The Fifty-Second Annual Meeting of the Chosen Mission of the Presbyterian Church in the U.S.A. was opened in the Morris Hall of the Seoul Foreign School, Seoul, Korea at 8.15 p.m., Thursday, June 25th, 1936.

The retiring Chairman, Rev. C. L. Phillips, took the chair. After the singing of "When I Survey the Wondrous Cross," the Chairman read I. Thess. 5:1-24, led in prayer, and then declared the 52nd Annual Meeting of the Mission to be in session.

The Chairman introduced to the Mission and welcomed Dr. P. R. Abbott, Board's representative to the Mission, and at the same time introduced Mr. Oda of the Government General of Chosen and Mr. A. W. Edson, Acting American Consul General. Paul, George and Julia Winn, children of Dr. and Mrs. G. H. Winn, having returned from America for their vacation, were welcomed.

The Minutes of the Last Annual Meeting were presented and adopted subject to corrections to be reported by the Rules and By-Laws Committee later.

The Committee on Arrangements reported. Dr. Holdcroft first read the following statement containing an agreement which had been entered into by the Executive Committee and the Chief of Police of the West Gate Police Department.
To The Mission:

Six members of the Executive Committee yesterday signed the pledge recorded below in behalf of the Mission. Had it not been signed we could not have obtained permission to hold the Annual Meeting at all. It is as follows:—(translation probably accurate but not guaranteed so)

Hon. M. M. Kimoura,
Chief of Seidaimon Police Station,
Keijo.

Pledge:—

The members of the Northern Presbyterian Mission, U.S.A. in Chosen will neither discuss the Jinja question nor pass resolutions in any manner against making obeisance at Jinja at Executive Sessions, Committee meetings, or at any time or at any place during its forthcoming Mission Meeting in Keijo.

In the event of the undersigned acting contrary to the above pledge we shall not complain of any form of punishment that might be meted out to us, and we, on behalf of the members of our Mission hereby pledge that we shall make this known consistently to our members.

After signing this statement the members of the Executive Committee were informed that the Police Chief would send one officer to be present at all our sessions. In all probability this 'officer' may be Mr. Oda, favorably known to you all.

It should be said that this pledge does not rule out informal discussion in our own homes by small groups, and does not prevent us from considering the necessity or not of withdrawing from educational work—from one institution or from all, but if that is done the forbidden subject cannot be mentioned.

Sincerely yours,

J. G. HOLDCROFT
(Signed)

The Committee then reported on the program and docket for Annual Meeting which were adopted.

The Business Committee made report on business arrangements for the Annual Meeting and these were approved.

The Mission instructed the Recording Secretary to write a letter of sympathy to Miss Margaret Best.

The Executive Committee was instructed to send a cable of sympathy to Dr. and Mrs. J. A. McAnlis, because of the loss of their son, James, who passed away while the family were enroute to Manila.

Dr. Moffett led the Mission in prayer in behalf of the Mission for the McAnlis family and for Miss Best.

Executive Committee. The report of the Committee was presented by the Chairman of the Committee. Actions V. 936 to V. 939 were presented for action and were adopted. V. 937 Sec. 6 was referred to the General Fiscal Committee with power to act. (App. I.)

Moved that the Mission express its very great appreciation of the devoted and splendid services of Dr. J. G. Holdcroft as Chairman of the Executive Committee of the Mission during the past three difficult years: also that Mrs. Holdcroft, who has assisted her husband so effectively during this period, be included in the vote of special appreciation. Carried by rising vote.

Christian Literature Society. Dr. Koons presented the report of our members on the C.L.S. Board and read their recommendations. Dr. W. M. Clark representing the C.L.S. was called upon to address the Mission. The report of the representatives was then accepted and the recommendations were referred to the appropriate committees. (App. XXI.)

Overtures were presented by Dr. Holdcroft regarding (1) a request for the location of Mr. and Mrs. Cook in Mukden, and (2) a request from the church in the Chungju district against
assigning Mr. Soltau to the Theological Seminary in Pyengyang. These overtures were referred to the Evangelistic Committee.

The Treasurer’s Report was read by the Treasurer. The report was received and referred to the proper committees. The report is as follows:

During the year, the Treasurer’s books were audited twice by the Finance Committee according to the audit programme sent out by the Board. Final figures were cabled the Board on April 1st, and the Annual Report, with accompanying papers, was mailed on April 10th, after the audit.

Total receipts were ¥617,976.08 with expenditures at ¥557,838.92, leaving a balance in Special Account of ¥60,000.00 and in Current Account ¥137.16.

Savings for the year, account of the use of the Median Rate, amounted to $19,419.02 Gold.

Balances at the end of the year, subject to redistribution, in Native Work Classes amount to ¥658.62, from which, according to Mission Action, ¥200.00 is to be reserved for Fire Doors at the Seminary Building vault. This leaves a balance of ¥458.62 to be assigned at this meeting.

In addition to the above net balance, a sum of ¥109.99 stands to the credit of Building Supt’s. Account, and this amount should be sufficient for the year 1936-1937.

Net amount to the credit of Rent Account is ¥1,631.25 and this should be referred for distribution at this time.

A member of the Mission kindly loaned funds for the printing of the Jubilee papers and ¥125.41 is due on this account. I would recommend that this sum be taken from the above balance of ¥458.62, it being understood that all future income from sales be credited to the Mission.

Members should please note that unexpended balances from Special Appropriation that are not intended for immediate use, should be returned to the Mission Treasurer. In case this is not done, difficulty may arise in the future in asking the Board to reappropriate these funds.

The budget for the Mission Treasurer’s office for the year 1936-1937 is as follows:

Finance Committee. Dr. Koons read the report of the Committee which was adopted. (App. III.)

Juridical Person. Dr. Clark read the report of the Juridical Person (Zaidan Hojin) which was adopted and is as follows:

The Juridical Person of the Mission held its annual meeting in The Seoul Foreign School building on June 25, 1936 with the following present: Directors R. H. Baird, C. A. Clark, W. B. Hunt, H. H. Henderson and Chief Director, J. F. Genso, who presided.

Mr. Genso led in the opening prayer and the Minutes of the meeting held June 27, 1935, being in print, were not read.

On motion, Directors R. H. Baird, E. H. Miller and W. B. Hunt were reelected as their own successors for a term of three years, these terms to expire in 1939. Supervisors for the ensuing year, Messrs. Whittemore, Pieters and Bernheisel, were elected.

Mr. Genso was elected Chief Director and C. A. Clark Secretary for the ensuing year.

The Chief Director gave a report of the transactions of the past year and the report was approved.

The various Directors reported upon special matters in their own Stations. Mr. Baird reported upon the possible danger to the buildings of the Station because of seepage from the city water tanks. Mr. Genso
for Seoul reported the sale of the Severance field in connection with the John D. Wells School and the negotiations with the Board concerning the use of the funds. He also reported further efforts to secure title to the old road in the Girls' Academy compound. Mr. Henderson reported for Taiku that he now has all of the Station buildings recorded in the Prefect's office in the Zaidan Hojin name and has transferred in the court the final piece of land into the Zaidan Hojin name. He reported the sale of a portion of the Adams' site and the use of the money for fencing as approved by the Board. He reported the withdrawal from the Zaidan Hojin list of certain small properties which had been held in trust for others.

C. A. Clark for Pyengyang reported that the exchange of roads south of the college has not yet been completed and that it has been necessary to give 162 tsubo of the site, Sinyangni No. 26, in order to complete the transaction, since in the exchange of the roads we are to receive 162 tsubo more than we give. Because of a mistake in the Government survey of 1913, it has been necessary to make an even exchange with a neighbor of 12 tsubo of ground near the north gate of the Girls' Academy compound. The Government has taken some 67 tsubo of our ground in the hospital site and given for it ¥3036 and 1½ tsubo there has also been sold to a neighbor for ¥300. It is hoped that, in accordance with the ad interim action of the Mission, the Board will turn this money over to the hospital in order to maintain our pro rata of participation and investment in that union institution. ¥35,000 of the ¥48,056.27 of Board funds which was invested three years ago in the Taitong county farm lands to secure income for the Boys' Academy was released during the year and invested in a one third share in the "Tabi" (land reclamation) development project in Pyengwon county to accomplish the same purpose. With the consent of the donor, a part of the old wall site properties in the city Sangsookoori 34–2, 35–2 and 12 have been sold and ¥35,000 invested in the Pyengwon "Tabi" project, the income from it for the present to go to the college.

All of the above reports of the Directors were approved.

The Zaidan Board hereby announces that the site in Heijo city Nammoon Chung No. 44 with the 44 tsubo store building on it is the property of the Soongsil Boys' Academy held in trust for it as it was a gift to that school by a Korean friend years ago.

Regarding the matter of the Mission's equity in the Severance compound, as referred to this Board by the Executive Committee, the following action was taken. When the Severance Zaidan Hojin was founded, for convenience the entire property at the South Gate in Seoul was registered in the name of that Zaidan Hojin, it having been agreed that a Deed of Trust would be given to the Mission for all of that part of the compound east of the "old Avison house." There has been much correspondence on the matter since 1927, but that Deed of Trust has not yet been executed. A subcommittee consisting of J. F. Genso and E. H. Miller was on motion appointed to take up the matter with the Directors of the Severance Zaidan Hojin and to secure this necessary document.
Regarding land titles in general, this Board makes the following statement in the interest of clarity:

At various times in past years, this Zaidan Hojin and possibly other Committees of the Mission, when making reports, have referred to various lands or buildings as "belonging to" this or that institution. We would call attention to the fact that these words have been incorrect and that they may lead to misunderstandings. They were intended simply to indicate, as between various organizations of the Mission, the use to which the given property was put and had no relation to the legal ownership of these properties. All properties recorded in the name of the Juridical Person of the Korea Mission of the Presbyterian Church in the U.S.A., except those which have been specifically received and enrolled as trust property and so recognized in the Mission Minutes, are the property of the Board of Missions of the Presbyterian Church in the U.S.A., held legally on its behalf by the above mentioned Juridical Person, and such properties cannot be legally alienated from the ownership of that Board of Missions without its formal consent. This includes in particular all properties now in use by the Mission Academies. As to the Union Christian College in Heijo City, its main site and buildings were all provided by moneys of the said Board of Missions and they have been simply loaned for use by the College organization and its Board of Directors. As to the farm lands in Taitong county and the one third interest in the "Tabi" project in Pyengwon county, these were donated to the Board of Missions with instructions that the income from them should be given to the college for current expense as long as the Board conducts the college and the Board holds those properties under that deed of gift and has never relinquished its ownership in them.

These matters of business having been transacted, the Board meeting adjourned with prayer.

J. F. GENSO, Chief Director.
C. A. CLARK, Secretary.

Agricultural Committee. Mr. Lyons read this report which was adopted as presented. (App. VII.)

Elections. The second section of the elections on committees was then held.

Mr. Hugh Miller representing the British and Foreign Bible Society addressed the Mission on the work of the Society for the past year.

Noon Prayer. Mr. W. M. Baird led the Mission briefly in the noon prayer.

After announcements had been made, Dr. Underwood led in prayer and the Mission adjourned.
The Stewardship Conference met at the appointed time at 3.00 p.m. with Dr. H. W. Lampe presiding. In opening the session, the Chairman read I Cor. 9:1-8 and led in prayer. The program of the Conference was as follows:

The Communion Sermon was preached by Mr. Phillips who read Gal. 5:22-6:1-10 and 14-17 and spoke on “Burden Bearing,” using as his text Gal. 6: 2 and 5. The sermon was preceded by a duet by Mr. and Mrs. Voelkel “To Do Thy Will” and followed by a quartette, “Nailed to the Cross” by Mr. and Mrs. Hill, Mrs. Rhodes and Mr. A. D. Clark.

