The Committee meet at Providence Chapel, Exeter, on Wednesday, April 16th, 1890, at 9 a.m., and at Penzance, on Thursday, July 24th, 1890, at 9 a.m.

Sermons in connection with the Sixty-eighth Anniversary were preached on Sunday, August 4th, 1889, in Bodmin Street Chapel, and in the Conference Hall, Holsworthy, Devon, by W. B. Lark, F. W. Bourne, and J. Orchard.

Public Meetings were held in the Bible Christian and Wesleyan Chapels, the Conference Hall, and the Town Hall, on Monday, August 5th, beginning at half-past two o’clock, The devotional exercises were conducted by Revs. J. Howard (Wesleyan), T. E. Mundy, and J. Bendle. J. Higgs, Esq., W. Vaughan, Esq., and Mr. R. Nicholls, presided over the several meetings. J. Dymond and I. B. Vanstone read the Report, and F. W. Bourne the Treasurer’s Statement.

Moved by J. O. Keen, D.D., seconded by T. Ruddle, Esq., B.A., and supported by G. W. Angwin—

1. That as the Sixty-eighth Annual Report contains a record of labour and blessing deserving the most grateful recognition, showing, as it does, an increase
on our Home Missions of 319 in the number admitted into Society, 178 full members, 110 on trial, and 196 juvenile members, as well as an encouraging degree of prosperity in the Colonies, we affectionately invite all our friends to be constant in prayer, diligent in service, and self-denying in liberality, that the Gospel, which has manifestly lost none of its power, may, through our instrumentality, be a source of life and gladness in ever-widening circles and to constantly increasing multitudes.

The same resolution was spoken to in the Wesleyan Chapel by J. Woolcock, Mr. W. B. Luke, and J. Tremelling. At an overflow meeting in the Town Hall addresses were given by W. B. Lark, Mr. Isaac Gale, and J. Bendle.

At half-past four a public tea was held, when upwards of 1,600 sat down.

The adjourned meeting began at half-past six, the large Conference Hall being so crowded that an overflow meeting had again to be held. The devotional exercises were conducted by W. Higman, and the chair was occupied by J. Horwell, Esq.

Moved by J. Orchard, and seconded by S. Pollard—

2. That, believing in the sufficiency of the Bible as a revelation from the Father, in the Atonement as the only remedy for sin, and in the omnipotent agency of the Holy Spirit for the conversion of the world, this meeting trusts that the Colonial Stations may be suitably reinforced, and that additional agents may soon be sent to China, and resolves to pray that the brethren already there, and those who shall follow them, may be eminently useful in the prosecution of the work whose complete success is so fully assured.

Moved by J. Morris, and seconded by W. H. Tickell—

3. That as the action of the last Conference, in regard to home extension, has been thus far justified by the blessing attending our new Mission at Blackburn, this meeting calls upon the Committee and Conference, in view of the pressing needs of our large towns, to use all lawful endeavours to send agents as speedily as possible to all those important fields of labour, to the end that, as a branch of the Church of Christ in England, we may do our part in the spiritual emancipation and general improvement of the people of our own land.

At the overflow meeting in our chapel the chair was occupied by E. Richards, Esq., and addresses were delivered by W. Luke, T. E. Mundy, S. Allin, and Mr. I. Gale.

FORM OF BEQUEST.

I give unto the person or persons acting as Treasurer or Treasurers for the time being of the Missionary Society of the people calling themselves Bible Christians, the sum of £

sterling, free of legacy duty, to be applied to the general purposes of the said Society; and I direct that the said last-mentioned legacy (with the duty in respect thereof) shall be fully paid out of such part of my personal estate as may legally be devoted to charitable purposes, in preference to all other payments thereout. Provided always, that in case such parts of my estate as shall be applicable to the payment of legacies shall not suffice for the payment in full of all my legacies, the charitable legacy herein before given shall abate rateably and in proportion with the other legacies.

REPORT.

INTRODUCTORY AND GENERAL.

Our work may be looked at from three points of view—the state of the world, the Cross of Christ, and the responsibility of the Church. Viewed in the light of either, while there is much that calls for gratitude, we cannot regard the result of the year's toil as a brilliant success. The moral portrait of mankind given by the pen of Prophet or Apostle was not more life-like when taken than it is to-day. As in water face answers to face, so do the men of this age to the men described by the inspired writers. The state of the heathen world shows that there is nothing in nature, nor in discovery, sufficient to arrest the progress of evil or to lift mankind to a higher style of being. And if, in our own land, some of the grosser forms of vice, of which we hear so much among the heathen, are not to be seen, there is a depth and force of evil not exceeded in any heathen land. The drink traffic, our Modern Moloch, still demands his annual tribute of thousands of victims; the gambling hells are crowded with votaries of all ranks, rushing madly to ruin; relentless mammon still holds capital and labour in its terrible grip; the love of pleasure relaxes the principles and undermines the strength of thousands; the Sabbath is desecrated, religion set at nought, and the Divine name openly profaned; too many of the educated classes are enslaved by plausible theories, and employ their brilliant powers in opposition to the truth; creeping superstition spoils multitudes of the devout; worldliness proves too strong for numbers who have conscientiously assumed the Christian name; and doubt—cold, hollow, empty, heartless, withering and blighting doubt paralyzes multitudes more. Everywhere we see the works of the devil. On all sides we hear the cry of distress, the wail of the lost, "Woe is me, for I am undone," "Oh wretched man that I am; who shall deliver me?" On the shores of this raging, foaming sea of human sin and death, we have stood during another year, and have rescued, thank God, a few despairing ones. But, alas, how few, compared to the millions apparently untouched!

The Cross is the remedy, and the remedy is not for a few merely, but for all; it is not simply for the units that come to its healing, but for the millions who know nothing of its virtue. If we believed, with some, that salvation is only for a select few, we might think we had got a solution of the difficulty. At least we should be able to refer the matter to the inscrutable decrees of Him who "worketh all things after the counsel of His own will." But we do not believe it. This subterfuge therefore does not avail us. Whatever solace it may be to those who do believe it, it is none to us. We cannot allow ourselves to be lulled into security by an opiate as deadly as it is plausible. We accept the Gospel's own view of its universality.
Christ is "the Light of the world;" when, as the Lamb of God, He offered Himself to God, it was to "take away the sin of the world." He is pleased to allow Himself to be called "the Saviour of the world;" "God so loved the world that He gave His only begotten Son." The Gospel is the message of Infinite Love to a perishing race, brought by the Incarnate Son, "who gave His life a ransom for all, to be testified in due time." There is a worldwideness about the Gospel that is to be found nowhere else, if we except nature which comes from the same Divine source. We find it in the sun, in the atmosphere, in the ocean, in the soil, and in our own soul if we search deeply and with devout simplicity. Yes, the remedy is as universal as the malady, as far-reaching as death, and as powerful to save as sin is to destroy. Sin is man's only ill, and the blood of Christ his only cure; but it is a cure, penetrating, potent, perfect and permanent. Heaven be praised, it has been applied, with the happiest results, on all our Home Missions. But our rejoicing is abated when we think of the mass of corruption which seethes and groans all around, and to which no application has yet been made. "The whole head is sick, and the whole heart faint." "Is there no balm in Gilead? is there no physician there? why then is not the health of the daughter of my people recovered?" We re-echo the enquiry, Why? Why is not England saved? Why is it that the greater England by far is unsaved? How is it that converted England continues to be so small as compared with the unconverted? How is it that the great body of the people remain un influenced by the Christian activities of the day? We praise the Gospel and recount the wonders wrought in Apostolic and Reformation times and in the days of our fathers. What of that? The bread of last century will not satisfy the hunger of this. Daily bread is as much a necessity as ever. The Gospel is that bread; not a nominal Gospel, but the real, living, God-inspired message as it comes fresh from the Divine heart, pulsing with His life and burning with His love.

