MINUTES
OF THE
THIRTY-SIXTH ANNUAL MEETING
OF
THE CHOSEN MISSION.

The Chosen Mission of the Presbyterian Church in the U. S. A., gathered for its opening Communion and Baptismal Service in the J. D. Wells Academy Building, Seoul, at 10:00 A. M., Sunday, June 20th, 1920.

The service was conducted by the retiring Chairman, Rev. E. F. McFarland, assisted by Rev. W. C. Erdman.

The rite of baptism was administered by Rev. G. S. McCune, D. D. to Helen Matilda, daughter of Rev. and Mrs. A. Campbell.

Mr. McFarland then preached a sermon on the subject, "Examination of our Faith, Love and Hope as it is in Christ." The communion service followed, Elders R. K. Smith, Genso, McMurtrie and Reiner assisting in the distribution of the elements. The service closed with song, prayer and the benediction.

The first business session of the 1920 Mission meeting was opened by the retiring Chairman with the reading of a portion of Rom.ch. 15 and prayer.

**Ad Interim appointments by the retiring Chairman.** The *ad interim* appointments made by the retiring Chairman were announced as follows:

- Evangelistic Committee: In the places of Drs. Moffett and Clark, Mr. H. E. Blair and Mr. Rhodes.
- Educational Committee: In the place of Mr. Soltau, Mr. R. E. Winn.
- Medical Committee: In the place of Dr. Sharrocks, Miss Helstrom.
- Property Committee: In the place of Dr. Sharrocks, Mr. G. H. Winn.
- Editorial and Publishing Fund Committee: In the places of Drs. Moffett and Clark, Drs. Baird and Sharp.
- Nominating Committee: In the places of Mr. Soltau and Dr. Whiting, Mr. Cook and Mr. Bernheisel.

**1919 Minutes Adopted:** The 1919 Mission Minutes, being in print and found correct by the Rules and By-Laws Committee, were adopted.

**Ad Interim Actions:** It was moved and carried that we dispense with the reading of the *ad interim* actions as these have all been sent to each Station during the year. They are as follows:

Executive Committee Recommendations, Meeting August 15-17, 1919.

- V. 265.—Recommend that Dr. Schieffley's proportionate furlough be dated from May 1st, 1920, instead of Nov. 1st, 1920, in order that he may take special post graduate work in dentistry and attend the Post War Conference to present the matter of the care of missionaries' teeth. Aff. 60, Neg. 1. N. V. 6. Passed.
- V. 266.—Recommend that in view of the following communication from the Japan Mission, "The Japan Mission invites the Chosen Mission to unite with it in a request to the Board for the transfer of Mr. and
Mrs. Kerr to the Japan Mission," we reply that in view of the extended conferences on the subject with the Fraternal Delegates and other members of the Japan Mission, the Mission unites with the Japan Mission in this request, but in doing so calls attention to the considerations that Mr. and Mrs. Kerr were sent out by the Board in 1918 specifically for work among the Japanese in Chosen, and that their return to the field was based on this understanding on their part. Aff. 48, Neg. 6, N. V. 13. Passed.

V. 267. Recommend that the approved request for an automobile for Andong Station, (see Medical Com. Report 1919), be inserted in the Property Docket from which it was accidentally omitted. Aff. 61, Neg. O. N. V. 6. Passed.

V. 268. Recommend that the former committee on the transfer of the Milyang property to the Australian Mission be instructed to look into the matter of that Mission's claim regarding the non-delivery of two small pieces of land and that if the claim is justified the item be made first charge against the funds accruing from the Fusan property, it being understood that the claim does not exceed Y 100.00. Aff. 62. Neg. O. N. V. 5. Passed.

V. 269. Acting on medical advice we recommend that Miss Edgerton do not return to Chungju to reside during the present calendar year and that her place of residence be arranged by the Chairman of the Executive Committee. Aff. 56, Neg. 2, N. V. 9. Passed.

V. 270.—Recommend requesting our Mission Treasurer to give the purchaser of the Fusan property a statement such as will enable him to bring suit against the person or persons who have improperly claimed and enclosed a portion of the former Sidebotham house site, it being understood that the Mission be not involved in the prosecution or expense of the lawsuit and that it will make no refund to the purchaser in case he loses his suit. Aff. 62, Neg. O. N. V. 5. Passed.

V. 271.—Recommend that if the Seoul Foreign School Directors, after a thorough canvass, are unable to secure a temporary teacher for their present emergency, we consent to Miss Hartness's giving help for a period of one month only, with such financial adjustment as may be proper, the Associate Secretaries of the Board now on the field feeling that such action is justified in view of the nature of the emergency. Affirm. 52, Neg. 6, N. V. 9. Passed.

V. 272.—In view of the present emergency, we recommend that the Mission request the Board to make some adjustment in children's allowances for the present year until the matter shall have been discussed
and settled, if possible, at the Post War Conference. We would suggest as the figure for children under ten, $125; for children over ten $100; and an extra $25. for children sent away to school. Affirm. 60, Neg. 0. N. V. 7. Passed.

V. 276.—Recommend that we accede to the request of Pyengang Seminary authorities for the services of Mr. E. L. Campbell in the construction of the new Seminary Building, with the understanding that the Seminary authorities, in consultation with Syenchun Station, make satisfactory adjustment in regard to the expense involved in this special service. Affirm. 61, Neg. O, N. V. 8. Passed.

V. 277. Recommend that Pyongyang Station's request for $5,000 for an additional wing for the Foreign School Dormitory, which was omitted from the report adopted at the last meeting owing to a misunderstanding, be reinserted in the docket as 7-A, under Pyongyang Station's property request for the Foreign School. Aff. 59, Neg. O, N. V. 10. Passed.

V. 278. Recommend that the appropriation requested for Dr. Tipton's residence be raised from Y 9,000. to Y 10,000, this to include site and fencing. Affirm. 60. Neg. O, N. V. 9. Passed.

V. 281.—Recommend that Miss Edgerton be assigned to live in Pyongyang until Annual Meeting, to work under the direction of the Station. Affirm. 56, Neg. O. N. V. 13. Passed.

V. 282.—We reaffirm the request made in 1915 that the Board secure the appointment of Capt. David Soltau of Seattle to serve as professor of Chemistry and Physics in the Union Christian College in Pyongyang. Affirm. 61, Neg. O. N. V. 8. Passed.

V. 283. Recommend the approval of a request for Yen 10,000. for a residence for Capt. Soltau and the insertion of this item in the Property Docket. Affirm. 61, Neg. O. N. V. 8. Passed.

V. 284. —Regarding the contemplated union work for women in Seoul, we recommend as follows:
(a).—That if the two Methodist Missions are willing, we suggest that they proceed with the purchase of the property in the center of the city which is now under consideration, with the understanding that we ask for one-third the contemplated Yen 180,000 cost in our Inter-Church estimates.

(b).—That we authorize the advancing of the Y. 2,000. now on hand for Women's Bible Institute, for the above property, provided that the same may revert to our Mission should our Board not sanction our entering upon this large union project.

(c).—That although looking with favor upon the other contemplated lines of work, for the present, pending discussion in the Mission meeting, we can only agree to unite in the Bible Institute part of the union project.

(d).—For the year 1920-21 we can only promise a budget of Yen 300 for the Bible Institute work. Affirm. 47, Neg. 1, N. V. 21. Passed.

