The Committee meet at Providence Chapel, Exeter, on Wednesday, April 15th, 1891, at 9 a.m., and at Greenbank Chapel, Plymouth, on Friday, July 24th, 1891, at 9 a.m.

Sermons in connection with the Sixty-ninth Anniversary were preached on Sunday, August, 3rd, 1890, at High Street Chapel, Penzance, Cornwall, by J. B. Steedford, J. Woolcock, and F. W. Bourne.

The Annual Meeting was held at High Street Chapel, Penzance, on Monday, August 4th, beginning at halfpast two o'clock. The devotional exercises were conducted by J. H. Batt, and the chair was occupied by Mr. W. G. Torr, B.A.; J. Dymond read the Report, and F. W. Bourne the Treasurer's Statement.
Moved by M. BROKENSHERE, seconded by Mr. G. T. HUMPHREYS, and supported by W. R. K. BAULKWILL:—

1. That as we are able to report a considerable increase of members, a large augmentation of our Missionary income, the wish of some Mission Stations to become Circuits, the general improvement of nearly all the older Missions, and the successful opening of several new ones, we record our deep sense of the faithfulness of God, the zeal of our agents, and the liberality of our friends, and resolve by the help of Divine grace more fully to follow the example of our Lord, "Who came not to be ministered unto, but to minister, and to give His life a ransom for many."

The adjourned Meeting began at half-past six, in the Wesleyan Chapel, and after prayer had been offered by J. MARTIN, the chair was taken by Mr. S. P. RATTENBURY, C.C.

Moved by W. B. LARK, and seconded by Mr. W. B. LUKE:—

2. That as the unity of the race, the world-wide prevalence of moral evil, the sufficiency and universal adaptation of the gospel, the good-will of God towards all mankind, and the accessibility of all nations to the heralds of the cross, are loud calls to increasing activity in spreading the Kingdom of Christ, this meeting, encouraged by the devotion of our brethren on the Colonial and Chinese Stations, by the blessing vouchsafed on their labours, by the liberality of our friends, especially towards China, and by the readiness with which the Brethren J. CARTER and W. TEEMERBETH offered themselves for foreign work, calls upon the friends throughout the Connexion to pray "the Lord of the harvest" for additional labourers, that we may be able to cultivate the ground it has been graciously given us to occupy, and to hasten the consummation of our hopes, in the earth being filled with "the knowledge of the glory of God."

Moved by A. TRENGOVE, seconded by W. TREFRY, and supported by S. B. LANE:—

3. That as the extension of our operations in large towns will involve a considerable expenditure of wealth and force, we affectionately urge our friends in the older Circuits of the Connexion to economise their resources both in income and talent, that neither men nor means may be lacking suitably to man and work those important centres of population, where the great battle between Christ and Belial is more especially to be fought in these realms; and in view of the success of the openings already entered, as well as of the calls constantly reaching us, we resolve to push forward this branch of our work, until all over the Metropolis and in every large provincial town, not only has the standard of truth been lifted up by our agents, but flourishing and competent societies founded.

FORM OF BEQUEST.

I give unto the person or persons acting as Treasurer or Treasurers for the time being of the Missionary Society of the people calling themselves Bible Christians, the sum of £ /sterling, free of legacy duty, to be applied to the general purposes of the said Society; and I direct that the said last-mentioned legacy (with the duty in respect thereof) shall be fully paid out of such part of my personal estate as may legally be devoted to charitable purposes, in preference to all other payments thereout. Provided always, that in case such parts of my estate as shall be applicable to the payment of legacies shall not suffice for the payment in full of all my legacies, the charitable legacy herein before given shall abate rateably and in proportion with the other legacies.

Each annual subscriber or collector of five shillings in behalf of the Society is entitled to a Report.
REPORT.

INTRODUCTORY AND GENERAL.

FORWARD! If not, what? Stagnation, obstruction, vexation, death. A church that does not move on must move off. Of all things on earth, the last to be borne with is a Gospel organization that fails of its purpose, that rebukes no sin, dries no tears, saves no souls. The Connexion holds within itself the manifold forces of a hundred thousand lives. What shall be done with these forces? Shall they be allowed to exhaust themselves on the frivolous or at best the merely temporal? Or shall they be marshalled against the strongholds of darkness, selfishness, and sin? Not to use is to lose. There is no way effectively to retain what we have except by improvement and multiplication. The loaf on the table can only be perpetuated by the annual production of fresh grain. An estate may be retained in area, but not in wealth-producing power without the application that improves every acre, and multiplies all its produce. A religious Denomination, if it is to keep its place as a recognised factor in saving and elevating mankind, must be always renewing its youth by the inflow of fresh human lives, by whole-hearted acceptance of the saving health of the gospel it preaches, and by a vigorous and devout aggressiveness which nothing can stem.

 Everywhere, in every department of life, men are astir. There is a restless energy that cannot satisfy itself with simply holding its own, and that will brook no hindrance. What a grand opportunity and what a powerful incentive to the Christian worker. Shall there be progress in everything else, and shall the best of all—that which is the most fruitful of human happiness—stand still? "Now they do it to obtain a corruptible crown; but we an incorruptible." We have more than a right to push our cause; we are under the most solemn obligations to do so. We cannot stand still without incurring the reproof due to disobedience, without being recreant to our most cherished principles, and without being guilty of our "brother's blood."

Not only in material things is there unwonted activity, but among the Lord's host in all churches the spirit of a true evangelism is moving, and a holy crusade against evil, social as well as moral, is being organised. All this is most inspiring and hopeful. We are living in glorious times if we have only the courage that shrinks not from the fight, and the daring that knows no surrender. We serve the living Christ, Whose zeal for the salvation of the lost nothing can quench, and Whose power to save is only equalled by His love. Never since the day of Pentecost were there more abundant soul-stirring signs of His presence, or more manifold evidence of His intentness on making the world His own. He is here trampling on
human prescription, breaking down the barriers that separate man from his brother man, turning the wisdom of “the wise” into foolishness, pleading the cause of the oppressed, and teaching us that man is of more value than money, that the essence of his greatness is the soul, and that the salvation of the soul is the grandest achievement and the secret of all true progress. The living Christ is here, and even the nation itself begins to exhibit symptoms of a higher life. The first streaks of dawn already appear. Power is slipping more and more from the red hand of greed, and rapine, and wrong. Stupidity is beginning to give place to common sense in the management of public affairs; men are feeling and saying that the great end of national life is not to crush the millions at home and to spread carnage among the millions abroad. The nation has at last begun to find its conscience, and to have the courage to say that its voice shall be heeded. Aye, the living Christ is here, and He will no longer allow His voice to be drowned by the clamour and uproar of party strife, or His beautiful form to be disfigured or obscured by a fantastic ritualism, or His saving grace to be made void by a self-deluded sacerdotalism, or His simple and sublime Gospel to be exchanged for “philosophy,” “tradition,” or “science, falsely so-called.” Christ being with us what real obstacle can there be to our progress, if, on our part, there be faith without wavering, life without corruption, and work born of and sustained by the love that “never faileth.”