We see the need. We have the remedy. It is our duty to apply it. Woe, woe to our own soul, if we do the work of the Lord negligently. Called of God, and entrusted with this solemn mission, we cannot escape the awful issues of our charge. Whether we will or not, God holds us to our trust. We must give an account to Him. Nor can we shift the burden one upon another; the minister upon the people, or the people upon the minister. Each has his own part to act and must fulfil it. The Master's command is urgent, because the need is urgent and men are perishing. The conversion of the world is the business of the Church. Whatever else we do, if we fail in this, we fail in the one thing that can justify our existence. We may civilize, educate, and in many ways improve mankind, but if we do not secure their conversion and salvation, our work, that for which the Saviour died, and the one which He has committed to us, is not done. Those among us who do not seek to promote this, are friends neither to Christ nor to His Church. We cannot say we have not the means. What means had Christ? "The foxes have holes, and the birds of the air have nests, but the Son of Man had not
where to lay His head.” Yet even the enemy was obliged to say, “The world is gone after Him.” What means had the Apostles? Silver and gold they had none, but such as they had they freely dispersed. They had power. “In the name of Jesus Christ of Nazareth, rise up and walk.” Of these men it was said that they turned the world upside down. What means had the monk of Germany when he entered the lists against all the wealth and power of Rome? What means had our fathers when they shook the West of England and laid the foundation of the Connexion? They had not well built chapels, or school rooms, or ministers’ houses, or colleges, or organizations, or funds, or brethren returning from distant fields to recount their triumphs in another hemisphere as we have. Let us not say we have not the means. We have the Gospel, we have the Holy Ghost, we have the all-conquering name of our Master and Lord. What more do we want for the conquest of the world? All we have in the way of appliance, has been won by the power of the Cross, and the exertion of that same power will do as much as of old. Let us use well what we have. Let us consecrate ourselves, both preachers and people, and lay out our all for the salvation of the world. Let those who have talent give talent, those who have wealth give wealth, those who have both give both, and let us one and all render the best service possible, to the noblest cause that ever sought the help of man.

Though not all that could be desired, the Committee are glad to be able to present a more encouraging report of our Home Missions than for some years past. There is an increase of 1 chapel, 4 preaching places, 319 admissions, 178 full members, 110 on trial, 196 juvenile members, 19 teachers and 79 scholars. To several Missions the year has been one of revival and ingathering. Nearly 1,000 have found their way to the fold, enabling us, after filling the vacancies caused by 70 deaths, 60 emigrations, and 339 removals, to report a total increase of 288 in Church fellowship. All the Stations have not been equally favoured; 22 report an increase of full members of 329; three the same number as last year; and 13 a decrease of 151. On all however, the joy of harvest has been felt by both sower and reaper. Cardiff takes the lead in this as in all other departments, having admitted 136, Blackburn 95, Llantrissant 63, Southampton 60, Durham 59, Somerton 52, Crewkerne 50, Newport, Mon., 35, Aberavon 33, Tenterden 32, Taunton 30, Elham, Kilburn, Tiverton, South Tottenham, and Crondall 20 or upwards. For such instances of saving power, praise should ascend to heaven, united with earnest pleadings that the same and even more abundant grace may be poured upon every Station in the Connexion. Why not have a Connexional Pentecost? Let us get it, and then we shall have a Pentecostal Connexion. God is more than willing.

Numerical improvement is, as usual, accompanied by financial. The Quarter-Board receipts are £3,761, an increase of £297. Here again there is diversity of attainment; 17 Missions have a clear Quarter-Board, while 20 have deficits amounting together to £553, a decrease of £41. The deficiencies, as a rule, are not so heavy this year as last. Then, it took £47 by way of supplementary grants to
make up every pastor’s salary to £60; this year, this result can be secured with about £13. It would, however, be still more gratifying if the income of the Society would admit of every labourer being paid his small stipend in full, seeing that the brethren on Missions work as hard and are quite as deserving as those on Circuits. A circumstance deserving more than passing notice should be recorded. Shebbar District Meeting met the deficiency of its only Mission, amounting to £24 9s. 9d. by private subscriptions, and it did this, notwithstanding that its Missionary money is nearly £710. Twenty-two Missions show an increase of £62 in their Missionary receipts; and 15 a decrease of £36; leaving a net increase of nearly £26. Taking the Home Missions collectively, their financial position is improved about 2½ per cent. at Quarter-Board, and 3 per cent. in Missionary money, whilst their numerical improvement, including full members, on trial, and juvenile members, is 9 per cent.

The re-arrangement of grants at the last Conference, and the opening of Blackburn involved an increase of expenditure on the part of the Society, amounting to £246, yet the gain on the year’s work is such that the actual cost will only be £102 in excess of that of last year. There are eight Missions that have an increase of members, a clear Quarter-Board, and an increase of Missionary money. Some of these have but barely won this position, their numerical and financial increase being so trifling, but the first and second in the list, viz., Cardiff and Llantrissant have done so well that the average increase of members for the whole 8 is 18 per Station. Fourteen have succeeded in two points and failed in one; 10 have succeeded in one point and failed in two; and 5 have failed in all three. All over the Home Mission field praiseworthy efforts are being made on behalf of new erections, renovations, improvements, the reduction of debt, the purchase of organs or harmoniums, and the supply of warming appliances and everything necessary to increase the comforts of the worshippers. The care of the young also engages the attention, and shares in the liberality of the preachers and friends, the Sunday-schools being worked with an energy and success corresponding to every other department of the work.

The Circuits as a whole this year do not give signs of such vigorous life as the Missions. Had the returns of the former been as favourable as those of the latter, the Connexional increase at home would have been 829, instead of 538, or nearly 300 more. Of the 53 Circuits, 32 have increased their Missionary money, and 21 have gone behind. Their total contributions are rather less than those of last year. This decrease is all the more to be regretted as there was a great falling off on the part of the Circuits in 1888. Comparing the present annual income with that of ten years ago, the humbling confession has to be made that the amount of Missionary money per member is considerably less now than then. At that time the membership at home was 20,043, and the Missionary income £4,284; now, the membership is 25,160, 25 per cent. more, and the Missionary income not quite 3 per cent. more. And this, in face of the fact that, during the same period, we have opened a Mission direct to the heathen. The liberality of the Connexion towards Missionary enter-
prise does not keep pace either with the Divine blessing upon the labours of His servants, or with the opportunities He is constantly giving us, to enlarge the sphere of our operations in His name. Will our wealthy friends kindly become annual subscribers to our Missionary Fund? And will all our ministers and friends do their utmost to raise the income to an average of 5s. per member on all our Stations? Had this result been achieved this year, the Home Receipts would have been £6,143, or upwards of £1,700 more than at present contributed. We ought to do it. Men of Israel, help!