V. 285.—In view of the emergency created by the unavoidable change in the plans of Messrs. Cook and Holdcroft in the Sekando appointment, which prevents them from taking part in the Pyengyang Winter Class as planned, we recommend that Chairyung Station, if possible, release Dr. Baird from such part of his appointment there as may enable him to be present at this class, and that Mr. Koons also be requested to help in this class. Affirm. 55, Neg. 2, N. V. 12. Passed.

V. 286.—In response to the request from the Board for an expression of opinion from the Mission regarding the proposed union of Foreign Mission Boards of the Presbyterian and Reformed Churches in America, we would reply that we are in full sympathy with the general purpose of the contemplated union and recognise that it would promote unity, economy, and efficiency.

We would however call attention to the following considerations:

(A) We agree with the position, believed to have been taken by the Assembly of the Presbyterian Church in the United States to the effect that no union board should be established until a Union Assembly or Council of Assemblies has been formed capable of properly supervising the work of the proposed union Mission Board.

(B) We have felt in the past that a clearer definition of the relations of the Boards and the Missions is necessary and it is our conviction that the erection of the proposed Mission Board would make still more imperative a clear definition of these relations and the giving of a larger and more definite control to the mission in field matters. Affirm.
CHOSEN MISSION

Notes:—† The first physician to arrive at Kangkei will release Dr. Bigger for Pyengyang.

* The Pyengyang Union Hospital is being operated by the Methodists, and our obligation is not being met.

† Dr. Smith is officially caring for both Taiku and Andong, residing at the later place. These two hospitals should have four doctors,
instead of the one, who is not in good health. The new station in Manchuria is to have a hospital, with doctor supplied from the other Missions, and we should furnish a nurse. She is not included in the above table.

Only one Doctor has been assigned to the Mission in the past eight years, during which time five vacancies have been caused by death, resignation, and transfer, as follows:—Purviance, Wells, Fletcher, Mills, Sharrocks!

V. 296.—Recommend that we request the Board to take steps to fill the medical vacancies at Syenchun and Taiku caused by the death of Dr. Sharrocks and the transfer of Dr. Fletcher, and that we call attention to the fact that these are vacancies which could not be anticipated when the preferred list was adopted at Annual Meeting. (Minutes 1919 p. 54). Affirm. 62, Neg. 0, N. V. 4, Passed.

V. 297.—Recommend that we request that the Board grant the amount allowed to furloughed missionaries for special study to Dr. C.A. Clark for study in special courses at the University of Chicago, in view of the reasons given in the Chairman's letter to the Board. Affirm. 61, Neg.0, N. V. 5, Passed.

V. 298.—Recommend that the travel expenses of Mr. and Mrs. Hamilton amounting to Yen 36.00, incurred in a trip to Seoul at the order of the American Consul, be referred to the Board with the request that it be added to their travel account. Affirm. 60, Neg. 0, N. V. 6, Passed.

V. 299.—Recommend that we request from the Board an appropriation of Yen 200.00 from their insurance fund to cover the destruction by fire of Board property, (gate house), at the Central Church, Seoul. Affirm. 61, Neg. 1, N. V. 4, Passed.

V. 300.—Recommend that we request the Board to make the single women's salary the same as that for single men. Aff. 48, Neg. 3, N. V. 15, Passed.

V. 301.—Recommend that we insert as the first item on the A 2 Property Docket, A residence for Rev. S. L. Roberts at Pyengyang. Aff. 60, Neg. 0, N. V. 6, Passed.

V. 302.—Recommend that the item be made Yen 12,000.00. Aff. 56, Neg. 0, N. V. 10, Passed.

V. 303.—Recommend that we insert as 57 on the A 2 Property Docket a request for Yen 12,000.00 for a residence for Mr. and Mrs. Hamilton at Pyengyang. Aff. 60, Neg. 0, N. V. 6, Passed.

V. 304.—Recommend that we request the Board to place on the docket of the Post War Conference, in such a position as to secure full
discussion, the subject of the relation between the Board and Missions in the matter of field administration. Aff. 53, Neg. 0, N. V. 13, Passed.

V. 305.—Recommend that we instruct our delegates to the Post War Conference with the Board and the Missions that they do not so much insist upon the exact suggestions contained in previous recommendations of this Mission on the question as to seek in conference with the Board and the missionaries from other fields, to find some way by which the serious difficulties experienced in the past may be avoided hereafter. Aff. 47, Neg. 0, N. V. 19, Passed.

V. 306.—Recommend that we approve $1,500.00 gold for a heating plant (including freight) for the residence for Mr. Cook in Hinking, Manchuria. Aff. 57, Neg. 1, N. V. 8, Passed.

C. V. 307.—From Taiku Station April 8th, 1920.
That we request Mission and Board permission to exchange property on the Main Street of the city for property in front of the hospital which has just become purchaseable and is necessary to complete the site. Aff. 54. Neg. O. N. V. 10, Passed.

C. V. 308.—From Pyengyang Station.
"Pyengyang Station requests your approval of an emergency request to the Board for Yen 500 for repair of the furnace in the Women's Academy Building. Because of the break down of the heating plant the school could not meet in the Academy building the past winter and will not be able to use the building next winter unless the repairs are made." Aff. 51, Neg. O. V. 13. Passed, and so reported May 28, 1920.

Correspondence.—Board Letters Nos. 536 and 537 were read, as well as one from Dr. Moffett on the action of the General Assembly in Philadelphia relative to the adjustment of the questions pending between Mission and Board.

Language Committee.—The preliminary report of the committee Sec. 1, was read and adopted. (See Appendix I. Sec. 1).

Committee on Arrangements.—The Committee on Arrangements reported the program and docket for this Annual Meeting, which were adopted with amendments.

Student Welcome.—Lee Choon Ho, representing the students of the J. D. Wells Academy, made a short address of welcome to the Mission.
Committee on Shortening of Annual Meeting.—This report was read by Mr. Rhodes and adopted as follows:—

If it were not for the sake of saving time, we would be tempted to read the report of last year. However we will trust that you all have done so, and that you will read it yet again. So much depends upon everyone's cooperation. Remember that the plan is to have the new, interesting and more important matters discussed and decided on the floor of the Mission. Routine matters although important and necessary are to be handled in the committees.

For our guidance, the committee ventures to make the following exhortations:

1. Watch the bulletin boards and read what is posted from day to day.

2. Have committee reports ready to read on time per the docket and if possible ahead of time. Sections dealt with finally in the committees should be marked "passed, C. A." which will mean "Passed, Committee Action." In presenting the report do not read these sections.

3. Committee actions are to be posted twenty-four hours before being read by the Secretary in the minutes. Secretaries and Chairmen of committees are to be responsible for these "committee actions" getting into the Mission Secretary's hands. Let the time of posting and taking down be between 8 and 9 A. M. each morning, the last being posted on Thursday morning.

4. Be on the alert to send routine matters to the committees for final action.

5. If you have objections to any of the committee actions taken, make them first to the committees.

6. Consent to having those on opposite sides of a question speak in succession.

7. Consult frequently with your Station representatives on the A and B committees, as to how your Station's interests are being handled.

8. Be patient with those who seem to be wasting time and with those who are disposed to rush things too much.

9. Do not expect everyone to know all about anything, but anyone can know all about everything if he so desires.

10. Let us not talk much about shortening annual meeting but let us work hard at the doing of it. "Silence is still golden."

Recommendations of the Committee.
1. Recommend that the Nominating Committee select our delegates to Federal Council. Passed.