The substitute recommendation was as follows:

Recognizing the increasing difficulties, not only in maintaining our Mission Schools, but also in preserving and making clear to the people of Chosen the full purposes and ideals with which they were founded we regretfully recommend that in any locality where it seems impossible to do this the Mission put itself on record in favor of the policy of retiring from the field of secondary education. To do this will require some time, and close co-operation with the officials of the government will be necessary. It may also involve the turning over, by lease or sale, of the schools to other management. We further recommend that the Mission commit all details as to time and methods to the Executive Committee in conjunction with the station concerned with power; it being understood that:

1. The Committee in pursuance of its duties will report any decisions to the Mission and that if within 15 days no station protests, the action shall be final. In case of a protest from any station the matter shall be submitted to the Mission for vote at its next annual meeting.

2. All actions requiring Board approval shall be submitted to the Board in accordance with the requirements of the Manual.

3. That should such withdrawal from educational work become necessary in any station, the Mission urges the desirability of turning over the schools to such bodies as will most nearly conserve the original purposes for which the schools were founded. (Lost: Yes 19, No. 67.)

APPENDIX I

EXECUTIVE COMMITTEE REPORT

The Mission year just completed makes us realize that our sufficiency is in God alone, and that, "did we in our own strength confide, our striving would be losing." Perhaps never in our history, certainly never in recent years, have we spent another twelve months so full of uncertainties and baffling difficulties.

Many meetings of the Executive Committee and of others have been necessary, many cables have been sent and at times extra clerical help has been employed, all of which has greatly increased the cost of the year's work. The treasurer will report that. Despite all, we report for permanent record fewer items than in normal years.

With regret for their leaving but with appreciation of them and of their services, we record the departure for retirement later in America of Miss Margaret Best, LL.D. after nearly forty years of service, and that of the Reverend and Mrs. Cyril Ross after almost as long a period. These have recently left us. They received, in departing, many tokens of love and of esteem from Koreans and from missionaries alike.

Since it does not appear elsewhere we record also the evacuation of our Manchuria Station, Sinpin, in April of this year, on consular advice. When conditions will permit the return of Mr. and Mrs. Cook and of Mr. and Mrs. A. D. Clark we are unable to prophesy, but hope their return may not be long delayed.

We face the future knowing it is in the hands of God and therefore in good keeping. It is ours to trust, to obey, to desire that all men might be saved, to know that all things work together for good to those who love God, and to realize that He has not called us to ease but to fidelity.

Action upon recommendations proposed during the year is given in Sections A and B below. Information sections, from among which, for special reason three have been deleted, will be found in Section C.

A. VOTING RECOMMENDATIONS

July, 1935.

V. 923. Miss Sharrocks' Trip to America.—Recommend that if at Kobe it be found necessary, Miss Sharrocks be given permission to accompany Mr. and Mrs. Whittemore to America to return as soon as possible; and that we request the Board to make with Mr. Whittemore such adjustment of her travel expenses as it feels to be proper under the circumstances. No. of voters on field, 99. Necessary to carry, 66; aff., 90; neg., 1; not voting, 8; carried.
EXECUTIVE COMMITTEE

Meeting of September 13, 1935.

V. 924. Seminary Vault Doors.—Recommend that we approve an item of ¥220.00 for the installation of fire-proof doors for vault in the Pyengyang Seminary Building in which Mission records are stored,—this item to be made first claim on Mission balances at the end of the year. No. of voters on field, 104. Necessary to carry, 70; aff., 91 plus 1 qualified; neg., 0; not voting, 12; carried.

V. 925. Taiku Hospitals Constitutions.—Recommend that we ask the Board to approve the constitution for the Taiku hospitals as herewith appended. No. of voters on field, 104; necessary to carry, 70; aff., 78; neg., 5; not voting, 21; carried.

The Taiku Station, under the supervision of the Chosen Mission (which in turn represents the Board of Foreign Missions of the Presbyterian Church in the U.S.A. and the American Committee of the Mission to Lepers), and the Kyungpook Presbytery of the Presbyterian Church of Chosen agree to cooperate in the conduct of the Tongsan and Leper Hospitals as follows:

1. Land, buildings and equipment (as listed below) belonging to the Board of Foreign Missions of the Presbyterian Church in the U.S.A. and the Mission to Lepers shall be entrusted to the Board of Directors for its use in accord with a constitution that shall be drawn up and ratified by both parties of this agreement. The property, however, shall continue to be the property of the landholding corporations of the Chosen Mission and the Mission to Lepers, and the Board of Directors shall pay an annual rental of one yen a year for each institution.

(A list of property shall be inserted here.)

2. Upon the consummation of this agreement, the Taiku Station agrees to turn over to the Board of Directors all subsidies that may be received for these institutions, but it is agreed that the Taiku Station will not be responsible for any deficits or debts that may be incurred by the institutions.

3. Hereafter any gift of land, buildings or endowment shall become the property of any one of the three landholding corporations as designated by donor; namely, that of the Chosen Mission, or the Mission to Lepers, or the Kyungpook Presbytery, the Board of Directors to have the use of the same for the benefit of the hospitals.
4. New buildings which are not to be the property of the landholding corporation of the Chosen Mission, or that of the Mission to Lepers shall not be erected on the land belonging to either of these corporations until official permission has been secured from Taiku Station.

5. In case joint control with any new party be desired this can only be effected after the consent of all property owners has been secured.

6. In case the terms of this contract including the constitution authorized in Art. 1 are not observed by the Board of Directors, or should untoward circumstances arise, either of the contracting parties may ask for dissolution in accordance with Art. 7.

7. In the event of dissolution.
   (a.) In case both parties agree, immediate dissolution may take place; but if one party protests, dissolution may be effected only after one year's formal notice has been given.

   (b.) In order to continue these institutions as Christian hospitals, the party which holds the greater investment at the time of dissolution shall have the first right to continue in full control of all lands, buildings, equipment, and endowment interests originally contributed by it, and have the option of buying the land, building and equipment which may have been contributed by the other party at an appraised value to be decided according to the method described in paragraph (d.) below. In case the party which holds the greater investment declines to exercise its right to continue the institutions, then the party holding the lesser investment shall have this right and option.

   (c.) In case both parties to this agreement decline to continue the support and administration of these hospitals, the control of all land, buildings, equipment and endowment interests shall revert to the original owners.

   (d.) In the process of dissolution, the necessary appraisal shall be made by three appraisers, one to be chosen by the General Assembly of the Presbyterian Church of Chosen, one to be chosen by the Chosen Mission of the Presbyterian Church in the U.S.A., and the third to be chosen by the first two.

(Signed copies of these articles of agreement in both English and Korean shall be filed with the Taiku Station and the Kyungpook Presbytery.)

V. 937. The Mission and the Board's Centennial. Recommend that the Mission co-operate with the Board in its Centennial celebration during the year 1937 as follows:

1. That the Summary Mission Report for 1936 be written in a popular way to show the culmination of the Board's work in Korea, for the deepening of interest and increasing of the knowledge of missions in the church in America; that this report be prepared and sold to members of the Mission by the Publicity Committee; and that it be used by the members of the Mission in correspondence with their supporters, presbyterials, and particularly by the ordained members in writing to the Presbyteries in the homeland with which they are connected. (See Board General Letter No. 27, 2a.)

2. That we send soon after Annual Meeting a mimeograph copy of "inquiring" based on paragraphs 2-6 Sec. 5, Board General Letter No. 57 to each member of the Mission and ask for replies by the end of August for use in the September meeting of the Executive Committee.

3. That the Mission have a one day celebration at the Annual Meeting of 1937 with speakers appointed in the following subjects:
   (a) The Beginnings of the Foreign Mission Work of the Presbyterian Church, U.S.A. both before the Foreign Board was organized and during the first years of its organization including a brief account of the first missionaries sent out.
   (b) A Resume of the Hundred Years Work of the Board, giving outstanding historic developments both in the missions and in the church at home.
   (c) The Present Status of the Board's Work in 27 missions and in 16 countries and in the Church at home, giving some statistics, naming outstanding church leaders among the nationals, and pointing out encouraging conditions in some of the missions.
   (d) The Board's Contribution to Korea during a half century in personnel and monetary gifts, and visits from prominent leaders on the Board and in the Church at home.
EXECUTIVE COMMITTEE

(e) The Korean Presbyterian Church (a study in comparisons) with churches in other mission lands under our Board, including educational, medical, literary and other work. Include also the re-action of the Korean Church upon the Church at home.

4. That the Mission’s Committee suggest a program for the centennial celebration that might be used in all mission institutions.

5. That suggestions be made to the Presbyteries in the Korean Presbyterian Church in Our Mission’s territory as follows:

(a) That each Presbytery at a regular meeting, devote at least one evening to the celebration, at which meeting at least one missionary and one Korean church leader be asked to speak. The Korean speaker would naturally dwell on the Board’s work in Korea while the Missionary speaker could dwell on the Board’s work at large.

(b) That each Presbytery ask each church in our Mission’s territory to participate in the world wide celebration that is planned for October 10, 1937. The Mission’s committee shall supply through the Stations a suggested program for that Sunday and excerpts in Korean of the addresses at Annual Meeting and from Dr. Brown’s History which is to be ready Oct. 1, 1936, so that each church will have material for its celebration on that Sunday.

(c) That each Presbytery ask each church school to participate by conducting a program, material for which will be provided by the Mission’s committee through the stations.

6. That the Mission instruct the General Fiscal Committee to set aside ¥100.00 out of this year’s grant towards the expenses of the Mission’s share in this centennial.

7. That the Mission (re-iterating I. 787) urge the Board to adopt the slogan “One Hundred New Missionaries for the Centennial Year.” This would catch the imagination of the church and be most heartening to the large number of candidates for the foreign field. This number of new missionaries would mean but a partial recovery of the pre-depression total force and their support would require only an additional $150,000 a year which would seem to be not too great a sum for the Board to add to its budget in its Centennial Year.
8. That we ask the Board for the use of films showing the Board’s work in various fields, the same to be used by the Mission and its various stations in connection with the centennial program. (Passed p. 4.)

V. 938. **Centennial Committee.** Recommend that Dr. Rhodes and Messrs. Cook and Henderson be appointed as a committee to see to the carrying out of the plans for the celebration of the Board’s Centennial here in Korea. (Passed p. 4.)

V. 939. **Special Expense for Educational Problems.** Recommend that the Mission ask the Board for $500.00 gold as an emergency appropriation to cover the unusual expenses incurred so far in dealing with problems concerning some of our schools and similar expenses impending in the immediate future. (Passed p. 4.)

V. 940. **Emergency Educational Policy:**

We deeply appreciate the unfailing courtesy and patience of the representatives of The Government General and especially of those in the Educational Bureau in their many conferences with us and in the way in which they have so clearly explained to us the National policy of education. We most earnestly hope that the cordial relations which we have enjoyed during the past years may be long continued.

The Executive Committee has given long and prayerful consideration to our problems and after full consultation with the Commissioners from our Board of Foreign Missions in New York, makes the following recommendations:

1. Recognizing the increasing difficulties of maintaining our Mission schools and also of preserving in them the full purposes and ideals with which they were founded, we recommend that the Mission approve the policy of retiring from the field of secular education.

To do this in an orderly manner will require some time; it will also involve the questions of the future management of the schools and of the use or disposal of the property. Close cooperation with the officials of the Government will be necessary.

2. We further recommend that the Mission commit all details as to time and methods to the Executive Committee with power, it being understood:

   (1). That the Committee and any Station concerned will confer with each other.

   (2). That the Committee in the pursuance of its duties will report its decisions to the Mission; and if within fifteen days no Station protests, the Committee’s actions will be final. In case of a protest from any Station the matter will be submitted to the Mission for a vote at Annual Meeting or ad interim if the Committee deems it necessary.
EXECUTIVE COMMITTEE

(3). That all decisions of the Committee requiring Board approval shall be submitted to the Board in accordance with the requirements of the Manual.
(Passed: Yes 69, No 16. See p. 17.)

B. STATION RECOMMENDATIONS

Syenchun Station, Feb. 10, 1936. Recommend that Item No. 6, Emergency Isolation Ward, Syenchun be raised in amount from ¥2,500.00 to ¥4,500.00 and that a cable be sent to the Board so that the increased sum may be put upon the 1936 "Easter List."