Taking into account the infinite possibilities of our work, our progress, if real, is admittedly slow. It may be well to ask the question, Do we possess and are we seeking to spread what men need and God authorises? Men do not need, and God does not authorise a form of godliness which denies the power thereof, an empty symbol, or a lifeless morality. The soul yearns for the truth, for sympathy, for the loving heart, the guiding hand. The world needs something better than its own treasures, something purer and more perfect than its own ideals. Nor is it prepared to walk by faith. It will see in order to believe. There are some things it has a right to see, and, without seeing them, it refuses its practical assent to the verities they represent. It demands, and will not be denied, a transformation of character where conversion is avowed, a lowly deportment where the name of Christ is named, in one word, a true blending of character and creed, of life and profession. Where this is not it withholds its ear, its heart, and its hand. To win the world for Christ we must be wholly and all for Christ ourselves. “Holiness unto the Lord” must be our motto written upon our foreheads, engraved upon our hearts. “I will be sanctified in them that come nigh Me, and before all the people I will be glorified.” This is a principle never departed from. Holiness is an essential condition of true and abiding success in spiritual service. It was when Peter saw himself to be a sinful man, and fell down at Jesus’ knees, that Jesus said unto him, “Fear not, from henceforth thou shalt catch men.” It was the boldness acquired by having been with Jesus that broke the arm of persecution at Jerusalem, and filled the city with their doctrine. So now, when our inner life is pervaded by sancti-
fying grace, our character adorned with "the beauty of the Lord," and all our works are redolent of His love, we cannot help being centres of saving influence. The holy contagion will spread, and men will come to our fellowship because they will perceive that the Lord is among us. Whatever may be our natural ability, our social position, our Connexional appliances, we must have the presence and power of the Spirit if we are going to arouse the careless, subdue the hardened, or save the lost. Men may be able and even eloquent expounders of the truth, yet if they preach not the Gospel with the Holy Ghost sent down from heaven their preaching will fail of its true effect. God never meant His Gospel to succeed without the Holy Ghost. The cross is an insult and a stumbling-block to human pride, and can never be acceptable without the convincing and melting power of the Spirit. To try to spread the Gospel without the Pentecostal baptism is to try to float a vessel without the tide, to work the steam engine without fire, to subdue the rigour of winter without the warm breath of spring. The thing is a burden, a weariness, a disappointment, a simple impossibility. Here, and here only, is the secret of non-success, and the sole cause of the oft recurring wail of failure. It is not that the work cannot be done, but that it cannot be done on our plan. We cannot succeed in our own wisdom and power. Success can only be achieved by "the power from on high." Let us then, as a Society, give ourselves to fervent and prolonged supplication, in full reliance upon the two "shall's" of our risen Lord:—"Ye shall be baptized with the Holy Ghost not many days hence," and "Ye shall receive power after that the Holy Ghost is come upon you"; and before many days have passed we shall be as full of power and as ready for service as is "a strong man to run a race."

Our Society is manifestly a child of Providence, and from its birth the Divine Father has graciously extended to it His paternal care. Never was this more evident than in recent times. Take one fact bearing particularly upon our Home Mission work. We are now at the close of the ninth decade of the present century. During this period eight Missions have become self-supporting Circuits, and yet at the beginning of the present Conference we had as many Missions as in 1880. Three more have now attained a similar position, so that in this time eleven Missions, or one more than an average of one for every year in the decade, have arrived at a state of Circuit independence. With the loss of eight from the list, the Home Missions have 309 more members than ten years ago, and nearly as many Local Preachers, Chapels, Preaching Places, and Scholars; whilst the paid agents are seven less; that is to say that the same amount of work is being done now by 46 ministers as was done then by 55. Take another fact bearing upon our work as a whole. Ten years ago that vigorous branch of our Society in Canada was with us; but in the year 1888, having amalgamated with the other Methodist bodies in the Dominion, it ceased to be reckoned in our returns. But during the decade we have nearly recovered the whole of that heavy loss. We have more than made up our loss in members, nearly that of Local Preachers and preaching places, and are making rapid strides
towards doing the same in the case of Chapels, Teachers, and Scholars,—a record sufficient to inspire the faintest heart and to quicken the most hesitating step. Coming to the past year, the fruitful shower and the glowing sunshine have not been withheld. The returns show an increase on the Mission Stations alone of 4 Missionaries, 41 Local Preachers, 7 Chapels, 9 Deaths, 261 Full Members, 28 Teachers, and 980 Scholars; and a decrease of 44 Emigrations, 158 admitted in the year, 79 on trial, and 67 Juveniles.

The income for the year is encouraging, the districts yielding the sum of £4,619 (including the Exeter Hall Meeting), being £303 in advance of that of last year. This has been raised by 90 Circuits and Missions, and will average about £51 each. The highest contribution on the part of any one circuit is from Newport and Ryde, £181, Shebbear comes next £174, Bristol £172, Plymouth £170, Holsworthy £165, Waterloo Road £151, Launceston £120, Exeter and Cardif, each £115, Kilhampton £104. Thus ten stations have contributed £1,467. Many others have done well, notably Bideford £90, Shanklin and Week St. Mary, each £84, Tavistock £80, Chatham £80, Callington £77, Jersey and Barnstable, though behind former years, £96 each. The 54 self-supporting circuits have raised £3,703, which is £303 above last year, and an average of £68 per circuit. Thirty-six missions have raised £894, an increase of £25, and an average of nearly £25 per mission. The increase, on the part of the missions, seems small as compared with that of the circuits, but it should be remembered that for two years previously the circuits have gone behind, whereas the missions have gone up. Going back to 1887 when the income increased nearly £400 in one year, it will be seen that the circuits are about £160, and the missions £86, beyond what they were then. Sixty-six stations have increased their missionary money £427. The largest increase is at Plymouth, £32 12s. 1d., then comes Holsworthy £29 14s. 6d., Bideford £26 1s. 10d., Northlew £16 1s. 9d., Millom £15 4s., Torrington £13 14s. 8d., St. Columb £12 16s. 10d., Callington £12 8s., Kilhampton £12 7s. 5d., Devonport £12 7s. 4d., Newport and Ryde £11 19s. 8d., Shebbear £11 14s. 2d., St. Just £11 9s. 4d., Week St. Mary £11 3s. 9d., Faversham £10 11s. 11d., Hatherleigh £10, Exeter £9 13s. 4d., Yarmouth £8 14s. 4d., Weare £8 3s. 7d., Hicks Mill £7 18s. 2d., Camelford £7 9s. 10d., Portsmouth £7 7s. 8d., Taunton £7 7s. 3d., Chatham £7 2s. 1d., Waterloo Road £6 13s. 3d., Penzance £6 6s. 5d., Tavistock £6 4s. 6d., Shanklin £6, Aberavon £5 16s. 1d., Cardiff £5 14s. 8d., Lee £5 10s. 5d., and several others have very creditable increases. Twenty-four Stations have gone behind to the amount of £101 3s. 8d. Some of these decreases are heavy, and, but for the liberality abounding elsewhere, must have had a very embarrassing effect upon the funds. The China Mission profits by the District contributions to the extent of £647, being £257 more than it received from this source last year, it being also rather more than five-sixths of the increase in the Home Circuits.
I.—HOME MISSIONS.

In the forty-one Mission Stations there is an increase of 12 local preachers, 3 preaching places, 9 deaths, 57 removals, 179 members, 5 teachers, and 577 scholars. There is a decrease of 47 emigrations, 128 in the number admitted, 107 on trial, and 67 Juveniles. The number admitted, though less than last year, is 62 above the average of the last 4 years. Twenty-nine missions have a combined increase of 275 members, two return the same number as last year, and nine have a decrease of 97. The highest number admitted on any one mission is 59, and that occurs at two places, Southampton and Cardiff, then follow Bolton with 51, Blackburn 50, South Tottenham 34, Somerton and Crewkerne 33 each, Newport (Mon.) 29, Southmolton and Tiverton 28 each, Kilburn 27, Taunton 25, Ilfracombe, Chepstow, Tenterden, and Sunderland, 24 each, Durham 23, Kingsbridge and Weston-super-Mare 21 each, and Bridgewater and Bradford 20 each. It is a matter for thankfulness that not one mission has been without the saving energy of the Holy Spirit. The total missionary money on the Home Missions is £394, being an increase of £25. The highest amount raised on any mission is at Cardiff, £115, Aberavon raises £71, and several others very substantial amounts.

The Receipts at Quarter Board are £3,443, being an increase of £7. Disbursements £3,729, an increase of £48. Twenty missions have a clear Quarter Board, 4 of the 20 having a surplus amounting to £17. On the other hand 14 have deficits reaching the sum of £285, being £40 more than last year. The new missions, to which grants have not yet been made, have raised for all purposes £470, and have expended £496. The total income on the Home Missions for the Quarter Board, for mission expenses on new missions, and for the Missionary Society, is £4,808.