2. Recommend that, in accordance with the suggestions of the Executive Committee, in our elections this year, we use the blanket ballot, electing in three sections before adjournment at noon on Wednesday, Thursday and Friday, the tellers to report the result on the bulletin board, and in case a second ballot in any particular item is necessary that it be included on the ballot for the following day. Passed.

3. Recommend also that all the elections on the first day of Annual Meeting to fill vacancies on Committees be included on one blanket ballot. (Passed.)

4. Recommend that the vote on the Finance Committee be included in the first section (Wed.), and the vote on the Executive Committee in the second section, (Thursday.) Passed.

5. Recommend that the examination of Station reports, and the excusing of members for absence be left to the Rules and By-Laws Committee. Passed.

Devotional Service:—The morning devotional service was conducted by Dr. Baird who spoke on “God First,” reading Matt. 6:25 ff. Mrs. B. W. Billings and Miss Edgeton sang solos.

Mr. Bonwick and Mr. Hugh Miller spoke briefly bringing greetings to the Mission.

Elections:—The following elections were made:

Secretary:—Mr. Reiner.
Assistant Secretary:—Mr. E. L. Campbell.
Treasurer:—Mr. Genso.
Clerks:—Mr. Hamilton, Mr. Anderson and Mr. Henderson.

Executive Committee:—The Executive Committee report was read and adopted, Sec. V 310 being referred to the Rules and By-Laws Committee after being adopted. (See Appendix G, Sec. V 309-V 312.)

Nominating Committee:—The Committee reported as follows, the report being adopted:

1. Recommend that the figures showing the dates of the terms of service of the men on the Severance Board of Managers, each be
advanced one year so as to correspond with the report to the government by the Severance Board of Managers. Passed.

2. Recommend that the Mission Incorporation Committee be left with six as its membership.—Messrs Clark, Sharrocks and Moffett having dropped off. Passed.

Mr. Robert's resignation from the Educational Committee was accepted.

The Chairman was instructed to appoint committees on resolutions on the deaths of Dr. A. M. Sharrocks and Mrs. J. V. Logan.

Mrs. Underwood's Birthday.—As today is Mrs. H. G. Underwood's birthday, the Chairman was instructed to appoint a committee of two to report this afternoon a suitable way of commemorating the day. Miss Snook and Mrs. Cook were appointed.

At 12 M. the Mission was led in prayer by Mr. G. H. Winn.

Treasurer's Report.—The Treasurer's report was read and adopted as follows:

---

TREASURER'S REPORT

1919—1920

If one were allowed to speculate with the rate of exchange, it would prove as exciting, also as disastrous, as the stock market. The loss in exchange, during the period of the war, amounted to over Yen 29,000.00.

As a matter of comparison, the amount expended in Class 1 during the year was Yen 236,151.00 while that for Native Work Classes was Yen 68,539.00.

Money disbursed in the States account of Certificates of Credit, Yen 49,718.35 and New York Charges, Yen 72,837.71, making a total of Yen 122,556.06, represents just about one-half of Class 1. This will serve as an index in computing the Japanese income tax.

During the year the amount disbursed account of travel was Yen 19,027.00. Special Expenditures amounted to Yen 11,406.00, which was
mainly for the Legal Account. Taxes have passed the Yen 5,000.00 mark and next year this will be increased on account of the higher rates. The amount expended for Mission Meetings totaled Yen 2,332.45.

One of the difficulties during the year has been the matter of assistance. Just about a year ago my secretary left and since then I have trained four men. As soon as they gain the slightest knowledge of accounts they can command positions paying from Yen 80.00 to Yen 100.00 per month and the demand in Seoul far exceeds the supply. The result is, that a large part of the time I have no help.

During the year my books were audited twice and the proper reports and statements were sent to the Board.

Mr. A. Campbell, Mrs. N. C. Whittemore, Miss Snook, Miss McKee, Dr. Ludlow, Mr. F. S. Miller, Mr. Bruen, Mrs. R. K. Smith.

Severance Board of Managers.—The report of the Board was read by Mr. Owens and received, and is as follows:

REPORT OF FIELD BOARD OF MANAGERS OF
SEVERANCE UNION MEDICAL COLLEGE.

To the Chosen Mission of the Presbyterian Church in the U. S. A.:

The Board of Managers held two meetings during the fiscal year one on September 20th, 1919, and the second on March 6th, 1920.

Among the actions passed by the Board were:

1. The acceptance of the offer of the Mission to Lepers to establish a chair of Leprosy in the Medical College, and the ratification of Dr. A. G. Fletcher's appointment thereto. In this connection, official permission has been secured for a leper observation ward in connection with the institution.

2. Authority to increase the foreign personnel of the Dental Department. Dr. Avison hopes to secure reinforcements during his present visit in America.

3. Authority to add to the present site; and approval of a proposed new layout of new buildings. Twenty-three tsubo of land were acquired by purchase during the year, and Mrs. F. F. Prentiss and Mr. John L. Severance donated a lot at the southwest corner of the compound valued at ¥17,170. Most of the latter will be expropriated, however, in connection with the new railway station plaza.

4. Approval of the budget submitted to the Interchurch World Movement calling for $563,250 for land, buildings and equipment, and $300,000 for endowment.
1920] CHOSEN MISSION

The Faculty was authorized to use its judgment as to receiving an entrance class at the beginning of the spring term, 1920, and decided that in view of the depleted teaching force it would not be wise to admit new students.

Forty-eight students were in attendance during the fall and winter terms. The spring term was lost owing to the independence movement. The Nursing School enrolment was 30 pupil nurses.

The number of dispensary treatments was 52,124, an increase of 11,069 over the previous year. Ward patients numbered 2,338, an increase of 712 over 1919. Receipts from operation on the field were ¥56,827.50 compared with ¥45,655.76 for the preceding year. The deficit on current budget was only ¥583.12. For further information, the Mission is referred to the institutional report.

The first capital funds budgeted by Missions other than the Northern Presbyterian were reported during the year as follows: Northern Methodist, $35,000; Southern Methodist, several items totalling not quite $50,000. These sums will likely be paid within the five-year period of the Centenary Campaign.

Our foreign personnel was reduced by the resignation of Miss Shepp- ping, the representative of the Southern Presbyterian Mission, and the return of Miss Reiner to America on health leave. The Canadian Presbyterian Mission has loaned Dr. Mansfield for the present year.

The Board recorded its appreciation of the value of the late Dr. A. M. Sharrocks on its membership and its deep sense of loss in his death.

Respectfully submitted,

H. T. OWENS,
Secretary, Field Board of Managers.

Executive Committee of Federal Council.—The report of the Federal Council Executive Committee was read by Mr. Holdcroft and received and the matters referred to the appropriate committees. The report is as follows:—

REPORT OF MISSION MEMBER OF EXECUTIVE COMMITTEE OF FEDERAL COUNCIL.

The Executive Committee of Federal Council held one meeting ad interim, March 17th.

At that meeting the date of Federal Council was set for Tuesday, Sept. 28th, the first session to begin at 8:00 P. M. in the Pierson Me-
MINUTES OF THE

memorial Bible Institute, Committee meetings to begin in the morning of that day. The Council will adjourn Oct. 1st.

The only items that need come before the Mission are the following. These were reported to the Mission Executive Committee at the time but are repeated here in order that they may not be lost sight of.

1. The Missions are asked to increase their appropriations for the expenses of the Council from three to five yen per delegate for the year 1920-21.

2. The Missions were asked to consider the project of securing a Joint Treasurer and Business Manager for co-operative buying, and to express their opinions as to the advisability and practicability of such an arrangement.