No. of voters on field 101. Necessary to carry 68; aff., 88; neg., 0; not voting, 13; carried.

C. INFORMATION SECTIONS

Meeting of September 13, 1935

I. 766. Harkness Funds Division for 1935-36. In 1935 Mission minutes page 38, Evangelistic Committee Action No. 16 is the division of the Harkness Funds for 1935-36, instead of 1936-37, the latter figure being a misprint.

I. 767. Letter to Chamness. Dr. Holdcroft was asked to write to Mr. and Mrs. Chamness urging them to return as soon as they may find it possible.

I. 768. Letter to Dr. McAfee. Dr. Holdcroft was asked to send a letter to Dr. McAfee assuring him of our sympathy and prayers in his present illness.

I. 769. Coming Visitors. The following visitors are expected in Korea this fall:

1. Mrs. Adolf Nelson, of the University Presbyterian Church, Seattle, is now in Japan and will arrive in Taiku about Sept. 28th, to begin her visit in Korea. Mrs. Nelson's husband, recently deceased, was a leading elder in the large university church and Mrs. Nelson has been very prominent in missionary society work for years.

2. Rev. James E. Detweiler, D.D., one of our Board secretaries in the Chicago office, and formerly a missionary in Japan, will be in Korea October 22-28. A copy of Dr. Detweiler's letter will be sent to each station to give the details of his itinerary. Dr. Detweiler may be reached in Japan in care of Rev. Willis C. Lamott, Meiji Gakuin, Shiba, Tokyo.

I. 770. Constitutions in Preparation. Dr. Holdcroft and Mr. Henderson were appointed as a sub-committee to incorporate the Executive Committee's suggestions in the proposed constitutions (1) for the Zaidan for Syenchun Boys' Academy, and (2) for Taiku Hospital; also to secure the approval of the stations concerned, and then to present same to the Mission for vote.
I. 771. Reporting Credit on Property Sales. We call each Station's attention to Board Letter No. 805 (June 21st) regarding Credit on Property Sales to be Reported to the Board; and to the fact that Board actions regarding sale of land in Kangkei (V. 901), regarding sale of land in Chairyung (1935 Minutes p. 48), regarding sun-porch money and request for quarters for infant welfare work in Andong, regarding sale of Adams property in Taiku (1935 Minutes p. 49), regarding sale of Severance Field in Seoul (V. 916), are all held up because proceeds of the sales have not been turned into the Mission and Board Treasurers, and the Board will not take action till the rules are complied with.

I. 772. Next Executive Committee Meeting. The next meeting of the Executive Committee will be held in Seoul on November 30th, at 4 p.m., at the home of the Chairman.

Meeting of November 22, 1935

I. 773. New Law Re. Purchasing Real Estate. In view of the reports in the newspapers to the effect that it may be impossible for foreigners to purchase real estate after April 1st, we call attention of the Mission to these reports and request the chief director of the Mission Zaidan to investigate the facts and report to the Executive Committee at its March meeting.

I. 774. Summary Mission Report. Dr. Rhodes and the Chairman were appointed as a sub-committee with authority to read and approve for the Executive Committee the Summary Mission Report to be written by Miss Hayes, and the Mission Estimates and Statistics.

I. 775. March Meeting of Executive Committee. The next regular meeting of the Executive Committee will be in Seoul, Saturday, March 14, at 9 a.m. The Chairman has been empowered to call a special meeting of the Executive Committee should any development make this necessary.

I. 776. Deleted.

I. 777. Deleted.

I. 778. Sunday Athletics. Inasmuch as the question of mission schools participating in Sunday games has been raised, the Executive Committee has advised all school principals to reply to any such question that participation is contrary to our Christian convictions and that we cannot consent to it; also that we have taken the matter up with the Board through our Corresponding Secretary.

Meeting of December 9-13, 1935

I. 779. Deleted.
Meeting of March 14 and 16, 1936

I. 780. Malsbarys Recommended for Board Appointment. As a result of favorable returns through the Board’s questionnaire, the Executive Committee has again recommended Mr. and Mrs. D. R. Malsbary to the Board for appointment to the Mission as regular missionaries.

I. 781. Caution Re. Medical Bills. The Executive Committee’s attention having been called to the fact that a number of missionaries have been remiss in observing paragraphs 1 and 3 of Article 165, Mission Rules and By-Laws, especially as regards medical and surgical bills and supplies not prescribed by physicians, the Committee requests all members of the Mission to be more careful in observing these rules.

I. 782. Pastors’ Retreat at Chairyung. The attention of the Mission is called to the Pastors’ Retreat which is planned for April 30th to May 4th at Chairyung. This is in accordance with the decision made by the last General Assembly, with the earnest hope that a great blessing may be received by the entire Church and a new spirit of harmony and unity brought about. It is hoped that the members of the Mission will make this a special matter of prayer and that as many as possible of the ordained men will plan to be present.

I. 783. Following up Land Sale Actions. The Executive Committee calls the attention of the Mission again to I. 771 and urges that each Station follow up each action made in its behalf.

I. 784. Inspection of Executive Committee Files. Dr. Rhodes and Mr. Soltau inspected the files of the Executive Committee Chairman and found them to be in good order.

I. 785. Approval of the Return After Furlough of Rev. and Mrs. H. Voelkel. On the basis of the vote of Andong Station and the Executive Committee the return of Mr. and Mrs. Voelkel after furlough was unanimously recommended to the Board.

I. 786. Celebrating the Board’s Centennial in Korea. Dr. Rhodes and Messrs. Cook and Henderson were appointed as a committee to suggest plans for celebrating the Board’s Centennial here in our Mission in 1937 and to this Committee was referred the Board’s General Letter No. 57. Suggestions from the Stations and members of the Mission will be welcomed by this Committee.

I. 787. One Hundred Recruits for Centennial Year. We urge the Board to adopt the slogan “ONE HUNDRED NEW MISSIONARIES FOR THE CENTENNIAL YEAR.” This would catch the imagination of the Church and be most heartening to the large number of candidates for the foreign field. This number of new missionaries would mean only a partial recovery of the pre-depression total force and their support would require only an additional $150,000.00 a year which would seem to be not too great a sum for the Board to add to its budget in its Centennial Year.
I. 788. Special Meeting of Mission Impracticable. In the opinion of the Executive Committee it is impracticable to call a special meeting of the Mission at this time to discuss such subjects as are raised in Dr. C. B. McAfee's letters of April 5th and 6th, 1936. If, therefore, by May 15th no Station starts an official action calling for such a special meeting the Committee will understand that its judgment in this matter is accepted by the Mission.

I. 789. Board Commission. The Executive Committee believes that in requesting the Board of Foreign Missions to send as soon as possible a Commission to Chosen with full power to act for the Board it has rightly interpreted the desire of the Mission. As in the case of I. 788, therefore, the Committee will wait until May 15th and if by that time no Station has started an official action asking it to withdraw this request it will understand that the request has been approved by the Mission and will so inform the Board by cable.

I. 790. Severance Deed of Trust. The question of the deed of trust from the Severance Juridical Person to our Mission to cover Mission property in that incorporation was referred to the Directors of the Mission Juridical Person.

I. 791. Committee on Guidance. The following were appointed to serve for the year 1936-37 on the Committee of Guidance for New Missionaries:

- Dr. W. N. Blair, Chairman
- Mr. and Mrs. Cook
- Mr. Soltau
- Mr. Crothers

I. 792. Examination of the Chairman's Files. In view of the fact that the Executive Committee Chairman's files have been examined so recently as March 14th last, further examination was postponed until the regular time preceding the next annual meeting in 1937.

I. 793. The Work in Manchuria. Manchukuo continues to hold an important place in the eyes of the world both politically, economically, and as a challenging field for missionary activity. Although much work is at a standstill due to uncertain and even disturbed conditions, the field is still calling for attention. The great inflow of Koreans into Manchukuo has been definitely slowed up for a time except in such places along the railroad as are within the sphere of immediate protection.

One center of great hope in the north is the City of Moktan situated a day's journey southeast from Harbin on the former Chinese Eastern Railway. It is a chartered city with concessions for the various nationalities located in its limits. From this center the great triangle between the Sungari and Usuri rivers may be reached as well as the region to the south.
The next great center which calls for special attention is the capital, Hsinkyo. Here already work has been started by the former Methodist organization. And also by pastor Kim Chang Tuk as a representative of our Presbyterian church. Hsinkyo will doubtless be of such importance in the future as to call for definite consideration as a mission center.

The one other center upon which our attention is focused is Mukden. Since the formation last autumn of the separate Mukden Presbytery, including Fushun, Antung, Yingkow, and Mukden, a distinct impetus has been felt. Up to the present, Mukden has no missionary located there for the Koreans alone. A special call has come from the Mukden Presbytery asking that Mr. and Mrs. Cook be located there so as to give special attention to classes, Bible Institute, and special evangelistic effort for the immediate time until the work in Sinpin can be resumed.

At the first Annual Meeting following the retirement from active service of Miss Velma Lee Snook, it is appropriate that the Mission express to her its appreciation of her long term of faithful and efficient service and the high esteem in which she is held in the hearts of us all.

Miss Snook was born in Fairfield, Iowa and grew up in the home of one who had been a pioneer, her father, John Snook, having been one of the first Presbyterian elders ordained in that state. He served one church forty-six years. Miss Snook's mother, Mary Fowler Snook, was a person of courageous and always helpful personality, her wedding trip having been over the overland trail from Ohio to Iowa in 1841.

Miss Snook inherited the gracious qualities of her parents. She came to the field 36 years ago and has been connected with the Soong Eui Girls' Academy for 33 years.

We hereby extend to her our best wishes and the earnest hope that many years of fellowship and service may yet bring pleasure and mutual encouragement to Miss Snook and the members of the Mission. (Passed by rising vote, p. 20.)

Clark in the difficult experiences through which they have gone, and the earnest desire that the way may soon open for them to return to their work in Sinpin. (Passed p. 20.)

REPORT OF THE AGRICULTURAL COMMITTEE

Most of the agricultural work of the year was confined to the projects in Pyengyang. These, however are not without results which reach to all parts of Korea.

The Morning Calm Products not only go to all missionaries, but in cooperation with hospitals and health centers, soy bean milk powder is being provided for Korean children in all parts of the country.

The production and distribution of seeds by the seeds department of Morning Calm Products is giving training to men who will soon be able not only to give satisfactory service to missionaries but will also be able to promote the culture of many new vegetable crops which will be of great value to the rural people.

Results of our work in the past are beginning to show by a great increase in the planting of early potatoes. There are still a great many communities either not growing potatoes at all or still using the old varieties by the old cultural methods.

In order to aid missionaries in their efforts to help the rural Christians to increase their income from at least a small portion of the land an article on the advantages of growing peas and early potatoes and their cultural methods was published in the Korea Mission Field. A similar article on succession crops of sweet corn and string beans was prepared but not published in English.

Both articles, however, were put into Korean and published in the Farmers' Life Magazine. Fifty thousand reprints of these articles were made and 16 copies each sent to our 2438 rural Presbyterian churches. Free seed samples of corn and beans were also sent.

The total cost of this vegetable promotion project was ¥671.55. Only ¥250.00 of the Mission's Agricultural Work Fund was drawn since the Mission needed extra money to cover other expenses. The balance of the cost of the project, ¥421.55 was paid by the Morning Calm Products. Thus the Pyengyang Project helped the whole mission enterprise. A detailed accounting of these expenditures is appended.

This is our first attempt to reach all the churches with an agricultural program which should fit all parts of the country. What we expect from each participating farmer is very small but if we can get a few farmers in every church really to succeed in not only growing but using these crops for food we will have made a good beginning for much improvement among many in the future.