I.—HOME MISSIONS.

FALMOUTH DISTRICT.—St. Ives Mission reports 12 admitted, and 12 increase of members, a deficiency of £6 17s. 11d. at Quarter-Board, and a decrease of 15s. missionary money. During the year the town has been visited from on high, a revival has taken place in several churches, our own being one of them. At Halsey also some improvement has been effected, the chapel has been renovated, 15 young people have joined the choir, and the Sunday evening congregation is improved. On the whole, the station has made some progress.

SHEBBEAR DISTRICT.—Southmolton, the only mission in this District, seems, notwithstanding many discouragements, to have been a little strengthened. Admissions, 16; increase of members, 20; deficiency at Quarter-Board, £24 9s. 9d., generously met at the District Meeting; missionary money about the same as last year. Through the withdrawal of the Primitive Methodists, two of their country places have been added to the mission. Congregations at Southmolton and Waterhouse are improved. At Molland a spirit of hopefulness prevails.

EXETER DISTRICT.—The statistical returns of the three missions in this District present an unfavourable view of the year's work, there being a net decrease of 5 members, a deficiency of £11 14s. 11d. at Quarter-Board, and £16 19s. decrease in missionary money. Other features of the work, however, that are not tabulated brighten the aspect somewhat, and warrant the hope that next year's report will be a more favourable one. Kingsbridge, 9 admitted, 2 increase, £1 1s. 10d. surplus at Quarter-Board, and 2s. 1d. decrease in missionary money. One local preacher has died, another, and one of the best on the Plan, is removing. The station suffers much for the want of a better staff of local preachers. Prawle is giving signs of prosperity; the chapel debt has been reduced £10. At Dodbrooke the congregation has increased, and the seat-rents are higher than for years past. Chagford.—Admitted, 2; decrease, 8; deficiency at Quarter-Board, £4 17s. 1d.; decrease in missionary money, £8 3s. 5d. A new minister's house is in the course of erection at Whiddon Down, and the effort is warmly supported by the people; one friend gives £200, and several others give large donations towards it; there is every prospect of its being a complete success. By the introduction of stoves the chapels at Providence, Whiddon Down, and South Zeal, have been made more comfortable in the winter. Chapel debts have been reduced; £5 at Spreyton, £10 at Whiddon Down, and that at Chagford cleared off, and the surplus used for the renovation of the chapel; the young people at the latter place took a great interest in the matter. Tiverton and Hampton.—Admitted, 28; increase, 1; Quarter-Board deficiency, £7 19s. 8d.; decrease in missionary money, £8 13s. 6d. The second preacher's illness has made against the station, and the labours of the special evangelists were not apparently successful. Congregations are fairly good, and the Sunday-schools are doing well. Chapel affairs are very encouraging. Besides meeting current expenses, £380 has been raised towards reduction of debt, and in aid of the building fund of a new chapel at Oakford, which has been opened under favourable circumstances. A society of 7 members has been formed at Clayhanger, and Pauncridge, about four miles from Tiverton, has been opened with fair prospects.
Bristol District.—The six missions in this District continue to present a diversity of aspect. Admissions, 168; net increase, 10; deficiency at Quarter-Board, £32 12s. 4d.; and a small decrease in missionary money. Taunton gives tokens of a brighter future. Admissions, 30; increase, 2; clear Quarter-Board; missionary money about the same as last year. The new school-room in Hill-common, costing £65, and towards which £54 has been raised, has been opened. Various improvements at Taunton have been completed and paid for, and the debt on both chapel and house slightly reduced. The pastor says: "I visited a poor woman, a Roman Catholic. She had an image on the wall to represent Jesus. She did not speak. We said nothing about the image, but said that Jesus could see her, had a heart and felt for her, that He was a living, present Help. We said all the good things about Him we could. Almost daily for months we went and talked and prayed. She did not speak. One day we saw that the image had been removed, and a beautiful portion of God's Word, in a neat border, had been hung in its place. It was John iii. 16. We made no remark about the change. But one day she said: 'I shall soon be with Jesus; I shall see Him as He is, and be like Him.' And so it came to pass, for she was received up into heaven that day. We did not admit her into church fellowship with us below, but she has joined the Church above." He further says: "A Jew attended one of our services. Thought I had made a mistake in saying that Jesus was before Abraham. It led to visits, prayers, and salvation. He sickened, and died truly happy." Notwithstanding the losses sustained at Wellington, the society has risen in devotion and piety. The friends are taking up the question of circuit finance, forming committees, and trying to improve in every way. Somerton.—Admitted, 52; increase, 7, with 33 on trial; surplus at Quarter-Board, 14s. 8d.; decrease in missionary money, 18s. 4d. At Stone a good work has been done, the society is looking more hopeful, two or three good families having joined. Also at Lovington prosperity has been granted, and some in other places have sought the Lord. At Keinton a Holiness Convention led some to seek closer fellowship with Christ and one another. Br. Lark's visit was much appreciated and blessed. Harvest Thanksgiving Services were successful. The sum of £50 has been raised on behalf of Filton chapel. Weston-Super-Mare.—Admitted, 7; decrease, 16; deficiency at Quarter-Board, £7 8s. 11d.; increase of missionary money, 13s. 2d. Society much lifted. Congregations fairly good. Financial strain great. Pastor's appeal for funds for new chapel upwards of £200. The annual Christmas effort resulted in a clear profit of £27. When a better chapel has been obtained, there is every prospect of this station entering upon a new era, in which it will with the blessing of God attain to increased power and usefulness in the town. Meanwhile the pastor deserves to have his hands strengthened in the great effort he is making. Crewkerne.—Admissions, 50; members same as last year; on trial, 15; deficiency at Quarter-Board, £25 18s. 1d.; decrease in missionary money, 7s. 1d. The Harvest Festivals, Sunday-school and Chapel Anniversaries passed off well. A greater reduction of chapel debts has been effected than for many years past. Revival influence has been felt to a considerable extent, but strife has arisen, and some of the members and young converts have gone from us. The station is a little more hopeful, but far from what it ought to be. Portland.—Admissions, 11; increase, 2; clear Quarter-Board; decrease in missionary money, 13s. 6d. A small increase of teachers and scholars is reported. An aged class-leader, very consistent and much beloved, has died in great peace, and a local preacher and circuit steward has removed. Some of our members are consistent and earnest, the names of others have had to be removed from the books. Finances fairly well sustained. The chapels are in easy working circumstances, having £10 per annum less interest to pay than two years ago. Bridgewater.—Admissions, 18; increase, 18; clear Quarter-Board; decrease in missionary money, £1 16s. 7d. Revival services have resulted in quickening the churches, and bringing salvation to many that were dead in sin. Twenty vacancies caused by death, emigration, and removals, have been filled. A juvenile class has been formed at Bridgewater, which numbers 47, nearly all of whom are present at every meeting. There is an increase of 14 juvenile members of Society. The Sunday-schools are nearly doubled. A Mutual Improvement Class, formed in the autumn, is working well. A system of tract distribution has been estab-
lished, and about 700 families are regularly visited. The congregations and weekly offerings have increased. The chapel at Bridgewater is too small. Better accommodation is needed both for the congregation and the Sunday-school.