3. In view of the fact that there will be a deficit of ¥5,000.00 on the Christian Messenger for the current year, and also that ¥1100.00 has been deposited with the Government as a guarantee in securing the right to publish secular news, the Missions are asked to double the amount of their assessments for 1921.

It might also be mentioned that a movement to prepare and publish a missionary guide to Korea was begun. This guide will be for use among the delegates to the World's Sunday School Convention and other travelers, and has been undertaken by the Survey Committee of Federal Council. It was made necessary by the fact that Messrs. Thomas Cook and Son had listed only Fusan, Seoul and Antung as the points in Korea which would be of interest to the delegates to the Sunday School Convention who are mainly interested in Missions and not so much in comfortable hotels and sights.

Respectfully submitted,
J. G. HOLDCROFT.

Mission History Committee.—The Committee's report was read by Mr. Koons, and was adopted as follows:

MISSION HISTORY REPORT—1920.

Biographical data sheets have been received this year from 13 persons. Considering that full half of them were from members longest connected with the Mission, this is quite a triumph. Your committee had hoped to report that all the members had sent in their biographical
reports but we still lack 7 of that goal. Additional data items have been gathered from 7 members.

The new binder together with 100 additional blank forms have been ordered from Mr. Day. Because of lack of room the records of resigned members have been removed awaiting the arrival of the new binder.

The requests of your committee are as follows:

1. Look at your record to be sure that it is complete to date. This applies especially to those who have returned recently from furlough, to families in which children have been born this last year, to those who have been doing literary work, etc.

2. Those who have not already reported their biographical data please do so at the annual meeting.

3. Look at the list of resigned members of the mission on the bulletin board and give correct addresses so far as you know them. For those living in large cities the street address should be given. We do not have biographical records for about twenty of our resigned members. Is it the wish of the Mission that our committee make an effort to get biographical data from these?

Nothing has been done on the manuscript of the History, but the committee has hopes.

H. A. RHODES.
E. W. KOONS.

Sunday School Committee:—The Sunday School Committee’s report was read by Mr. Holdcroft. Sections 2, 3, 6, 8 and 10 of the recommendations were adopted. Sections, 1, 4, 5 and 9 were referred to the Evangelistic Committee. Section 8 was amended to read “That we send one official delegate to the World’s S. S. Convention in Tokyo and that the General Fiscal Committee be instructed to find the travel expenses for the same.” The report is as follows:—

REPORT OF THE MISSION MEMBER OF THE EXECUTIVE COMMITTEE FOR THE KOREA SUNDAY SCHOOL ASSOCIATION.

Three meetings of the Executive Committee for The Korea Sunday School Association have been held during the year, and the work done has fallen under three divisions.
1. **Sunday School Lessons** — The lessons for 1921 are for the most part in the hands of the publishers. They continue to follow the International Improved Uniform Lessons, with a special series of Bible stories for children. From 1921 on a quarterly temperance lesson will be inserted.

2. **Plans for The World's Sunday School Association Convention** —

   October 5-14th, a strong program has been prepared. Two reports on Sunday School work in Korea have been prepared; these will be included in the volume of reports to be published after the Convention. Two hundred and fifty delegates have been allotted to Korea, two hundred of these to be Koreans and fifty to be missionaries. Of these latter, fourteen may be sent by our Mission. A part on the main program will also, in all probability, be offered to a Korean speaker, and a place in the Exhibit Hall has been reserved for the Korea Sunday School Exhibit.

   Following the Convention in Tokyo sub-conventions will be held in many cities of the Orient. The following five cities have been agreed upon for Korea and the General Secretary of the World's Association writes that in all probability the dates given will not need revision:

   Taihu, October 17th, Seoul, October 18th or 19th, Pyeongyang, October 20th, Wonsan and Kwangju, dates not yet decided.

3. **Plans for a Forward Movement through the Sunday School.**

   The Presbyterian New Era Committee has asked the Sunday School Committee to prepare for this in advance; and the Sunday School Committee has taken the matter up with the Methodist Churches also and has secured an agreement on the part of all Churches in the Federal Council to join in such a movement at that time, thus making it country-wide.

   The present time seems to demand such a movement. The Chairman of the Presbyterian New Era Committee wrote that the ease with which the children may be interested in the Gospel may point out the secret to the evangelization of the rest of Korea within the next ten years. How long this forward movement should last we cannot tell, but plans for 1921-22 are taking general shape already. There will probably in that year be conducted great evangelistic and educational campaigns through the Sunday School for children and young people in which we will seek:

   A. To lead children to the regular Sunday School and to Christ.

   B. To found extension Sunday Schools in every village within ten li of every church with one hundred or more members and within five li of every church of less than one hundred members, doing some of this work on week days if impossible on Sundays.
C. To enlist the young people for this work and to do it very largely through the instrumentality of organized classes among the young people of the Sunday School.

These plans necessitate the strengthening of our existing Sunday Schools as rapidly as possible and this we intend to do by the organization of strong Sunday School committees in the governing bodies of each denomination, by the adoption of new Sunday School standards which have already been agreed upon by the committees concerned and by the holding of Sunday School institutes in every territory from the spring of 1921 on for the purpose of training officers and teachers and of inspiring to undertake and teaching just how to do the work which would begin in the autumn.

To accomplish this work we must have as soon as possible a Sunday School literature and plans have already gone so far that by the end of 1921 we expect to have available for general use the following books and pamphlets:

5. A translation of Ahearn's "The Church School."
6. A translation of "The Sunday School of To-morrow."
7. The "Cradle Roll Department."
8. A pamphlet explaining fully the meaning of the new standards as they will be finally adopted by the Presbyterian General Assembly and Methodist Conferences.
9. A Pamphlet on "How to Begin and Run an Extension Sunday School."
10. A pamphlet containing a number of good Sunday School programs by the use of which variety will be obtained and interest stimulated.
11. A pamphlet on, "How to Organize and Conduct an Organized Class."
12. Instructions as to just what should be expected of each local Sunday School in 1921-22 in the way of extension.

In addition, if the work contemplated is accomplished we must have men who can give their time to Sunday School work from now on. The Executive Committee for the Korea Sunday School Association is asking both General Assembly and Methodist Conference to employ at least one man to give his whole time to this work. It is necessary also
that at least some of the Missions do the same if we would take advantage of the opportunities that God has placed in our hands.

The following recommendations are submitted:

1. That at least one man be assigned to give his whole time to Sunday School work from this Annual Meeting on until after the Forward Movement is over. Referred to Evangelistic Committee.

2. That the Mission reitirate its request for the appointment of a specialist in Sunday School work, to give his whole time to this work. Passed.

3. That we ask the Board to appoint Mr. Edward Adams to the above work. Passed.

4. That a Mission Sunday School Committee be appointed. Referred to Evangelistic Committee.

5. That the Mission Sunday School Committee consist of one member from each Station. Referred to Evangelistic Committee.

6. That the Mission request each Station to plan for Sunday School institutes either in connection with Bible Classes or separate from them beginning not later than the spring of 1921 and in such number as to make possible for our whole Sunday School constituency to be benefitted by them. Passed.

7. That the Mission approve the election of fourteen delegates to the World's Sunday School Association Convention at Tokyo. Passed.

8. That the Mission pay the expenses of at least half of these delegates, or half the expenses of all of them. Amended as stated above.

9. That if the Mission cannot bear the expenses of sending all fourteen delegates it seek delegates who are able and willing to pay their own expenses. Referred to Evangelistic Committee.