The crops recommended are well worth promoting. Any of them on the average will more than double the food production of millet, rice or beans on the same area. We must depend upon the itinerating missionary to keep "talking up" these crops urging the farmers carefully to follow the printed cultural methods and to keep on trying until they really succeed in getting the big yields we have advertised.
No potato and no pea seeds were sent out free and the article on their culture was distributed too late in the season to be of any help to the farmers during the past season. The farmers should be urged carefully to keep their copy and prepare to follow the suggestions exactly for next spring's planting by plowing and preparing their land this autumn.

All missionaries can help in this work by showing an interest in the results obtained by the individual farmers.

Recommendation.

Rural Work Conferences: Recommend that a Conference on Rural Work be held during the coming year in each station of our Mission, and that, where possible, arrangements be made for the participation of the Rev. Min Soo Pai in such conferences. (Passed p. 10.)

COMMITTEE ACTIONS

C.A. 1. Station Minutes. With the assistance of the Station Secretaries the minutes of the Stations have been examined. These minutes are in good form and well written up. A few comments may be made as follows: (a) In Chairyung Station no meeting was held from March 10th till May 18th. In the last meeting on June 15th the Apportionment Committee Docket was not recorded. (b) One page of the Chungju Station minutes was not clearly typed. (c) In one called meeting in Pyengyang an action was taken on a matter not mentioned in the call and the minutes of the last meeting were not approved. (d) It was amusing to find in the minutes of Kangkei Station for June 11th that a motion not seconded and also a motion that was lost, were recorded.

C.A. 2. Station Reports. The Station Reports have all been read. They are acceptable as to form and material and a few exceptionally so. Only one copy, instead of two, was given to your committee from Syenchun and Kangkei Stations. Will the Stations please note that one copy of each Station's report is to be sent to every other Station in the Mission.

(a) The following members have been excused from all the sessions of the Annual Meeting: Mrs. Campbell, Mrs. Bruen, Mrs. Lyon.
(b) The following have been excused from some of the sessions of the Annual Meeting: Mrs. Soltau and Dr. Fletcher until June 27th; Mrs. H. H. Henderson until June 28th; Miss Esteb until June 30th.

APPENDIX XII

PUBLICITY COMMITTEE

During the year, a variety of forms of publicity work have been carried on by all the stations of the Mission. The Committee has had 3,500 copies of the Korea Digest of station reports printed, 200 of which were sent to the Board for distribution in America. Mr. Allen Clark has again been elected to edit the Korea Digest for this year. The Board's Publicity Department has been requested to see that the Korea Mission Field Magazine is listed along with other similar publications from other Presbyterian mission fields, in the Central Distributing Department catalogue, for the information of the home church. A number of article and news-notes have been sent to the Board, during the year, some of which also appeared in the Korea Mission Field Magazine. The Board's Department makes a strong plea for short human-interest material, as this type of thing can be used more widely than long articles. They also request pictures of any and all things of interest pertaining to the work of the Church. The "picture that tells a story" is always in demand. Upon request from the secretary of the Committee, Miss Hallock sent out samples of all material on Korea which the Board's Department has on hand, with the exception of general letters and other things which are sent out in large quantities from the field. The array was far from large. In regard to the Year Book of Prayer for Missions, some correspondence has
been carried on over the many inaccuracies that have appeared there. Miss Hallock assures us that if the Mission's committee will see that the material reaches the Board by the first week of August, it will go into the 1937 Year Book, so that the responsibility now rests upon us.

Material sent out during the past year includes the following: Korea Mission Field subscriptions, Korea calendars, a station statistical letter, Korea Digests, Taiku Christmas T. B. folder, Temperance News-Letter, 1932 Korea Missions Year-Book, Pyeongyang News, station prayer calendars, tracts having a syllabary on the reverse side which can be slipped into letters as curios, Pyeongyang Hospital Child Welfare pamphlet, the use of T.B. seals extensively, Mr. F. S. Miller's new books, "Our Korea Friends" and "Korean Young Folks," use of new issues of postage stamps on letters and of combinations of different values instead of the familiar blue ten-sen stamp, articles, letters and personal and station reports. Seoul Station wishes to urge the importance of personal letters and many of them. Even though they may not bring an immediate reply, personal letters are by far the most important form of publicity, binding the interest of the sending church to the work in this field.

Recommendations.

1. Recommend that we call the attention of the Mission to last year's recommendation that each station should read one of the other station's reports at each station meeting, in order to keep up to date on the work of the rest of the Mission. (Passed p. 13.)

2. Recommend that the station members of this committee be elected, each year, not later than March of that year, in order that new members coming into the committee may have time to find out what has been done and thus be enabled to join more intelligently in the committee's work. (Passed p. 13.)

3. Recommend that the committee members be added to the various station correspondence lists and that all publicity material, including general letters, appearing in each station be sent to the publicity members of the other stations. (Passed p. 13.)

4. Recommend that 3,000 copies of the Digest be printed. (Passed p. 18.)

5. Recommend to the Federal Council that they prepare a travel guide to mission work in Korea and we suggest that this be accompanied by medical and dental announcements. (Passed p. 13.)

6. Recommend that because of the lack of general knowledge of the work of union institutions and the Women's Higher Bible School, that five minute abstracts of these reports be read on the floor before posting. (Referred to R. & B.L. Com. p. 13.)

7. Recommend that the Rules and By-laws Committee release one copy each of the station reports to the Publicity Committee for the first meeting of the Publicity Committee, in order to facilitate the work of the editor of the Korea Digest, it being understood that these copies will be kept within the committee until passed by the Rules and By-laws Committee. (Passed p. 13.)
STANDING COMMITTEE REPORTS

APPENDIX XIII

CHRISTIAN RELIGIOUS EDUCATION COMMITTEE REPORT

A. Presbyterian Board of Christian Training

The work of the Presbyterian Board of Christian Training has been much the same during the past year, and we report on the following items:

I. Summer Bible School Work: Despite many problems which we faced in connection with this work including the necessity of changing the name to Summer Bible Classes for Children, the statistics show the following interesting items:

- Total number of schools 549, Pupils 49,440, Teachers 3,603,
- Decisions for Christ 8,648, Children taught to read 8,344.

Plans are now being made for the coming summer's work.

II. Bible Correspondence Course: During the past year 469 have been studying the Old Testament Course, and 6,542 the New Testament Course. New enrolment this year includes 102 for the Old Testament, and 715 for the New. There were 173 who graduated from Old Testament this year, and 544 from the New. The total number of graduates from these courses is 3,614 including 675 from the Old Testament Course and 2,939 from the New.

III. Bible Memorization: 4,975 booklets were distributed, and rewards for memorization during the year included 45 Bibles, 61 Old Testaments, and 378 New Testaments.

IV. Sunday School Teachers' Training: 23 Sunday School Teachers Training classes were held during the year, and 156 new students enrolled in the Correspondence Course, making the entire enrolment 2,856. There were 48 graduates from this course this past year.

V. Publication Department: The total publications of this Board now are 33, of which 13 are new this year. 2,000 copies of Sir Charles Marston's book, New Bible Evidence were published, of which we gave one copy each to every ordained pastor in Korea.

VI. The Christian Herald: On January 21st, 1936, the Chong Kyo Si Bo (Sunday School Times) was changed from a monthly magazine to a weekly, and in doing so, we had to change its name. The new name is Ki Tok Kyo Bo, or Christian Herald. This paper was established by three of the Boards of the General Assembly, namely the Board of Christian Training, the Board of Christian Endeavor, and the Board of Rural Evangelism, making a joint enterprise. To date we have 2,113 subscriptions, and have published altogether 51,474 copies.
VII. Request: The Presbyterian Board of Christian Training would respectfully request the Mission to provide, if possible, ¥1,200.00 per year for current expenses of this Board as has been requested for several years.

B. The Korea Sunday School Association

At the annual meeting of the Association in October, 1935, Rev. James Chung, who for many years had served it most efficiently, severed his connection with the K.S.S.A., and Rev. K. O. Suk was elected cooperating general secretary. During the months since his election Mr. Suk has proved himself a most energetic, loyal, and efficient officer, and much of the success of the year has been due to his efforts.

We are glad again to be able to report a considerable increase in the sales of Sunday School lesson materials for 1936. This year we expect to have the manuscripts in the hands of the Christian Literature Society in time for the lessons to be off the press and ready for distribution early in September.

In November we began republication of our Sunday School monthly paper, which had been discontinued for some years on account of lack of funds. It has been favorably received by the church, and the number of paid subscriptions is steadily increasing.

The Daily Vacation Bible School work for the summer of 1935 was not as successful as in 1934 if one judges it merely from the number of schools and the number of scholars enrolled. However, the fact that, in spite of difficulties met with, the total number of scholars was not very much less than in former years gives evidence of the great interest of the whole church in this important work.

This is the World’s Sunday School Convention year, and a fairly large number of delegates from the Korea Sunday School Association are on their way to Oslo, Norway. Rev. H. K. Lew is our official representative. Most of the other delegates from Korea are travelling direct from Korea via Siberia, though several are taking in the convention on their way from the States to Korea.

We have sent to Oslo what we think is one of the best exhibits of our work ever prepared. The main credit for this is due to the secretaries of the Association, and to Mrs. J. C. Crane. Mr. Lew also took with him some moving picture films of Sunday School work in Korea.

C. Children’s Bible Clubs

During 1935 and 36 the Children’s Bible Clubs had a very successful year. In Pyengyang there were over 1200 children in these clubs, studying a program based directly on the Bible, and using the Bible as the principal text-book. In September it looked for a time as though the authorities would not permit us to continue. Finally several changes in the curriculum such as eliminating arithmetic were approved by the authorities, and the clubs were permitted to go on with the understanding that only the Bible would be studied,
In addition to the clubs in the city of Pyengyang, 10 clubs in country churches were organized under our supervision, with the understanding that the academy and college boys who taught in these clubs in the country churches would have free tuition for two years after a year’s work in the country, when they returned to school. However with the beginning of the new fiscal year, the uncertainty of future financial support led us to discontinue this arrangement. Several of the clubs went on, however, on their own responsibility.

D. The Young People’s Work

The young people’s work has been going on steadily during the past year; the local societies have been holding their meetings more or less regularly; the local and Presbytery Unions have been carrying on their work, and the officers of the National Union have been doing what they can to unify the work and encourage the local Societies and Unions in their work. Mr. David Lee and W. J. Anderson made trips both in the summer and winter to young people’s conferences, Bible Classes and local societies. Very encouraging conditions were found in various parts of the country.

Beginning with January 1st the Christian Endeavor National Union joined with the Assembly’s Religious Education Department and the Rural Evangelism Department in publishing a Christian weekly magazine, entitled “The Christian Herald.” Mr. David Lee was appointed the Chairman of the Editorial Board. Mr. Lee and W. J. Anderson expected to prepare two books during the past year, but due to the publishing of the Christian Herald, were unable to do so, but hope to make a good start on at least one of them during the summer months.

The General Assembly now reports 1,279 Christian Endeavor Societies and 33,528 members. This is an increase of 100 societies and 2,000 members since the year before. Our annual Temperance Campaign this year has been even more successful than in former years. Four hundred and twenty thousand Temperance Tracts have been sent out to the local societies and unions to use in their work, and at the time of writing this report local societies and unions are holding Declamation Temperance Contests, and the winners of these will send the manuscripts of their lectures to us. From among these we will select the best three and give them prizes.

Plans for the future include preparation for the Quadrennial National Convention in 1938, summer conferences in as many local unions as possible; special young people’s institutes during the fall and winter; the employment of another secretary whose entire time will be given for the promotion of the work among the intermediate groups; the publication of a book on intermediate work; Game Book No. 2; and a small song book for young people.

The Missouri Christian Endeavor Union has assumed the grant for Korea which the World’s Union has been giving us for many years. They have promised $500 gold, and already $200 has come. This will make it possible for us to make out a budget upon which we can depend and can work.
APPENDIX XIV

SOCIAL WELFARE COMMITTEE REPORT

All stations of the Mission have reported on Social Welfare Work and the different lines of work have been reported on as follows:

Health and hygiene posters have been placed in churches and schools, many thousand hygiene and health and child welfare tracts have been distributed. In the work of the tuberculosis campaign, tracts and posters have been used and the T. B. seals have been purchased and distributed in all the stations.