LONDON DISTRICT.—The returns for the five missions in this District are more favourable this year than last. Admissions, 71; net increase, 5; deficiency at Quarter-Board, £5 0s. 9d.; increase of missionary money, £14 0s. 6d. Clapham.—Admissions, 2; decrease, 10; clear Quarter-Board; increase of missionary money, £1 18s. 1d. The pastor’s illness rendering him unable to take any appointments for more than one lengthened period at a time has made against the progress of the work. Conversions have been few, and no members have come from other places. The decrease of members is almost entirely owing to emigrations and removals. A week’s special services were held by the Secretary of the Missionary Society, and although the meetings were some of the best we have ever had, as far as is known there were only two persons converted, and both of them immediately afterwards left the neighbourhood. The efforts made the last few years on behalf of the chapel have begun to tell, as the regular receipts—perhaps for the first time—have been sufficient to meet the expenditure, and reduce the debt £10. Kilburn.—Admissions, 23; decrease, 5; deficiency at Quarter-Board, £2 7s. 10d.; increase of missionary money, £5 18s. 6d. The mission held in January was made a great blessing. The meetings were well attended, and there was great power in every service. Several conversions took place, and many were quickened. The Sunday-school takes great interest in the Missionary Society, and together with the Band of Hope is in an encouraging condition. The chapel has been renovated at a cost of £30, and the required amount nearly raised. Though there is a deficiency, no less a sum than £85 has been raised for mission purposes by special effort.

The ground is hard to work, and power from on high is much needed. Woolwich.—Admissions, 7; members about the same as last year; clear Quarter-Board; increase of missionary money, 19s. 5d. In every branch of work some precious fruit has been gathered. At Herbert Road the bazaar for the Trust Estate resulted in a net profit of £105, so that the debt is reduced £87. At Eltham also £10 has been paid off, and the chapel has undergone complete renovation at a cost of £50, of which sum £45 has been raised. Both chapels are now in good condition. Quarter-Board receipts have increased £30. The missionary and all other funds are a little in advance. Some things to encourage have taken place in connection with the preaching of the Word, and pastoral visitation. A young man, 26 years of age, trained in our Sunday-school, and, for a time, a pupil at our College, was smitten with consumption. At first he was silent on spiritual things, but at length pointing to a text on the wall, “I will trust and not be afraid,” said: “That is my watch-word,” and, with almost his dying breath, was able to say: “Don’t weep for me; meet me in heaven.” A useful brother who has suffered affliction for twenty years, is patiently waiting for the call into “perfect day.” A constant hearer who well stored his mind with the truth, was called suddenly to undergo a painful surgical operation, and was enabled in the hour of need to cast himself upon the care of his Heavenly Father. A man, as the result of the almost sudden death of his wife, gave himself to God, and gives evidence of growth in grace. A young woman found the Lord at the Lord’s Table, and waited on the pastor the next day, especially to testify what great things the Lord had done for her soul. The Bible Classes, Sunday-schools, and Band of Hope, are working well. Plumstead Sunday-school won the first position in the annual examination in connection with the Local Sunday-school Union. South Tottenham.—Admissions, 20; increase, 4; clear Quarter-Board; decrease in missionary money, £1 6s. 8d. The winter was trying to many of the friends, mechanics were out of work, and trade was slack. At the same time a powerful influence prevailed in the services. Three held up their hands for prayer in one evening. A lad about 15 came to his teacher in great distress, and afterwards professed conversion. His mother, one of the victims of the drink-curse, also sought Divine help. The Sunday-school is working well, and the Band of Hope grows considerably. During the last five years, the pastor has taken a leading part in successfully opposing application for licensing 20 new public-houses in the neighbourhood, giving gratuitous meals to poor children, and other philanthropic movements. Sevenoaks.
Admissions, 19; increase, 15; deficiency, £2 12s. 11d.; increase of missionary money, £5 11s. 2d. The present is the most encouraging report that has been made for this station for many years. Numerous conversions have taken place at St. John's, 15 persons were received into the church at one meeting; the congregation continues to improve, a Band of Hope has been formed, and is prospering, and the sum of £60 of the chapel debt has been paid. £10 also at Knockholt. Br. Cory's mission did much good. Connexional funds are in advance, seat-rents £10 higher than two years since, chapel anniversaries yield £11 more, Quarter-Board receipts are nearly £10 ahead, and, putting increase of missionary receipts on one side and lessened grant on the other, the indebtedness of the mission to the Missionary Society is nearly £30 less.

PORTSMOUTH DISTRICT.—Admissions, 86; net decrease, 6; deficiency, £5 9s. 10d.; increase of missionary money, £7 13s. 8d. Liphook.—Admissions, 6; increase, 3; clear Quarter-Board; decrease in missionary money, £1 8s. 2d. The mission has had evident tokens of Divine approval, congregations compare favourably with those of a year since, Sunday-schools working fairly well, though in consequence of another school recently opened, there is a slight falling off in the numbers. Anniversaries have gone off well. Lindford and Fernhurst chapels have each been re-furnished with a substantial heating apparatus, at a considerable outlay, which has all been defrayed, and in each case there is a small balance to the good. Large numbers of tracts have been distributed, and cottage-prayer-meetings held. More workers are much needed. Southampton.

Admissions, 60; decrease, 9; on trial, 19; clear Quarter-Board; increase of missionary money, £2 9s. 5d. The pastor's statement speaks of exceptional losses. Connexional funds a little in advance; the Worn-out Preachers' Fund has a considerable increase. Musical instruments, costing £53, have been provided for three chapels. A Circuit Band of Hope Union has been formed, the numbers in the several Bands of Hope have increased in the last two years 293. During the pastorate now closing, notwithstanding many unfavourable circumstances, understood only by those on the ground, 222 have been admitted into Society, not reckoning juveniles, and a larger amount has been contributed than ever before in any similar period. There is a bright future before this station. Cronwall.—Admissions, 20; members same as last year; deficiency at Quarter-Board, £5 9s. 10d.; increase of missionary money, £5 7s. 5d. Agricultural depression wrought fear and trembling at the beginning of the year, but the quickening and converting power of the Spirit turned fear into hope, and sadness into joy. There are a few earnest workers and noble burden-bearers on the station. Bentley chapel has been renovated at a cost of £20, of which £19 has been raised. Times of great power have been experienced.

NEWPORT DISTRICT.—The seven Missions West of the Severn, taken together, have had a year of prosperity. Admissions 315, net increase 64, on trial 56, deficiency at Quarter-Board £51 2s. 11d., increase of Missionary money £15 10s. 8d. Newport, Mon., admissions 35, decrease 15, deficiency at Quarter-Board £21 8s. 9d., decrease in missionary money £1 16s. 2d. The long and painful illness of the pastor has prevented the fulfilment of the hopes with which the year began. Congregation and finance have suffered. There have, however, been numerous conversions; about £80 chapel debt has been paid off, and the Sunday-school was never more prosperous. Blavenavon, admissions 10, decrease 16, deficiency at Quarter-Board £21 15s. 11d., increase of missionary money £3 11s. 5d. Decided improvement in the normal income at Blavenavon and Garndiffaith. Cwmillter and Llanelly Hill are working hopefully, and Garnderris has been re-opened with signs of success. Chepstow.—Admissions 8, decrease 4, deficiency at Quarter-Board £8 14s. 6d., increase of missionary money £4 12s. The station suffers from the lack of local preachers. Zion Chapel has been improved at a cost of £18, and most of the money raised, the old chapel debt at Trellick is paid off, and the debt on Chepstow chapel is reduced by £5.