Twelve missions have increased their membership, closed the year with a clear Quarter Board, and increased their missionary money. Thirteen exhibit two of these signs of progress, six only one, and four none at all. Aberavon has the honour of being in the first place on the list of Missions, and now asks and deserves the further honour of being placed on the list of self-supporting circuits. Guernsey has passed from the second class to the third place in the first, and asks the same honour. This is as it should be, missions should graduate from the lowest class to the highest, and then become self-supporting circuits. Chagford has voluntarily given up its grant for the past year, and, with the two already mentioned, asks to be allowed to take the honourable place of circuit independence.

FALMOUTH DISTRICT.—The St. Ives Mission has been worked with the Porthleven Circuit, since the pastor, Br. J. Carter, left for China.

SHEEBEAR DISTRICT.—There are two missions in this District. Southmolton has admitted 28 persons, the increase of members is 3, of missionary money, £1 3s. 10d., and the deficiency at Quarter Board £23 7s. 3d. Southmolton and Georganympton Chapels have been renovated at a small cost which has been nearly met. A society has been formed at Meeth. At Bishopshampton harmony prevails, but a better place of worship is much needed. Ilfracombe.—
This mission was opened January 19th, 1890. A congregation has been gathered averaging on Sunday evenings 80, and a society formed numbering 24. The services are held in the Lower Oxford Hall, the rent being £30 a year. The friends are earnest and liberal, having contributed the sum of £55 11s. 7d. towards furniture for the hall, an American organ and other expenses. There is reason to hope that a good cause will soon be established in the town.

EXETER DISTRICT has three missions. Kingsbridge has admitted 21, the increase of members is 5, of missionary money 4s. 6d., and a clear Quarter Board. The mission has but a limited staff of local preachers and suffers in consequence. Chagford.—Admitted 6, decrease of members 4, of missionary money £1 0s. 6d., and deficiency at Quarter Board £6 12s. 9d. The mission asks to be placed on the list of self-supporting circuits, having given up its grant for the last year. The circuit house is completed and occupied by the preacher. Tiverton and Bampton.—Admitted 28, increase of members 3, increase of missionary money £2 14s., and a clear Quarter Board. In almost every branch of the work there
has been a degree of prosperity. Some of the congregations have improved, and
give signs of more spiritual life and power. Preaching has been begun at Petton,
and from 50 to 70 regularly attend; a mission room or chapel is much needed.
The chapel debts have been reduced: Oakford, £115; Tiverton, £30, besides
raising £26 for improvements and paying off an adverse balance; Cheriton
Fitzpaine, £4; and Halberton, £6. Cadeleigh Chapel and Schoolroom have
been restored and upwards of £90 raised towards the cost. Halberton Chapel
is being renovated at a cost of £50, and there is a prospect that by Christmas
the money will be raised. A good work is being done on this mission.

BRISTOL DISTRICT has six missions. Admitted 136, net increase of members
32. Taunton.—Admitted 25, increase of members 5, increase of missionary
money £7 7s. 3d., and a clear Quarter Board. The mission has been preserved
in peace, and the members are resolved to do and suffer the will of God. One
member has died in the faith and hope of the Gospel. All departments of the
work have not only maintained the position of former years, but gone a little
ahead. Chapel debts have been reduced £111. Somerton.—Admitted 33, increase
of members 12, decrease of missionary money £8 18s. 3d., surplus at Quarter
Board £14 12s., which has enabled the friends to pay off last year’s debt.
Holiness conventions, evangelistic services, house to house visitation, and the
regular preaching of the Word, have been followed by encouraging results.
Sunday School work has been done under the Divine eye, and a few of the
scholars have professed faith in Christ. The Temperance and Band of Hope
department demands vigorous effort to stem the evils of the drink traffic.
Pilton Chapel has been renovated, and is now, both in appearance and comfort,
what all places of worship should be, and half the cost has been raised. About
£20 has been raised towards the re-seating of Somerton Chapel. The Station
has lost a good friend by the death of Mr. J. Allen; in the legacies he has
bequeathed for the furtherance of the Gospel, he has given evidence of his deep
and abiding interest in the work. This mission is doing well.

Weston-Super-Mare.—Admitted 21, increase of members 5, increase of missionary
money £4 4s. 5d., surplus at Quarter Board 4s. 4d. The year began with earnest
resolves and arduous toil, and closes with gratitude and thanksgiving to God.
A new sanctuary for Weston-Super-Mare, which had been long in contempla-
tion, is now an accomplished fact. The building is a credit to the Denomination,
and affords ample facilities for carrying on the work of God in all its branches.
A new era is dawning with the promise of a bright future. For sometime past
the church, congregation, and Sunday-school have been increasingly encouraging.
More interest is taken in the ordinary means of grace. The opening services of
the chapel were spiritual and refreshing, which greatly encouraged the friends.

“...The joy of the Lord is our strength.” Creeperne.—Admitted 33, increase of
members 1, increase of missionary money £2 12s. 2d., deficiency at Quarter
Board £28 2s. 5d. At some places there have been gracious out-pourings of the
Spirit, and both saints and sinners have felt the Divine power. Seventy persons
have professed conversion, though scarcely half that number have joined our
churches. The fruit gathered is often not at all in proportion to the blossom
that appears. But we are hoping for brighter days. Chapel debts have been
reduced this year more than for many years previously. Property has been
secured for a new chapel at Creeperne, thus promising an opportunity to build
up a central church that shall be as a backbone to the mission.

Portland.—
Admitted 4, members the same as last year, increase of missionary money
£s. 11d., deficiency at Quarter Board £16 6s. 6d. The congregations are fairly
good Sunday evenings at Wakeham, and they are considered to be a little im-
proved at Maidenwell. The Master’s presence has been enjoyed in the services,
sinners have felt the force of truth, and it is hoped they will soon yield to
the drawing Spirit. The chapel debts are being gradually reduced, and there
is a prospect of an opening at Westham, a growing locality near Weymouth.

Bridgwater.—Admitted 20, increase of members 9, increase of missionary money
£11s. 3d., a clear Quarter Board. The town congregations continue to grow,
and the Sunday schools are prospering; seven scholars have been brought to
the Saviour during the year, and Tract distribution and open-air preaching are
vigorously carried on. This Station is making progress, and it is hoped that
ere long it will become a strong and flourishing circuit.
London District has five missions. Clapham.—Admitted 3; decrease of members, 6; increase in missionary money, of 14s. 1d.; clear Quarter Board. Considering the number and resources of the friends, the missionary receipts are large, and are this year in advance of any previous year. The chapel debt has been further reduced. The Lord is still with his people, but the friends are convinced that great results must not be expected till they have learnt the secret how to savingly influence the multitudes around them. Kibburn.—Admitted 27; increase of members, 3; decrease of missionary money, 15s. 8d.; clear Quarter Board. The chapel debt has been reduced £100, and the regular receipts have improved, £155 having been raised by special effort. The meeting for the China Mission did much good, and resulted in raising several pounds for that object. The society is at peace, the mission in the autumn for deepening the spiritual life was blessed to many, the school has a noble band of workers, and the Band of Hope is working well. Woolwich.—Admitted 12; increase of members, 1; increase of missionary money, £2 17s. 7d.; clear Quarter Board. The year has been one of severe testing. The painful and protracted affliction of many families, and the removal of some of the most active workers and supporters have been the chief causes in preventing greater progress. The Harvest Festivals were occasions of much cheerful combination in service, and the monetary result has been a great help. The sale of work of Plumstead, including £15 from the Local Authorities, amounted to £61 19s. 4d., which, with the proceeds of the anniversaries at both places has enabled the trustees to meet the demand for road-making in connection with the Plumstead estate, and to pay off £10 of the debt at Eltham. The work among the young grows in interest; the Sunday School at Plumstead still sustains its position at the Sunday School Union Examination; and three scholars have joined the church. One, a sweet child of seven years, has been taken to the bosom of the Good Shepherd, saying in her last moments:—

"Fain I would to Thee be brought,
Dearest Lord, forbid me not;
Give me, dearest Lord, a place
In the Kingdom of Thy grace."