Baby Clinic Work is carried on in some of the stations. Where there is a nurse, who visits in homes in the interest of the Baby Welfare Work, the Gospel message is given. Also as the mothers come to the Baby Clinic, they have an opportunity of hearing the Gospel message.

In some stations many garments have been given to the poor and gifts of money given for food for some of the many in need. Some of those helped have become Christians. Garments have also been made for use in hospitals.

A paper was prepared giving facts concerning the social evil and kisangs and these papers were given to Bible women and to students in the Higher Bible School to use in their work.

For the Home for Girls in Need two hundred and ninety-nine yen was contributed by members of the Mission.

Work for factory girls, bus, street car and cafe girls has been started. The leaflet on advice to parents in regard to girls leaving home and to girls themselves should be well distributed in all districts.

Work for the blind and for deaf and dumb men and boys is being carried on and prayer and financial support are needed for this work.

In the temperance work, stations report that talks on temperance have been given in churches, schools and Bible Institutes and classes. Temperance parades have been held in some places. Posters have been placed in schools and many copies of the War Cry, the Temperance News and tracts have been used in the work of the stations.

Oratorical contests on the subject of temperance continue to be an effectual way of developing temperance speakers, but the very close oversight by police makes these contests in academies difficult.

Dr. Clark reports on the work carried on by the Chosen Christian Moral Reform Association, commonly erroneously referred to as the Pyengyang Men's Temperance Association and in Korean known as the Chosen Yea Soo Kyo Jul Chai Woon Dong Whay, as follows:
This work for men under the direction of Pastor Song Sang Suk was this year put on a secure footing by the Federal Council which recognized it as a work parallel to that of the W. C. T. U. for women and children and commended it to the generosity of all the constituent Missions and individual members of the Federal Council.

The outstanding achievement of the year has been the movement to secure for Korea a law against the selling of liquor or tobacco to any boy or girl under the age of twenty. This is the law in Japan proper and the Government-General authorities intend to ask the Diet in Tokyo next April to extend the Empire's Law over Korea. A similar movement seven years ago failed because the officials said that there was no public demand for the law. This time a large union committee was organized in Seoul and all of the great newspapers joined in, pushing the movement. The officials in the Social Bureau were most sympathetic and helpful. The petition has received the approval signatures of more than half of those who must sign it and has but two more stages to pass through before being sent to Tokyo. Mr. Song has been the moving spirit in initiating this movement and gathering together those who have headed up the campaign, but many have joined in the work and no single denomination or organization claims credit for it. The Foreign Branch of the W. C. T. U. in Korea has helped greatly by providing ten yen a month toward Mr. Song's salary since last September.

Financial support for Mr. Song's work has been a trying problem and no existing organization has been willing to assume responsibility for this. With the exception of a few small gifts from personal friends abroad, all of the money used in this work has been given by the missionaries. For the year ending September 1935, the total amount given for the work was ¥1,324.78. Of that amount ¥722.94 was given by members of our Mission, but ¥414 of that came from two members in the Mission. Since September the total amount gathered has been ¥1,035.72 of which ¥534.51 came from our own stations, but again more than half of this or ¥270 came from four members of the Mission. Chungju takes the banner for this year with two gifts of ¥50.00 each.

It is essential that publicity be given to the movement and a small monthly publicity sheet was started in April selling at twenty sen per year. Andong Station holds the banner in having subscribed for every one of its 160 churches. Only half the stations have subscribed for the paper. It should be used in every church, school and hospital.

This publicity sheet is essential to the campaign for the new law and ought to be very helpful in the Schools. It is hoped that members of the Missions may help both of these movements by seeing that all of the churches receive the paper. We can never hope to have our Christians become interested in a work and pray for these social questions unless we educate them and ourselves share in working and praying for these movements.
The Committee also recommends:—

1. That Mr. Allen Clark and Mr. Malsbary be asked to prepare at least two Gospel Temperance Tracts. Passed.

2. That the secretary of the Social Welfare Committee be asked to send a list of available temperance, public health and Child Welfare tracts to each member of the Committee early in the fall for use in the work of each station. Passed.

3. That the stations endeavor to bring before the leaders in the Korean church the necessity of instructing fathers and mothers in their joint responsibility as Christian parents. Passed.

4. The Committee reiterates the recommendations of last year but wishes to add to Sec. 3 the following:—"but because of the extreme urgency of the campaign for securing the national law forbidding the sale of liquor to minors, we strongly urge all stations to assign the major part of their gifts this year to this nation-wide movement." Passed.

5. Recommend that we commend to the members of the Mission for their prayerful and helpful interest the work for blind and deaf and dumb men and boys, the only work of this type under Christian auspices in Korea. Passed.

6. Recommend that Mr. Bruen, Mr. Coen and Mr. Hill be co-opted to work with the Social Welfare Committee in this work for blind and deaf and dumb men and boys. Passed.

MISSION HISTORY REPORT

APPENDIX XVI

MISSION HISTORY REPORT

The membership of the Mission now stands at 140 regular members of whom 36 are on furlough or sick leave. Of these 31 will be returning during the summer while 11 others are leaving on furlough. The number "off the field" this coming year therefore will be about half what it is at present. Honorably retired members number 16.

The number of deceased members is 54 of whom 37 died in service and 17 after resigning. Members resigned number 85 of whom one, Charles Power, M.D., is probably "deceased" as we have had no knowledge of him for years. Of the deceased members we have exact data except in regard to Miss Arbuckle who resigned in 1896. Hon. Hubert Work, a member of the Hoover cabinet, was her brother-in-law, but he also was unable to answer our questions in regard to her marriage and decease,
An interesting note was received from Mrs. Frances M. Scherer of the First Presbyterian Church of Portland Ore., who sent us information regarding Miss Ellen Strong as follows: "The information you have asked for, I have obtained from Mrs. B. A. Thaxter, Portland, who was connected with the old Northwest Board under which Miss Strong went to Korea. She was known as the General Assembly Missionary because she volunteered to go to Korea in response to an appeal that was made at that meeting in Portland in 1892."

One name added to the deceased list is that of Mrs. Nell Johnson Null, M.D. who died in Los Angeles, May 10, 1934, and should have been reported a year or two ago.

The number of affiliated members is 3 at present plus 6 resigned and 7 deceased or 16 in all. The grand total of those who have been regular members is 295 which is the same as for the past three years.

The number of missionaries' children (16 yrs. of age and over) within the present calendar year, is 196 of whom 50 or 25% are missionaries, pastors, pastors' wives, students in theological seminaries and Bible schools. Twenty are in the medical profession,—physicians, nurses or students in medical and nurses' training schools. Of the 42 who are in undergraduate study in colleges and universities, 11 are in Wooster. It is interesting also that 30 (or 15%) of the children of the Mission are in the state of California.

Much of the correspondence of the Mission History Committee is routine work. However, interesting bits of information were received during the past year as follows: (1) "George Leek works with the Bell Telephone Co. as 'inside trouble man.' Just at present he is testing a new method of cleaning equipment." (2) "Dorothy Vinton is studying medicine and will graduate in May 1936. After July 1st she will be an intern in the Hospital for Children in San Francisco." (3) "Mary Elizabeth Sawtell, after graduating from Lindenwood College, received her Masters degree in New York University in personnel work in which department she is now working for the U.S. Government." (4) "Stuart Gillis was taken under the care of Presbytery in northern Arizona last summer. He graduates from college in June and expects to go on to seminary." Elizabeth Gillis graduates from "Biola" (Bible Institute of Los Angeles) in June." It is an interesting comment that during the years that the records of missionaries' children (16 yrs. of age and over) have been kept, your Committee has knowledge of but one death, viz., Virginia Wells.

The number of children under 16 years of age is 79 of the present membership plus 11 of the resigned and retired membership which makes a grand total of 286 to which may be added 9 children of affiliated members, or 295 in all.
During the year additional commendatory comments have been received regarding the Jubilee volume, "The History of the Korea Mission." A missionary in the Philippines writes that she became so interested in reading the history of the Stations in the Mission that when she comes to Korea, she wants to visit all of them. Upon placing a volume in a Free Public Library, the librarian wrote, "The book is written with great care; the history is recounted in detail; and there are charts, map and bibliography." One of the children of the Mission who is a pastor writes: "We greatly enjoyed reading your masterly and comprehensive History. You have done a magnificent piece of work."

Of the 1,200 volumes that were printed, 750 have been bound of which 542 were sold in 1934-35 and 46 in 1935-36. The number of copies given out for book reviews, etc. was 26. This makes a total of 614 copies disposed of, leaving 136 bound copies unsold of which 117 volumes are in the custody of the Christian Literature Society of Seoul, and 11 with the Revell Company in New York.

The financial statement as of June 14, 1936 is as follows:

The total expenses to date (June 14, 1936) are ¥3,754.38 and the total receipts, ¥3,092.84, leaving a net deficit of ¥661.54. The loan now stands at ¥700. How is this to be paid? Your committee makes the following recommendations:

1. That we bind 50 copies more, bringing the total of bound volumes to 800.
2. That we issue another circular soon in an effort to sell at least 50 copies in the U. S. A., China, Japan at the regular price during the coming year.
3. That between Thanksgiving and Christmas 1936, we undertake to sell 100 copies in Korea at ¥3 plus postage.

4. That we sell the remaining pictures (about 150 sets) at 50 sen per set.

APPENDIX XVII

COMMITTEE ON GUIDANCE FOR NEW MISSIONARIES

With the passing of the years and the absence of new additions to the membership of the Mission, it looks as though before long this committee will have completed its task and will be ready to ask to be dissolved and placed on the shelf with other remnants of a by-gone age. Last summer, with their return on furlough, the B. F. Hunts, Lowes and Kinslers passed out of the category of Junior Missionaries and this summer will see the Voelkels doing the same. This will leave only Dr. and Mrs. Baugh, Mr. and Mrs. G. J. Adams, Mr. and Mrs. Allen Clark, Miss Davie and Miss Myers to "be guided."

Last fall after consultation with the other members of the Committee, the Chairman sent out a questionnaire to the Junior Missionaries dealing with their experiences and matters of adjustment with both their fellow missionaries and their Korean associates. It was encouraging to read the replies which came in and to learn that while there had been certain difficulties in some cases in the past, they were now distinctly "in the past."

At Thanksgiving a brief informal conference was held in Chungju for as many as were able to attend and during two days, about 4 hours were spent in discussing questions which had been suggested by the replies to the questionnaire together with points on the language. The attempt, I believe, was well worth the time and effort and, in the future, as new people come out to join the Mission, such conferences, carefully thought out and planned in advance, should be regarded as one of the most valuable contributions which this committee can make towards the development of effective workers.

In making this report I cannot refrain from making mention of the very regrettable decrease in the membership of the Mission. During the last 3 years we have lost 10 by retirement and this year will see 3 more dropping from the active membership. During this time Mr. and Mrs. Allen Clark are the only replacements we have received and this in the face of one of the most encouraging and promising situations in its evangelistic work, which the Mission has ever faced. The entire country is open to the Gospel as never before and almost infinite possibilities for forward evangelistic work.

Respectfully submitted,

T. S. SOLTAU, Chairman.
APPENDIX XVIII

REPORT OF COMMITTEE ON SYSTEMATIC BENEVOLENCE

Acknowledgment is gratefully made of the helpful cooperation of the members of the Mission in the efforts of your committee to propagate the principles of Stewardship and the practice of Systematic Benevolence in the life of the Presbyterian Church of Korea. Also acknowledgment is made of the fact that it is the Committee of the General Assembly that is actually promoting this work. Another year of progress has put Systematic Benevolence methods into fuller employment in the life of the Church. The principles of Stewardship form a part of the Conviction of the Korean Church. But Systematic Benevolence methods require perennial cultivation and promotion. In this task the church still can benefit from the Cooperation of our Mission. We therefore recommend that the Mission's Committee be continued and that all members of the Mission patiently and persistently assist in applying proper financial methods in all the life of the church wherever we as co-workers have opportunities for influencing church finances. Your Committee hereby expresses its gratitude for the privilege of conducting the Conference on Stewardship during this present Annual Meeting.