Aberavon.—Admitted 33, decrease 34, on trial 38, clear Quarter-Board, decrease in missionary money 3s. 1ld. The wear and tear has been considerable. There is, however, much to encourage. The friends have done nobly, the Sunday-schools in particular, in support of the Missionary Society. Much loyalty to the Connexion is displayed, and great readiness to assist the ministers in all matters.
pertaining to the work of God. *Swansea.*—Admitted 30, increase 3, surplus at Quarter-Board £5.15s. 10d., increase of missionary money £2s. 6d. The people have right nobly sustained the hands of their ministers, making their work a delight. Congregations increase, finance much improved. Sunday-schools and Bands of Hope are well worked and very flourishing, and the Trust Estates are well managed. *Cardiff.*—Admitted 138, increase 100, clear Quarter-Board, increase of missionary money £6 13s. 2d. During the first week in January nearly all sections of Nonconformity in the town united in the week of universal prayer. In the Roath District, where our chapel is situated, the power of God was wonderfully manifested. The services had to be continued. Three services a day, Saturdays excepted, were held for seven weeks. Hundreds entered the enquiry rooms, and many others were brought to the Lord at the ordinary services. Our own church benefited to the extent of 100 persons most of whom attended our chapel. In January, the Unsectarian Christian Mission at Canton offered itself to us, the offer was accepted, and it is now on our plan. It had 10 adult and 2 juvenile members, and 80 scholars in the Sunday-school. The furniture of the room consisted in a small American Organ, a table, seats and books, with a debt of only £2. The work of this station is continually increasing; opportunities of extension exist on every hand. The pastor says, "We ought to have at least two more ministers in the town, a brother should be sent at once to Barry, in view of the immediate opening of the docks and the inevitable influx of people." *Llantrissant.*—Admitted 63, increase 39, clear Quarter-Board, increase of missionary money £2 1s. 9d. A blessed work of grace has been enjoyed by the society at Tonyrefail, where over 40 professes conversion, the congregation is increased, and things are in a flourishing condition. Prosperity has also been granted at Llantrissant, conversions have been witnessed and liberality increased; £83 has been raised by special efforts on behalf of the chapel funds, a small part of the debt has been paid off at Llantrissant, and an effort is being made to pay off £50 at Tonyrefail by Christmas. Llanharran has been opened with encouraging prospects.

**CHATHAM DISTRICT.**—Admissions 76, net increase 11, on trial 25, deficiency at Quarter-Board £47 4s. 10d., increase of missionary money £11 7s. 6d. *Sheerness.*—Admitted 10, increase 2, clear Quarter-Board, increase of missionary money 9s. 2d. A few cheering conversions have taken place, one of them being that of a woman, who at first was much persecuted by her husband, but she meekly held her ground until deliverance came by the softening of the heart of her persecutor, so that he favoured her going to the House of God as much as he had previously opposed. Some of the people have been much afflicted. The friends for the most part continue to take an affectionate interest in the work of God, and show considerable liberality. There is an increase in the number of sitting. *Tenterden.*—Admitted 32, increase 8, on trial 6, clear Quarter-Board, increase of missionary money £1 9s. It is difficult to hold special services on a Station with so many places and only one preacher. The Mission wears an encouraging aspect. *Hastings.*—Admitted 9, decrease 7, on trial 3, increase of missionary £1 19s. 11d. At a place or two the Sunday evening congregations are good. One of the most interesting lad at Pett has found peace, and a young woman also on the other side of the station. Preaching services were held for a time on Friday evenings at Pett Level, among the coast guardsmen, with saving effect, for the chief boatman and his wife both came to Christ, but through the removal of these friends, the services have had to be discontinued, there being no place in which to hold them. Pett and Westfield chapels have been renovated and the cost met. At the former place the school is flourishing, God having been working among the children. *Elham.*—Admitted 25, increase 8, on trial 16, deficiency £11 14s. 9d., increase of missionary money £7 17s. 8d. A pleasing feature about this latter increase is, that it is not to be retained towards the working expenses of the mission, but nearly the whole of it is on behalf of China. A wonderful change for the better has come over this mission during the present pastorate. Swingfield is enjoying much prosperity, the chapel has been re-seated and otherwise improved at a cost of over £40, and the money raised. Rhodes Minnis chapel, which was opened a year ago, and cost £193, has only £33 more to raise to free it from debt. During
the year, the sum of £268 has been raised for circuit, chapel, missionary, and Connexional funds. What hath God wrought!

BRADFORD DISTRICT.—Most of the missions here continue in a somewhat depressed condition, not for want of people to operate upon, it being, with the exception of London, the most populous of all our districts. Admissions 197, net increase 64, on trial 23, deficiency at Quarter-Board £64 19s. 5d., decrease of missionary money £5 14s. But for Blackburn, the missions in the district would show a total decrease in full members of 19. Barrow.—Admitted 6, increase 2, deficiency at Quarter-Board £16 18s. 6d., missionary money about the same as last year. Hard ground to work. Congregation improved. The premises have been painted outside, some alterations effected in the chapel, the organ has been rebuilt, and both chapel and minister's house have undergone internal renovation. The whole premises are rendered more comfortable and inviting. Many friends do well for the cause, and are both loyal and true-hearted. Dalton.—Admitted 10, decrease 3, deficiency at Quarter-Board £10, decrease in missionary money £3 2s. Times of power have been experienced, Sunday congregations are good, the week-night services are well sustained, and the juvenile class is promising. Swarthmoor is not very prosperous, but a few persons have been converted. The chapel debts are 'heavy, but the ladies' association for paying them off is working well; the sum of £17 has already come from that source. Durham.—Admitted 59, increase 5, removals 48, deficiency at Quarter-Board £6, decrease in missionary money £1 11s. 9d.

Vigorous chapel efforts have been made at each place; Haswell debt is reduced by £17, Wingate £20 and extensive improvements made, Murton £45 and considerable repairs effected, and New Herrington has raised for the chapel £42 by special effort only. Substantial relief is needed there, and a minister should be sent to open Sunderland, only five miles distant, with a population of 125,000.