The Band of Hope is prosperous, and a young man's institute has been formed. At Eltham a Juvenile Band of Hope has been instituted with pleasing prospects. The good done is more than appears in our tabular reports. One, not a member but "a constant hearer," has been called up higher, and others have had a sense of Divine mercy in their afflictions. South Tottenham.—Admitted, 34, increase of members 1, increase of missionary money £3 0s. 6d., clear Quarter Board. The year has been remarkable both for trial and blessing. In the midst of a serious crisis special manifestations of the Divine presence were granted, and for several weeks conversions were frequent until twenty persons were admitted into the church. Recently, interesting additions have taken place. A young woman found the Lord at the Bible class; two youths, whose parents have joined us, are about to be publicly admitted as juvenile members, by baptism; a man finding the craving for drink growing on him, but being unable to forget his mother's prayers, came to the Saturday Prayer Meeting in great spiritual distress, found mercy, and is now leading an earnest Christian life. The Sunday School and Band of Hope continue to prosper, the latter in particular having considerably increased. A Mothers' Meeting conducted on strictly religious principles is held once a week with an average attendance of about 20. Lectures on temperance and international peace were delivered at intervals during the winter, and were well attended. By a bazaar in the spring £60 was raised in aid of the Trust Fund. There are many true-hearted friends, and the motto of the mission is "Forward!"

Sevenoaks.—Admitted 17, increase of members 3, decrease in missionary money, £1 6s. 10d., clear Quarter Board. The spiritual life of some of the members has been deepened, and they have done a good work for Christ. The Pastor has delivered from door to door many hundreds of leaflets and tracts, and cordially invited the people to the House of God. Three friends have died in the Lord. The preaching of the word has been sometimes accompanied by the power of the Holy Ghost in an extraordinary degree. Special services at some places were attended with much blessing.
PORTSMOUTH DISTRICT has three missions. Lip hook.—Admitted 12, members the same as last year, increase of missionary money £1 1s. 1d., deficiency at Quarter Board £23 3s. 6d. The labour has not been in vain. The presence of the Lord has many times been felt in the services. Many influences work against the mission, but most of them might be conquered by greater consecration and devotion to the Redeemer’s cause. The congregations and societies are small, but there are a few true, much valued friends who support the cause very heartily. On the whole, the Mission is thought to be equal to what it was a year ago, if not a little improved. Southampton.—Admitted 59, increase of members 8, increase of missionary money £2 13s. 8d., deficiency at Quarter Board £5 19s. 8d. The mission has had many signal proofs of the goodness of God. In most of the places His presence has been manifested in the building up of saints and the conversion of sinners. Special services, without special agents, have been successful. Evidence has been given that faithful Christians die well; four of the oldest members have experienced glorious sunsets as they have passed away, and Heaven is all the richer for their absence from us. More local preachers are wanted in order to work the ground successfully. Instability among many of the members militated against progress, and inattention to the means of grace is much to be deplored; too many belong to that class of people who satisfy themselves with attending the Sunday evening service only. The Chapel debts need attention, but how to touch them when there is so much to raise for the circuit by special effort is a problem not easy to solve. Crondall.—Admitted 7, decrease of members 18, increase of missionary money 9s. 3d., deficiency at Quarter Board £25 1s. 11d. At the beginning of the year, discouragements had to be faced, but in the name of the Lord His people set up their banners, and held Thanksgiving Services, which proved to be gracious seasons of refreshing. Their hearts have been greatly cheered by the presence and smile of the Master, and the melting power has often been felt in their gatherings, at some of the Sacramental Services especially. Special services have been held at all the places, and at some of them the Church has been quickened, the congregation increased, and a few souls have found the Saviour. The debt on Crondall Chapel has been reduced £10.

NEWPORT DISTRICT.—Newport, Mon.—Admitted 29, increase of members 11, decrease of missionary money £1 7s. 11d., deficiency at Quarter Board £15 16s. The all-day Convention and eight-day Mission held early in the year were occasions of great spiritual blessing to the Church and Sunday School. Another mission, more recently held, has been productive of union and good feeling in the church, and of a small increase of members. The Prayer and Class Meetings are neglected, but the monthly observance of the Lord’s Supper is largely attended, and the public services have often been fraught with power and blessing. The Sunday School is in a flourishing condition and the Band of Hope is well attended and worked with vigour. The friends support the cause with great liberality. Last year’s circuit deficiency of £21 has been met, two years’ ground rent for the chapel paid, and the chapel debt reduced £9 12s. 8d. The most encouraging part of the year’s work is the opening of a cause at Maindee, where there is a membership of 22, a Sunday evening congregation of from 50 to 70, and the Sunday school is growing so rapidly that the hall which is capable of accommodating 100 adults is not large enough to contain the children desirous of attending. The station, as a whole, is full of promise for the future, and the voice of God is unmistakably saying “go forward.” Blaenavon.—Admitted 15, increase of members 4, increase of missionary money £2 6s. 4d., deficiency at Quarter Board £12 4s. 6d. A few special services have been held and some persons decided for Christ, and most of them are hopefully warring a good warfare. Material progress has been made at Garndiffaith; the chapel has been renovated and a new American organ purchased, and the cost met; the change in Abersychan Chapel is really astonishing, and nearly the amount required has been raised to pay for the improvements; at Cwmilltery two friends have raised £9 towards building boundary walls; the total sum of £57 has been raised at these three places towards £66 expended. Llanelli Hill is working well, but a chapel is needed. O that all were true to God, to themselves, and to each other! Chepstow.—Admitted 24, increase of members 9, decrease of missionary money £1 2s. 10d., deficiency at Quarter Board
£7 19s. 11d. There has been much to encourage during the year. Br. N. Coppin's services through the winter were very valuable. The societies he visited were quickened, encouraged, and much blessed, and in some places a few were converted to God. Yet with all the labour expended, many places are still low and weak. Two of the oldest and most valued local preachers, Mr. W. Malpas and Mr. T. Waite, who for many years were most unfailing workers, have entered into rest. Nine others, whose names are on the plan, are, through age or infirmity, incapacitated for active service; so that it is with difficulty the pulpits can be supplied. Aberavon.—Admitted 18, increase of members 28, increase of missionary money £5 5s. 1d., clear Quarter Board. Evangelistic services have been held in nearly all the places, and a true spirit of devotion pervaded them; a few professed conversion, but larger results have often been secured by smaller efforts. The sad and terrible disaster at the Morfa Pit Colliery, caused a considerable panic at Aberavon and neighbourhood for a while, and greatly interfered with the Missionary Receipts of that place, but the friends there and throughout the circuit have nobly sustained the funds. The Sunday schools deserve all praise, through whose indefatigable efforts the losses are more than made up. Six excellent members have gone to their reward. Unity exists in the station, friends are true and trustful, and a spirit of helpfulness prevails throughout the societies. The mission asks and deserves the honour to be made a self-supporting circuit. Cardiff.—Admitted 59, increase of members 3, increase of missionary money £5 14s. 8d., clear Quarter Board. There has not been such a quickening and ingathering as last year, but occasional conversions have gladdened the hearts of the workers. The two missions, Canton and Milford Street, opened last year, are doing well. The new school and class rooms at Diamond Street afford a good opportunity for work amongst the young and the poor. The total cost is £707, and the amount has been raised by a succession of efforts beginning at Christmas, 1886. The new chapel at Miskin Street will be complete immediately after Conference, and there are already signs that its erection will give an impetus to the work in the neighbourhood. The building fund amounts to £708. The total raised on the station for all purposes during the year is £1,263, and for the last two years, £2,016, being an average of £19 7s. 8d. per week. The report is altogether an encouraging one. Llantrissant.—Admitted 9, increase of members 5, increase of missionary money £4 13s. 2d., surplus at Quarter Board £1 6s. 1d. The severe depression from which the neighbourhood has suffered for some years being now partially removed, the prospect of the mission has brightened. The Lord has been present, and has poured out His blessing, now in gentle droppings and again in copious showers. Chapel debts have been reduced: £50 at Tonycerfaid, and £18 at Llantrissant. The receipts to Quarter Board are £66 in advance. The mission has raised for all purposes upwards of £200.

