs *must* be met, and clothing for schools, while other gifts, very desirable in themselves, are perhaps not so absolutely necessary. During the last six months toys and dolls—so dear to the hearts of all children—have had to be kept back.

The number of cases sent out during 1931 has risen to 288, an increase of 40 on the previous year, and the value of the cases amounts to £1,359, an increase of £89; India, £527 12s. 6d.; China, £265; Congo, £566 9s. 5d. These increases necessarily mean increased expenditure. The cost of carriage for 117 cases sent to India amounts to £56 8s. 5d., for the 41 sent to China to £25 1s. 7d., and for the 130 for Congo to £96 6s. 5d.—in all £177 16s. 6d. The smaller charges for cases and cartage, £4 18s. 3d., must be added to the freight charge of £177 16s. 5d., making a total of £182 14s. 8d., and to this again the abnormal heavy Congo duty of £78 19s. 2d.—total charge £261 13s. 10d. Towards the sum the Wants Department have paid over to the B.M.S. £182 15s.

The Secretaries are very grateful to all friends who by their increased gifts have enabled the Wants Department to meet the expenses of freight.

## TWO TRIBUTARIES

**I**NTERESTING reports have been received from the Rev. E. W. Godfrey, of Darlington, in charge of the B.M.S. Foreign Stamp Bureau, and Mr. A. E. Allen, of Leicester, whose "speciality" is the production and sale, for the benefit of our Medical Mission, of jewellery from semi-precious stones. This effort, advertised month by month in *THE HERALD*, has resulted in a gift of £50 for 1931, and Mr. Godfrey states that in the last three years the Stamp Bureau has earned £150. We are grateful for the gifts of love and labour devoted to our great enterprise through these channels.

## THE SCHOOLS FOR MISSIONARIES' CHILDREN. ELTHAM COLLEGE for BOYS, and WALTHAMSTOW HALL for GIRLS.

IN accordance with our custom we give below a list of the Churches which give support to the Schools for Missionaries' Children—Eltham College and Walthamstow Hall.

The reason for this is obvious; help given to these Schools is help given to our missionaries, and indirectly to the Missionary Society, which might otherwise find great difficulty in retaining the services of many of the married staff.

The problem of the education of the children is a very difficult one for missionaries, and one in which they need and deserve the sympathetic consideration of all who love the work they are engaged in.

While the Schools are in no sense departments of the Missionary Society, being managed by their own Boards of Governors and having a separate office, yet the interest of the Mission is very keen and very friendly, and the senior Foreign Secretary of the Society is given a place as Hon. Secretary of the Committee which raises the funds for the Schools.

The Secretary of the Schools Committee is the Rev. H. W. Pike, B.A., B.D., and the office is at 22, Furnival Street, London, E.C.4. All gifts and communications regarding the schools should be addressed to him.

It should perhaps be explained that the list below does not pretend to give a full account of the funds of the schools; for that the "School's report" must be referred to, copies of which may be had from the Secretary. This list gives only the amounts contributed by *Churches out of Church funds*, in the way of direct grants or collections. Amounts collected from Church members, even by collectors appointed by Churches, are not given here as it would take up too much space.

# Spurgeon's Orphan Homes

*Hon. President*—Rev. H. TYDEMAN CHILVERS.

*Hon. Treasurer*—ROBERT PERCIVAL HIGGS, Esq.

**A HOME AND SCHOOL FOR FATHERLESS CHILDREN**

and a Living Memorial to the Founder

**CHARLES HADDON SPURGEON**

Not only have the Homes sheltered and provided for 5,000 necessitous boys and girls, whom bereavement suddenly rendered homeless, but they also continue daily to benefit 420 fatherless children with the modern education afforded by the Homes, and aim at uniting the mental, physical and spiritual training of all who are placed under their care.

Christian and unsectarian, the most necessitous cases are accepted first, and the family life is maintained, for EACH HOUSE IS A HOME.

**ALL GIFTS AND DONATIONS**

ARE GRATEFULLY ACKNOWLEDGED BY

THE SECRETARY,

SPURGEON'S ORPHAN HOMES, STOCKWELL, S.W.9

*Our last Annual Report, containing a legal Form of Bequest, will gladly be sent on application to the Secretary.*

*Second Edition.*

A Book for every Baptist Church

## THE CALL TO WORSHIP

A BOOK OF SERVICES FOR  
MINISTERS AND CONGREGATIONS

Brought together from various sources by  
Rev. D. TAIT PATTERSON

Compiler of "Great Prayers of the Bible."

The Music Selected and Arranged by  
GEORGE DYSON, Mus. Doc.  
(Oxon).  
Royal College of Music, Winchester College  
and B.B.C.

256 pages. 3/6 net.

CONTENTS :

- I. Sentences as an Introduction to Worship.
- II. Prayers : Including the Great Prayers of the Church.
- III. Ordinances and Offices : Dedication, Baptism, Communion, Marriage, Burial and Ordination.
- IV. Litanies from various sources for various occasions.
- V. Litanies in the words of Holy Scripture : Meditations, Petitions and Intercessions.

THIS book is sent forth in the hope that it may enrich the devotional life of the Church. It neither claims to be original nor does it pretend to be a service book of the type used by Episcopal churches or those churches that incline toward the Episcopal order. It is a contribution to a conception of public worship IN WHICH THE WORSHIPPER TAKES A DEFINITE PART, and may be included without any burdensome formality in our traditional Free Church worship.

The Baptist Missionary Society Corporation holds, on behalf of the Society, certain investments in British Government and other securities, of which only the income can be used. These have been given from time to time by benefactors for specific purposes, in some cases on condition that the gifts are to be kept strictly private. Of some of these the income does not accrue to the Society until after the death of the donor.

The Corporation also holds investments accumulated through many years representing funds covering the insurance risks of the Society.

The Corporation holds and uses for the purposes of the Society freehold properties at home and abroad. There are no mortgages on these properties.

The Baptist Missionary Society possesses a Working Capital Fund which was raised mainly by the Centenary Fund of 1892. This Fund is necessary to enable the Society to continue its work during the early months of the financial year.

---

*We have examined with the Books the foregoing Summary of Current Receipts and Payments in respect of the year ending 31st March, 1932, the details of which have been examined and vouched by the Honorary Auditors and the Audit Sub-Committee, and we certify the said Summary and Account to be in accordance therewith.*

*We have verified the Bank Balances and the Securities held on behalf of the Society by the Baptist Missionary Society Corporation.*

*We have also examined the Account of the Society's Insurance Funds and the Arthington Superannuation Fund, which are not included in the General Summary, and have found them in order.*

*The Society is entitled to the benefit of certain securities under the Will of the late Robert Arthington which have not yet been transferred to the Society.*