Cleveland.—Admitted 15, decrease 11, deficiency at Quarter-Board £19 8s. 4d., increase of missionary money £1 17s. 9d. Whole families have emigrated. Scepticism and gambling are very prevalent. Chapel liabilities have a dispiriting effect upon the friends, who are, however, not wanting in liberality. The school anniversaries have passed off encouragingly. The pastor thinks we ought to be at Middlesborough and Stockton, where the population is increasing faster than almost anywhere else in the land. Bradford.—Admitted 4, decrease 13, deficiency £12 12s. 7d., decrease in missionary money £4 11s. We have good premises in a good situation, but the congregation is small, and the feeling divided. Emmerdale.—Admitted 8, increase 1, clear Quarter-Board, increase of missionary money £1 13s. 9d. Congregation smaller on account of removals, Sunday-schools doing well, one having just been opened at Pica, with 70 scholars. The chapel has been renovated at a cost of nearly £10, and the debt reduced by £5. Some of the friends are deeply interested, and appear to be always working, praying and giving on behalf of the cause of God. Blackburn.—Admitted 95, full members 83, on trial 15, raised locally for mission purposes £119 7s. 4d. There is a good congregation gathered, and the weekly offerings amount to 30s. a Sunday. The society consists of three classes, many of the members subscribing weekly from 2d. to 1s. each; during the past quarter upwards of £5 was thus raised. The mission is now well able to pay its own local expenses and contribute a good sum towards ministers' salaries. The spirit of the church is good. The Lord has greatly favoured and encouraged us in this new opening. Let us follow His leading to other fields and fresh victories.

At GUERNSEY the congregations continue good, and gracious influences attend the ministration of the word. Thirteen have been admitted into the church, and three have entered on their heavenly rest. The debt on the premises has again been reduced £50. The friends are hearty and united, and the prospect is encouraging.
II. — COLONIAL MISSIONS.

1.—SOUTH AUSTRALIA.

Our Missionary Society in South Australia has proved eminently useful. It has often been the first to supply communities with the Gospel, it has planted churches in many needy districts, and led thousands to the knowledge of the Saviour.

In the past year unusual difficulty has attended its operations. The failure of the harvest, the shifting character of the population in many parts, and some heavy trust liabilities, have sorely tried both missionaries and their supporters, who deserve hearty commendation and sympathy. Amid all, the presence of the Lord has been felt, and His joy has been the strength of His people. There is an increasing willingness also to endure toils and bear sacrifices for Christ’s sake, and a deepening feeling that limited success should prove to be an incentive to improved methods, deeper spirituality, and especially to the cultivation of the spirit and practice of prayer, to the end that increasing numbers may be brought into the Saviour’s fold.

Some of the pastors’ reports wear a sombre aspect, but it is inspiring to read the cheering words coming from the most depressed fields of toil. Strenuous efforts have been made to build up Christians, and to bring the unsaved to Christ, and such labour has not been in vain in the Lord. Many devout souls have been comforted, and by the saving power of the Gospel 452 persons have been admitted into the fellowship of the Church.

The union of the Methodist New Connexion with our Church in the city will enable the Adelaide Station to again aid the Missionary Society, instead of receiving a grant therefrom. The late Miss Farrell kindly left a legacy of £140 to help the good work, the manse has been renovated, the debt on West Adelaide church reduced, £360 raised and promised towards the debt on Franklin Street church, and for all purposes nearly £1,000 has been raised since the union was effected.

The work of extension has been vigorously prosecuted in the face of some very serious difficulties. Since the beginning of the year the Silvertown Mission has considerably increased in extent. Thackaringa, South Broken Hill, Cockburn, Acacia Flat, and Eaglehawk, have been added. New churches have been built at Thackaringa and Broken Hill, while Sunday-schools have been opened at four of the places named. Some willing workers have been found to instruct the young in the outlying places in the Word of God.

At Wallaroo Mines some sixteen have been added to the church from the Sunday-school. Kadina church is assuming a more encouraging aspect, with an efficient choir, a good Band of Hope, and the immediate prospect of the removal of £100 on the Trust Estate.

A new church has been built at Wokurna at a cost of £74, towards which £53 was raised. In this place there is a good working church, and a new Sunday-school. At Ward’s Hill an iron church has been erected at a cost of £37, and opened free of debt. Br. Cann has
done a great work at Mount Torrens in building a church costing more than £500, and opening it free of debt.

The total receipts for the year are £574 15s. The Sunday-school Department has yielded some precious fruit. There is an increase of 4 schools, and of 136 scholars; 65 of them have united with the Church. The most earnest Christian workers come from the Sunday-schools, and from the same source the staff of preachers, both local and itinerant, is replenished from time to time.

Br. T. M. Flood received a cordial welcome on his arrival in the Colony. The climate and the Barrier Mission work he found very trying, but he means "to do his utmost to serve God in the Connexion." The missionary staff has been further strengthened by the addition of three candidates, one of whom, Br. Shapley, was sent from England.

Funds for the Way College enterprise have not come in as could have been desired. The drought and consequent failure of harvest have militated against the effort. The total amount raised in cash and promises is £2,846 9s. 7d. It is hoped such measures will be adopted as will place this most necessary work on a permanently safe basis.

2.—MISSIONS IN VICTORIA.

In this Colony for years past there has been real and somewhat rapid growth. Amidst much that is encouraging, there is also something to depress. But ministers and people have worked unitedly, and their labour has not been in vain. But the fact that many remain unsaved who regularly attend the ministrations of the Word, is a burden on the hearts of many, and a strong desire is expressed that the Spirit may be so poured out, that a mightier power may be brought to bear upon souls, and larger numbers brought to Christ.

The year has been an eventful one in the history of the Colony. The centenary of British rule in Australia was celebrated by an exhibition held in Melbourne, to which exhibits from many lands were brought, and to which many thousands of visitors flocked. In connection with this exhibition a Temperance Convention was held, at which representatives were present from the United States, several parts of the United Kingdom, and all the Australian Colonies. South Australian ministers and laymen of our own community embraced the opportunity to hold a Convention with many of the ministers and laymen in Victoria, in Gore Street Church, Fitzroy, on Tuesday and Wednesday, the 27th and 28th of November, 1888, at which several subjects of mutual interest in our mission work were discussed. It is hoped that some great practical result will be the issue.

Through what is termed the "Land Boom" in the Colony, and the comparative failure of the crops in some parts, considerable depression exists in commercial circles, and this has, in some degree, affected our churches.

A good work is being done in Melbourne and suburbs, the now famed metropolis of the Southern world. During the past four years five churches have been built, in new neighbourhoods, and those at Hotham and Carlton have been replaced by buildings that would be no discredit to any English city. Recently a site for a church has been bought in another suburb. Four years
and six months ago we had only three churches and one minister’s house in Melbourne; now we have eight churches and four ministers’ houses. Besides this, two of the old churches have become school-rooms, and finer buildings put in front of them. Such work is difficult, chiefly on account of the high price that has to be paid for land.

The new opening at Auburn is promising, and other places are to be entered without delay. In the Melbourne district the Trust liabilities have been reduced to £510 10s.

Two new churches have been built in the Wimmera district, costing in all £200. These are on the Nhill side of the district, where the cause among the new settlements is being vigorously pushed by Br. W. H. Evans and his colleagues.

In the Nurmukah district a new manse has been erected at Wunghnu, and a new church at Bunnaloo in Wamboola circuit. In many places the church debts have been greatly lessened.

Four years ago in Skipton Street Church, Ballarat, an effort was inaugurated for discharging what was called the District Debt, and at the recent Conference held at the same place it was stated that £1,000 had been raised, and the debt virtually extinguished. At the Conference Missionary Meeting in Skipton Street Church upwards of £700 was subscribed towards a Jubilee Fund for the removal of sundry Connexional liabilities in the next twelve years, and it is ardently hoped that the Jubilee Year will be a year of financial release.