Chatham District has four missions. Sheerness.—Admitted 10, increase of members 5, increase of missionary money £1 9s. 7d., clear Quarter Board. A small measure of improvement in every respect is reported. The congregations have increased, the attendance at the Sunday school is larger than ever before, and the society is strengthened by an addition of members, several of whom are in the prime of life, and give promise of great usefulness. The Lord's Supper and the Prayer Meetings are fairly well attended, the ministry of the word is prized by the people, and the means of grace generally are seasons of spiritual power and blessing. Hope is cherished for the future, but a much larger growth is requisite, in order that the mission may become self-sustaining. Tenterden.—Admitted 24, increase of members 4, decrease of missionary money £2 19s. 2d., clear Quarter Board. The congregations for the most part are fairly good. Local preachers are much needed for the efficient working of the mission. In five of the chapels, improvements have been made costing altogether £23 13s., and the amount raised. Chapel debts have been reduced £116. Surely the set time to favour Zion is come, for the Lord's servants favour the dust thereof. Spiritual blessing has been granted, more especially at Woodchurch, where there have been occasional conversions from November to the present time. A few have been added at other places. On the whole the station wears a hopeful aspect. Hastings.—Admitted 2, decrease of missionary money £2 9s. 8d., deficiency at Quarter Board £46 5s. The year has been one
of adversity to the mission, through the serious and prolonged illness of the pastor. The brother, however, who was sent to take his place has diligently applied himself to pastoral duty, and the regular services have been sustained. The Sunday schools are in a fairly prosperous condition, the congregations are sometimes good, the anniversaries have been successful, and our old friends continue to display undiminished interest in the good cause. The preaching of the Gospel in those parts is still urgently needed, and we believe that through the Divine blessing on the labours of an efficient minister, there is ground to hope for future success. Elham.—Admitted 16, increase of members 16, decrease of missionary money £2 13s. 11d., surplus at Quarter Board £1 15s. 10d. Two much respected friends have died during the year. Elham Chapel has been re-seated at a cost of about £20, and the amount raised. Improvements have also been made at Stouting Chapel and paid for. The funds have been well sustained, and the sum of £32 has been raised by special effort for the Quarter Board, by which the circuit is free from debt, with a small balance in hand. A good work has been done on this station in the last four years, the membership has been doubled, and the sum of £244 raised for chapel purposes alone.

Bradford District has nine missions. Barrow.—Admitted 2, decrease of members 3, and deficiency at Quarter Board of £2 7s. 1d. The year has been one of struggle and anxiety. There are some good workers whose interest is earnest and constant. The Sunday school is efficiently conducted, and several of the young people are juvenile members. The public services have been encouraging and at times much spiritual power has been felt. A month's Sunday evening services for the people were well attended, and good was done. The sacrament services have been times of blessing. The church is at peace. Dalton.—Admitted 9, increase of members 2, and of missionary money 4s. 8d., deficiency at Quarter Board £6. There are 35 juvenile members. Unity prevails, the services are fairly well attended, the week night attendance is very encouraging, and a few souls have been saved. Repairs have been effected costing £6 in cash, and the renovation has been done by gratuitous labour willingly rendered by the friends themselves. The Ladies' Association at Dalton has realized £19, and that at Swarthmoor £5, on behalf of the funds. Durham.—Admitted 23, decrease of members 17, clear Quarter Board. Revival services have been held at each place, and many professed conversion, but as worldliness abounds and the spiritual life of many of the members is low, several have fallen away. Some places have done well on behalf of the chapels, and the burdens are being lessened. Sunderland, opened in October, 1899, wears a hopeful aspect. The congregations are good, and 22 meet in church fellowship; in the Sunday school there are seven teachers and 60 scholars, and the Band of Hope is making progress. Larger accommodation is needed, and we hope the day is not far distant when it will be obtained. Cleveland.—Admitted 6, decrease of members 14, decrease of missionary money 9s. 7d., deficiency at Quarter Board £5 11s. Religious indifference, the love of horse-racing, gambling, and strong drink, are found to be great hindrances. Special services have been held, but with all the efforts put forth the increase is not equal to the loss. The debt on Brotton Chapel has been reduced £100, and nearly all the money borrowed on the chapels is now at 4 instead of 5 per cent, effecting a saving of interest of about £10 per annum. Bradford.—Admitted 20, decrease of members 7, decrease of missionary money £2 1s. 4d., deficiency at Quarter Board £39 15s. 9d. The spiritual state is not satisfactory; yet during the year the presence of God has been at times blessedly realized. Special services were held in December, when several professed conversion. In May an eighteen days' mission was conducted by Miss North, and a few professed conversion, but the services were not well attended. Some 38 persons have openly declared for Christ during the year, but 18 of them were on the class book at the time of their conversion, hence the small increase of full members. Ennerdale.—Admitted 3, increase of members 2, decrease of missionary money 7s. 7d., clear Quarter Board. Several friends have removed from the neighbourhood. Special services have been held and impressions made, but it is difficult to bring the people to decision for Christ. Many of the members are earnestly devoted to the cause of God. Sunday school and Temperance work has been successfully carried on. The work of extension at Pica is slow. A Mission room is shortly to be opened by
the Moresby Coal Company, in which we may hold one service on Sundays only, but it is the strong opinion of many of the friends that much headway cannot be made unless a place of worship is erected. Blackburn.—Admitted 50, increase of members 30, raised for the mission £324 12s. 9d. The good work still goes on, and many have been converted during the year. The cause has been well supported by the friends. The Temperance movement has been kept well to the front and good has resulted from it. The whole of the Central Hall property, where the services are held, has been purchased at a cost of £1,500; and the cost of transfer £19, alterations £25, furniture of hall £27, has been met and £150 of the debt paid. Bolton, opened in October last, is promising, and has a society of 45 full members with 6 on trial, and a Sunday school with 16 teachers and 200 scholars. The work of the Lord is going forward in both these missions, and new openings are presenting themselves on every hand.

Guernsey.—Admitted 19, increase of members 7, increase of missionary money £2 14s. 8d., clear Quarter Board. Congregations are good, the ministry of the word is enjoyed, and the monthly sacrament service well attended. The friends are hearty and united. Nine members of society have been removed by death. Two were very aged, of whom one had been connected with the society from the beginning, 67 years since. The rest, for the most part were cut down in the flower of life, and were those from whom a long period of useful labour might have been expected. All of them made a most triumphant end. The mission asks to be put on the list of self-supporting circuits. Its future prospects are full of hope.

II.—COLONIAL MISSIONS.

1.—SOUTH AUSTRALIA.

The year now closed has not been as eventful as some of its predecessors. The work, however, gives evident signs of Divine life; and the success achieved we gratefully attribute to the abiding presence and power of our risen Christ. The enjoyment by all the agents of His unchanging love and grace affords reasonable ground of expectation that the conquests of the future will greatly exceed those of the past. The accumulated experience of past years compels to a renewed consecration to this glorious service. With a deep sense of the reasonableness of Christ’s claims, the richness of His grace, and the assurance of the universal triumph of His redeeming plan, we see that the possibilities before us are without limit.

A brief recital of some encouraging facts cannot fail to awaken the gratitude and stimulate the zeal of both the workers and supporters of this Society. It must never be forgotten that every effort to extend the work is in the face of much difficulty and opposition; but we are sure of strength, safety and victory, in the abiding Christ, and if progress is slow it is real.

The reports from the several stations show that conversions have been witnessed in nearly all of them, and in some the ingatherings have been numerous. In all 331 persons have been admitted to our membership, being 38 more than last year. It is a matter for deep regret that after making good the wear and tear the number of members has not increased.