10. That each member of the Mission be requested to read at least two books on Sunday School work during the coming year. Passed.

Some of the best are:

"Talks with Teachers," Weigle.
"Thoroughly Furnished." (The Presbyterian Teacher Training Text Book, 2 volumes.)
"Pedagogical Bible School." Hazlett.
"The Worker and His Work Series."
"The Making of a Teacher." Brumbaugh.

Respectfully submitted,

J. G. Holdcroft.

Pyenyang Station ,, Mrs. Holdcroft,
Taku Station ,, Miss Bergman.

Mrs. A. Campbell was elected as presiding Chairman of the Women's Meeting for next year.

THURSDAY, JUNE 24TH, 1920.

9 A. M. Session.

The morning session was opened by Dr. Lampe with scripture reading and prayer.

Minutes for the Educational Conference on Tuesday and the Wednesday morning session were read and adopted.

Language Committee:—The Committee reported Sec. 2 which was adopted. (See Appendix I. Sec. 2).

Korean Addresses:—Rev. Choo Kong Sam and Elder Chung Ik No were introduced and addressed the Mission on the subject of the "New Conditions and new Thought of Korea." The Mission welcomed their timely remarks.

Bible Committee:—The report was read by Dr. Baird, and adopted and the portion affecting Dr. Baird's assignment was referred to the Apportionment Committee. The report is as follows:—

Your representative met with the Joint Bible Committee of Korea which met in Seoul last September. The selling prices of Scriptures was raised. It was reported that in Dr. Gale's absence the revision of the Scriptures was being continued by Dr. Cable with three Korean
translators. Mr. Stokes' resignation as a member of the Revising Board was reported, and in view of the need of more revisers, Mr. Engel of the Australian Presbyterian Mission and Dr. Baird of the Northern Presbyterian Mission were elected as members of the Board of Revisers, and their respective Missions were requested to ratify these elections. Your representatives make no recommendations but suggest that this request to our Mission be referred to the Apportionment Committee.

Mr. Miller informs us that the "work seems to be going on smoothly," and that there are no other special actions to be reported. It has been a very hard time to maintain the stock of books. The prices of paper and of labor have been very high, and often books could not be secured at any cost.

The total of sales by the Society for 1919 was 581,400 of Scriptures and portions. This shows a decrease over the preceding years owing doubtless to difficult conditions. The sales during the present year seem to be increasing over last year.

We are informed that the revision has proceeded under Dr. Cable and the Korean revisers as far as through the book of Job. This will probably require revision again by the whole Board after Dr. Gale's return. In addition to this work of the Committee together, Dr. Cable is said to have finished Mal., Amos, Joel, and Daniel.

We recommend that the Mission express its appreciation of the work of the B. & F. B. S. and their agents, Mr. Hugh Miller and Mr. Thomas Hobbs.

W. M. BAIRD, Chairman.

Mission Incorporation Committee:—The report of the Committee was read by Mr. Genso and is as follows:—

A number of conferences were held during the year with government officials regarding the transfer of our property, free of charge, to a Shadan or Legal Person. According to the present law this cannot be done but government officials are working on this question and the only report the committee can make this time is one of progress.

Respectfully submitted,
John F. GENSO,
Secretary for the Committee.

Rules and By-Laws Committee:—The Committee read Sec. 1-5, which were adopted. (See Appendix H. Secs. 1-5.)
The Mission then took recess in order to have a photograph taken.

Devotional Service:—The morning Devotional Service was conducted by Mr. Kagin who introduced Rev. Prof. Henry E. Dosker, D. D. of the Kentucky Theological Seminary. Dr. Dosker spoke to the Mission on "Missionaries as Pioneers."

After the service Rev. Kim Pil Soo addressed the Mission on the recent changes in the rules regarding reports of Church work to the Government.

Apportionment Committee:—The Committee's report was then presented for action. Secs. 1 to 3 were adopted. Sec. 4 was re-referred to the Committee. A substitute to Sec. 5 to send Dr. Douglas Avison to Taiku was offered and after discussion Mr. Hugh Miller was called upon to lead in prayer. The motion was then laid on the table until tomorrow morning. (See Appendix A. Secs. 1-5.)

Elections:—The second section of elections on committees was then held with the following results:—

Executive Committee:—Mr. Rhodes.
Medical Committee:—Miss Ingerson.

It was decided that when we adjourn we adjourn to meet in regular session to hold an Evangelistic Conference at 3 P. M. today.

The meeting adjourned with prayer by Mr. DeCamp.

3 P. M. Session.

EVANGELISTIC CONFERENCE.

The afternoon session of the Mission meeting was called to order by the Vice-Chairman, Mr. Kagin, at 3.00 P. M. who opened the meeting with scripture reading and prayer.

Short reports on the conditions in the several Stations were made by Messrs. Cook, G. H. Winn, Lampe, Phillips, Sharp, Rhodes, F. S. Miller, R. E. Winn, and H. E. Blair.

At the close of these reports discussion followed, Dr.
Blair explaining at some length the work and plans of the Forward Movement of the Presbyterian General Assembly in Korea.

Mr. H. E. Blair, representing a sub-committee of the Evangelistic Committee reported certain resolutions on the Forward Movement and our relation to it. As time did not permit of discussion, they were referred to the Evangelistic Committee for consideration and report to the Mission.

At the close of the session, the Mission joined with the Seoul Foreign Community in the regular mid-week Prayer Meeting. Dr. Dosker spoke at this service.

9 A. M. Session.

The morning session was opened by Mr. R. E. Winn who read 2 Cor. 3:1-11 and led in prayer.

The minutes of the sessions held yesterday were read and adopted.

Death of Lloyd Hunt:—The Mission learned with deepest sorrow of the death this morning of Lloyd Hunt, son of Rev. and Mrs. W. B. Hunt. It was decided that we ask the Chairman personally to express the grief and sympathy of the Mission to Mr. and Mrs. Hunt.

Social Reform Committee:—The report of this Committee was read by Miss Doriss. The report was adopted as follows:

The Social Reform Committee has held no formal meetings during the year. The Secretary was inspired to act independently for the Committee by the sending out of a questionnaire to the physicians in Korea regarding the Social Evil. There were only 7 replies out of 32 sent.
Upon this subject the Seoul Press of June 19th printed a few lines:—“But there is in Chosen another thing, which constitutes a still greater blot on the fair name of Japan. It is the existence of many Japanese houses of ill fame scattered all over the peninsula. They and their inmates are the greatest cause that lowers the estimate of Japanese in Korean eyes. Prostitution has always existed in this country and it is unjust to say, as some foreign critics do, that it was introduced by Japanese. But it cannot be denied that the social evil in question has been growing in this country both in scope and degree during the past decade and for this Japanese are largely responsible. In spite of all harsh things said by foreign critics, concerning our doings in Chosen, particularly concerning those during last year, we can hold our heads erect, because we are clear in conscience, but we feel humiliated when fingers of blame are pointed to us concerning this matter. We know it is impossible for the Government to suppress the evil altogether without being strongly backed by society. But the authorities can certainly check its growth and even partially crush it.”

I also made a rather careful survey of our City, Pyengyang, during the past two months. The city is divided into 7 districts. With a total of 385 houses and 1,156 inmates. This does not include the sections of the city set apart and known as the Red Light Districts:—

Realizing the large field of service open before us, we wish to stir up our Mission by the bringing in of the recommendations below. We wish to record in this, our first report, our hearty endorsement of the report of the Social Reform Committee of the Federal Council of 1919, and recommend,

1. That each Station of our Mission appoint a Social Reform Committee, if not already so appointed.
2. That these Committees use as a working basis, the splendid outline for work given in the above mentioned Report of the Social Reform Committee of Federal Council.