The missionary income for the year is £1,949 3s. 4d., and the sum of £25 11s. 7d. has been collected by the Sunday-schools for the support of the China Mission.

The area covered indicates a robust spirit of Evangelism, and the spiritual awakenings and conversions have added 396 members to the churches. Owing, however, to declensions and other causes, the net increase of members is but 15. Five ministerial candidates have been received—four of whom are the direct fruit of missionary toil.

The work among the young is encouraging. There is an increase of 4 schools and 359 scholars, and “the happiest feature of the past year’s work is that 136 scholars have joined the church, and are giving evidence of usefulness in the cause of Christ.” In some districts children’s services have been held in the place of ordinary Sunday services, and have been wonderfully successful. It is cause for much rejoicing that the total number of scholars is now 5,607, with a staff of 809 teachers.

3.—MISSION IN QUEENSLAND.

The appointment of Br. W. Bennett to this mission by the last Conference, was a step in the right direction. He was warmly welcomed by the pastor and his friends as “the very man they wanted—a good preacher and platform man, and quite as good in the little prayer meeting.”

The presence and labours of the additional agent have given a decided impetus to the work of the mission, and led to an appeal for immediate reinforcements. The signs of quickened interest and actual progress are such as to warrant a further step in advance and
encourage the hope that there is a prosperous future in store for our church in this Colony. The most recent report says:—

Our mission, at present, exhibits signs of very great encouragement. Up to the last quarterly meeting we had six preaching places; now we have eight, two having been recently added. At another place an eligible site has been purchased for a new church, a really splendid opening. A large number of houses have been, and more are being built. It is thought it will become quite a populous place in the course of a year or two, and there is no church within two or three miles. A missionary is needed at once to live on the ground, and there is reason to believe that if the place be worked energetically, it would soon be self-supporting. Further extension is almost impossible without another agent. In fact two more could be well employed.

"At Kelvin Grove, special evangelistic services have been held both in the church and out, and much good has resulted. Precious souls were saved, believers much quickened, and hard hearts wrought upon by the Holy Spirit. Candles were sometimes held up in the open air that we might see to read and sing. On Sunday evenings our church is crowded, and a meeting has been called with a view to its immediate enlargement. We have a fair Sunday-school and a flourishing Band of Hope. It has been decided also to line the church at Clifton Terrace.

"Our work involves frequent services, continuous pastoral visitation, and travelling immense distances to meet the conditions of our Bush churches. The Lord has been very good to us. He has helped us wonderfully. We know that the work we are doing is His work, and that He will ever be our Helper. Our numerical strength stands about the same. Our anniversaries have been well attended and liberally sustained, and the amount raised for mission purposes is in advance of the previous year."

The facts now set out are surely a complete justification of the action of the Executive in sending an additional missionary, and furnish a sufficient reason to increase the number of labourers at the earliest possible date.

4.—MISSIONS IN NEW ZEALAND.

The extent of the three Islands from North to South is about 1,100 miles, with an average breadth of about 140 miles. The soil is luxuriantly rich. There are prolific farm lands and sheep walks of almost unlimited extent. The coasts with their inlets and infinite varieties are a nursery for seamen, who will carry forward the traditions of the old land. The population is now about 649,349, and has increased in the last decade quite 50 per cent. Altogether a most inviting field for missionary operations.

At no previous time has the prospect of establishing a strong mission been so good.

The following facts in the pastor's report speak for themselves:—

"The past year has been one of great toil and much difficulty, but not without encouraging success. In the early part of the year Br. Ellis was sent to work on new ground about thirty miles to the North-west of Christchurch, in the Courtenay District.

"An agent of another denomination, who knows the district well, assures us that Br. Ellis is working successfully, and that his services are much needed. A farmer in the district has informed us how surprised he is to see the people attending Divine service so regularly on the Lord's day, for he thought it would have taken more than a traction engine to draw some of them to any religious services. The financial support hitherto has been very commendable. A mission has also been opened at Waikari, fifty miles to the North-east of Christchurch. Several of the places now worked by us were entirely without the Gospel. We have received from the people the most hearty reception, and the services of our
agent, Br. Grigg, are much appreciated. Some of the people travel with great
difficulty as much as twelve miles to hear the Gospel.

In chapel building we have been wonderfully helped, the people having
contributed towards new erections about £1,000. At Little River, in the Banks
Peninsula Mission, where Br. Ready has laboured with great success, a new
chapel, costing £200, has been built, and two-thirds of the cost raised. At
Addington we have opened under favourable circumstances our new and com-
modious chapel, which will accommodate nearly 400 persons. The cost is
between £500 and £600, and one half of the amount has been raised, and our
cause there is one of the encouraging features of our work in New Zealand.

At Prebbleton, eight miles from Christchurch, we have built in the very heart
of the village a pretty little place, which will seat 100 adults, and the practical
sympathy shown by the friends has greatly cheered us. This place is principally
worked by our local brethren, who report that the building is not large enough.

“Our greatest effort is at Christchurch. Having received an encouraging
promise of £200 from the English Conference, provided the congregation would
erect a building worthy of the Denomination on the costly site purchased some
years ago, we felt it our duty to arise and build, and whilst the cost of the
undertaking was £720, we opened the building entirely free of debt. The chapel is
60ft. by 35ft., with an end gallery. The entire premises, including church,
parsnag, and school, are commodious and attractive, and already telling much
in our favour as a Denomination.

“During the year we have had many evidences of the Divine presence in the
pulpit and the pew. Precious souls in different parts of the circuit have found
their way to Calvary, and are to-day walking in the comfort of the Holy Ghost.
God has been pleased to take some of our members to Himself. Thanks be to
God that they can triumph so gloriously.

“New Zealand during the past three years has been very dull commercially,
and there has been a great exodus of our population to Victoria. At times we
have felt much depressed on seeing our ranks thinned. God has, however,
raised up many others, and the good work goes on.

“Our prospects as a Denomination in the Colony were never so cheering as
now, and all are hopeful that there is a glorious future before us.

“'Push, pluck, and principle,' will undoubtedly secure for us all along the
lines peace, progress, and prosperity. The Lord Jehovah is our Helper, and
surely He will lead us on to greater victories.'

III.—FOREIGN.

MISSION IN CHINA.

“Something more must be done.” So said the Chairman, Samuel
Gurney Shepherd, Esq., at the Annual Meeting of the China Inland Mis-
sion. This imperative demand for greater effort on behalf of the perishing
millions of China is but the echo of the “proposed plan of campaign
for Yunnan,” written by one of our agents in November last, and
published in the Bible Christian Magazine for March, 1889. That
plan ought to be read and re-read until every supporter of this mission,
burning with holy fervour, hastens to the help of the Lord against
the mighty. Br. Pollard says:

“We have a magnificent district here, and with Yunnan Fu and Chao Tung
Fu as our two boundary stations, an area half the size of England delivered
to us to save for Christ. To do this is the policy to be adopted. The
Bible Christians to capture half an England for our Master.”