The total missionary receipts are £545 13s. 11d.; this is an encouraging increase, but a larger income is needed to meet the demands upon the treasury. In some places—Bowden and Goodwood for example—
the young have rendered timely help, and raised nearly £50. There can be no substantial reason why the young people in many other places should not do likewise.

The Trust Property is for the most part in a healthy working condition. There are 136 churches, providing accommodation for 16,915 persons. Three of these churches are new and reported for the first time—Mount Torrens, costing £516 11s. 4d., was opened for the worship of God free of debt; Tickera, costing £247 16s. 6d., of which £132 12s. 1d. was raised; and Halbury, costing £214 14s. 1d., of which £165 1s. 9d. was raised. All three are stone structures. 21 of the Trust Estates have been repaired, and at a total cost of £438, and nearly all met. Some stations have done well in removing liabilities. The Keilli Station deserves special mention. On three churches the total debt of £108 5s. 6d. has been paid off. The debts on the Kadina, Marabel, East Moonta, and Goodwood Estates, Crystal Brook Manse, Snowtown house, in the total have been reduced £290. The total reduction of debt on the Trust Estates is £957 4s. 10d.

The work among the young grows in interest and fruitfulness. There are 904 teachers—an increase of 4, and 6,644 scholars—an increase of 449. It is cause for gratitude to God that 109 of the scholars have united with the church. This is a considerable advance upon the report of last year. It ought to be remembered that persons of all ranks owe much to this Institution, and our churches are being fed from year to year as a result of this valuable work. The total income is £1,284 4s. 1d., and the expenditure £1,109 11s. 1d. Trust and circuit finances have been assisted by some schools—an example that might be more generally followed.

It is gratifying to note that the sum of £300 has been removed from the debt of Way College Estate. A special agent is also set apart for this department of service.

In the past ten years the increase in churches, members, teachers and scholars, is close upon 30 per cent. We thank God and take courage.

2.—MISSIONS IN VICTORIA.

This gradually enlarging field has again yielded much precious fruit. The blessings received, the victories already achieved, and the needs of the perishing are incentives to press forward in our great work. There is reason to greatly rejoice in the prosperity which, under God, has attended the labours of His servants. The prosperity is an encouraging fact, calling for unfeigned praise, and also stimulating to further efforts that we may have still greater occasion to joy before God "according to the joy of harvest, and as men rejoice when they divide the spoil."

It is gratifying to observe in the returns that two new stations—Kaniva and Warracknabeal—have been opened in the Wimmera District, and one new station—Cohuna and Patho—in the Numurkah District. This spirit of aggression is a striking feature of the work in this Colony, and is a good evidence that God's love is the motive power diffusing itself by its own inherent force.
There is also an increase of 14 local preachers, 7 churches, 55 members, 6 Sunday School teachers, and 7 scholars. The total number admitted to our fellowship is 325. A considerable number of the senior scholars have united with the church, and are giving promise of great usefulness. Nearly all the teachers are members of the church, and most of the teachers and scholars are members of Bands of Hope and Temperance Societies. It is felt, however, that if more of the talent in the churches were consecrated to this noble work, much greater progress would be witnessed. There are 815 teachers and 5,614 scholars.

The provision of suitable accommodation for missionaries, congregations, and schools has been vigorously prosecuted. In the Melbourne District, at Carlton and Auburn, commodious parsonages have been erected, costing together about £1,250. At Brunswick a neat church has been built at a cost, including land, of £700. At Footscray a small schoolroom has been provided, costing upwards of £30, and all met. In the Bambra circuit a small church has been opened and the whole cost raised. Total reductions of debt in the district £291. In the Ballarat District, Skipton Street Church, Ballarat, has been renovated and improved at a cost of £200, and the debt reduced £400. Humffray Street Church has been renovated and adorned at a cost of £104, and the whole amount raised by a sale of gifts. The property is now among the most attractive in the Colony. Some other estates have been improved, and the debts on Alldena and Camperdown churches have been reduced £80. In some places, in the Sandhurst District, strenuous efforts have been necessary to meet current expenses. Debts have been reduced £89. At Maldon £100 has been spent in improvements, at Daylesford £80 has been raised towards a new schoolroom, and £30 for renovation. In the Wimmera District, several buildings have been erected and purchased. The new openings are at Wailwes, Lawloit North, Miram, Piram, Lawloit, and Kaniva. Pioneer work is being successfully done and many new openings of promise are mentioned. In the Numurkah District, the opening of the new church at Numurkah is the principal item of interest. It cost £800, and half the amount has been raised. Of the two last named districts it should be stated, that prevailing floods militated seriously against all efforts for church finances. The total debt paid off is £1,117, and raised for improvements £2,532. Best of all is the fact that in nearly all our churches the glory of the Divine presence has been manifested in sovereign and saving grace.

The Missionary income is £1,935 17s. 3d., being a small amount less than that of last year. It is also regretted that the Sunday Schools have not done quite so well for the China Mission; but this deficiency it is hoped will be more than made up in the current year. It is, however, gratifying that the sum of £70 has been raised for the Worn-out Preachers’ Fund, and nearly £500 has been raised in connection with the Jubilee Fund inaugurated a year ago. If this fund is made, as it will doubtless be, a splendid success, the Trust Estates will be greatly benefited.

This record of Missionary activity shows by comparison that in ten years the work, in almost every particular, has doubled itself. In the membership it is considerably more. To God be the praise.

3.—MISSION IN QUEENSLAND.

This rapidly-growing and attractive Colony demands more attention than it has hitherto received. The rapid increase of the population, largely through emigration from our own country, the wonderful resources of the country, the inviting openings for missionary toil, and the steady improvement which is manifest in our mission work,
are substantial reasons for an immediate further advance. Some facts indicating progress will be welcome.

At Clifton Terrace "the church has been lined, painted, and made to look beautiful. What is now needed is an out-pouring of the Holy Spirit." At Kelvin Grove the church has been enlarged and lined, and a vestry added. There is a marked improvement in the appearance and convenience of the church premises. The total cost was £94 4s. 0d. Raised towards it by collecting books and re-opening services £48 8s. 1d. The provisions for tea were given by ladies of the congregation. A "glorious revival among the converted and unconverted is now needed. May it speedily come."

One of the new places reported last year is working well, and the interest manifested is a source of much encouragement. Until the arrival of more help to efficiently work the ground, the progress must continue to be slow.

Miss Seldon, now Mrs. Bennett, received so hearty a welcome on her arrival that she scarcely realises she is in a foreign land surrounded by strangers. Mrs. Bennett is throwing herself most heartily into church and Sunday School work. She has under instruction a class of more than twenty young ladies. Kelvin Grove gives great promise of success. The accompanying statement from the Pastor shows that the addition of Br. J. H. Hooper to the staff of workers was much needed. Br. Rounefell says:

"During the year we have had some success and some failure. A part of our work is so near the city that we suffer almost at once if we cannot give our congregations a good supply. We do not gain in power and influence by extension, except we can get more ministerial workers. We feel we must extend; but new openings will, of necessity, be an injury to our old places until we are sufficiently reinforced. May the missionary spirit be sufficiently strong to inspire faithful workers to supply the partly cultivated fields, and also to break up the fallow ground."

Br. J. H. Hooper sailed from Plymouth in the "Austral" on Sunday morning, June 22nd, and is, no doubt, now actively engaged in the work to which he has whole-heartedly given himself.

4.—MISSION IN NEW ZEALAND.

Sentences such as—"real go in them," "from beginning to end, an unqualified success," "Mr. Ready commenced singing to thousands of passing strangers"—culled from recent reports, furnish a clue to the present prosperous condition of this mission. Only five years ago, owing to a succession of unfavourable circumstances, it had a desperate struggle for existence; at present it has more than recovered the vigour and promise of the first years of its glowing life. In 1885, it had only 1 missionary, 19 local preachers, 3 chapels, 123 members, 30 teachers, and 210 scholars. Now there are 6 stations, 7 missionaries, 22 local preachers, 8 chapels, 80 teachers, and 600 scholars, and the missionary income has increased from £9 to £125 9s. 0d.