Your Mission Committee will see that a copy of the above plan as suggested by Federal Council is sent to the new Committees of the Stations.

A. S. DORISS, Secretary.
Devotional Service:—The morning Devotional Service was conducted by Dr. Dosker who read I Cor. 1:1-11 and addressed the meeting.

Apportionment Committee:—Sec. 5 of the Committee’s report with the substitute motion was taken from the table. The Medical Committee then read a substitute to Sec. 5 of the Apportionment Committee’s report assigning Dr. Whiting to Kangkei. This was lost. The substitute motion offered yesterday assigning Dr. Douglas Avison to Taiku was lost. Secs. 5 and 6 were then carried. (See Appendix A Sec. 5—6.)

At 12 M. the Mission was led in prayer by Dr. Blair.

Moved and carried that when we adjourn, we adjourn to meet at 3 P. M. today.

Statistics.—The Statistician made the following report:

Andong is again the first Station to present its statistics. Kangkei, Taiku and Pyengyang, in the order named, have also brought in their statistics. There is no probability of the statistics of any other Stations being received during this Annual Meeting. This condition seems likely to prevail year after year, so the Statistician asks that standing permission be given to prepare, whenever necessary, after the close of Annual Meeting, his report and the table of Mission Statistics, the same to be printed in the Minutes after review by the Chairman and Recording Secretary of the Mission.

It is requested that the other Stations send in their statistics by July 15 that the printing of the Minutes may not be delayed as it was last year. Little can be gleaned from the statistics at hand. Only one fact seems worthy of record here. Pyengyang, Andong and Taiku have made great gains in contributions; 68%, 115% and 125% respectively. This increase totals 90,000 yen, nearly 1/3 of the total contributions last year. The total contributions of the four Stations already reported is only 83,000 less than that of the whole Mission last year. A more extensive report will be prepared when all the figures are in.

Respectfully submitted,

J. U. S. Toms,
Statistician.
School for Missionaries' Children.—Dr. Blair read a brief report on the School for Missionaries' Children at Pyengyang.

The meeting adjourned with prayer by Mr. DeCamp.

3 P. M. Executive Session.

The Executive Session was opened by Mr. Hamilton with Scripture reading and prayer.

RESOLUTIONS ON THE DEATH OF
MRS. J. V. LOGAN.

The Committee appointed to prepare Resolutions on the death of Mrs. Logan presented the following resolutions which were adopted by rising vote:-

Mrs. J. V. Logan was born near Richmond, Kentucky, September 17th, 1856. She was carefully reared and often spoke in grateful remembrance of her father's high standard of discipline.

At the early age of eighteen she became the bride of Mr. J. S. Herndon, a business man of Richmond. After a short illness he died leaving her a young widow. She found solace in devoting her time and means toward helping the students of Central University in their religious lives. She always kept open house and many a hungry college boy went away from her bountiful board filled with good things but in addition to the good things to eat, there was always wise and loving counsel.

Later in life she married the Rev. J. V. Logan, D. D., President of Central University, who, too, was her senior in years. Soon after their marriage Central University consolidated with Centre College at Danville, Kentucky. Dr. Logan took the chair of psychology in the consolidated institution. Here again Mrs. Logan gave much of her time to the students, working for them through Y. M. C. A., Y. W. C. A., Sunday School and her home.

While Dr. and Mrs. Logan were at the lakeside in Wisconsin during the summer of 1908 Dr. Logan had a sudden attack of heart trouble and passed away within a few hours. Alone, in a strange country, she started on the long journey home with her dead. After she had laid him to rest her heart turned to Korea where several of “her boys”, as she affectionately termed them, were working.
She arrived in Korea with Dr. Forsythe in the winter of 1909. After a few months in Mokpo and Kwangju she took up her work as an associate missionary in Chungju. Later she was made an honorary member of the Mission.

She put her whole soul into her task. She had burned her bridges behind her for she arranged her financial matters in America so she need not return. She told the Koreans that she had come to invest the rest of her strength here, that she expected to go to Heaven by way of Korea.

For one so well along in years she gained a remarkable knowledge of the language. She was in charge of the women’s work in Chungju City and near by villages. She taught about fifteen hours a week in different Bible Classes in her home and had about fifty or sixty women in attendance.

For about a year it was seen that she was losing strength and last October she was taken to Severance Hospital for treatment. She steadily lost strength. Later she was taken to the home of Mr. & Mrs. Genso where she was cared for as a mother. On December sixth she had what appeared to be a stroke. She rallied and gave some directions as to her business affairs. Soon she fell into a state of coma and the next day she passed to her reward.

All of the members of Chungju Station and about thirty of the Koreans from Chungju came to Seoul to attend the funeral and pay their last tribute of love. Among these Koreans were many who had been helped in sickness, and in financial distress. All of them had learned at her feet.

The Korean women of Chungju, especially, will miss her sorely. None was too poor or too lowly to claim her interest, her time and her love.

Your committee would especially commend to the Mission Mrs. Logan’s fidelity to her work. It might be said of her as was said of her Master “she came to minister and not to be ministered to”.

We recommend that a copy of these resolutions be spread on the Minutes of the Mission and that copies be sent to Mrs. Logan’s brother, Mr. Newlon Jones of Phoenix, Arizona, to her sister, Mrs. Howard Neal, of Richmond, Kentucky, and to her friend Mrs. William Pettitt of Lexington, Kentucky.

Committee, 
EDWIN KAGIN.
MRS. J. F. GENSO.
MRS. W. T. COOK.
MINUTES OF THE

MEMORIAL AND RESOLUTIONS ON THE DEATH
OF DR. ALFRED M. SHARROCKS.

The Mission, by rising vote, adopted the following resolutions on the death of Dr. A. M. Sharrocks.

The Korean Mission of the Presbyterian Church now in session desires to put on record its sense of the great loss which it as a Mission and the Korean Church and people have sustained in the passing of our beloved Dr. Sharrocks on Dec. 25, 1919.

Born in Eureka, California in 1872 he was educated at Park College and graduated in medicine at Cooper Medical College, San Francisco, in 1899. He was married and arrived in Korea the same year, and was stationed in Seoul in charge of the government hospital for a year, and then in P'yengyang for about the same time, until the opening of Syenchun Station in 1901. He received his permanent appointment there at that time. He seemed thus to belong to all three stations and all of us who had been so closely associated with him learned to know and love him in a peculiar way as our own.

Although a fine physician, Dr. Sharrocks was preeminently an evangelist, the lover of souls even before the healer of bodies, having indeed prepared himself as a physician in order to become a missionary. As one of his co-workers has said, "He possessed a wonderful combination of qualities for the calling he had chosen," and through his whole career on the field, he took an active share in the various branches of Mission work, and everywhere among missionaries, and Koreans his influence was to a remarkable degree inspiring, unifying and energizing.

It has been truly said that he was a missionary of deep and rich spiritual life whose work was pervaded in every part by the evangelistic spirit and that he was influential in the councils of the whole Mission—on the Executive Committee on which he served for years—where he was characterized by sanity, soundness of judgment and breadth of vision as well as greatness of heart.

The missionary compound at Syenchun bears witness to his practical ability, as he superintended the building of most of its residences, schools and churches and laid out the beautiful Mission grounds.