The province of Yunnan contains an area of 107,969 square miles,
and has a population of upwards of 5,000,000 of precious souls for
whom Christ died. With such a field for cultivation, and such a
limited staff of workers, we cease to wonder at the disappointment
of our agents when informed that there were "no recruits" to enter upon the work, and we surely cannot remain unmoved at their touching appeal for immediate assistance.

"Do you wonder," asks Br. Pollard, "that these souls seem to burden us right down sometimes? We love you at home very much, but do, oh! do send us out men to save these poor people. In China, 8,000,000 in one year die without Christ. Can 30,000 Bible Christians send out 13 men in two years? Yes, or 130."

Let us resolve that this sanguine assertion is converted into a glorious fact. The need for more workers was never so pressing as now, and at least three,—including a medical missionary,—ought to be added to the staff at once. Br. Vanstone says:

"Every month makes the need of a medical missionary among us more urgent. I do trust our people at home will lay it to heart, and not rest until a medical man is in our midst. God in His wonderful goodness has dealt kindly with us so far, but if we do not get a doctor soon, I fear some precious life may be sacrificed."

To this reasonable caution let us add the poor blind Chinaman's request:—"Will the teacher write home, and ask your people to send us out a doctor soon?" Lord of the harvest, send us the much needed labourers!

But there is yet another and equally forcible reason for reinforcements. The records of the year are at once an inspiration to gratitude and a stimulus to more strenuous effort to extend this Christ-like work. Let our agents speak for themselves in their reports from their respective stations.

**Yunnan Fu Station.**—The record of the year's work is very encouraging, and is a testimony to the faithfulness of our Master.

**Mission Premises.** Mr. and Mrs. Vanstone arrived on the last day of February, and immediately set about getting suitable premises. After much prayer and labour the present buildings were rented. The premises and situation have proved everything to be desired. On the opening of the chapel for preaching large numbers continued to come all day for some time. At the end of June the Brethren Dymond and Pollard came. The former on a visit to recruit after his severe attack of small-pox. He continued here for five weeks.

**Special Services.** In August it was resolved, in connection with our China Inland Mission friends, to hold a special mid-day mission. The services continued from September 3rd to 17th, and the Gospel was preached to thousands of people of all classes. The services were times of great blessing, and some were led to the Saviour.

**Rules.** In connection with the special mission we also drew up a code of rules, very similar to those in use at home, and also a pledge to total abstinence from opium, wine, and gambling.

**A Society Established.** On Sunday, September 16th, the first Bible Christian Foreign Society was established by the admission in the Church by baptism of two men and one woman. A few weeks after two more men were received.

**Day-School.** On the 4th of October a day-school was started, and at present there are 9 pupils—5 boys and 4 girls. A night-school, attended by a few men, is held after the evening service.

**Medical Work.** Hundreds of doses of medicine (home-made and others) have been given away, and in many cases a cure has been effected or relief afforded. A good deal of opium medicine has been sold. A good many cases of opium poisoning have come to our notice, and the would-be-suicides have in several instances been saved.
In addition to three meetings on Sundays, a preaching service is held every evening, which is attended by large numbers of outsiders. Through these services some have been led to know something of Jesus. Many are regular attendants, and we look for a mighty descent of the Holy Ghost to sweep them into the fold.

An arrangement has been made with our China Inland Mission friends, by which we have the use of their preaching-hall in a crowded street three days a week, and here hundreds hear the word of life.

Twice a week visits are made to the villages around. Ten are down for regular visitation.

Many Gospel books and tracts have been sold or given away.

Our faith causes us to have bright hopes for the future. We believe the few who have been saved are but the first-fruits of a mighty harvest. Our Master is faithful, and in Him we go forward, "doing good and despairing of no man."

CHAO TUNG FU STATION.—Ebenezer! Hitherto! Mercy upon mercy, grace upon grace. Henceforth! "Jesus Christ, the same yesterday, to-day, and for ever." With hearts full of gratitude we record God's goodness. Experience has strengthened our faith; our hopes are bright, and the outlook is encouraging. "The fields are white already to harvest." We shout our war-cry, "Chao Tung for Jesus." It is bound to come. When God works who can hinder?

About a month after the last District Meeting, Br. Thorne went off for a few month's trip into Si-Chuan, leaving the brethren, Pollard and Dymond in charge. The daily preaching was interrupted by the illness of Br. Dymond. At first the affliction seemed as if it would prove fatal, and it was a keen trial also to Br. Pollard, but God, in His great mercy, spared the life of our brother. In June, Mr. and Mrs. Thorne returned, and the brethren Dymond and Pollard started for Yunnan Fu. Mrs. Thorne was now the attraction, and many who came to see a foreign lady also heard the truths of the Gospel. But it was necessary that a house be got more suitable for the work, and ultimately the Lord opened our way to get this better house. It has cost nearly 400 taels (£100) including the furniture and fittings, and the overseeing took up a great deal of time. But as Br. Dymond returned in August, we were enabled to divide the labour, and we tried to keep the great end in view. Morning prayers with the workmen, and words in season were spoken. Now we have fairly good premises and are prepared to receive opium patients. Four have already come into our refuge, and we are expecting a great blessing in this branch of our work. God has honoured us in allowing us by simple remedies to cure all kinds of ailments. We use medicines as wisely as we are able, prayer is our strong refuge. Many opium patients have been cured, which has brought us a reputation for doing "good deeds." Often have we been called "Saviours" in dealing with would-be-suicides, and soon we hope to see them as joyous in welcoming the Saviour of sinners.

We have underlet most of the other house, but are continuing the front room as a preaching hall, and use it as we are able. Here we have nightly services, and are getting a good company.

Good work, too, is being done by our sister Mrs. Thorne among the women, both at their homes and here in our guest hall. But she greatly needs a helper. Since getting into this house Br. Thorne went out for a twelve days' journey, visiting several places, and since then the brethren Thorne and Dymond have visited several markets. During the year, 15,000 cash worth of tracts and Gospels have been sold; hundreds of tracts have been given away, until people ask who our missionaries are, and what they want? Oh, for more of the spirit of enquiry!
In the July number of *China's Millions*, the following testimony to the success of the labours of our agents is from the pen of the Rev. J. W. Stevenson, missionary superintendent of the C. I. M.

In Yunnan Fu, the capital, there is decided blessing. In the city, Mr. Vanstone, of the Bible Christian Mission, has baptized three converts. In Chao Tung Fu, our friends of the Bible Christian Mission have been working with encouragement. Mr. and Mrs. Thorne are both able workers, and they are assisted by Mr. Dymond and Mr. Pollard (the latter now in Yunnan Fu). The two latter brethren who came out among the hundred have made splendid progress in the language, and are already valuable helpers. The time has come when reinforcements for their work are urgently to be desired; and if the Bible Christians can send some more workers of the same stamp as their pioneers, we shall be greatly delighted, and China will be the gainer."

The subjoined statistical tables show that the society has, at present, 136 missionaries, 737 local preachers, 399 chapels, 141 preaching places, 10,780 members, 314 on trial for membership, and in the Sunday-schoools 3,002 teachers, and 21,447 scholars; showing a decrease of 5 local preachers, and an increase of 10 missionaries, 9 chapels, 22 preaching places, 228 members, 60 on trial, 12 teachers, and 137 scholars.