A large and most convenient ministers' residence has been built in Christchurch, and the churches in Christchurch and Addington are second erections, much more commodious and attractive buildings than the first were. This progress is largely due to the self-sacrifice, resource and energy of the superintendent of the mission, together with the hearty co-operation of Mrs. Orchard and other devoted friends of the cause.
Br. Orchard's visit to our last Conference, and his sermons and addresses in this country are a precious memory, and help to explain the secret of the success of his pioneer missionary work. On their return Mr. and Mrs. Orchard were everywhere enthusiastically welcomed, and it was a source of no little joy to them to find that, through the hearty co-operation of missionaries and friends, the interests of the mission had been so well sustained in their absence.

The last Conference appointed Br. B. H. Ginger to New Zealand, and since his arrival he has been doing successful mission work. Miss Luxton (now Mrs. Ready) went out with Mr. and Mrs. Orchard. In April Mr. and Mrs. Ready went to Dunedin, where they were kindly received and entertained by Mr. and Mrs. Richard Vanstone (formerly of Northpetherwin, Launceston Circuit). Mr. Ready has taken the Odd-Fellows' Hall, a "fine looking building in a good position," and large enough to seat from two to three hundred persons.

Mr. Orchard sends the following interesting and stimulating report:—

"Our work in New Zealand still presents many very encouraging features. The friends everywhere on the ground recently taken up manifest much kindness to the Missionaries, as will be seen from the fact that Waikari, Courtenay, and Banks Peninsula Missions, have almost sustained their agents. Cromwell, owing to the painful affliction of the Home Missionary, has drawn rather heavily from our funds. Bro. Quintrell, however, who has recently been stationed there, writes very hopefully of the district, and hopes soon to have a church built at Cromwell, which he believes will greatly consolidate our interest in that place, and reckons that as the friends are so hearty in the matter, there will be only a debt of about £50. Steps are also being taken to build at Waikari and Kaiapoi. Our Dunedin opening is most cheering. On the return of the superintendent, Bro. Ready was appointed to that beautiful city. He received but little encouragement from many; but he went in the strength of the Master, and first took his stand in the open-air, and as he sang sweetly and pathetically, as we have often heard him sing, cheered by his young wife, who nobly stood by his side, a crowd soon gathered, and now he has a fine congregation every Sabbath, worshipping in the Rattray Street Hall. A Sabbath School has been started, a society formed, and 57 persons remained to the first communion service. Surely the outlook is very encouraging. Our work in the Christchurch circuit is still aggressive and prosperous. A mission, conducted by Mr. Richard Coad, in our City and Addington Churches, was the means of a great spiritual quickening, and many were added unto the church, such, we hope, as shall be eternally saved. Bro. Ginger, who was appointed to this Colony by the Holsworthy Conference, is working hard and well, and living in the affections of the people. But still our cry is for more agents to "come over and help us." There are many promising openings, and we are eager to embrace them with all speed. We are happy to find that we can report a very encouraging increase in every department of our church in this Colony for the past year."

III.—FOREIGN.

MISSION IN CHINA.

"China's millions for Christ" is a conception that every Christian should be eager to share in the honour of accomplishing. There is now an opportunity. The privilege of our day "is more augustly awful than any in previous human history." What are the facts staring us in the face? There are about 700 Missionaries in China
working among 350 millions of people, one Missionary to each 500,000 souls. "Preach the Gospel to every creature" is the command of our Divine Master, and it should be the watchword of every consecrated worker in this cause. The possibility of obeying this command so far as China is concerned is shown in the pamphlet recently issued by the Rev. J. Hudson Taylor, and has been emphasized by the large Missionary Conference, held in Shanghai, in the early part of May.

A thousand more Missionaries—five hundred from Europe, and five hundred from America and Canada—is the immediate need. If the thousand Missionaries were sent without delay Mr. Taylor and others think that every family in China might be visited in about three years with the glad tidings of salvation. What is wanted is "a thousand persons, filled with the Saviour's compassion, ready for self-sacrifice, and hardship, and toil; a thousand who have learned to stand alone with God, and live as serving Him who is Invisible, to go everywhere preaching the word."

Our agents in China are intensely desirous that we should be forward to supply our full share of the needed workers. Our beloved friends Mr. and Mrs. S. T. Thorne had the privilege of attending the Shanghai Conference. Writing immediately at the close Mr. Thorne says:—"I am sending copies of the various appeals made by the Conference. Will you kindly see them distributed throughout the Connexion. Twenty-five is our share of the 1,000 in five years. What is the answer of the Connexion?" Mrs. Thorne hopes our people may not fail to occupy that part of the field which the Lord of the harvest has marked out for them, and thus share in the "unspeakable privilege and blessing of helping to bring China to the Redeemer's feet."

The vastness of the work we have undertaken may be seen not only from the call for a thousand additional workers, but from the subjoined reports from the ground now occupied by our honoured agents.

YUNNAN FU STATION, 1889.

We review the year with mingled feelings. 1888 was a season of wonderful blessing, and this year was begun with large expectations. Plans were made for making the best use of our opportunities, and doing the greatest possible variety of work. While grateful that so much has been done, we are disappointed that the visible results are so small, but the full results of such inevitable foundation work as ours cannot be tabulated.

PERIODICAL Since our last report was made Mr. Vanstone and Mr. Pollard have and other paid a visit to Chao-Tong Fu, and much good work was done in preaching and bookselling on each of those journeys.

One hundred and fifteen regular fortnightly visits have been made to twelve villages, and fourteen other villages have been visited at extra times. On these visits we try to gather the people in order that we may preach to and converse with them, and in every possible way try to win their confidence and affection.

OPEN-AIR MEETINGS. Sixty-five Open-Air Meetings have been held in the City beside the usual marches on the streets on Sunday and week evenings. One hundred and twenty-five afternoons have been spent in preaching, conversation, and bookselling at the Hall in the main street.
Three quarterly visits have been made to markets in the neighbourhood of Yang-Kai, about 60 li from here. On these occasions thousands of people have heard the Gospel of salvation, and hundreds of Gospel tracts have been sold. During the year 30,000 cash worth of books and tracts have been sold and given away.

Hardly a day has passed without several cases of sickness being attended to; and home-made and other medicines have been given away on 1,144 occasions, with the result that much relief has been afforded and many cures effected.

Nineteen opium poisoning cases have been treated; in some instances we were called too late, but in many others life was saved. Twelve taels worth of anti-opium medicine has been sold, and we trust that in some cases the habit of opium smoking has been broken off.

Daily morning prayers have been held with the servants, also three meetings on Sundays and one every evening just as it gets dark. Mr. Pollard has generally spent sometime each day in giving the school boys Scripture lessons, and while our school has not been and School the success we anticipated through various influences used to hinder this part of the work, over twenty children have come and gone, and those who were in the school only a few months will have learned never-to-be-forgotten lessons of the Saviour which perhaps may lead to their salvation in years to come. There are now seven bright lads in the school.

In the early part of the year a weekly instruction class was commenced for Christians and enquirers.

Two series of Evangelistic services have been held by the C. I. M. friends and ourselves: one at the Chinese new year for sixteen days, and one in August for ten days. In each case large numbers of hand-bills were distributed from house to house.

A thousand Gospels and other good books were given to students from all parts of the Province on their leaving the M. A. Examination.

Early in the year Lai-Wei, one of the five composing our infant church, was taken from us by death after a short illness, and thank God, there is reason to hope he is gone to the better country. On the 29th of April Mr. and Mrs. Vanstone lost their little girl, aged six months. Mr. Vanstone was laid aside by remittent fever for some weeks in October.

Enquirers, of whom great hopes were entertained, have dropped off, and others who for a time were regular attendants at the preaching services ceased to come when they found out what it meant to become a disciple of Christ, and no pecuniary advantage was to be secured from the foreigners.

We looked forward to a considerable number being saved this year, but have not had the joy of baptizing one; this to us is a sore trial; much harder to bear than the Chín Tan wreck, or any other trial experienced in China.