In the Korean propaganda in America to get men and means, he was a most efficient worker speaking with a quiet, convincing charm to thousands of all classes, and often several times a day; travelling continually but always cheerful, ready and unwearied. In the beginning in Syenchun he worked for years in a hospital which was really only a mud
hut, bending daily for hours over cases on the floor with wonderful patience and endurance. Treating thousands of people from near and far—none of whom went away without the gospel message—he built up a great medical work and lived to rejoice in a fine up-to-date hospital, the center for a wide spread Christian influence.

A good illustration of his character and his attitude toward the Koreans was given in the Russo-Japanese War, when advised to leave the danger zone by the American minister, in spite of reiterated warnings, he remained with his family and Mr. Whittemore only, to comfort, hearten and protect his frightened people, through the whole critical period, confronting hordes of Russian and Japanese troops, for both armies passed through the place. It seemed to everyone that the little band were running grave risks for we knew the brutal character of some of the soldiers, but Dr. Sharrocks felt that his duty was there and nothing could shake his resolve. The faith, fearlessness and love shown thus are now the admiration of belligerents, correspondents, and the whole public.

Dr. Sharrocks' life was short as we count years,—only 47—but so rich in Christ-like character and so crowded with fruitfulness it may well be considered a very long one.

He was universally loved and honored and his fellow workers and his devoted flock will not cease to mourn his departure and miss him in every branch of the work, the heaviest burdens of which he bore so cheerfully, bravely and effectually.

We have indeed no words to adequately tell our esteem and affection and only with a keen sense of this we present the following brief resolutions:

1. Whereas our dear brother, Dr. Sharrocks, has been called by our Master to His immediate presence, be it resolved that we record on our Mission Minutes our high estimation of his noble life and character as a missionary, his peculiar preciousness to each of us as a friend and co-worker and our inexpressible sorrow over the loss the cause and all of us personally sustain.

2. Resolved also that we extend to Mrs. Sharrocks and their children Ella, Marion, Theodora and Horace our deep sympathy.

3. Resolved that copies of this action be spread upon the Minutes of the Mission and be sent to Mrs. Sharrocks in America.

Respectfully submitted,

MRS. H. G. UNDERWOOD,
CYRIL ROSS,
S. P. TIPTON.

EDUCATIONAL COMMITTEE

APPENDIX C.

REPORT OF EDUCATIONAL COMMITTEE.

1.—Discontinue Mission Help. Recommend that in view of the insufficiency of the present educational budget to finance the eight Mission Academies, we most regretfully report to the Board that we can no longer finance all the academies on the present income from the Board, and that if Mission financial support must be withdrawn from any school, it be in the order, first Seoul Girls' Academy and second, Taiku Boy's Academy. But the Mission, in view of the unprecedented evangelistic and educational opportunities before it in Korea at the present time believes that such action would cause irreparable loss to the Korean Church which has just entered upon a Forward Movement which promises to become one of the greatest in-gatherings in the Mission's history. We have determined, therefore, to continue all these schools, knowing that very large deficits will accrue, with the understanding that unless the Board cables to us to close one or both of these schools, it has agreed to meet the deficits for the past year and present year as given below. (Passed p. 33.)

8. (a) Control of Academies. Recommend in reply to requests from Pyengyang and Taiku Stations for advice on the question of part or complete Korean control of our academies, that it be the opinion of the Mission that whenever the Korean Church through its Presbyteries feels able to assume the responsibility for the management and financing of any school and can give assurances of its ability to meet the annual deficits the Stations are justified in entering into negotiations whereby control may be placed in the hands of the Presbyteries. And furthermore no Station may obligate the Mission to any transfer of control or to the loaning of Board property for schools transferred to Korean control without previously securing Mission and Board approval.

(b) In case any Station desires to have a minority of Koreans on the Board of Control of any Mission educational institution, the Mission gives permission for this, the progress of the matter to be reported to the Executive Committee ad interim and to the Mission at Annual Meeting for review and control.

(c) We strongly urge upon the consideration of all Stations the formation of independent Advisory Boards with clearly defined authority and responsibility which might in time grow into responsible governing Boards. (Passed p. 46.)
9.—Amend College Constitution. Recommend the approval of the amendment to the Constitution of the Union Christian College Sec. 2, Art. 2 by adding, "And the Board of Directors may co-opt, if it so desires, one member from any other Mission not co-operating in the Institution." (Passed p. 40.)

(Passed p. 40.)

18.—Taiku Endowment. Recommend that we call the attention of the 1921 Annual Meeting to the fact that the Taiku Girls' Academy has a considerable endowment, and that at that time this should be treated in the same way as the Syenchun endowment. The estimated income is Yen 1,200. (Passed p. 40).

21.—Special Medical Committee on Sanitary Condition of Taiku Station. Recommend approval of the report of this committee and refer same to Taiku for compliance.

To the Executive Committee:—

In accordance with your action the undersigned met in Taiku June 15 and 16 and after carefully going over the Station compound we submit the following recommendation concerning changes that we consider necessary to make in order to provide better sanitary conditions in the houses on the compound.—

1. The semi-public road running across the compound between the Erdman and McFarland houses should be closed at once.
2. Several of the basements we found to be very damp and unsanitary. To provide better ventilation the basement windows in the Reiner, McFarland, Adams and Bruen (furnace room) houses must be enlarged with outside walls around them.
3. Better drainage and cement floors should be provided in the Reiner and McFarland basements.
4. All the vines should be removed from the walls and porch of the Winn house, and most of them from all the other houses. At least they should be trimmed so as not to interfere with light and ventilation.
5. The Adams' barn should by all means be removed to the other end of the garden. The outlet from the kitchen sink below the road, when used, should be covered. The method of disposal of night soil at this house is a positive menace to health as we found it in an open barrel back of the house with only a thin covering of ashes. If this method is to be continued, the barrel
should at least be removed to the garden and kept covered from flies.

6. Since running water is now available for every house we recommend the building of septic tanks just as soon as possible.

7. In the case of the Winn house, we find that it has one the dryest basements on the compound, and the sanitary condition of the house is not bad. Aside from the removal of all vines (4 above) the large poplar tree in front should be removed and a part of the front porch should be screened (but kept free from vines.) Before occupation the house should be disinfected with formaldehyde and potassium permanganate.

8. We recommend to the committee and all the members of Taiku station the reading of Dr. Van Buskirk's article on the climate of Korea published in the Transactions of the Korean Branch of the Royal Asiatic Society, especially as it pertains to the climate of Taiku. In view of Dr. Van Buskirk's report, we would reiterate the importance of the Station members' being away for at least one month of the summer and better two if possible.

Respectfully submitted,

A. I. Ludlow,
R. K. Smith.

9. Estimated cost of items No. 2, No. 3. ... ... ¥ 1,500.00
   Estimated cost of items No. 6. ... ... 1,000.00
   Total ... ... ... ... 2,500.00

APPENDIX K.

REPORT OF THE UNION CHRISTIAN COLLEGE
TO CO-OPERATING MISSIONS
FOR THE YEAR 1919-1920.

The work of the past year has been unusually successful. Not only has the College been able to continue giving instruction throughout the year with but minor breaks, but the number of students has increased and the place of the institution in the hearts of the members of the Korean Church is more solid than ever before. The enrollment for the year ending March 31st, 1920 was 32, and of these six were graduated. Since April 1st the enrollment has increased to 87, the largest number in our history. Of these, 55 are from South Pyengan Province and the
balance from N. and S. Chulla, N. Kyengsang, S. Choongchung, Whanghai, S. Hamkyeng, N. Pyengan Provinces and from N. Kando. 11 are in the Senior class, 9 in the Junior, 14 in the Sophomore and 53 in the Freshman class.