APPENDIX XIX

BIBLE COMMITTEE REPORT

We wish to record our appreciation of the work of Bible Revision carried on throughout the year and for the work of publication made possible by the British and Foreign Bible Society.

It is a great satisfaction to report that the revision of the New Testament is practically completed and that the revision of the Old Testament is also completed, save for some work of editing on the Pentateuch for the sake of harmonizing the style. Over 700,000 copies of the Scripture were distributed during the year and over 9,000 copies of the 10 sen edition of the New Testament were sold.

The Committee authorized the publication of one edition of the New Testament in the style of Reformed Spelling used by the Government-General in its school text books.

The visit of the Rev. J. R. Temple, D.D., one of the secretaries of the British and Foreign Bible Society to several of our stations was appreciated and enjoyed by the stations visited.

INSTITUTIONAL REPORTS

APPENDIX XX

REPORT OF THE DELEGATES TO THE NATIONAL CHRISTIAN COUNCIL

Your Committee must give a rather discouraging report regarding the situation in the National Christian Council. For several years, there has been increasing friction among the delegates. The friction has been greatly increased because of the local troubles in Seoul Presbytery. Each party in those troubles has sought for support from friends in other parts of Korea.

In the organization of the National Council originally, instead of just the two denominational groups of delegates as in the old Korean Federal Council, it was arranged to allow various smaller organizations such as the Y.M.C.A., the Y.W.C.A., the W.C.T.U., the Christian Literature Society and Bible Society to have separate delegates. As a result, this block of delegates has been able to throw influence to one side or the other and practically decide all matters. As the head offices of all of these organizations are in Seoul and the delegates of these organizations are constantly in touch with one another and, consciously or not, constantly caucussing on all questions to be discussed by the National Council, the denominational delegates, especially those of the Presbyterian Church which includes fully two-thirds of the Christians in Korea, found that they had practically no voice in many matters before the Council.

Two years in succession, the General Assembly asked that the Constitution be changed and that the Council return to its original form of a Council of the two denominations. The first year, little attention was paid to the request beyond a short decisive negative vote on all of the requests. The Assembly replied by sending only five delegates the next year instead of its legal twenty.

In the 1935 meeting of the Assembly, it voted almost unanimously to withdraw from the Council.

When the Council met last September, everyone realized that, unless something could be done to win back the cooperation of the General Assembly, the Council was already practically dissolved. A National Council composed of one single denomination with less than one-third of the Christians in the country plus a few miscellaneous organizations centering in Seoul would be rather futile. It was voted to close the office in Seoul, and to send a strong Committee to attend the Presbyterian General Assembly in 1936 and to see if some plan might not be worked out for a
reorganization of the Council. In the meantime, practically all of the activities of the Executive Committee have been in abeyance. The Committee on work for Koreans in Japan, which has been in existence since 1912, long before the National Council was founded, has continued to function. Because of the withdrawal of support of grants from many of the missions and this year the withdrawal of support of the missionaries in Japan who are now giving their money to the Korean Church in Japan directly, this Committee's work has been much curtailed, but it is maintaining one pastor in Tokyo.

Recommend that the Missions delegation to the National Christian Council be continued for the present at least to keep in touch with the efforts of the Council practical. Passed.

Recommend that the Mission continue its subsidy of ¥450 for Korean work in Japan and that whatever be the outcome of this year's attempt to continue the National Council, that Dr. C. A. Clark as representative of the Mission be authorized to supervise the use of the fund in assisting the work in Japan. Passed.

**APPENDIX XXI**

**REPORT OF THE MISSION'S REPRESENTATIVES ON THE CHRISTIAN LITERATURE SOCIETY BOARD OF TRUSTEES**

**PRODUCTION AND DISTRIBUTION**

The Christian Literature Society of Korea has solved, to a certain extent, the problem of the production of a large amount of imported Christian literature. With a little money, it is increasingly easy to have valuable books translated and the number of native writers who are willing to prepare original works for a consideration is very much greater than a few years ago. The great problem before the Society is not so much production, as it is distribution. About 20 manuscripts still remain unpublished in spite of the fact that this spring and summer about 20 books and pamphlets have been going through the press.

For several years, the Society has asked for a Distribution Secretary, but so far the call remains unanswered. We still hope that Mr. Swinehart will return to Korea and will eventually raise an endowment for the work of the Society. With about 1,100 titles in our catalogues, more than half of which belong to the Society, there is a great deal of valuable literature to be distributed, but there is no one who can give his whole time to work of this kind,
MANUSCRIPTS AWAITING PUBLICATION

In connection with manuscripts awaiting publication, the report published in last year's minutes, beginning page 70, contains a list of seven manuscripts with the publication cost of each. Of these, only one has been published, namely, "The Journey of Life," by Commissioner Yamamuro.

MISSION'S SHARE IN LITERARY WORK

The Northern Presbyterian Mission, as usual, has furnished some of the best material during the year. We have published 10,000 copies of Mr. Soltau's "A Straight Road to Christian Truth" and it is expected that this will become the official study book of the Presbyterian General Assembly. A limited edition of this book was also produced in English. Dr. Swallen's books always sell well and the year has seen a reprint of the "Old Testament History" while "The Harmony of the Gospels" is being reprinted. Mr. Miller, as usual, has produced new tracts and Mrs. Baird's book on personal work and "Studies in the Old and New Testament" have had to be reprinted. Among our distributors, Dr. C. A. Clark holds an enviable record. The Society also appreciates very much the cooperation of the Presbyterian Fund and, by cooperation with this fund, was enabled to reprint the "Universal Bible Dictionary." Dr. Rhodes has furnished a dictionary of Bible proper names.

SPECIAL PROBLEMS

During the year, it has been necessary for the Society to retrench as far as possible. The figures for the year are not yet complete, but it may perhaps be said that, on the whole, the Society has held its own and has made some gain. While the overdraft continues around ¥7,000, we have about ¥11,000 more in stock than at this time last year. Mr. Swinehart has some hope of securing publication funds and the Society has some prospects of securing additional tenants for the building. Some comparisons worked out by Dr. Koons, covering the past 20 years, are of interest here. Dr. Koons says:

"Here are some comparisons, 1915 against 1935.

"We owned about half our present site, with a building valued at ¥2,529, equipment worth (?) ¥954. Now the site is worth over ¥100,000, the four-story fire-proof concrete building is conservatively valued at ¥112,000, the equipment comes to ¥15,600.

"While 'Copies Distributed' doubled, from 1,229,639 to 2,412,031, pages published increased twenty fold, from 3,402,662 to 60,974,950. That shows the change in our work.

"Income from sales increased four fold—¥16,612 to ¥66,642—as did total expenses—¥21,590 to ¥82,145—and the net value of stock was five times as great—¥42,158 against ¥8,635."
"The splendid new building, a lasting monument to the courage and ability of our President, Captain M. L. Swinehart, houses all our work, with a retail sales room ideally located on the street level, rooms for storage, shipping, accounting, and editorial work. Then we provide space—at a very low rate—for various religious agencies—the Korean Sunday School Association, the Rural Work Department of the Korean Presbyterian Church, and others. Enough business firms, attracted by our unexcelled location, and reasonable rates, are renting offices, to keep down the cost of running the building. The two and a half floors we use cost, for light, heat and janitor service, net, less than ¥1,600 a year. The Board Room is constantly in use, without charge, for meetings, and the Seoul Union Church has its prayer meeting there each Thursday afternoon.

**FUTURE OF THE SOCIETY**

The big outstanding problem before the Society is to persuade the two Churches to consider it not a competitor, but their willing and indispensable servant. Until the great Methodist and Presbyterian Churches regard the Christian Literature Society as their own, and are glad to see the Society publish all sorts of books at a profit, so that additional Christian books may be provided, we cannot feel that the Christian Literature Society is fulfilling completely its mission. To do this will require time, patience and a large supply of Christian grace.

**REQUESTS**

1. **Mr. Whittemore.** The Society is still awaiting the return of Mr. and Mrs. Whittemore. With the going on furlough of Mr. and Mrs. Bonwick, Dr. Clark is the only missionary giving his full time to the Society.

2. **Dr. Rhodes.** The Society values the services of Dr. Rhodes very highly, and will expect more and more from him in the absence of Mr. Whittemore and Mr. Bonwick.

3. **Grant toward the Maintenance and Pension Fund.** The Society asks that this be continued and hopes that it will be restored to the original amount of ¥1,827.

4. **Grant for the Editorial Department.** The Society asks that, if possible, this be increased to take care of the entire support of one literary assistant, at ¥1,300 per year.

5. **Endowment Fund for the Editorial Department.** The Society is attempting to raise ¥75,000 in ten years. One year has gone by and the Endowment Fund stands at only ¥1,300. It is interesting to note that the major portion of this money came through the good offices of our Mission. We trust this Endowment Fund may be completed within the next nine years.

REPORT OF THE MISSION'S REPRESENTATIVE ON
THE EXECUTIVE COMMITTEE OF
THE FEDERAL COUNCIL

The Federal Council of Protestant Evangelical Missions in Korea held its twenty-fourth meeting in Seoul, Sept. 14-18, 1935. Owing to illness, the Rev. T. Stanley Soltau was not able to lead a two-day Devotional Conference as had been planned. Instead three devotional services were led by Messrs. J. L. Gerdine, L. C. Branan, and H. E. Blair. The Communion service was led by the Rev. W. F. Bull, D.D. The fraternal delegates were the Rev. F. W. Heckelman, D.D. from the Federation of Christian Missions in Japan and the Rev. Kil Chang Kim, Chairman of the National Christian Council of Korea. Vice Governor-General Imaida also addressed the Council.

The Council acknowledged itself "at fault" in granting to the Presbyterian General Assembly in 1934 the right to use the hymns in the Union Hymnal since the Council had already in 1933, transferred the publishing rights to the Christian Literature Society. In view of the heavy loss which this action would probably cause the C. L. S., that Society was released "from any and all obligation to regard the original Hymn-Book Fund any longer as a trust fund."

Other important actions of the Council were to vote in favor of a temperance organization for men under the leadership of Dr. C. A. Clark and the Rev. S. S. Song, and to urge upon Korean Christian farmers a wider growth and use of potatoes, peas, beans, and tomatoes because of the economic benefits that would ensue.

It was reported that in the Home-for-Girls-in-Need in which the Council is co-operating, that during the past year, 24 girls and 4 babies had been cared for at an expense of ¥1,800.

At the mid-year meeting of the Council's Executive Committee in March, 1936, it was planned to have a one-day Retreat at the next meeting of the Council, and also a discussion as to the future work of the Council with a view to possible re-organization.

Respectfully submitted,
HARRY A. RHODES.
REPORT OF SEVERANCE UNION MEDICAL COLLEGE AND ALLIED SERVICES

This year marked another year of progress for this Institution under the leadership of our Korean President, Dr. K. S. Oh.

The new Science Building was completed at a cost of ¥40,000.00 all of which was raised locally through the Severance Friendly Association. This building houses the departments of anatomy, pathology, bacteriology, histology and embryology.

A Kitchen-Laundry Building is nearing completion. The cost of this is also being raised through our Friendly Association.

The absence of a number of men on furlough or doing post-graduate work has caused the usual difficulties and we look forward to their early return. Dr. D. B. Avison, Vice-President, and Miss Edna Lawrence of our nursing department returned in August. Prof. C. C. Lee, of the department of psychiatry, returned from post-graduate work in Australia in the late fall and Dr. Y. S. Lee completed his post-graduate work at the Keijo Imperial University and returned to his duties in the department of surgery last September.