Some months ago, after much thought and prayer, our Christian cook was promoted to the position of local-preacher and colporteur, and has given great promise of usefulness. He is at present supported by friends in China.

The services for native Christians on Sunday mornings have usually been times of refreshing from the presence of the Lord. A weekly collection has been started and we are encouraged by the way in which the Christians give. The people are beginning to understand what we are aiming at, and realize that it is no easy matter to join the Church of Christ. While many at present have not the courage to make the sacrifice required, and brave the persecution that must follow, their awakened consciences, must lead them eventually to make the enquiry, "What must I do to be saved?" This we anticipate ere long.
God has said, "Ask of Me and I shall give thee the heathen for thine inheritance, and the uttermost parts of the earth for thy possession." With this and many other passages, we have no doubt as to the final results, if God's servants are only found faithful in the time of toil and waiting. That this may be so, your Missionaries never needed the fervent constant prayers of the Church at home more than now. "Brethren, pray for us." Hold up our hands that our faith fail not.

**CHAO TUNG FU STATION, 1889.**

We praise God for grace and strength to fulfil the duties of another year. By the blessing of God we have been keeping up a constant attack on the enemy of souls, by chapel preaching, street preaching, village preaching, bookselling, house to house visitation (chiefly by Mrs. Thorne), visiting markets, overseeing a day school on the premises, and dispensing medicines.

We have kept up a continuous evening service now for more than fifteen months, and we still have at times forty or fifty people listening to the proclamation of the truth. During the first three months we held forty-two services at the Lower Hall, Hsihsi Yuan Street, but when the triennial examinations began, we thought it best to discontinue those services, a step we have since regretted.

Generally in the afternoons, when in town, we have been on the streets, and several corners and open spaces are regularly visited.

**STREET PREACHING.** It was on one of these occasions that Br. F. J. Dymond met an idol procession, and because he would not doff his hat to the idol, was struck several times. His firmness, and withal his quietness, we have reason to know produced a good effect.

**VILLAGE WORK.** A good deal of work has been done outside the city; we have paid 106 visits to twenty villages, and have also been further afield to many markets and towns around.

We have spent sixty-nine days in visiting about thirty markets and towns, not reckoning Br. Dymond’s journey in February to Yunnan Fu to get a helper for Mrs. Thorne. These visits include a journey taken by Mr. and Mrs. Thorne to Ta Kuan, another journey taken by Mrs. Thorne and her woman servant to Sa-i-ho, a visit by Br. Thorne in company with Br. S. Pollard to Lung-leo-shan and beyond, and four journeys to other places on entirely new ground, which it is almost certain have never been visited by any foreigner before. The scenery in some places is magnificent, but miserable specimens of humanity are everywhere to be seen. And the more we do, and the farther we go, the more we realize how utterly unable we are to overtake the work. Hundreds of markets still lie around us that we are unable to visit, and many villages still within easy reach if we had time to visit them.

**BOOK SELLING.** Since Br. Thorne first came to Chao Tung (Aug. 1887), over 4,000 books have been sold. We pray the Lord to make those books a blessing, and if it be His will very soon to raise up a suitable colporteur.

Both in Chao Tung Fu and in the markets and towns, we have sold portions of scripture and tracts amounting to 19,000 cash.

**DAY SCHOOL.** The highest number of scholars was 25, we close the year with 17. At home we have had a Day school for both boys and girls. The highest number of scholars was 25, we close the year with 17.

The attendance has varied, averaging from 7 to 13. During the summer the attendance was lowest. The cost of the heathen teacher has been the only expense—Shanghai taels 38.73. We have gradually encroached on the teacher's time, and given the scholars portions of scripture or hymns to learn; on Sundays, all day long, and latterly a lesson every day in the week. Another year, if we pay more attention to the children, and get a teacher at less salary, the school may be more useful as well as less expensive. Most of the children have learnt the great truths of the Gospel, and can sing several hymns.
Another branch of the work is medicine dispensing. We are
sought on many cases of poisoning. During the year we have
gone to 63 cases, sixty-two of them opium cases. For the first six
months we made no charge for medicine; the numbers applying
were very large, but as we feared in many cases the medicine was not used, we
decided on making a small charge (20 cash) on every case, which has much
lessened the number of applicants. In nine months we have attended to 1,500
applications from persons suffering from wounds, burns, ague, fever, erysipelas,
etc., etc. In many cases we are wholly incompetent.

The spiritual results of the year are disappointing. The old blind
woman, over 80, still continues to confess her faith in Christ, and
now at the close of the year we have been greatly cheered by
seeing a small rift in the cloud. A family of cracker makers,
whose mother had been severely burnt in an explosion, have at our solicitude,
burnt their paper idols, and now continually pray to our Heavenly Father for
the healing of the mother. Our prayer is that they all may be saved. It is
noteworthy in almost every case where we have hope of the people leaving
dumb idols to serve the living God, they were first drawn to us through some
benefit received from our medicines. How much more useful an accredited
doctor would be!

The foregoing statements clearly prove that the addition of the
Brethren J. Carter and W. Tremberth to the staff of Missionaries
was an absolute necessity to sustain and advance the work already
commenced. The knowledge by our agents of the arrival of these
Brethren at Ganking, and also that decisive steps have been taken to
train a medical Missionary, has been a source of great relief and
encouragement.

There is a convenient mission house with suitable preaching halls
and appliances in each of the cities occupied, and the partial use of
another hall in Yunnan Fu; there is also a small native church, two
teachers, and twenty-four scholars.

It is manifest also from the returns that the missionaries and some
few generous helpers of the Mission in China, have nobly contributed
considerably over £130 to our funds since the mission commenced.

Missionary effort has brought about a marvellous change all over
the vast empire of China in many ways. Not long ago China, with
its great wall 1,500 miles in length, was shut against the foreigner.
Now God has opened all her doors to the preaching of the Gospel.
To us is opened a field 1,500 miles in extent to the north-west with-
out a single Protestant missionary. Br. Pollard says, "Here are we
Bible Christians, with a wonderful history, in the field with two
stations 300 miles apart. I've come to the conclusion that our cir-
cumstances will make us brave, very brave men, or backsliding
cowards. All these masses so dark, so miserable! I hope we shall
have four more workers set apart this year—two men and two
women. I may as well tell you that twenty is our minimum,
and when we have twenty we shall probably require fifty."

The kindness of our Bristol Sunday Schools in supplying Br.
Pollard with a valuable cornet, of other friends in sending a concertina
to Br. Dymond and quantities of medicine for our agents generally,
and of a kind friend of Mr. Pollard in forwarding to him a magic
lantern and a great variety of suitable slides, is hereby gratefully
recognised.
The mission has been passing through a very severe ordeal in the past six months. Mr. Vanstone has for months been laid aside by a serious affliction, and Mr. and Mrs. Thorne had to visit Shanghai for medical treatment. The Brethren Pollard and Dymond are at Chao Tung to hold the ground until the return of Br. and Mrs. Thorne. The Brethren Carter and Tremberth, who reached Ganking in the Spring, must necessarily remain in the China Inland Missionary Institution many months to pursue their preparatory studies. Br. Pollard says, "Sometimes I think now is about our hardest time, it is so dark everywhere, except upward." In the presence of such unprecedented need, may we not well repeat the enquiry:—"What is the answer of the Connexion?" The Master's command remains in full force—"Go ye into all the world and preach the Gospel to every creature." Our great encouragement is in the assurance of the word of inspiration—"His name shall endure for ever: His name shall be continued as long as the sun: and men shall be blessed in Him: all nations shall call Him blessed."

The subjoined statistical tables show that the Society has at present, 140 missionaries, 763 local preachers, 403 chapels, 141 preaching places, 10,745 members, 238 on trial for membership, 2,971 teachers, and 21,892 scholars, shewing an increase of 6 missionaries, 41 local preachers, 7 chapels, 261 members, 28 teachers, and 930 scholars.