TEACHING STAFF.

The teaching staff has changed greatly during the year. The Rev. G. Engel of the Australian Mission came in September to become a resident instructor in the Theological Seminary and to give such time to the College as his time would allow. The Rev. and Mrs. Floyd E. Hamilton came in January to join the Northern Mission and are now studying the language, preparing themselves for work in the College. The President, Dr. Moffett, left for America on furlough in April and his duties have developed upon Dr. Bernheisel who will act as President during the interim. We are looking forward eagerly to Mr. Parker's return after his year's furlough.

The Board of Directors has requested that the Southern Mission again consider the appointing of Dr. Reynolds to Pyengyang as resident professor in the Theological Seminary and College. "The Northern Mission has made request of its Board for the appointment of Captain David Soltan as Professor of Physics and Chemistry, and it is hoped that we may secure him."

The estimated budget for the year 1921-1922 is given below. Each of the co-operating Missions is requested to insert its share of this budget in its estimates for the next year.
APPENDIX L.

REPORT OF THE REPRESENTATIVES ON THE
CHRISTIAN LITERATURE SOCIETY.

The Board of Trustees of the Christian Literature Society has held two meetings during the year, one in the Fall and one in the Spring. At the Fall Meeting, the Trustees adopted with some modifications the changes in the Constitution of the Society which were presented to our Annual Meeting last year, and which were not ratified by our Mission at that time. These changes in the Constitution were later adopted by the Annual Meeting of the Tract Society. Mr. Bonwick says that this new Constitution is now in effect. Your representatives are uncertain whether the Constitution now requires ratification by our Mission. The changes in the Constitution included among other things the change of name from that of the Korean Religious Tract Society to that of The Christian Literature Society for Korea. It also provided for election of an Editorial Board, and for changing the representation of our Mission on the Board of Trustees of the Society. If we accept the arrangement, the number of our Mission representatives will be increased from two to four, each Mission being given two representatives on the Board of
Trustees for every thousand yen or fraction thereof contributed to the Society for the Secretary's salary, and there will be four representatives for our Mission to select instead of two.

We have received from the Christian Literature Society for our information and for our action the following statements and requests:

"The chief drawback in the year's work has been the difficulty experienced in getting books and magazines printed. Not only have prices and wages been high but at times it has been impossible to get work done for any price at all. The situation has eased somewhat of late.

"The Christian Messenger now has a circulation of 6,350 paid annual subscriptions. The loss for this year will be over Yen 4,000 and towards this the Federal Council has asked the Missions to appropriate Yen 3,000 from this year's resources to meet the deficit. The alternative seems to be the closing down of the paper. The proportion asked from this Mission is Yen 950, and the money is needed by September 1st. to meet actual outlay.

"In consequence of increase of salary allowance and also increased cost of travelling in connection with next furlough it has been found necessary to ask the Missions to consent to an increase in the appropriation for General Secretary's maintenance to 21 yen per missionary. We do not know exact number to be calculated upon but if it be 87 for this Mission the new appropriation would be Yen 1,227 as against Yen 1,232 now or Yen 1,580 two years ago. As the increased expenditure under this heading was assumed by the Society from the beginning of year it is respectfully urged that the Mission's appropriation be also increased from the beginning of the current fiscal year.

"The following items have been described at full length in the 'Korea Bookman' as having been laid before the Inter-Church World Movement for submission to the Boards. The Missions are respectfully asked to signify their approval and to recommend these appropriations to the favorable action of the Boards, as anything the I. C. W. M. can do seems to be in a purely advisory capacity.

1.—Editorial Department. For the annual working expenses Yen 8,300 is needed, of which the Boards of this Mission are asked to contribute Yen 2,229.

2.—Building Fund. The estimated cost of the premises so urgently needed is Yen 140,000 of which the Board of this Mission is asked to contribute Yen 46,500.

3.—Printing Plant. The estimated cost of plant and equipment is $50,000 gold of which the Board of this Mission is asked to contribute $15,160." (Passed.)
1.—Accounts Audited. The accounts of the Mission, the Publishing Fund and the Translation Fund have been audited and found correct, and the cash on hand was found to correspond with the balances shown in the ledgers. (Passed. p. 15).

2.—Advised Treasurer. No important questions have come before the Committee, but from time to time they have advised the Treasurer on financial matters. (Passed. p. 15).

3.—Advance to Missionaries. The Committee would call the attention of the members of the Mission to the ruling of the Board’s Treasurer in his letter of March 1st 1919, which is as follows:—

“"In case of the purchase of food supplies in advance the Mission Treasurer is authorized to carry a member the Mission to the extent of the equivalent of one month’s salary the missionary to make up this advance to him within three months.” (Passed. p. 15).

4.—Care of Legal Papers. The Committee would also call the attention of the Mission to the rule of the Board as stated in the letter of the Board’s Treasurer of March 4th, 1920, which is as follows:—

“All legal papers, deeds, valuable descriptions, etc. affecting Mission property should be carefully gathered together, itemized on a separate list and deposited with lists in safes in the Stations or with the Mission Treasurer. A duplicate list should be sent to New York for the records of the Board. . . . . In cases where individuals on the field must carry in their own names property which belongs to the Board, these individuals should, without delay execute wills confirmed by two witnesses, clearly stating that the property definitely is the property of the Board: and an additional clause ought to be inserted devising such property to the Board of Foreign Missions of the Presbyterian Church in the U. S. A. or its representative.” (Passed. p. 15).

5.—Income tax. The Committee would also call the attention of the members of the Mission to the fact that under the present law of the United States each member of the Mission must make out an individual Income Tax Return. House rent and medical treatment should be figured as a part of the income at the rate of $175. for unmarried people and $350. for married ones. These returns must be made even if total of the income does not exceed the total of exemptions. Blanks for making out returns can be obtained from the U. S. Consul. (Passed. p. 15).
6.—House Improvements. In accordance with the suggestion of the Executive Committee we would recommend that when a missionary, out of private funds, makes improvements in a house, such as plumbing, built-in cupboards or book-cases, kitchen sinks etc., these improvements become the property of the Board and cannot be removed, nor can reimbursement be asked for.

This rule is not to work ex post facto; it is not applied to heating apparatus nor is it to apply except when in the judgment of the Station Property Committee the removal of the improvements will mar the building. (Referred to Property Committee p. 34).

7. Request Same Salary as in Japan. While thanking the Board heartily for the increase of our salaries and allowances of last year, we would recommend that the Mission reiterate the former request to the Board that from the first of next September the salaries of the Korea missionaries be made equal with the salaries of the Board's missionaries in Japan. The reasons for this request, are (1) That from that date the custom's duties on imported articles will be raised to those prevailing in Japan; (2) that the freight on such articles to Korea is considerably higher than to Japan; and (3) that goods from Japan, of which many are used in Korea, will remain dutiable for some time, and even after the duties are removed the goods will still remain more expensive than in Japan. (Passed. p. 15)

8.—Salary Exchange for Manchuaia. We recommend that in accordance with authorization of the Board during the last fiscal year, the Mission Treasurer pay Mr. Cook the balance of even exchange on his salary for April and May, amounting to Yen 103. (Passed. p. 34)