In April 1935, 50 freshmen were admitted to the medical school making our total enrollment 180. The enrollment of the nursing school stood at 64. Forty-six doctors and 18 nurses were graduated this year bringing the total number of graduates to 426 and 188 respectively. This medical school continues to be a popular goal for would-be doctors and in April of 1936, 356 men paid their entrance examination fees with the hope of being one of forty-six to be accepted. Nursing as a vocation for women, is not as yet so popular. Forty-nine tried our entrance examinations and twenty-five were accepted.

Tuberculosis is the scourge of Korea and takes its victims where it will. Three medical students died during the year of this disease and of eight nurses who dropped out, four left for the same reason.

Every effort is being made to make this an institution for training Christian doctors and nurses. Of our present student body, 98% of the medical students and 100% of our nursing students are Christians. While giving these students Christian leadership and training we are also trying to give every patient an opportunity to know Christ. One pastor and one Bible woman are not enough for this great task and we wish that a missionary could be assigned to evangelistic work at Severance.

It should be remembered that this institution is not a local affair and that our students and patients come from every province of Korea and go back with what impression, good or bad, they may have gained of Christ while here.

APPENDIX XXIV

REPORT OF THE UNION CHRISTIAN COLLEGE

The events of the past year have been such as to take away the enthusiasm to make an extended report. These events are so well known by the people connected with the missions that it is not necessary to speak of them here. Dr. G. S. McCune was relieved of the presidency on Jan. 20th and E. M. Mowry and H. K. Lee were appointed president and vice-president respectively on March 6th. During these weeks the conditions within the college were such as to make it almost impossible to carry on the work up to proper standards. However, after two or three weeks of the spring term, conditions became quite normal. Quite a number of students, especially from the present second and third year classes of the Literature Department, withdrew from the institution.
There were received into the freshmen class 28 in the agriculture department and 22 in the literature department. There were enrolled a total of 144 students in all classes during the spring term. Because of lack of funds the usual amount of scholarship aid could not be given in full this spring term. This was partly a cause of the reduction in the number of students and will be a cause of a larger reduction for the coming two terms of the year.

Two full time professors have been employed anew, one as a teacher of Bible and dormitory superintendent, and the other a teacher of English. Because of other changes in the faculty it was necessary to employ four new part time teachers, but as yet the permits have not been granted for two of them.

The past year ended with a very heavy deficit and this year the deficit will be very large. This cannot be continued very long.

Respectfully submitted,
E. M. MOWRY, President.

APPENDIX XXV

REPORT OF THE MISSION REPRESENTATIVES
OF THE CHOSEN CHRISTIAN COLLEGE
BOARD OF MANAGERS

The Year 1935-1936 at the Chosen Christian College has been uneventful but full of hope and promise for better teaching, more efficient administration and deeper spiritual life.

Budget: As in other missionary institutions it has been a hard year financially. The budget of ¥95,866.00 is the smallest on which the College has operated for many years and the close of the year showed a small deficit despite every effort to economize. The deficit was not due to over expenditure, but to failure to receive the income from the United States.

Salary Scale: The salary scale adopted last year has been put into operation, though largely modified by the contributions of the teachers. However, it has placed us on a firmer basis in operation and gives to the teachers some assurance as to their own futures.

Rents: All College teachers are now paying rents on their residences according to the salary scale which has been very carefully worked out after study of the original cost, annual depreciation and probable life of the residence concerned.
Property: The largest single item of property to be reported is the sale of all our holdings south of the railway line for a total of about ¥85,000. The proceeds from this sale are being invested in accordance with the directions of the Finance Committee; partly as endowment funds and partly toward the completion of the site within our present general borders.

Staffs: All of this mechanical work as well as the educational functions of the College have only been carried out through the efficient work of the entire staff. No startling changes in personnel have occurred during the year with the exception of the departure from Korea of our beloved President Emeritus, Dr. Avison, who left for the United States in December of 1935. His cheery presence, wise advice and inspiring guidance are missed by us all. The staff has also been handicapped by the fact that Dr. Miller, Dr. E. M. Cable, and Prof. L. H. Snyder were all on furlough at the same time. Dr. E. W. Koons, principal of the John D. Wells School, has helped us out in Bible teaching for the year and we are most grateful for his help. Mr. G. C. Speidel gave us most efficient service till March when the illness of Mrs. Speidel forced him to leave on furlough. Prof. Rody Hyun has also gone to the United States for a year of special study in Music. This being accomplished largely through the generosity of Mr. Homer Rodeheaver.

Library: During the past year the accessions to the library have numbered 3,618 volumes, bringing our collection to practically 50,000 volumes. A special gift made it possible to make a real start on the scientific classification and cataloguing of the library and three well educated young women have been hired to do this work under the direction of Dr. Lee. During the year they have catalogued 5,000 or 6,000 books and it is our hope that within another year we may catch up with the work which has so long been neglected.

Music: In such a report as this it is possible to devote only a brief line to even the more important phases of our work. Prof. Hyun's work has continued on the same high standard as in other years. Fall and spring concerts, band concerts, broadcasting concerts, assisting in music in a number of churches, individual music instruction and chapel programs all have been well done. Any adequate report would have to give considerable space to the splendid service given by Mrs. Becker and Mrs. Coen, but space forbids our doing more than mention their devoted help.

Religious Work: The work in music is not limited to the students who practice and play in College but is carried by them to many thousands of others. In country churches and Sunday Schools, in Daily Vacation Bible School and in Summer Work, music forms an integral part of the Religious Work done by our students. Again space does not permit me to report on this in detail but both during the summer and Christmas vacations the student Y.M.C.A. sent out teams whose work was most successful and worthwhile. A total of some 30,000 people heard their message, the results of which can not of course be appraised in statistical terms.
Athletics: Especially in athletics, this year has been a real banner year for the Chosen Christian College. In the spring we won the annual series of baseball games with the Keijo Medical College and beat them again in a post season game in the fall. At the Annual Athletic Meeting held by the Chosen Athletic Association we carried off the All Korea Championship in football, basketball and tennis, the first time that any institution has won three pennants in one day. Our basketball team went to Japan and came back as champions of the Japanese Empire. This is the first time that any Korean team has succeeded in winning this honor and at least three members of this team will represent Japan at the Olympics.

Enrollment: The average for the past year was about 380 students but greatly increased applications in March, 1936 have increased our enrollment to 444, the highest which we have ever reached.

Gifts: A special gift of $1,300 received from an anonymous friend in the United States last spring was a real life saver in making it possible for us to restore some of the most imperative needs which had been cut. On the field all but about 200 of the accessions to the library have been gifts. One or two more endowed scholarships have come to us during the year, so that of 15 annual scholarships granted by the College, only three are now a charge upon our budget. The largest single gift received during the year was a donation to the library fund of ¥2,000 from a Korean gentleman from the town of Young Dong, secured through the efforts of our treasurer, Dr. S. J. Chey.

Alumni: An interesting and encouraging proof that this belief is not ill founded lies in the generous pledge of the Alumni Association to raise a fund of ¥50,000 for our 25th anniversary in 1940. Of this sum something over ¥10,000 has already been pledged and quite a good deal actually paid in. When we remember that the Alumni at present number only about 500 young men and that the vast majority of these are less than ten years out of College the courage and loyalty of the men who have gone out from the Chosen Christian College is evident. Dr. H. K. Karl of our staff who graduated from the Literary Department in 1928 and returned from America last year, is acting as Alumni secretary and has done very fine work in revivifying the Alumni Bulletin and in keeping in touch with the Alumni.

The Task: One of the chief problems which faces us as we emerge from the status of a small and newly established school into that of a large and modern college is that of conserving and maintaining the personal contact, essential to character building; while at the same time seizing upon the advantages and opportunities of greatly increased numbers. Despite the apparent success of mass production in education in both the Occident and the Orient I am more and more convinced that unless we can maintain this personal touch, unless our students continue to be our boys and not our educational cases, we shall probably fail in achieving even the highest aims of secular education and we shall certainly fail in the spiritual values for which the institution was founded. The problem has our keenest
attention and is the subject of constant prayer. We appreciate all that the Cooperating bodies and their representatives do for us through this Board, but most of all we ask that we may have your prayers for the achievement of success in the truest sense that all these young men may come "To Know Him Whom to Know Aright is Life Eternal."

APPENDIX XXVI

REPORT OF THE PRESBYTERIAN THEOLOGICAL SEMINARY OF KOREA

During the year the Seminary met with a great loss in the death of Rev. Dr. A. F. Robb of the Canadian Mission, our Professor of Church History. On the morning of October 22nd, after less than an hour's illness, he passed on to be with his Lord. He was in the midst of carrying on his work, and in our last contacts with him on the previous afternoon and evening he seemed vigorous, and, as always, full of good cheer. His death was a great shock to us all and his going leaves a large unfilled place both in the institution and in our hearts. He had won the confidence and affection of the entire faculty and student body. His work in the class room, his wise and generous counsels in the faculty, as well as his personal touch with us all were of the highest order. The students showed many evidences of their love, esteem and sorrow. We all will be the better for his years of work among us and shall frequently recall, with gratitude, our long fellowship together. We greatly appreciate the kindness of Dr. Bernheisel and the generosity of Pyengyang Station, as shown in Dr. Bernheisel's stepping in and carrying on the work of the Church History Department, which work he has done most excellently. Mr. Hamilton has also given us very valuable assistance, teaching the Juniors several hours each week.

In looking for a successor for Dr. Robb, The Board of Directors naturally turned to the Canadian Mission. However there seemed to be no one out of their reduced missionary force that was available, and of the Korean brethren from the Canadian Mission territory there seemed to be none of those who were available, who had all the desired qualifications. After due consideration and looking over the entire field, the Board decided to extend a call to the Rev. T. S. Soltau of Chungju, to become Professor of Church History, and it is earnestly hoped that the Northern Presbyterian Mission will approve the request and appoint Mr. Soltau to this work.

The enrollment during the year has averaged 110. On March 12th, 38 men received diplomas of graduation. The usual social and evangelistic activities of the students and special features in the work of the Seminary have been carried on as heretofore.
Because of the serious situation created by the large deficit with which the treasurer’s books have been closed at the end of each of the last two years, the Board of Directors faced a difficult problem at the March meeting. After much discussion it was decided to do away, for the present, with the three courses offered to pastors who have been graduated from the Seminary, namely the Christian Religious Education Course, The Spring School of Theology and the regular Post Graduate Course. This is greatly to be regretted, but seemed necessary. However this drastic measure provides for not more than one fourth of the annual deficit. It is earnestly hoped that each of the cooperating Missions will come to our rescue and increase their appropriations by several hundred yen each, as even after all our efforts to reduce expenses (which efforts have included the reduction of professors’ salaries) we still have an annual income of ¥1,200.00 less than our yearly expenses.

The various financial requests, as approved by the Board of Directors, are being sent to the cooperating Missions by the treasurer of the Seminary.

Respectfully submitted,

STACY L. ROBERTS,
President.

Recommendation. (as passed by the Board of Directors) “That the Northern Presbyterian Mission be requested to set the Rev. T. S. Soltau apart and transfer him to Pyengyang to fill the Chair of Church History in the Theological Seminary, also to allow the Rev. Dr. C. F. Bernheisel to continue as temporary lecturer in Church History till the former assumes his new duties.” (Referred to the Apportionment Committee.)

APPENDIX XXVII

REPORT OF WOMEN’S HIGHER BIBLE SCHOOL

My return from furlough on Sept. 7th gave me just ten days to unpack and get ready for opening the fall term of the Bible School. It was truly a blessed privilege to return to this work again.

