A meeting of the Woman's Council followed.
JUNE 11, 1927.

The second day’s sessions of the Woman’s Conference opened with Bishop Welch presiding. The devotions were opened with the singing of the hymns, “Jesus, These Eyes Have Never Seen” and “As Pants the Hart for Cooling Streams”. Bishop Welch read from Thess. 2:12-16 and II Peter I 3, and exhorted us to be filled with hope, and get new visions of God. We should not be depressed or take the jaundiced view that the world is running down hill and God has lost His power. The golden age is ahead. Let us have the mind that was in Christ Jesus, the absolute certainty that the Kingdom of God is to come. After being led in prayer by Bishop Welch, we sang, “God of My Life” and “Jesus Thy Boundless Love to Me”.

Miss Helen Kim sang for us, “How could I do without Thee?”

Miss Hillman’s report of Literary work was read by her Secretary, Mr. Kim Tai Chin.

Be it resolved that a letter of appreciation be sent to Mrs J. F. Genso who is carrying the work of Miss Rosenberger at the Evangelistic Center.

We express to the missionaries from China, who are in our midst, our sympathy, and also extend to them a hearty welcome. We greatly appreciate their help in our work.

To Mrs. Jung on the loss of her little daughter.
To Miss Walter in the death of her father.

RECOMMENDATIONS OF THE EVANGELISTIC COMMITTEE.

Recommended that the Bible Women be retired at the age of sixty-five.

Recommended that a Bible woman in order to be eligible to full salary be a graduate of the Pyeng Yang Bible School, or of the Social Center Bible School or two years at least in the Woman's Union Bible School in Seoul.

Secretary, Esther Laird.

REPORT OF MEDICAL COMMITTEE

In villages where there is no nurse or doctor, the Medical Committee recommends as a future policy the placing of a nurse to carry on Public Health Nursing. Her duties shall be visiting the homes, teaching good health habits, sanitation, instructing mothers in Child Welfare, and rendering first aid. She shall be under the supervision of the nurse in charge of the Health Center which sends her out and shall have received three months instruction in Public Health Nursing from the nurse in charge before being sent out.

The Medical Committee also recommends that the Mission Hospitals should make an effort to specialize in some field of
medicine or surgery that would be helpful in that community. That the Mission hospital should not foster any competitive spirit with government or private hospitals in the same community.

The Medical Committee spent some time in the discussion of the following.

I. What is the future of Medical Missions in Korea? Has the three-fold purpose of Medical Missions, namely, to make the entering wedge for the preaching of the gospel, to care for the sick, and to train workers to carry on medical work been accomplished? After some discussion we recommend a greater emphasis on the evangelistic side of medical work.

II. Are there new fields in medical work which we have not touched? The committee recommends that greater emphasis be made on Public Health and Child Welfare work.

III. In view of the fact that the supply of trained nurses more than fills the present demands, what are the openings for our trained nurses? Since our Mission Hospitals have filled their positions, the Nurse's Training Schools find it difficult to place all their graduates, so we recommend again the pushing of Public Health Nursing for there we have an almost untouched field with no competition.

GENERAL RECOMMENDATIONS BY THE EDUCATIONAL SURVEY COMMITTEE.

The Committee for Educational Survey recommends.

I. That in smaller and weaker schools, classes be combined and the number of teachers be reduced.

2. That where it will strengthen the schools and reduce expenses, boys' and girls' schools be combined.

3. That a more even proportion of women and men teachers be employed in most schools, using women at least in the lower grades if at all possible.
4. That where there is any prospect of being able to register a school a special effort be made to do so as soon as possible.

5. That more attention be paid to the chapel exercises and Bible teaching in most schools. That a Bible course be planned for the teachers. Some schools have Bible and Chapel hours alternating, three periods each, during the week.

6. That all supervising educational work make a greater effort to keep ourselves refreshed in educational methods, and that we work with our teachers to a greater extent than we do, to improve class-room practises that are formal and unnatural, as for example, the reading method.

7. That the Reference Committee give careful attention to this report, with special view to possible realignment of appropriations.

PROPERTY COMMITTEE.

A special session of the Woman's Conference was held Monday, June 20, at 5 P. M. with Mrs. Alice Jung, the 2nd Vice President in the chair. Nominations for the Property Committee presented by the Reference Committees were as follows Chairman, Miss Butts, Miss Lula Miller, Miss Kostrup, Miss Troxel, ex officio.