Many of the faces of the students seemed strange, but it was good to greet the same teachers and to have fellowship with them again. Two of our teachers have been carrying pastorates while doing part time teaching in the Bible School. This arrangement was not satisfactory to them nor to the church or to the school so after prayer and much consideration both Pastor Kim Oo Syuk, who had been in the school almost from the beginning, and Dr. Kim Syung Nak, our fine teacher of Doctrine and Homiletics, resigned at the end of the winter term. This opened the way for us to employ a full time teacher and we were very fortunate indeed to secure Pastor Kim In Choon who has fitted into the vacancy most satisfactorily.
Mrs. Reiner's departure on health leave and Im Chong Ho's serious illness right at the opening of the fall term left the Self Help department badly crippled. Mrs. Hamilton consented to come in and take charge of the dressmaking and the principal helped with the novelties for Christmas. We are most grateful to Mrs. Hamilton for her efficient help. Pastor Yoon and Mrs. Pak are faithful, thorough Bible teachers and have held their courses steadily in the midst of changes. Mrs. Han in the office carried much of the responsibility for the school during my year's absence and we are grateful to Miss Butts for the help she gave when Miss Best was unable to go to the school. Miss McCune continued her heavy schedule of Bible teaching and Mrs. Hill has carried an hour a day of teaching throughout the year. Mrs. Moffett gives us two hours of English per week and a graduate nurse gives a practical lesson once a week to the third year class.

The Personal Work Dept. under Mrs. Choi carries on a full program throughout the year. Each student has two or three assignments per week. New factories are being opened up for noonday meetings and recently a request came for a leader of a meeting of the employees of a large business house in the city. The three classes of nurses in the hospital each have a weekly Bible class. The interest in the meeting on Sunday afternoon for Government school girls is growing. There are fifty or more in attendance now.

We had a shorter Christmas vacation this year so that not quite so many country Bible classes could be held, even so some of the students spend the entire vacation in the country. Twenty-seven classes were held and 37 girls taught in these classes. The total attendance in these classes was 1965, and 5,235 days of preaching were subscribed by those attending and 283 decisions to believe.

Mrs. Choi's annual report shows the average number of students, 61, the total number of assignments, 4,368, the number of individuals preached to, 21,830, and the number of decisions reported, 1,972.

Recently the members of the Faculty with the Principal have formed a Street Preaching Band and are going out once or twice a week to hold street meetings. The enthusiasm of some of the teachers is good to see. One of the Faculty, Mrs. Pak, led a young man of 22 years to accept Christ as Saviour. He lives far out in the country and knew nothing about how to believe. He asked questions about when to go to church and what he should do and was so in earnest about it all.

There are many calls for the students to go out to churches for temperance talks or for gospel talks. One girl went out over Sunday and spoke Saturday, Sunday and Monday nights, each time in a different church. On Saturday evening she spoke on temperance out in the yard of the school house. A young man sat listening intently with a package hidden behind him. At the end of her talk he said he was going to give up drinking and become a Christian. He hurried home with his bag of
rice which he had hidden behind him and which he was intending to exchange for drink. His young wife and mother were so rejoiced, they too decided to believe and they said, "This rice really belongs to the young woman who preached to us." So they made it into bread and gave it to her and the girls of her class had a feast upon her return to school.

Our Music Course is an important part of our curriculum. Most of the students take organ or piano lessons and have two chorus hours per week. When Mr. and Mrs. Allen Clark found it necessary to leave Sinpin and come to Pyengyang we felt the Lord had some plan for him here and his special music talent so we asked him to take our chorus and with some of the musical talent from the Theological Seminary train them to give the Sacred Concert, Ruth. It was a big undertaking to translate the words, mimeograph all the music and teach them their first concert, but with Rev. Kim In Choon's help the translating was well done and the secretary did good work on copying the music and with only one month's training they rendered the greater part of the concert in quite a creditable manner. At least we know now that it can be done and can be done well if sufficient time can be given. We are most grateful to Mr. Clark and hope we may have more help from him in the future. Mrs. Lutz's going on furlough leaves us with no Missionary teacher for Music.

Dr. Blair conducted a most helpful series of meetings in our school early in May.

Just at this time our hearts were greatly saddened by the departure of dear Miss Best to go to America. She is such a part of the School that it is hard to realize she has gone. The school in connection with the Bible Institute women and the city church women honoured her in their usual way by erecting a memorial with a suitable program of congratulatory speeches and songs. But of course no memorials or speeches are necessary to keep her memory fresh in our hearts. She was the founder of and leader in much of the women's work of our Station and Mission and the success of the Women's work is a testimony to the fact that the foundations were wisely laid. May the Lord help us to take heed how we build thereon.

I cannot close my report without trying to impress on the Mission once more our great need of a Dormitory. I do not believe the school can long exist properly without dormitory and the plan of the Women's Bible Institute to have a winter term makes our need imperative. Only because we limited the number last winter to fifty students were we able to use their dormitory. We are grateful for the ad-interim action passed and hope that a plan can be carried out that will make it possible for the school to take the place in the Mission which it should have. The quality of our graduates and the work they are doing in all parts of Korea and Japan is evidence that there is need for the school to go forward.

Respectfully submitted,

ROSE M. BAIRD, Principal.
REPORT OF THE PYENGYANG FOREIGN SCHOOL

The Pyengyang Foreign School has had an unusually successful year. Though the enrolment dropped 17 from the previous year's record, the attendance was good, the average being about 95 for the year. The enrolment totalled 107 of whom 67 were from Korea and 40 from China, Manchuria and Japan. The reputation of the school has spread to many parts of the Orient and inquiries are received from distant points. The prospects for the next year are excellent both as regards students from Korea and from other near-by countries.

The outstanding feature of the year's work was the fine spirit of loyalty and cooperation on the part of the students as a whole. This was due in no small degree to the two series of special meetings conducted in September and May by Dr. Harry L. Dunlop and Rev. W. E. Shaw respectively. The students seemed ready to receive the messages they brought and responded in a remarkably wholesome way. The teaching of the Bible under Dr. Donald G. Miller's leadership also proved a great blessing and stimulus to many. We are thankful to God for the wonderful way in which He has directed in all this work.

The Faculty has done excellent work in all departments. As usual numerous changes have taken place in the staff. Miss Mabel Axworthy and Mr. Robert Crowder left for America, having concluded their contracts. Miss Flora Boyce of Kwangju and Mr. Francis Rech of Pennsylvania are under contract to take their places. It is expected that they will come equipped to help maintain the high standards of classroom work which have characterized the past years of the school.

Financially the school has had an excellent year. Beginning the year with a balance on hand of ¥4,640 it has been possible to carry on without embarrassment and to pay off the remaining debt on the Girls' Dormitory resulting from the extensive alterations of two years ago of ¥2,000. The school is now wholly without obligations and is closing the year with approximately ¥4,600 balance. Unless unforeseen difficulties arise during the next year, the school will be in the enviable position of declaring a refund to its students from accrued balances. The total income for the year has been almost ¥70,000 and the approximate expenditures ¥70,000. Of the receipts only ¥2,529 was received from Missions cooperating in the school, the balance being received entirely from fees for tuition and board.

On June 16th the thirteenth class graduated from the High School, adding 17 new members to the alumni. Including these new graduates 119 students have now completed their High School course in Pyengyang. These graduates have scattered to all parts of the United States and to some parts of Canada and Australia. During the year three of them were appointed as missionaries to China and several others completed their
theological courses and were ordained as ministers. We are proud because of the active part which these young men and women are taking in the work of the Church. We believe that the school has a special mission to challenge its students to accept Christ as Master and to follow Him to any field to which He may lead them. The chief emphasis is placed not upon making a choice between direct Christian work and some worldly profession, but upon personal surrender to the Master. That question having been settled, the choice of a worth-while avocation in life becomes comparatively simple and our young people are seeking definitely for service in the Church.

We wish to express our gratitude to God for His leading in the work and we would consecrate our lives anew to His service that we may be better able to serve Him through the training of the young men and women who are committed to our care. We would thank the members of the cooperating Missions for their loyal support. We would thank the many friends, too, who have contributed of their time and means to the promotion of the work of the school.

Respectfully submitted,
A. G. ANDERSON,
Chairman of the Board of Managers.
R. O. REINER, Principal.

Recommendations:
1. The Board of Managers of the Pyengyang Foreign School again respectfully and urgently requests the Northern Presbyterian Mission to use its good offices in securing the appointment of Miss Lois Blair as a regular member of that Mission in order that she may become the Matron of the School Dormitory. (Referred to the Apportionment Committee.)
2. The Board also requests the Mission to continue the half salary for a teacher as in the past. (Referred to the General Fiscal Committee.)

APPENDIX XXIX

REPORT OF THE SEOUL FOREIGN SCHOOL

The Seoul Foreign School has closed another successful year and wishes to express its great appreciation to the co-operating bodies whose annual grants have done so much to make the School efficient. During the year, the policy of having five full-time teachers was continued and, in addition, three part-time teachers were employed, together with seven other voluntary workers. During the summer of 1935, a new Bulletin was published and also a Directory of Former Teachers and Pupils.
At this past Commencement, there were five graduates from the high school and six from the eighth grade. This brings the number of graduates from the grammar school since 1914 up to 127 and, of the high school graduates since 1919, up to 33. The total number of pupils for the year was 85. Since the session of 1923 and 1924, the average number of pupils in the School has been 82½ so, in spite of a general falling off, we are still slightly above the average for the period of greatest enrolment. For the next session, it is planned to continue the same number of teachers giving instruction in grammar school and four years of high school work.

SPECIAL FEATURES

1. Improvements in the physical equipment. A shower has been placed in the basement for the benefit of the boys, a chemical laboratory has been fitted up and equipped, and the condition of the grounds and buildings has been improved during the year.

2. The endowment. The endowment of ¥27,000 has been invested at 6%. Against this is a debt of ¥13,500 in bonds at 5½%.

REQUEST

In spite of the fact of the years of depression and the withdrawal of many patrons from Korea, the School has continued to improve and is more efficient than ever in giving college preparatory work. The annual grants from the Missions are absolutely necessary for the School if it is to continue in the same efficient way. The local patrons are straining every nerve to retire the debt gradually and to improve the efficiency of the School. We urge upon our co-operating bodies to continue annual grants, adding to them if possible, and renewing them in cases where they have lapsed. The School has carried during the past year a budget of ¥18,000 in its current funds, and ¥5,000 in the Zaidan, which cares for the property. Our grants have gradually become less and we urge upon the Missions to consider seriously whether they cannot increase the grants in order to assist the School in carrying out its important functions. Our request to the Northern Presbyterian Mission is to continue the present grant of one half the salary of a teacher and, if possible, to increase this to the full support of one teacher.

Respectfully submitted,

For the Seoul Foreign School Association,

W. M. CLARK, Chairman.
The Statistics were sent to the Board, and a copy is posted. Those who wish to make comparisons can use the figures for previous years in the printed Minutes. This is the third year in which the statistics have been made up under the same interpretations of the Board's categories, so that, allowing for error in the original sources, which are to some extent beyond our control, they show progress or the opposite.

The Statistician herewith submits some items, based partly on our own figures for 1934-35, and partly on those of the General Assembly of the Presbyterian Church of Korea.

The Church, as of May 1935, reports 115,379 communicants, an increase of 6,987,—6.4 percent,—over May 1934. That part of the Church for which this Mission works numbers 80,818, that is 70 percent of the total, and the net gain was 4,392, that is, at the rate of 5.7 percent on the 1934 number,—not 6.4 percent.

Sunday School enrolment for the whole Church rose by 31,714 to 325,530, which is 10.8 percent above 1934. Our share of the total enrolment is 216,122, or 66 percent. Average attendance on Sunday,—at the principal service,—is 274,356 of which our share is again 70 percent, or 191,090. Church attendance rose by 12 percent, which compares favorably with the gain of 6.4 percent in Communicants.

Contributions from the whole Church rose by ¥303,322, to ¥1,339,719, an increase of 29 percent!!! But our share of the total contributions is ¥801,404, barely 60 percent, and our increase only 15.5 percent.

The six Hospitals conducted by our Mission had 3,527 in-patients, and 24,541 dispensary patients, in the year. There were 70,801 treatments. I fear we do not know what a great work is being done in the two Union Hospitals in which we co-operate, since their figures are excluded from the Mission table, by the Board ruling. Last year the Union Christian Hospital in Pyengyang had 2,036 in-patients, 15,479 in the dispensary, and gave 77,804 treatments, while Severance had 2,692 in-patients, 23,100 in the dispensary, and gave 100,889 treatments.
